VIII. DISCUSSION ITEMS
A. California Community College Academic Senate
   i. Curriculum Institute
      The Curriculum Institute was held locally this past July in San Jose. The session for this year will be held in southern California.
   ii. Faculty Institute
      Senator Blanca Ezquerro reported that she learned many new things at the Faculty Institute. An email with all the Institutes for the academic year will be sent to the Senate.
   iii. Accreditation Institute (January-Millbrae) – Charlie Kahn-Lomax would like to attend.

B. Facilitation Meeting Update: IID Wednesday, August 30th
   President Gee reported that 15 people attended the meeting and he felt it was a worthwhile and positive experience. He would like to get the sense of the Senate as to whether there should be more sessions. He will provide a list of the guidelines distributed at the session.

C. Future of Academic Senate Scholarship
   In the past few years, the Senate has not been able to raise the $1000 in scholarship funds that was agreed upon by the Academic Senate in the past. A proposal was made to have an “election” with faculty voting by making donations/pledges by mid-October. The scholarship amount will be contingent upon the funds collected/pledged. There was a resolution submitted and distributed to the Senators for suggestions from their divisions.

D. Instructional Policies/Procedures
   Both the EVC and SJCC Senates have been working on the Instructional Policies/Procedures. Jon Kangas was notified that the campus administrators would like to have another month to look over the document. The document will be distributed to the Senate. Repeatability, GPA, and dismissal policies were highlighted as issues needing attention and input from the faculty via the Senate.
E. **Student Services Policies/Procedures**
   This has been stopped pending faculty/Senate input.

F. **Budget Process: District/College** (latest draft)
   President Gee reported that the reserves are currently at 13% ($9,000,000). Spending by the both colleges is at $28,000,000 each and by the district is $16,000,000. The District has decided to spend $5,000,000 on possibly moving the District Offices to the Technology Building at SJCC. The property where the current District Office is situated needs to be available for development. The fate of the Police Academy is unknown. How the land will be used is still unspecified.

G. **California Community College Academic Senate Fall Meeting**
   Those wishing to attend should submit their name to the Academic Senate Office. As usual, the Fall session will be held in southern California and the Spring session will be in the Bay Area.

H. **Accreditation Update/Report**
   President Gee will send to the Senate, via e-mail, copies of the update and asked that any changes or recommendations be forwarded to the Senate Office. It should be approved next meeting.

I. **Resolution on Schedule of Classes:** Eric Narveson
   Eric Narveson, Senator, and Chair of the All College Curriculum Committee presented a resolution to the Senate pertaining to the split schedule of classes that would return the schedules to a unified book printing rather than two. The resolution was passed at the ACCC. He feels it is not in the best interest of the students or the District to have two different schedules of classes. The Senate agreed that a schedule that contained both college’s classes was a valuable asset to both the students and the campuses as it provides a more comprehensive listing of courses. This will be an action item for the next meeting.

If this becomes a widespread practice on campus, the FA will look into its legitimacy. Also, the contents of the green sheets and who negotiated them is unclear. President Gee asked that the Senators discuss the green sheet requirements with their divisions.

   Information pertaining to this award from the State Senate was distributed. The deadline is October 20, 2006.

B. Future of the Academic Senate Scholarship
Past President Harry Lichtbach submitted a resolution #1 regarding funding and a sample scholarship-appeal letter to the Senate. The Scholarship Committee needs the exact amount of the award by October 18th. The resolution essentially outlined the award amount and established that it would be contingent upon funds received or pledged. There was also discussion about using the dues money to subsidize the scholarship. It was agreed that the procedure outlined within the resolution would be used as a trial for one year. The Senate was reminded that the Academic Senate Scholarship was an award from all of the EVC faculty and not just the Senate.

C. Resolution on Schedule of Classes
Senator and ACCC Chair, Eric Narveson redistributed a Resolution on the Schedule of Classes. The resolution has been passed by the EVC ACCC, and if it passes in the Senate, it will be forwarded to the Board. Many of the Senators cited different reasons for the reconsolidation of the EVC and SJCC schedules such as counselors and instructors having both college course information more readily available for students and the cost savings in producing one as opposed to two booklets. Mr. Narveson gave the results on his survey (via email). He received 19 responses: 13 against separate schedules, 4 in favor, and 2 replies of “no opinion”. A motion was made to accept resolution #2. The motion was seconded and passed.

D. District/College Curriculum Separation

The motion was moved, seconded, and it was passed to move this item to Action.

E. Accreditation Update/Report
The document, labeled V.B7, was distributed to the Senate by President Gee. He and the Senate reviewed and discussed the various recommendations contained within. The document needs to be submitted to the committee by October 15th. President Gee asked that any recommendations be sent to the Academic Senate Office. The Report will be discussed at the upcoming College Council meeting. A motion was made to allow President Gee to sign the document for the Senate, to report back to the Senate any changes made to the document, and to make aware to the Senate any concerns that would impact the Senate or the faculty. The motion was seconded and passed.
A. **Instructional Policies/Procedures**
   A soft copy was sent to the Senate. President Gee will make hard copies available to those who would like one. Senators were asked to send feedback to the Senate office before the next meeting.

   The procedures are not ready to be forwarded yet as they are. There needs to be campus-wide discussion and agreement before they are forwarded to the Board. This will be on the next agenda.

C. **District Budget Committee**
   The SJCC Academic Senate has asked for the formation of a District Budget Committee. Ron Root and the FA have been meeting about this.

D. **Faculty Hiring Process/Timeline**
   A proposed flow chart of the timeline/process was given to the Senators. This will be discussed further at the next meeting. There needs to be a list of faculty openings and the Senate, via the divisions, needs to make prioritized suggestions.

E. **Resource Allocation Planning (Master Planning)* (3:30 Maas & Associates)**
   Mike Maas, of Maas and Associates, explained that they have been working with the College since 1992. Mr. Maas assured the Senate that he and his associates will not interfere in academic matters and that comments from faculty will be included in the plan. President Gee added the Senate that the Educational Master Plan has not been updated in ten years. He cited the demographics in the EVC area and how the college is not making efforts to target those areas including Milpitas, the over 55 age group immediately surrounding the campus, and the Seven Tree area. Other ideas Mr. Maas presented to increase WSCH were to remodel/modernize existing classroom space and offering more classes off-campus, increasing distance learning, and on Saturdays. Moreover, enrollment has been flat since 1992, while growth in the college’s service area has grown 1.9%. More information will be forthcoming and will be placed into a folder in MS Outlook. This will be further discussed at the December 5th meeting.

IX. **INFORMATION ITEMS** (4:45 pm)

   of classes.

C. **District/College Curriculum Separation Update**
   President Gee reported that the SJCC is also not interested in forming a subcommittee to discuss

The Chancellor is leaving this discussion to the campuses. There will be a joint task force to look at this issue. In January, the Vice Presidents will be meeting with the two Academic Senate presidents to discuss the policies of chapters 4 and 5. Before this meeting is held, President Gee would like to meet with the various groups on campus to get feedback on the policies.
E. Community College Initiative – Proposition
Professor Minerva Duke explained the Community College Initiative as a proposal to separate the community college system from the K through 12 system. The community college enrollments are on the rise while the K through 12 enrollments are on the decline. The major effect will be that tuition fees will be lowered. Professor Duke distributed brochures on the initiative and forms for students/staff/others to sign to get the initiative onto the July ballot. This separation should not affect the faculty voice in regards to the unions being separated.

   2. Move to Support
      A motion was made, seconded, and passed to support the Community College Initiative.

This will be discussed further at the next meeting of the Senate, February 20th.

The documents will also be sent to the CTC, Steve Mentor, and Nasreen Rahim for review and comment. This will be further discussed at the Academic Senate meeting of March 6, 2007.

B. District Budget Procedures
   President Gee referred to the budget documents distributed to the Senate at a previous meeting. He would like the processes and procedures adopted with the addition of the following: 1. the District committees do not make decisions, 2. the campus process in budget is the controlling factor and that anything done at the District level is brought back to the college and handled with the college process, and 3. the District committees are comprised of campus committee members. This will be further discussed and voted upon at the Academic Senate meeting of March 6, 2007.

C. District Policies/Procedures: Instructional (Chapter 4) and Student Services (Chapter 5)
   President Gee distributed version N of the policies and stated that they are now ready to send to the Board. There will be a new version that would eliminate the ceiling on community service course fees. This will be further discussed and voted upon at the Academic Senate meeting of March 6, 2007.

VIII. DISCUSSION ITEMS

A. Faculty Person of the Year Timelines
   Senator Lichtbach distributed the proposed nomination form, which is, besides the date, is exactly like the previous form. He also provided the Senate with a timeline. He asked that any changes that may be made be brought to the Senate next week to keep within that timeline. The plan and any changes to criteria for next year’s selection. Marjorie Clark spoke to the Senate on the District’s procedures on Discrimination and Harassment. She urged the Senate to read the policy, as she believes it has many deficiencies. Professor Clark is concerned that the major recommendations were not addressed and the major components, especially timelines, were omitted. She distributed the DeAnza/Foothill procedure, which has better and more specific language. Her fear is that this policy will be adopted as it stands which is unacceptable in its current version. She would like campus constituents’ involvement and will send the soft copy to the EVC Academic Senate office. This will appear as a discussion item for the March 20, 2007 meeting.

The motion was seconded and passed.

VIII. DISCUSSION ITEMS
A. District Discrimination and Harassment Procedures
Professor Marjorie Clark explained that she was not addressing the Senate as herself, but as a representative for a group of women who have gotten together to look at the harassment and discrimination procedures. They have written recommendations, which she reviewed with the Senate. First, the group she is representing believes in the spirit of shared governance and Title V. The procedures should have been reviewed by a group and not just given to the various constituencies for approval. There are some procedural problems, which she outlined. Their recommendations were given to Anita Morris and President Coon. They discussed their concerns and the fourteen recommendations that were forwarded in hopes of their being incorporated into the District policy. The Foothill/DeAnza policy was used as a model for SJECCD.

Rick Wagner, DSP Counselor, presented additional information, such as an ombudsman on campus. This will be on the agenda on April 17.

B. Global Education Opportunity
Professor Kelley Wells visited the Senate to seek approval for the proposed Global Education Opportunity resolution. They cited the trips were very rewarding, on many levels, for both the students and the countries they had visited. Professor Joy Chase addressed the issue of expanding the college’s international student program and cited the many advantages for it. There would be an economic advantage with foreign students, who would pay much higher tuition.
