1. For English or ESL Online tutoring, you may email your work to a tutor to receive feedback.

   You must be currently enrolled in an English or ESL course at Evergreen Valley College to receive online tutoring. Please email the Tutoring Coordinator at william.nguyen@evc.edu for an Online Tutoring Application.

   Once completed, you will be able to send your completed assignment as a Microsoft Word document for feedback from a tutor. Please allow two business days to receive feedback for your essay. No more than one essay per student can be sent per week, and essays should not exceed three pages to allow tutors enough time to provide feedback. Longer essays can be brought in person to the Campus Tutoring Center for help.

2. For English and Math, live online tutoring is also available every day from 2pm-12am.
