A. Accreditation: First Reading
President Henry Gee reported on the progress of accreditation. The next draft will be sent to the October 1, 2007 College Council meeting for approval. The folders will be up on the MS Outlook folder at that time.

B. Faculty Hiring Needs
President Coon expressed his contentment for the way the semester has begun and he cited a 5% increase in enrollment. Dr. Coon explained the timeline for faculty hiring and provided a packet of information to illustrate the vacancies, replacements, and plans for hiring new faculty. He is committed to having the discussions early in the semester and keeping them inclusive. The plan is to have the list of faculty hires ready by the end of October. Dr. Coon and the Senate reviewed and discussed the packet of information. The faculty are currently talking within their divisions and their recommendation will be passed on to the deans and then to President Coon.

C. Academic Senate Committee
1. Senate Scholarship Committee - deferred
2. Distinguished Faculty-Person of the Year
   DFPOTY committee member, Harry Lichtbach suggested that three processes be examined: how to get nominations, how to make the selection, and what the Senate role is in making the selection. There was some agreement that the criteria needs to be focused more on the quality of the nominations rather than the quantity of votes cast for a particular professor.

D. Equivalency Training Sessions
President Gee has set up some days for the sessions. If there is a specific need by a division to hold a special session then President Gee and the Senate Office should be contacted. There was a question about requiring deans and management to also attend. President Gee stated that there were some equivalency topics addressed at the deans’ academy held this past summer. He also stressed the need to work with SJCC and to uphold academic standards.

E. Directed Study: Omission from the College Catalog
There was a concern regarding the perceived omission of the directed study option in the catalog. Senator and ACCC Chair, Eric Narveson explained that the option still exists in every department. The forms, which were approved by the All College Curriculum Committee, are available in the deans’ offices.

IX. INFORMATION ITEMS

A. Shared Governance Handbook
The Handbook is 95% complete and awaiting printing. It still needs to be approved by the College Council.

B. By Laws/Standing Rules - deferred
C. Board Policies: Chapter Four Update
The policies document will be reviewed by the two college presidents on September 19th.

D. Staff Development Chair
There is still not a chair for the committee. President Gee will prepare an announcement to be distributed to the faculty. Concern was expressed about faculty members who were waiting for approval to attend conferences. The first meeting is on Thursday, September 20. President Gee might have to fill in until a replacement is found. A suggestion was made to appeal to Judy Rookstool, former chair, who retired last semester, to return on a temporary basis and President Gee will look into it.

E. Curriculum Approved by Board
There is a proposal to have the Board approve curriculum twice a year. The faculty was not consulted and the ramifications of such a change are unknown. The Senate was reminded that this is one of the areas that the Senate has purview over.
F. **Senate Election**
The ballots will be placed into the faculty’s mailboxes tomorrow, Wednesday, September 19th.

G. **Recognition of New Deans**
The new deans were introduced to the Senate.

The drop policy appears to have been removed from the catalog. It was noted that the policies in the catalog and student handbook that have not been reviewed or agreed upon by faculty or any other constituency group. The policies are going through revision now. B. PRC Vacancy
   The faculty has been alerted to the vacancy, which should be filled during the next meeting.
   The person selected should commit to 2 to 3 years to the committee.

VIII. DISCUSSION ITEMS

A. Faculty Hiring Needs Update
1. Report from Deans
2. Senate Results
   Both priority lists (the deans’ and the Senate’s) were reviewed and there is a 50% agreement on the results of the ranking of the faculty hires. President Gee asked the Senate if they wanted to change their rankings and, after discussion, the Senate agreed to keep to their list as it was submitted.

B. Academic Senate Committee
1. Senate Scholarship Committee (see item E)
2. Distinguished Faculty-Person of the Year
   President Gee suggested multiple ballots until the selection is made by the Senate. A list of previous winners will be made available.

C. Equivalency Training Sessions
   The next session will be held on Wednesday, October 17th in SC107. President Gee will postpone this until the following week.
D. Application for the At-large Senate Seat Proposal
Currently there is no requirement for the faculty who run for the at-large Senate seat. It was suggested that a qualification statement be submitted when someone is interested in being on the Senate. The format would be similar to the form used for standing committees applicants and would also be required of Senate officers. Senator Leticia Burke will work on a form and it will be revisited at the next Senate meeting for discussion and then for action at a subsequent meeting.

E. Scholarship Amount
Treasurer Elaine Ortiz-Kristich reminded the Senate that the Senate scholarship information needs to be published very soon and asked if the $1000 award was still going to be given. The Senate agreed to continue the amount at $1000.

IX. INFORMATION ITEMS
A. Shared Governance Handbook-deferred
B. By Laws/Standing Rules – See Discussion item B. 2
C. Board Policies
Chapter Four update is almost complete and President Gee will make it available for the November 6th meeting and he will also highlight several areas that should be studied closer by the Senate.

D. Staff Development Chair
President Gee will be meeting with the Staff Development committee Thursday. He is planning to work on filling the Chair position and to vote on the funds for the staff development applications submitted thus far. Application forms should be sent to the Academic Senate office. The FA would like to form an independent PPD committee and President Gee will be soliciting members to participate on it.

E. Curriculum Approved by Board
President Gee asked for questions concerning the proposal by the Chancellor to have curriculum approved twice a year instead of at each Board meeting. The curriculum committee chairs oppose this. Currently, courses are still being approved as they were before: at each meeting.

F. Senate Election Results
Margaret Goka was elected to fill the second adjunct seat on the Senate.

G. Campus Alert System
President Gee provided the Senate with information about possible campus alert systems. Concern was expressed about the driver’s license-scanning component of the plans.

H. District Committees Proposal
There are two District committees: one for budget and one for facilities. President Gee is going to seek two faculty members from the college committee for each of the committees.

I. Campus-wide Email Proposal
Email for students was discussed. There is no cost to the students or to the District for the email accounts. Concern was expressed that this would be imposed onto the faculty; however, some Senators felt it would be very convenient in cases where they were going to be absent or for class reminders. SJCC has been using G-mail.

J. Senate Roster
The Senate roster was passed around the table and corrections were made.

- The Shared Governance presentation was recognized and praised. It was well attended and organized. A recommendation was made to have Senator Elaine Ortiz-Kristich, the program’s presenter and Chair of TLC, give similar presentations to the individual divisions.

PUBLIC COMMENTS (limited to only three minutes)

VII. ACTION/DISCUSSION ITEMS (Items with * have related documents posted in Outlook Public: “EVC Academic Senate”: “Documents for Meetings”)
A. Accreditation Final Document
There was no copy available at the meeting but it is available on the public folders section in MS Outlook. President Gee is pleased with the document, which was recently sent out in email.
B. Board Policies: Chapter Four Update
President Gee distributed and reviewed the document with the Senate. He pointed out that this was only the policy portion of the document with the procedure component to follow shortly. The document was modeled after the Community College League’s template, including the numbering system. Items specific to the District will have the additional information suffixed. The Senate discussed various aspects of the document such as academic renewal, the new math requirement, course repeatability, and academic leave.

The update is posted in the MS Outlook folders and an email will be sent to faculty with a shortcut to the document. A suggestion was made to have the divisions look at the policy document and have it as an action item at the next meeting. The policy will going to the Board for the first reading on November 14th and voted upon in December. Concern was expressed that there would not be a division meeting until December. President Gee proposed that the Senate approve the policies submitted thus far when the policy goes to the board with the provision that the Senate can make some revisions. A motion was made to approve the policy in concept and if there are revisions that the Senate retains the right to add the changes. The motion was seconded and passed with two oppositions.
VIII. DISCUSSION ITEMS
A. Campus Alert System deferred
B. District Committees Proposal
Doug Threet and John Payne will be serving on the District Budget Committee. The District committee will include those on both campuses’ Budget Committees. Laimi Cong-Huyen will serve as the alternate member.
C. Campus-wide Email Proposal – deferred
D. Vice President of Administrative Services
There is a proposal to upgrade the Director of Business Services to the Vice President level. The justification for the upgrade is to compensate for increased responsibilities and to attract a larger and more qualified pool of applicants. This has been presented to the College Council for a vote, with the Council voting via email. This will be discussed further at the next Academic Senate meeting. The position is acknowledged as non-academic; however, it is possible that the person in this position may have to serve as acting president. Another concern was that this position was a higher grade and salary than a Director’s position, but the educational requirements were lower. The position will go to the board for approval on November 13.

IX. INFORMATION ITEMS
A. Shared Governance Handbook
The handbook is in print, which were distributed at the recent TLC presentation.
B. By Laws/Standing Rules - deferred
C. Staff Development Chair deferred
D. Equivalency Training Sessions
No date has been established yet for the next session. A math and science equivalency presentation was given and well-attended. President Gee is willing to go to another division meeting and give an equivalency presentation.
E. Institutional Effectiveness Committee
The IEC had a meeting November 5 and was given the charge. There is no chair at this time. President Gee proposed that the committee be broken down into three subcommittees with chairs. The subcommittees proposed are 1) accreditation, 2) program review, and 3) educational master plan/strategic planning. There will be a general committee on the first meeting of the month and a meeting for the three subcommittees on the second meeting of the month. Classified staff and students are needed for the committee, as well as a faculty representative from each division.
F. Faculty Hiring Update
President Coon announced the eight faculty hiring positions: Nursing (2), AFFRIM counselor, reading, chemistry, sociology, and accounting instructors. A request for screening committees will be made soon.
G. Community College Initiative – Faculty Association
The FA is asking for a contribution to help pass the initiative. President Coon will match contributions up to $500. The Senate agreed that using Senate funds, via dues, was not appropriate. If senators wish to donate, they should send a check to the Senate for documentation so the donation can be acknowledged by President Coon as part of an amount for matching.
H. Placement Testing Issues
A recent email sent from an instructor about standards launched a discussion about placement testing. It was suggested that the professor who sent the email come to a future meeting for discussion. Multiple measure testing, as a standard, was discussed.

Professor Minerva Duke discussed Proposition 92 and asked the Academic Senate for an endorsement and financial support. She explained the purpose of some of the funding would be to publicize the initiative to the voters. This will be on an upcoming agenda for official endorsement by the Senate. There is no plan for contributing via dues. However, other means of raising money will be discussed at a future meeting. Currently, SJCC’s Senate has contributed money, which was matched.

Mr. Silver explained that most of the emails are “institutional” i.e., sent from Admissions, Financial Aids, etc., which mainly are deadline reminders. Records and Admissions is about to launch their own mass emails in addition to hard-copy communication. Faculty reaction from a previous email from Mr. Silver has shown interest in using email. He is proposing a workshop for the January PDD day to help faculty interested in getting started with email, including configuring their computers. A copy of the PDD day proposal was distributed to the Senate. President Gee offered his help via Staff Development for the proposal and he will send the forms to Professor Silver. A question arose about administration and their involvement as far as policy and guidelines in support of campus-wide email. The CTC has approved the proposal. Email can also be helpful as an enhancement to instruction and as a reinforcement technique for students.

A motion was made to support the endorsement of Proposition 92. The motion was seconded and passed.

**VIII. DISCUSSION ITEMS**

**A. All College Curriculum Resolutions**
Senator and ACCC chair Eric Narveson presented two resolutions for Senate approval related to the new Title V regulations dealing with the University Studies degree offered at EVC and certificates of achievement. A motion was made to suspend the rules and change this to an action item in order to vote on the resolutions. However, a suggestion was made to inform and to get feedback from faculty about the resolutions before approving them. President Gee asked Senator Narveson for a general introductory paragraph to be sent to the faculty along with the resolutions. This will also be discussed at the January PPD. The wording of the two resolutions are as follows:

*Whereas, recent changes in Title 5 (specifically Division 6, Chapter 6, Subchapter 1, Article 6, Sections 55060 to 55064) regulations require Associate Degrees to have coursework in specific areas of emphasis or majors,*

*And whereas, the October 2007 Supplement to the Program and Course Approval Handbook, Second Edition, specifically prohibits general education transfer pattern degrees with a collection of electives (page 4, paragraph 4),*

Be it

C. Committee Update

D. Institutional Effectiveness

Ruppenthal will be chairing the strategic planning subcommittee. The committee has openings from Math, Science and Engineering, Language Arts, and the Library and Learning Resources divisions.
E. **Student Survey**
President Gee distributed the student survey document. He expressed a number of concerns about the survey: it is quite lengthy and would cut into instructional time too much and the language is too complex for many students. Also, the section for the student identification number would make it impossible for the survey to be anonymous. The survey will be placed into the public folders under EVC Academic Senate documents for 2008. President Gee asked the senators to share this information with their divisions for feedback. It was agreed that the document needed major revision.

F. **Scholarship Committee**
There is enough in the treasury to fully fund the scholarship. Senators Sravani Banerjee and Blanca Ezquerro volunteered to read scholarship applications; more readers are needed.

G. **Math AA Requirement – deferred**

H. **Basic Skills Initiative**

   B. Distinguished Faculty of the Year Award - Senate Guidelines
      President Gee reviewed the guidelines, and asked for approval from the Senate. A motion was made to
      approve the guidelines. The motion was seconded and passed.

VIII. DISCUSSION ITEMS
   A. Student Surveys
      The concerns, arising from the last meeting, were restated: the survey is too lengthy, it may be at too high
      a language level, the questions may be too complex for most of EVC’s students, and it would take up too
      much class time. President Gee would like the senators to discuss this with their colleagues to determine
      if these concerns are valid. The survey has been used in other colleges.
   B. Scholarship Committee: more readers are still needed
   C. District Policies, Chapter 5: Student Services - deferred

IX. INFORMATION ITEMS
   A. Chancellor Perez Visit - deferred
   B. Math AA Requirement - deferred
   C. New Vocational Program Development – Kuni Hay - deferred
   D. Learning Resource Center and Tutoring Program
      Keith Aytch, Interim Dean of Library and Learning Resources, discussed the present state of the Learning
      Resource Center and the tutoring program and various ways to improve them. Dean Aytch provided a
      proposal to the Senate that was written by the task force, which consisted of all administrators. He will
      send a soft-copy to the Senate office for distribution to faculty. President Gee discussed the composition
      of the committee, which he noted was comprised of many new EVC employees and those who are new to
      their positions. He felt there needed to be more experience reflected on the committee, especially in the
      area of student contact experience, including classified as well as outside of the LRC area. Mr. Aytch
      would also like to see more staff involved in the process and assure that students are getting the most help
      possible, especially in the area of tutoring.
   E. Screening Committees Concerns
      Because of diversity concerns, two committees’ memberships were reexamined: the Dean of SSHAPE
      and the Nursing Instructor. The Dean’s committee had no women; the Nursing instructor had no males
      and all participants were from within the Nursing department. A question was raised about whether non-
      faculty committee components were considered when looking at faculty committee members’ diversity.
      This was moved to action. The Senate also decided to re-vote on the last group of the three faculty
      members who submitted their names. A paper ballot was taken and Elizabeth Nava was elected to serve
      on the screening committee.
As far as the Nursing committee, it was agreed that committee would be put forth as-is with the possibility that any diversity could come from the non-faculty portion of the committee. Also discussed was the Automotive screening committee, which had only one automotive instructor on it. President Gee will inquire about this further.

F. **Standing Committees**

There are still openings for faculty on the Committee for Modernization Project for Cedro and PE Buildings.

G. **Chancellor Woodruff March 13th**

President Gee reminded the Senate about the invitation for four senators to participate in the visit; there is a space for one additional senator.

I. **Senate Resignation (At-Large)**

Senator Leticia Burke, at-large representative, has resigned due to scheduling conflicts. The Senate was asked if they wished to either fill the seat for the remainder of the semester, wait until the fall to fill it, or have an election to cover the rest of the semester plus next year.

X. **REPORTS** (10 min):

Informational/Questions for clarity only, if discussion or action is planned, it will be discussed/acted upon later on the Agenda.

VII. ACTION/DISCUSSION ITEMS (Items with * have related documents posted in Outlook Public:
   “EVC Academic Senate”: “Documents for Meetings”)

A. Learning Resource Center and Tutoring Program*
   Keith Aytch, Interim Dean of the Library and Learning Resources, was present to talk further about, and get approval for, the proposal on the tutoring program in the Learning Resource Center. Computer usage by students was discussed, as well as how to re-engage students with the learning process in light of the basic skills initiative and in order to be in compliance with Title V. A motion was made to approve the proposal. *The motion was seconded and passed.*

B. Discrimination Policy*
   President Gee explained that the policy had gone before the District Council for approval in March. He pointed out that the EVC Academic Senate had not discussed or voted on the policy nor was there sufficient time for the other constituencies to do likewise. The Council has deferred voting until April 17th. The FA and the SJCC have approved the policy as-is. Professor Marjorie Clark reviewed the procedures’ timeline and history that she and a group of other women wrote and put forward their recommendations to the Senate. She listed the key factors that were not adopted by Human Resources. She urged the Senate not to approve the final draft of the policy/procedures without these changes and to send it back to the District with their concerns about the proposed changes. Professor Clark listed the items at issue:

1. Title V cannot be disregarded
2. the informal procedure is too long
3. both the complainant and respondent should be informed of their right to have a representative present
4. the title should read “Discrimination/Sexual Harassment Complaint Procedures”
5. retaliatory action against complainant should be written “prohibited” and not “must be avoided”

Professor Clark also questioned why students were not involved in the process nor does language within the document refer to them. She was concerned that many employees have had to go outside of the District to get their complaints resolved because the District’s process took too long. There was also concern that the FA only represents the respondent; she felt that the union should represent both parties, if they are faculty. It was agreed that it is a very precarious situation. She said that other districts’ unions represent both parties in similar situations. President Gee will submit the changes to Arturo Ocampo and the FA and ask for their response before the April 14th meeting. It noted that there is some vagueness about where an employee should seek assistance. The draft is in the Academic Senate folders.
C. **ACCC Chair**

Eric Narveson, Senator and current chair of the All College Curriculum committee submitted his application. A question of procedure arose about whether sufficient notice was given to all faculty. President Gee advised the Senate that if they wished to vote on this, it needed to be done in two steps: moving it to action and then giving approval. A motion was made to move this to action. *The motion was seconded and passed.* A second motion was made to approve Professor Narveson as chair. *The motion was seconded and passed.*

VIII. **DISCUSSION ITEMS**

A. **Distinguished Faculty Person of the Year:** Update

The sub-committee will meet after the Senate meeting to discuss the award. A suggestion was made to consider gender equity and outside achievements when choosing awardees. It was pointed out that many faculty members do not make this information public. The Senate discussed the criteria for the award. President Gee reminded the Senate that the decision must be made before May 6th.

B. **District Policies: Chapter 4/5/6**

The Senate was given chapters 4 and 5 to review. Course repetition was reviewed and discussed. President Gee would like input; the deadline is the April 15 Senate meeting. Chapter 6 will be reviewed and discussed at a following meeting.

President Gee reminded the Senate that the whole process is going under review in the next year and a half and that this topic was included in Chapter 7 (Human Resources) of the Board Policy, which is under revision. Procedures will also be examined. One concern expressed by the Senate was the lack of input from the constituencies about the format of the job description, as well as equity pertaining to desired and minimum qualifications within the job announcement. This is one area that can be revised, according to Vice Chancellor Morris. President Coon said he was pleased with the recent hiring process and that it was on-target and successful. He also explained that the transparency of the hiring process would continue to improve.

He has forwarded a copy of the recommendations to Arturo Ocampo and Barbara Hanfling. The policy will go before the District Council in May. An option presented to the Senate was to wait next three weeks to see if the suggested changes occur so that the executive board of the Senate can approve them. President Gee noted that there were two sticking points: the document’s title and a timeline issue, which is unclear. Five programs were recommended for EVC: Legal Interpreter, Biomedical Equipment Technician, Homeland Security/Emergency Response Preparedness, Certified Nursing Assistant, and Dietetic Technician. It is also possible to have San Jose State University involved with the program. She read the resolution and stated that it was in line with EVC’s vision statement.
