The campuses also disagreed on the inclusion of SLOs on the course forms.

   have no money to fund them. Accreditation will be in jeopardy because of the lack of student support through instructional materials.

   anonymously or electronically.
D. College Budget
   President Gee reviewed the reports given to him by the District Office outlining various cutbacks,
   including categorical funding. There is a structural deficit of about a million dollars. One of the ways to
   reduce the deficit is to reduce medical coverage expenses and the district will soon approach the various
   constituencies with suggestions. Counseling had a retreat including all the categorical. Different scenarios
   were given and different ways of cutting back were discussed and one of the scenarios would be to blend
   the various categorical programs together.

   President Gee announced the session, which will center on the revision of the EVC mission statement.

C. Senate Roster - The roster was distributed to the Senate for updates and corrections.

D. Committee Roster - The roster was distributed to the Senate for updates and corrections.

E. ITSS Update
   Tom Onwiler, Director of ITSS, updated the Senate on various changes such as a new policy on full mailboxes, some of which have never been accessed by the user. He explained the archiving procedure and how they will start purging mailboxes that are full to speed up the system. Some senators felt that the purging of mailboxes was invasive. Mr. Onwiler explained that the mail will still be available and can be restored whenever the user wants. He also reported that Blackboard software no longer being used. Mr. Onwiler confirmed that the printers and copiers will remain where they are and continue to be the responsibility of each department. The phone tree system was discussed. The absence of operators has made calling difficult since, if the number is not known, the caller cannot reach their party. They are still working to implement a system where all faculty will have their own phones and it will be easier to reach employees. Windows 7 migration is in the works and it will take 18 months to switch over.

F. Accreditation
   President Gee still hopes that the senators will get involved in the writing groups. The first draft was submitted last Friday. He would like their constituents to read it and give input. There will be three more drafts submitted this academic year with the final completion in March or April.

G. Curriculum Separation
   The committee has not yet met. One of its goals is to work on possible scenarios if and when course separation occurs. Concerns include course numbering, course ownership and articulation with SJCC, etc.
H. Faculty Evaluation of Administrators
President Gee explained that the evaluation of administrators is driven by the administration and there typically has not been good communication on this. Anonymity was the main concern of the discussion. The faculty members have three options, 1. complete the evaluation and sign, 2. do not complete the evaluation, and 3. complete the evaluation and do not sign it. A suggestion was made to take it back to the divisions and write a resolution about evaluations.

I. Textbook Adoption Committee
President Gee wants to recruit more committee members; there is no limit and much input is needed. The District is trying to put together a committee on this also.

K. Public Relations Presentation
Monica Gomez, Public Relations Officer, made a presentation on the media coverage concerning EVC. She gave an overview of her position and what she does and has done. She emphasized that the key to public relations is having a good relationship with the media. She also publishes the In-Flight newsletter and passes on information to the colleges, such as H1N1 flu precautions.

L. District Essential Positions/Faculty Hiring
President Gee would like the senators to go back to their divisions to get an idea about which faculty positions are most needed so the Senate can discuss and make recommendation as to which positions need to be filled.

B. Reprographics and Printing - Discussed in IX. I.3

IX. INFORMATION ITEMS
A. Budget Update
The District Committee met last week. There is concern about the impending 1.3% deficit. Finding requests from the Library will be considered at the November 23, 2009 College Council meeting.
B. Strategic Planning Update
The committee met on October 23, 2009 to consider several items that have been delegated to smaller committees who will use the ideas from the larger group to try to consider some feasible language. It was requested that a summary be ready before the Thanksgiving holiday.

D. Textbook Adoption Committee
The committee has been meeting and an update will be forthcoming.
E. Mailbox Purging - President Gee will be emailing a preliminary policy to the senators.
F. Accreditation – A first draft has been completed.
G. Curriculum Separation – deferred
H. Faculty Evaluation of Administrators
Several issues were discussed including whether administrator evaluation is an FA concern and if there are alternatives from the current procedure. It was hoped that the Senate will take a position on it since it has become a concern of some faculty. President Gee values the input from the FA and would like to work with them on this.
I. ITSS Update
Tom Onwiler addressed the Senate on several topics including the ongoing replacement of older existing computers for faculty; he requested that faculty contact their deans if they need a replacement to be placed on a waiting list. He also explained the campus portal and asked the Senators to ask their constituents to make their own pages; they should contact Shashi Naidu for help. Wait listing is again being studied. Currently the waitlist is limited to 50% of the course capacity. The topic of reprographics was raised and there is a goal of reducing printing by 20% each year for the next four years. ITSS is looking at both Windows Live and Google Apps for student accounts. The Windows’ account would give an EVC.Edu address that can be used forever.
J. **H1N1 Virus**
Vice President Irma Archuleta has written a memo, which states that there have been several cases of the virus on campus. The memo mostly focused on reporting students who are infected and will be sent to the campuses after it is approved by Vice President Hay. Some senator had concerns about the reporting of students and questioned their ability for diagnosing illnesses. President Gee asked the Senators to talk to their constituents about this.

K. **Ten Plus One**
President Gee outlined the list of areas over which the Senate has purview. He also gave three scenarios for the senators to think over and bring back to the next meeting.

F. **Facilities Study Session**
President Gee the status of Measures I and G buildings which would make buildings “net zero”, that is, achieving energy independence by using solar. The cost of the project would cost over 200 million dollars. It was suggested that next November 2010 may not be good time to ask the voters.

VIII. DISCUSSION ITEMS
A. Faculty Hiring
The Senate was previously asked to submit faculty-hiring requests for which positions should be filled in their divisions. There was one submitted, via email, from Nursing and Allied Health. Business and Workforce Development submitted a request for CADD and Accounting instructors as CADD has no full time instructor and Accounting has only one. A request from SSHAPE was made for a dance instructor. Senators were asked to send any further recommendations to the Academic Senate office.

B. Reprographics and Printing
The District is still trying to formulate a response to the Senate. Currently, they are trying to determine who is making the copies—percentages to be broken down by faculty and administration. Additionally, the charge-back model is not set up yet and the DO needs to incorporate incentives for reducing copying. A way to use online or more green methods of instruction was suggested for copy reduction. Updates will be provided when known.

IX. INFORMATION ITEMS
A. Budget Update
President Gee reported on the budget and distributed a detailed memo to the Senate outlining the inequity in the cuts between the EVC and SJCC. More cuts will be coming and the District hopes to have reserves of 5% by June, 2011, but it expects to drop in the near future. The senators were asked to relay the information to their constituents and bring back comments to the Senate.

B. Strategic Planning Update – no updates

C. Moodle
There are classes on Moodle being offered and Senator Nasreen Rahim asked that any faculty who cannot make the classes contact her for help with using the online tutorial. She will be visiting the divisions and providing information.

D. Textbook Adoption Committee

E. Mailbox Purging by ITSS
A copy of the MS Outlook mailbox management guide was given to the senators. It was previously emailed to the District.

F. Accreditation
The writing process continues on standards 1 – 4. Reviewers are needed for the statements. The committee is close to going public soon.

G. Curriculum Separation
No news, but it has not yet been endorsed by the ACCC. Senator Eric Narveson, who also chairs the All College Curriculum Committee, assured the Senate that separation will occur.

H. Faculty Evaluation of Administrators
President David Wain Coon was in attendance to give information about the evaluation of administration by faculty process. He gave background on the process and distributed and reviewed information with the Senate.

I. By-laws and Absence/Tardiness of Senators to Meetings
President Gee reviewed the by-laws with the Senate after an inquiry was made about them. At this point it is still up to the Senate. It was suggested that senators who are sick make an effort to contact the Senate office.

VII. ACTION/DISCUSSION ITEMS (Items with * have related documents posted in Outlook Public:
   “EVC Academic Senate”: “Documents for Meetings”)

VIII. DISCUSSION ITEMS

A. Faculty Hiring
   President Gee discussed the current state of faculty hiring. The District has completed its study on the number of full time faculty members within the District, which they report at 237. According to the State, the District is only obligated to have 226 full time faculty members. There was concern that this would not give the District incentive to hire more faculty. President Gee wants to know if there are areas of need so that the Senate can persuade the District to fill those areas regardless of the numbers.

B. Scholarship Reading Committee
   Readers are needed for the Academic Senate Scholarship. Senators Sravani Banerjee, Blanca Ezquerro and Charlie Kahn-Lomax volunteered.

C. All College Curriculum Resolution
   A motion was made to approve the ACCC resolution: "Courses last updated in 2002 or earlier will be dropped from the catalog if not updated by the last ACCC meeting of Fall 2010." Senator Eric Narveson, also the Chair of the ACCC, reminded the senators that if there are courses they wish to have deleted from the catalog, they should contact their dean for a form. The motion was seconded and passed.

IX. INFORMATION ITEMS

A. Budget Update
   President Gee reviewed the budget update and asked the senators to inform their constituents. Topics discussed were the District reserve and bonds sold to fund lifetime medical benefits for retirees. He also reported that there is a structural deficit and the costs, such as medical, cost of living, utilities, continue to
rise, making difficult to meet the 5% reserve mandated by the State and the holders of OPEB Securities. The projection with the above expenses factored in may drive the reserve down to 2% in 2011. At the end of this fiscal year, the reserve is projected to be 7%. Several scenarios were discussed.

B. Curriculum and Program Development Update:
Dr. Kuni Hay, Vice President of Instructional Services, spoke to the Senate about various vocational programs, which include CNA (Certified Nursing Assistance), legal interpreting and translation and offering college classes at Milpitas High School again. There was a bond measure that funded a new general classroom building which would house the classes. She also discussed accreditation and the survey and welcomes input from faculty. President Gee also encouraged accreditation participation.

C. Faculty Ethics Statement Committee
Although this has been addressed in the past, there has been no statement approved.

D. Maas Educational Facilities Master Plan
President Gee distributed the schedule for the plan, but stated that before it can be put into effect a list of educational goals must be considered to truly meet the needs of the campus. The plan is needed for accreditation and any future bond measures.

E. Accreditation Update

This portion of the meeting is reserved for any item not on the agenda. The law does not permit action or extended discussion of any item not on the agenda except under special circumstances. If Senate action is required, it can be placed on the agenda for the next meeting.

President Gee announced the change of the location of the meetings. Some of the rationale for switching was climate control, its being farther from Gullo events and media projection equipment being available. He would like to have a room dedicated to various committees so they may have a place to store records on a more permanent basis.

VI. COMMITTEE APPOINTMENTS

Applications are available at the senate meeting but may be previewed in the Academic Senate office.

VII. ACTION/DISCUSSION ITEMS (Items with * have related documents posted in Outlook Public: “EVC Academic Senate”: “Documents for Meetings”) 

A. All College Curriculum Resolution
   Senator and ACCC Chair, Eric Narveson would like to get a resolution about course deletion endorsed by the Senate by the end of the year to meet accreditation standards. He would like to have 100% accuracy as far as every course is active and has SLOs. Senator Narveson will resend the email about course reactivation. Another issue that was raised is that having old, inactive courses listed will prevent new degrees from being created. Senator Narveson pointed out that even if a course has been eliminated from the catalog it does not mean it is “dead”. President Gee reminded the Senate that the development of curriculum is a professional responsibility done outside of paid hours. The original motion was “Courses last updated in 2002 or earlier will be dropped from the catalog if not updated by the last ACCC meeting of Fall 2010.” It was amended to read was “Courses last updated in 2002 or earlier will be dropped from the catalog if not submitted for update by the last ACCC meeting of Fall 2010.” The motion was seconded and passed.

VIII. DISCUSSION ITEMS

   President Gee distributed and reviewed the Board’s Study Session of February 23, 2010, which dealt with fiscal issues. I. **Women’s Studies Center**
   The State has just approved a General Studies degree with an emphasis on Women’s Studies. Senator Clark, and others, would like to establish a Women’s Center. She emphasized that she is not asking for staffing or a budget, only for physical space for the Center. She read the resolution for the Center to the Senate with the rationale and functions of the Center. A suggestion was made to include female veterans to the list of those who would be served by the Center in light of the rate of returning female combat veterans who are currently returning home. The various functions and future plans of the Center were discussed. President Gee instructed senators to discuss the Women’s Center resolution with their respective divisions and it was agreed that the resolution would be placed under action item at the following Academic Senate meeting for voting.

VII. ACTION/DISCUSSION ITEMS (Items with * have related documents posted in Outlook Public: “EVC Academic Senate”: “Documents for Meetings”)

A. Green Voting Methods Update

The proposal for a greener voting method was reviewed by the Senate. On-line survey methods were discussed and the pros and cons were considered. President Gee asked the senators to talk with their constituents to get a better sense of the new proposal. It will be brought back to the Senate for a vote at the next meeting.

VIII. DISCUSSION ITEMS

A. Chapter 4/5 Policies

President Gee reviewed the latest changes to the polices, which were minor. This will be up for a vote at the next meeting.

B. Women’s Studies Center (moved to action)

After much discussion, including input noted in public comments, the Senate supported the Resolution on the Women’s Studies Center that they, “Support the establishment at EVC with no fiscal impact, or monetary, or reassigned time.” There was a question about why the Academic Senate was being involved in this since it is not academic nor part of its purview. Senate approval or endorsement is not needed for the Center concept to advance. Senator Clark, the proposer of the Center, gave some background into the rationale of the Center’s establishment as part of a past “commitment to action.” The primary concern was that resources would not be taken from other areas and given to the Center.
The resolution was presented to several divisions with favorable response and not yet shared with others because they had not met. President Gee explained that it would require a 2/3 majority to have this moved from discussion to action in the agenda. A motion was made to suspend the rules and to move approval to action. The motion was seconded and passed and moved to action. A second motion was made to approve the resolution and support the Center with the stipulation that there would be, “no fiscal impact, or monetary, or reassigned time.” There was discussion that it could be possible to tie it in with the Diversity center. A grammatical change was suggested to the resolution and with that change, the motion was seconded and passed.

C. Conferences: Plenary, Leadership and Curriculum
President Gee would like permanent approval for payment of the Academic Senate President to attend the both Plenary sessions and the Leadership Workshops. He would like the Chair of the ACCC to also have the fees paid to attend the curriculum workshops. The Senate was reminded that this was previously approved by the Senate years ago and is contingent upon funds being available.

IX. INFORMATION ITEMS

A. Budget Update
President Gee reviewed the latest “a la carte” budget items with the Senate, mostly dealing with personnel funding issues. The Senate was reminded that any type of cuts are negotiable and have not even progressed to that stage yet. He asked that the senators share it with their divisions. As a way of cutting costs, President Gee has offered to reduce the reassigned time until the fiscal problems are improved to the President, College Council and Budget Committee. This has not been discussed with the SJCC Academic Senate President yet. This was further discussed and some reservations were expressed. The Budget Committee will discuss this next week. This will be discussed in future meetings.

B. Academic Senate By-Laws (was discussed in conjunction with items H and I)
One item that was discussed was a vote of confidence. President Gee discussed the logistics of such an action. It was clarified that only a discussion on a vote of confidence was requested. A question about the executive committee was asked and President Gee asked that, for the sake of time, it (and other Senate internal affairs topics), be discussed at a later meeting.

C. Faculty Ethics Statement Committee Update
President Gee met with the committee; however, he has since been advised that this is a negotiable item. President Gee reminded the Senate that this was part of an accreditation inquiry.

D. Maas Educational Facilities Master Plan
President Gee reminded the Senate to have the faculty complete the survey distributed via email.

C. Senate Processes (3:30-4:00)

1. By-laws
   The Senate by-laws were discussed and several suggestions were to look at them at various intervals. It was remarked that the by-laws were fine and should only be addressed if something specific was a concern. President Gee presented the following options and asked the Senate to choose either forming a committee now, forming a committee at the beginning of the next semester or addressing the topic at the Fall PDD. A consensus was to wait for the fall.

2. Votes and Resolutions
   President Gee explained the significance of votes of confidence or no confidence and the amount of work and their consequences and felt it was not necessary at this time in light of recent campus forums. It is not a decision to be taken lightly and would required the entire faculty to be a part of the process.

   The Academic Senate endorses the proposed Associate in Arts Degree General Education Requirements to be in alignment with the California State University GE requirements (to replace the present AA GE requirement effective Fall 2010).

   A motion was made to approve the policy, with the changes. *The motion was seconded and passed.*

C. **Faculty of the Year Vote**
   There were three nominations submitted for full time faculty and after reviewing them, the committee decided to forward two of the names to the Senate. The selections will be presented at the Employee Recognition event in May.

D. **Maas Educational Facilities Master Plan** - deferred

E. **Academic Senate President Reassigned Time**  
Concern was expressed by some in the Senate about the current president’s recent proposal to reduce his reassigned time from 50% to 20%. The reason this was considered was to show leadership in the efforts to reduce the deficit so that lay-offs might be avoided. Another issue was that once the reassigned time was reduced it would never be restored and that it could be a deterrent for anyone wishing to serve as a future president. It was felt, that although this was a generous gesture on the part of the current president to make that offer, it was up to the Senate to discuss the topic.

VII. ACTION/DISCUSSION ITEMS (Items with * have related documents posted in Outlook Public: “EVC Academic Senate”: “Documents for Meetings”)

A. Senate Officer Elections (moved from information)
President Gee explained that the Senate officer nominations, for the past couple of years, were made during the last Academic Senate meeting in April. The rationale to have the election result by the last meeting of the year—typically during the first week in May, since the third week in May was not feasible due to the Senate’s not getting a quorum and it being too close to finals, making it difficult for the senators to attend. President Gee explained that since the election was extended, an additional meeting was needed to choose representatives to the Senate executive committee, and the College and District Councils. A motion was made to have the nominations confirmed, as is, from the last meeting, the ballots received thus far will be retained and that the voting period be extended to Monday, May 10th, noon. The motion was seconded and passed. President Gee stressed that senators attend the meeting of May 18th so a quorum of at least eight would be reached. Some senators expressed their dismay and surprise at the recent flurry of emails.

C. **Equivalency Committee Senate Standing Committee**
Deferred for this meeting, President Gee asked the Senate to think about its formation for the fall. The charge for the committee would be to oversee the process of the Academic Senate’s president’s signature on equivalency forms for the college. The Senate was reminded that equivalency is not for the EVC campus only but for the district and it needs to be coordinated with SJCC.

D. **Maas Educational Facilities Master Plan**
President Gee has a draft copy of the plan. Anyone wishing to see it should contact him for the link.

E. **Accreditation**
The first draft is out. This may be one of the last chances to read and comment on it. A final document should be ready by September, 2010.

F. **Summer Load and Contract**
Professor Abdie Tabrizi explained a current loading situation to the Senate. He noted that there were FTE limits for regular semesters and intersession but not for summer school and felt that some professors were capitalizing on that lack of limits. Professor Tabrizi listed the deleterious effects of carrying excessive summer loads for individual professors, including possible sanctions from the state and program integrity. Although it was an appeal for support made to the Senate, it was noted that this is a Faculty Association issue. It can be discussed for curricular activity. It was suggested that the Senate ask the FA to look at this issue.

G. **May 18th Meeting**
The Senate agreed to meet on this date and it was stressed that a quorum was needed for any actions items.

Senators Kahn-Lomax and Ortiz-Kristich were elected to serve; Senator Clark will be the alternate.
