   copies be sent to counselors was made. It was also requested that the newest policy be available for the

B. BP 2715 Code of Ethics Policy
   There was discussion on the policy. It had been presented at the last board meeting. It will be discussed at
   the next meeting after the District Council. There are two versions: the district’s version and the
   campus’s code of ethics. A motion was made to request the most recent copy of the policy. The motion

   The by-laws committee needs to be reconvened this academic year. Senator Clark will contact the two
   members who were not present at the meetings last year and who were not present at today’s meeting.
   Her main concern about the present version is the election procedures. A motion was made to appoint
   Senator Clark as the by-laws committee chair. The motion was seconded and passed.
IX. INFORMATION ITEMS

A. Facilities
   EVC President Henry Yong was present to give an update on campus changes. He said that the changes to
   the facilities master plan was in no way a criticism of the other plans. President Yong stated that the plan
   was a living document and needed to address various issues that have been raised since the other master
   plan. One of the concerns was that EVC layout, which is perceived as being too spread out and plans
   presented including more centralization. He stressed that even though there is a lot of land, no more will
   be acquired and the present land should be utilized to its fullest potential. President Yong stressed that
   EVC, because of its attractive environment, has a connection to the community and any plans for changes
   should keep that in mind. He also reported on the cost saving measures by refurbishing versus rebuilding,
   giving the campus police facility as just one example. Moreover, there are plans for installing a solar
   array to provide energy to the campus (as well as reducing the carbon footprint) and demolishing and
   rebuilding buildings that are located on the fault line.

B. Accreditation and Code of Ethics
   Acting Vice President of Instructional Services, Keith Aytch updated the Senate on accreditation. He
   encouraged all to read the accreditation report and provide feedback to either himself or Professor
   Ruppenthal. They assured the Senate that there have been many improvements in response to the report
   from the visiting team, especially at the college-level.

   There has been work on the code of ethics document and this was also a response to the visiting
   accreditation team. Mr. Aytch explained that the code of ethics document was a draft—which is sufficient
   as far as accreditation requirements—and needs to go through the shared governance process. The
   document was written using best practices from other colleges. President Narveson explained that what
   the Senate had in their possession was a copy of the District’s code of ethics as well as the college’s code
   of ethics. Mr. Aytch ask for comments from the Senate.

VII. ACTION/DISCUSSION ITEMS
(Items with * have related documents posted in Outlook Public: “EVC Academic Senate”: “Documents for Meetings”)

A. AP 4240 Academic Renewal procedure
   Dean of Enrollment Services, Octavio Cruz, and Admissions and Records Coordinator, Cindy Tayog
   were in attendance to discuss academic renewal. They expressed their dismay at the policy printed in the
   EVC catalogue which seems to be confusing and contradictory. The terms “forgiveness” and “academic
   renewal” have been used interchangeably, but have different meaning. Forgiveness implies the expunging
   of one or more semesters; academic renewal has been used when a student wishes to retake a course with
   an unsatisfactory grade. The issue of how the state would view a semester that has been, in effect, wiped
   out, yet the institution had previously received state funding for it. This will be discussed further.

B. BP 2715 Code of Ethics Policy - deferred

C. BP 2435.1 Evaluation of EVC President and SJCC President Policy - deferred

VII. ACTION/DISCUSSION ITEMS (Items with * have related documents posted in Outlook Public: “EVC Academic Senate”: “Documents for Meetings”)  

VIII. DISCUSSION ITEMS  

A. By-laws Committee Update  
Senator and Chair of the By-laws committee gave an update on the lasted recommendations from the committee. One member resigned from the committee and Senator Guillermo Castilla and President Narveson have volunteered to be members. First, it was suggested that the format be changed to include page numbers, revision dates and include sections and articles. A question was raised about when the recommendations would be voted on, before or after the format change was made. Next, parliamentary procedure should be listed as a reference in the by-laws as how the meetings are conducted. Additionally, the need for a parliamentarian was discussed and, while most senators agreed, a question was raised about who would be willing and able to serve in that capacity. Adjunct faculty voting for Senate officers was also discussed. It seems that most adjuncts expressing their opinions would like to vote for Senate officers; most full-time faculty prefer that they do not.  

B. Faculty Hiring  
The Senators were given the last faculty hiring recommendations for reference and were informed about the faculty obligation number. President Narveson encouraged the Senate to bring the topic back to their divisions and bring back (or email) five recommendations to discuss, even though there is uncertainty about faculty being hired.  

C. Health Services Fee Increase  
Vice President Gee approached the Senate about an increase in the health fee. It has been approved by SJCC and he would like EVC to endorse the idea. The increase would help to balance the budget and expand services for students. The state only allows for a one-dollar maximum increase only so there cannot be more money requested for the fee. This will be on the agenda for the next meeting as an action item.  

D. Senate Civility  
There was a disagreement at the previous Senate meeting and Senator Clark explained the situation as well as what had transpired during on-going communication with members of the By-Laws Committee. She also reminded the Senate that care should be taken to be collegial and respectful with colleagues.
IX. INFORMATION ITEMS

C. Faculty Hiring Timeline
   This was distributed to the Senate.

APPROVAL OF MINUTES – November 1, 2011 and November 15, 2011

RECOGNITION AND ANNOUNCEMENTS
Senator Marjorie Clark announced that the Associated Students passed a resolution in support of the restoration of the Service Learning program and that the administration has made a commitment to support it as well.

The Board recently met on the EVC campus and various programs and disciplines on campus gave presentations.

The Associated Students, Women’s Studies Department and Womyn’s Center will be offering students the opportunity to get a free healthy breakfast, Scantrons, blue and green books between 8:00 p.m. and 9:00 in the Womyn’s Center December 19th through the 22nd.

PUBLIC COMMENTS (limited to only three minutes)
This portion of the meeting is reserved for any item not on the agenda. The law does not permit action or extended discussion of any item not on the agenda except under special circumstances. If Senate action is required, it can be placed on the agenda for the next meeting.

Art Professor Rachel Lazo spoke on behalf of the SSHAPE division, primarily the arts. Ms Lazo gave her faculty request for the disciplines, which include: Theatre Arts, 3-D Metal Sculpture, Digital Media, Music and Art History. She is currently the only fulltime faculty member in the arts department.

Senator Marjorie Clark read the following statement:
Jack Da Silva is no longer an employee of this District and this is not only a tremendous personal tragedy, but a great loss for our college community, and for our students! Jack Da Silva is a world renowned artist whose art appears in private and public collections all over the world such as:
Victoria & Albert Museum, London, UK
IDA Congress - International Craft Design Exhibition, Taipei, Taiwan
Spectrum of Contemporary Metal Works, Seoul National University Museum of Art, Seoul, Korea
Mendel Art Gallery, Saskatoon, Saskatchewan, Canada
Jack’s art is also exhibited around the United States in such places as:
National Ornamental Metals Museum, Memphis, TN
Yuma Art Center, Yuma, AZ
Academic Senate Minutes
12/6/11/p.2

SOFA, New York
Grace Hudson Museum, Ukiah, CA
Sparta Teapot Museum of Craft and Design, Sparta, NC

These are just a few of his exhibits, there are too many to mention in the time allotted for Public Comment.

Jack came to EVC in 2005 and more than doubled the size of the Jewelry and 3D Sculpture department. During his tenure, EVC Jewelry/Metal Arts lab grew to be recognized as the largest and most sophisticated classroom of its kind in northern California according to each of the 12 regional Jewelry /Metal Arts professors who visited the facilities. Jack was respected, admired and treasured by his colleagues and students. He will be greatly missed. Since this is an Institution of Higher Learning, perhaps we should collectively ask the critical question, “how was this tragedy allowed to happen?”

Parliamentary procedure, which would state that Robert’s Rules of Order, Revised would be the authority for the Academic Senate meetings; this was seconded and passed.

Another portion stated that the meetings of the executive committee would also operate Under Robert’s Rules. A motion was made not to include the application of Robert’s rules to the executive committee.

A parliamentarian provision to be added to the by-laws. The nature of the position was discussed. A motion was made to have a parliamentarian. The motion was seconded and passed. Various concerns were discussed by both views on the topic of Adjunct faculty voting for Senate officers. A motion was made to place in the by-laws that the adjunct faculty members have the right to vote for the Senate officers. The motion was seconded and passed.

VIII. DISCUSSION ITEMS

After receiving faculty hiring lists from the Senate’s divisions and a discussion, the list that will be forwarded to the EVC President is below. The first five were ranked and the second five were unranked.

The question was raised about whether there would be any hiring done and it was explained that this is imperative to be in compliance with State regulations.

4. Theater Arts
5. Music

IX. INFORMATION ITEMS

A. Shared Governance
Senator Elaine Ortiz-Kristich requested to have the statement below entered into the minutes:

I would like to recommend that we have a comprehensive review and training regarding the Shared Governance process, and a refresher with the Brown Act. I am making the following statement for the record:

On October 18th, 2011 the Academic Senate agenda under “Information” 9c did not post a resolution, yet it was moved into action without constituency review. Questions were asked as to why the urgency, why the void of division review? Much discussion occurred; and a Senator now makes an analysis and recommendation to the Academic Senate body to resolve, in the spirit of Shared Governance that the Senate remain cognizant of the severe cuts to many campus programs and to support an established process whereas a collaborative approach was taken and all constituency groups agreed upon the EVC Shared Governance process.

VII. ACTION/DISCUSSION ITEMS (Items with * have related documents posted in Outlook Public: “EVC Academic Senate”: “Documents for Meetings”)
A. Committee Members for Faculty of the Year
   President Narveson would like the final award selection to be made by May 1 and would like to have the committee composition decided on at this meeting. A question was raised about having the Faculty of the Year committee not make the final decision but have the faculty-at-large be issued a ballot after the nomination process is complete. The reason for this was to avoid the appearance of a “popularity contest”; this was discussed and it was agreed either procedure could garner such remarks. A motion was made for the committee to narrow down the nominees from the faculty and send out a ballot to the faculty for the final vote. Additionally, Soledad Santos has volunteered to join the committee to replace Past President Harry Lichtbach, who has recently retired. Current members are President Narveson, Senators Bonnie Brown, Elaine Ortiz-Kristich, and Sravani Banerjee.

B. Code of Ethics – deferred

C. By-laws Update – deferred

D. Nursing Faculty Hiring
   Vice President of Instructional Services Keith Aytch reported that, due to retirement and promotions, the Nursing department was short one faculty member. To be in compliance with state code and the Board of Registered Nurses, it is imperative that this position be filled. The appointment of another faculty member would also assist with a favorable accreditation review. President Narveson stressed that this hiring instance was a unique case and acknowledged that the nursing position was not one that was chosen and forwarded by the Senate. A motion was made to endorse this faculty hiring. The motion was seconded and passed.

VIII. DISCUSSION ITEMS

IX. INFORMATION ITEMS
A. Nursing Faculty Hiring – Unanimously moved to action due to the urgent nature of the request.

B. Procedures for Harassment/Complaints
   Sam Ho, Director of Employment Services distributed a packet of information regarding harassment and complaint personnel issues. Mr. Ho went through the packet with the Senate. Further clarification was requested for retaliation complaints. Mr. Ho will return to a meeting in March.
C. **Shared Governance**
In a previous meeting, a senator questioned whether the shared governance process was being followed in the Senate. President Narveson distributed the 10+1 responsibilities list from the State Senate. He asked the question, for thought by the Senate, if they felt their function within the Senate was to be a delegate or a trustee.

D. **Student Email Accounts**
This topic had been previously discussed by the Senate, without outcome, and raised again at this meeting. It was felt that there is much information that is sent to staff, via email, in hopes of dissemination to students by faculty. Some of the information is important and not being conveyed to students and the feeling was that notifying students directly, via e-mail, would be more effective. Some news is sent to students in their email accounts, but not all, including vitals topics such as available internships and Health Services news. One idea was to ask a representative from ITSS to come and address email communication to students.

E. **Land Development: District Office**
Two consultants have been hired (with bond money) to explore the possibility of developing the land between the EVC main campus and the District Offices. The initial plan would include more businesses. The District Offices could be located to either a location between to the two campuses, or more likely, at excess floor space at the SJCC campus. There is concern that about the master plan and if the tentative plans for the development of the land will be in conflict.

F. **Faculty Hiring Update**
There will be one faculty hire in biology, it is not an extra position but a replacement.

G. **Staff Development Chair**
President Narveson was informed that the present Staff Development chair has not received any reassigned time in three years. He distributed a list of all reassigned time recipients for comparison from a previous board meeting. Question arose about how certain positions were chosen, as many senators did not recall seeing announcements in their emails. One idea would be to allow for the 10% reassigned time not being utilized by the Academic Senate president this semester to be given to the chair of Staff Development.

VII. ACTION/DISCUSSION ITEMS (Items with * have related documents posted in Outlook Public: “EVC Academic Senate”: “Documents for Meetings”)
A. Procedures for Harassment Complaints (moved to last item to accommodate Sam Ho’s schedule)
   Sam Ho revisited the Senate for input and recommendations to the harassment complaints procedures. The main concern was the vagueness of the severity of punishment for respondents. It was felt that the accused person had few rights and recourse. It was also agreed that this could open the District up to lawsuits by the accused. Mr. Ho stated that the District does not provide for recourse or general guidelines by the respondent and only allows for a written response (Title V does not provide for this.) The FA is also looking into the procedures. President Narveson asked if any senators would like to join Vice President Marjorie Clark is forming an ad hoc committee in doing a comprehensive, page-by-page and giving recommendations. Senator Kelley Wells will be assisting her.

B. By Laws - deferred

C. Staff Development Chair Reassigned Time
   Currently, the staff development chair is not receiving any reassigned time and has not been for the three years she has held the position and is unwilling to continue without reassigned time consideration. The Senate felt this is poor practice and that the administration will take this as precedence. President Narveson wanted to get a sense of how the Senate felt so he could speak to the president about this and the Senate recommended a full reinstatement of the staff development chair with the appropriate reassigned time.

VIII. DISCUSSION ITEMS
A. Student Learning Outcomes
   Senator Elaine Ortiz-Kristich gave an update. She had met with Lynnette Apen, the SLO Coordinator about PDD. Ms. Apen wanted her to share the information and update with the Senate. It is going to be “fast and furious” and they are trying to create resources for faculty and staff around SLO creation. There are three levels of faculty: no work done at all, faculty are already focused on identifying their SLOs and those who are beginning their assessments. The college is two years behind and expediency was stressed. Courses not being offered without SLOs will be deleted after this semester. The curriculum is currently 70% compliance. Language Arts and Business and Workforce Development need faculty representatives. The Senate was asked if they would officially endorse the concept and some felt they are doing it already and do not really endorse the concept and accept that this is for accreditation. President Narveson encouraged the Senate to attend the PDD session. There will be a meeting to resolve this soon.

IX. INFORMATION ITEMS

VII. ACTION/DISCUSSION ITEMS (Items with * have related documents posted in Outlook Public: “EVC Academic Senate”: “Documents for Meetings”)

A. Board Policies: Chapter 4- deferred  

B. By-Laws  
The first issue presented was to approve the At-Large representative of the Senate act as a proxy-voter for the Library and Technology division to provide a voice for them only. Currently, this division is understaffed and unable to provide a faculty member to represent their division. Additionally, there is a planned reorganization, and this will also affect the Senate representation and will occur in the fall of 2012. A motion was made to defer until fall. The motion was seconded and passed.

Term limits were discussed next and it was noted that although many Senators were serving repeated terms, it was usually due to lack of interest from their division colleagues in serving. It was also recommended that this decision be left to the division itself. A motion was made not to have term limits as part of the by-laws. The motion was seconded and passed.

The next by-law addition dealt with faculty serving in two divisions. Those Senators must decide in April in which division they will be as far as Senate representation. A motion was made to approve the addition. The motion was seconded and passed.

Another addition confirmed that the immediate Past-President was ex-officio and not a voting member of the Senate. A motion was made to approve this change. The motion was seconded and passed.

The next change stipulated that “Elections for division and At-Large representatives shall be conducted by April 15” and included that elections must take place by physical and secret ballot. The Senate agreed that it was not their place to tell divisions how to conduct their business. A motion was made to strike the portion about “physical and secret ballot” and only have the April requirement, and not the date. The motion was seconded and passed. Also, “If a department becomes entitled to an additional representative after the April election, the department shall elect its additional representative prior to first week of the fall semester.

Another by-law addition was to add to the Senate officers the office of parliamentarian. The sense of the Senate was that they need to define “parliamentarian” further.

Other changes include the addition of “The President is a non-voting member, except whenever his or her vote will affect the result.” A motion was made to accept the change with the addition of “the.” The motion was seconded and passed. Also added was that: “The President’s reassigned time belongs to senate and cannot be negotiated by the President without the majority consent of the Senate or the Executive Committee if the Senate is not in session.” It was suggested that this could be made into a
resolution. A motion was made to approve the change. The motion was seconded and but failed.

Duties and responsibilities were added as were: Specify the voting period, e.g., “The period of voting shall be seven business days from the distribution of ballots to faculty members.” And: The Senate shall choose three Senators who are not currently officers or running for office to serve as an Election Committee and to collect and tally the ballots. And: In the event of an uncontested seat, the Senate may, in lieu of holding an election, appoint the eligible, nominated candidate. Following the appointment, the President shall notify all faculty members. A motion was made to approve the changes. The motion was seconded and passed.

Also added: “The times when the Executive Committee shall meet as necessary in open meetings in January and during the summer after the last Academic Senate meeting of the year to the first Senate meeting of the academic year.” A motion was made to approve the changes. The motion was seconded and passed.

Other topics referred to Robert’s Revised Rules of Order and add “revised” to ensure the latest version is being used. A motion was made to accept the addition of “revised.” The motion was seconded and passed. Also,” If a vacancy occurs after the regular spring election for At-Large Representatives, or after the regular election for senate officer, the Senate may, at its option, decide to select a replacement with the majority of the senate concurring in the election.” The addition of “spring” was added for clarity. A motion was made to approve the addition. The motion was seconded, but failed.

C. Senate Officer Elections
Nominations were opened to the Senate for next year’s Senate officers. Current President, Eric Narveson was nominated and he accepted the nomination. Present Vice President Marjorie Clark was nominated for another term as Vice President and also accepted the nomination. Senator Soledad Santos was nominated for the office of Treasurer and she accepted. All three nominees will not have to stand for election as per the by-laws. President Narveson will send out an email to faculty announcing the officers.

D. FW Grading
FW grading is already in Title V and will become part of District policy. A motion was made to approve the concept of FW grading. The motion was seconded and passed.
