VII. ACTION/DISCUSSION ITEMS (Items with * have related documents posted in Outlook Public:
“EVC Academic Senate”: “Documents for Meetings”)

A. Accreditation Follow Up Report
The Senators were given a copy of the plan and reviewed it. There was a question about what the Senate’s approval was worth and some felt that there was no choice but to approve the report. Senator Narveson stated that if there was no Senate approval that accreditation could be jeopardized. The main contention was the SLO requirement, which many felt was a poor measurement for teaching. It was suggested that a paper of dissent could be included or it could be passed with prejudice and that this would be a good topic for the next PDD. A motion was made to endorse the report. *The motion was seconded and passed.*

B. District Technology Master Plan
Dr. Nick Laudato, of Campus Works, gave an update on the development on the plan and dispelled various rumors and misconceptions he has heard on campus. There are five strategic initiatives that need to be addressed immediately: creation of an intranet, improvement of a web presence, creation of a shadow system, addressing better document management system, and improvement of Datatel Colleague application. There were five additional tasks: moving the data center along with the District Office, implementation of a federal ID system, update of the library systems, printing and complete rollover of the VoIP system. There was a question about the formation of the committee and it was noted that this was a task force created in summer to address the issues of technology in relation to accreditation requirement. Dr. Laudato would like to see this as a permanent and on-going committee. The next draft of the plan will be made available soon. The Senate agreed to endorse the plan. A motion was made to establish a standing committee to address technology issues. *The motion was seconded and passed.*

IX. INFORMATION ITEMS

A. 21KV Project (Planned Power Outage) and Winter/Summer Schedules
   President Henry Yong and Mark Miller gave an update on the problem and the plan of the power status on campus and how the campus will be affected. Mr. Miller explained how the power outage of June 2012, was caused and the scope of the repairs. Examination of the power failure also exposed some of the weaknesses of the (original, 1974) power system. Mr. Miller listed the current risks and problems with the current system, including a bigger power failure during the timeframe of instruction. The power needs to be shut down on campus to rebuild the system. The best timeframe would be during the winter break. Mr. Miller explained the steps needed to power down the campus, including some generators where needed, a 24 hour fire-watch, and police presence. The contract with the company will require milestones with financial penalties and daily reports of site watches. Because of the tunnels, the weather will not be a major factor. The Senate was asked to contact Mark Miller if there are additional questions.

Senate Treasurer Soledad Santos met with Senators Peggy Gorbach and Steve Graham to gather various ideas to raise funds for the Academic Senate scholarship fund.

Some ideas thus far include, 1) a flyer where a certain percentage spent at a restaurant would go towards the fund, 2) a dinner at a restaurant with the concept of “meeting your Senators,” 3) a duck race in the lake, with a percentage used for a prize and the rest going to the fund, and 4) an event such as bowling. Also suggested was a film screening event and having a presentation from an instructor with related expertise. President Narveson asked the Senate to send any other ideas to Senator Santos. This will be discussed further at the next meeting.

B. **Private Institutions Promoting on Campus**
In a previous meeting, the Senate expressed dismay at private colleges promoting themselves at various events on campus such as transfer day and at the PDD day. Some of the institutions attend unexpectedly and uninvited, often from outside the area. Some colleges are not currently accredited and it was felt that the students were being misled or confused. There is currently no policy addressing this and it was agreed that standards, as well as a policy addressing this are, needed. Utilizing the VPA building is one of the options, as well as three blocks of instruction time: morning, afternoon, and evening, and more online instruction. Another idea was to send some staff to work on the SJCC campus. The goal for completion is three and a half weeks.

He would like to have a sense of how the Senate felt about those changes. It was felt that there is no compelling reason to make these changes. D. By-Laws Changes to President’s Duties

She stressed that this was not a personal issue directed at President Narveson, but a way to avoid the perception of a conflict of interest and looks unprofessional. It was suggested that Staff Development Chair position be included in the change. It was pointed out that this would also preclude the Vice President from serving as Chair of either committee. VII. ACTION/DISCUSSION ITEMS (Items with * have related documents posted in Outlook Public: “EVC Academic Senate”: “Documents for Meetings”)

A. Sexual Harassment/Discrimination Procedures
   Previously, there were a series of questions from discussion in the Senate about the procedures. An e-mail was sent to Sam Ho listing those ten concerns. These concerns were raised and discussed with Mr. Ho:

   The areas in question were timelines for formal and information complaint resolution, as well as the need to inform the complainant of the right to file complaints with the district and outside agencies simultaneously.

   The language perceived as discouraging about filing formal complaints versus informal complaints was addressed and a change to more neutral language is more appropriate.

   A question of harassment training was raised as there is no stipulation for the type or length of training the investigator must undergo; the training should be detailed and specific.

   A committee should be established to decide if there is probable cause for an investigation rather than the CEO alone. The committee should also receive harassment training.

   There is currently no language to deal with retaliation and it needs to be included.

   There is no language for a complainant making a false accusation, and assurance should be given to the respondent that it is only an accusation. The accused does not always have the right to face the accuser, although most of the time it happens unless it is a special case.

   Complaint procedures need to be published in classrooms, class schedules, deans’ offices, etc.

   A concern was also expressed about the punitive nature of procedures rather than resolution of the situation. There is a provision for both parties to be involved in the process.
B Scholarship and Dues Fundraising Update – deferred

C. By-Laws Change Re: President, Curriculum Chair, Staff Development Chair
There has been discussion at previous meetings about the Senate President serving as the Chair of the All College Curriculum Committee. The by-laws of the SJCC Senate stipulate that the President of the Senate shall not be chair of the ACCC; staff development chair was not included. It could be perceived as a conflict of interest and is not commonly done. It was suggested to include a safety clause for a transition period. It was also suggested that the by-laws could be suspended, if need be, but that is not seen as a positive move. A motion was made to amend the by-laws to include the statement under the President’s duties that states that the Academic Senate President cannot hold the position of chair for either the ACCC or Staff Development Committee with the provision of a special circumstances transitional time. The motion was withdrawn. It was suggested that the current by-laws be examined.

      also suggested that the current acting members of PRC be approved as the committee members for this
      term and then reapply in fall. The motion was seconded and approved. A new call will be issued in a month
      for next year and staggering terms will be considered as well as looking at the committee charge and
      learning how SJCC staffs the PRC.

VIII. DISCUSSION ITEMS
   A. 2013-2014 Senate Meeting Times
      It was proposed, in order to prevent occasional early exits by Senators, that the Senate meet earlier in the
      day. Objections were raised because some Senators were in class. The present meeting time has always
      been held from 3:00 until 5:00 and a change would have to go through shared governance. There was a
previous move to change the hours but counselors cannot change their hours easily and the science courses
often have lab hours before the meeting. The present hours also aid professors who teach evenings. It was
suggested that this reappear as an action item to be voted down. There was a motion to move this to action.
The motion was seconded and passed. Another motion was made to strike this item from the agenda. The motion was seconded and passed. There was a question about Robert’s Rules of Order about removal of items.

B. Report on all Reassigned Positions & Proposed Changes to Process
It was relayed to the Senate that there was an impending change to the process. President Narveson will investigate and return to the next Senate meeting with information.

C. SJCC Senate Structure
It was requested that President Narveson look at the Senate representation of the SJCC Academic Senate. He distributed and reviewed the breakdown of the representation, which differs from Evergreen’s. This will be an action item on the next agenda.

D. By-Laws Change Re: Executive Committee - removed

IX. INFORMATION ITEMS

A. Update on Service-Learning: Senate 2012 Resolution

The session is April 18 until the 20. President Narveson explained the various sessions and timeframes and the cost. Since it is local, the total costs will be lower without travel and accommodations.

H. Screening Committee Composition: Chancellor’s Decision
President Narveson distributed the list of committee compositions, which included the original, proposed and most recently agreed on composition. It appears to be already decided, despite widespread objections, including the procedure and lack of inclusion by the constituent groups. President Narveson would like to get the feeling of the faculty on this. The Chancellor has stated that if there is disagreement, it should be expressed at the Board meeting, although most felt it was useless to do so. Still, voicing disagreement as soon as possible could be beneficial.
I. **Reading Department Common Final Exam Participation**
President Narveson was approached by a faculty member about the faculty’s participation in the final exam scoring. The question was: was participation endorsed by the Senate? what about lack of participation? This appears to be a union issue.

Senator Charlie Kahn-Lomax requested more members for the committee. Currently she, Senators Marjorie Clark, and Robin Hahn are on it. Senators were asked to contact Senator Kahn-Lomax if they would like to participate.

VII. ACTION/DISCUSSION ITEMS (Items with * have related documents posted in Outlook Public: “EVC Academic Senate”: “Documents for Meetings”)

A. EVC Senate Structure
It was suggested that the current structure be examined since it is very different from that of the SJCC Senate. Current representation was discussed and it was acknowledged that such a change would necessitate a by-law change. Other options were suggested such as reexamining the faculty list and modifying the areas of representation. A motion was made to change the structure of the Senate to align better with the disciplines than with the organizational chart. An amendment to the motion was made to have President Narveson instead reexamine the existing structure and report back to the Senate by April 19. The motion was seconded and passed.

B. Spring 2013 State Academic Senate Plenary Session
President Narveson distributed information and explained the Area B meeting and the Plenary Session and invited interested Senators to attend. There is little cost involved in attending the Area B meeting; however, the Plenary Session does involved more cost and needs Senate approval. A motion was made to approve funding for President Narveson to attend the Plenary Session. The motion was seconded and passed.

VIII. DISCUSSION ITEMS

A. Reassigned Time Proposed Changes to Process
It was recommended that there be a more transparent process when posting and staffing campus reassigned time positions. Issues discussed were who selects the faculty members and, more importantly, that these positions are announced to all faculty. President Narveson has
discussed this with both President Yong and Vice President Aytch. An email was sent by President addressing some questions was sent last week. President Narveson would like to bring this topic directly to the administration. President Narveson and Senator Marjorie Clark will write a statement before the next meeting where it will appear as an action item.

B. **By-Laws Change Re: Executive Committee** - removed

C. **PRC Approval** - deferred

D. **Ad Hoc Marketing Committee Report**
   The committee has been meeting with various people on campus. Senator Robin Hahn met with the Director of Student Life, Victor Garza, who provided her with areas of concern directly affecting students such as lack of Student Life Center support staff, as well as lack of a transfer counselor and Dean of Business and Workforce Development. Other concerns cited as being a problem are faculty morale affecting students, lack of student email addresses, and VTA schedules not matching class hours. Campus Works will be invited to the Senate to report on obtaining email addresses for students and their progress thus far with that task.

F. **Update on Service Learning** - deferred

G. **Summer Session**
The District is very close to receiving Basic Aid status, which is when property taxes exceed a certain point and FTES does not count, therefore offering classes without the need to worry about going after the FTES-driven course sections. It could fluctuate according to property values, but, most likely, the campus would remain on basic aid. There may be a reduction on course offerings this summer because of this.

IX. **INFORMATION ITEMS**

A. **Report on College Council Sexually Inappropriate Resolution Decision**
   It was deferred until the next council meeting when Senator Clark is in attendance.

B. **Academic Senate Scholarship** - deferred

C. **Parliamentary Procedure: Motion to Rescind**
   President Narveson pointed out that if something is to be removed from the agenda, it does not have to be moved to an action item and then voted down.

D. **Curriculum Chair Job Description**
   President Narveson is creating a job description for this position and would like Senate input. He will post it as soon as possible for those interested in serving. Knowledge of the Education Code and Title V regulations will be added as a desirable qualification. Distance Education knowledge will be listed as a requirement. This will be voted on at the April 16, 2013 meeting.

E. **Scholarship and Dues Fundraising Update** – deferred

F. **Joint Resolution to Keeping Cuts Furthest Away from the Students**
   This was voted down in the College Council, with only the two present faculty members voting yes.
G. OCR Compliance Site Visit
   The report was distributed to the Senate, missing page five out of a six-page document. It cited the problems and recommended corrections.

IV. RECOGNITION AND ANNOUNCEMENTS

Concern was expressed about Staff Development becoming more and more administration-driven. This will appear on the next agenda as a discussion item.

If the campus goes on Basic Aid status, as opposed to FTES, it may actually make money for the District. Vice Chancellor Doug Smith will be invited to the first meeting in May to explain this further.

The list of faculty with reassigned time has been determined by administration. It will be posted soon. There have been no applicants for the Institutional Effectiveness Chair position.

EVC is offering 240 sections in summer school this year; the number is expected to decrease.

There is also a Chancellor’s Community Advisory Group being formed in an attempt to ascertain the community’s needs from the District. The first meeting is this Thursday, at the DO at 7:30 a.m.

Presently there is no money for graduation and the area previously used is fenced-off where the new Campus Police building is being built. It was suggested that the center of campus be used as a venue. President Narveson will make inquiries about various potential sources of money.

VII. ACTION/DISCUSSION ITEMS (Items with * have related documents posted in Outlook Public: “EVC Academic Senate”: “Documents for Meetings”)

A. Nominations for Senate Officers  
Nasreen Rahim was nominated for the Vice President position, but she declined. Current Vice President, Marjorie Clark may not be serving on the Senate next year. Eric Narveson was nominated for President and he accepted. Senator Ambica Gil was nominated as Treasurer, but was not present to accept or decline. Senator Jack Baker nominated himself for the Vice President seat, but said that he would not be able to attend College Council meetings because he will be in class at that time. John Carrion, who will be serving on the Senate next academic year, was nominated for Treasurer and said he would think about it. A motion was made to accept the nominations. The motion was seconded and passed.

B. At-Large Senate Seat Election Update  
John Carrion received 33 votes, and Marjorie Clark received 14 votes with 47 valid votes cast, 8 invalid votes cast (2 adjunct, 1 illegible signature with no hand-written name, 1 no name at all, 4 no envelopes). Election ad hoc vote counting committee members were Martha Hardin, Robin Salak, Sravani Banerjee, Eric Narveson.

C. Reassigned Time Process of Approval  
Concern was expressed about the lack of transparency in selecting those granted reassigned-time. The criteria for granting reassigned-time positions are also unknown as well as the process’s compliance with the FA contract. One concern of the FA is to ensure that the duties of administrators are not being done by faculty members receiving reassigned time. President Narveson asked if anyone would help craft a letter to the administration citing the concerns above. Senator Jack Baker volunteered to work with President Narveson to draft a letter and proposal in behalf of the Senate on how the selection process should proceed in the future. A motion was made for President Narveson to work with Senator Baker to write the letter in time for the fall semester. The motion was seconded and passed.

D. All College Curriculum Committee Chair  
Professor Janice Toyoshima applied for the ACCC Chair. A motion was made to accept her application and appoint her Chair of the ACCC. The motion was seconded and passed.

E. Transfer Center
Disappointment was expressed at the lack of staffing in the Transfer Center. Statewide, the situation is even worse, with some colleges completely eliminating their Transfer Centers. There is a misconception that the new AT degrees will require less counseling. It was noted that the Senate has recommended hiring transfer counselors, but ultimately none were hired. It was also stated that it has been common practice on the part of administration to solicit faculty hiring recommendation from both the Senate and the deans, with greater weight giving to the deans’ list. A suggestion was that the Senate write a resolution in defense of the Transfer Center. This will be an action item on the next agenda.

IX. INFORMATION ITEMS

A. Scholarship and Dues Fundraising Update
The scholarship dinner is scheduled for this evening with 15% of all proceeds for the night being donated to the fund. Treasurer Soledad Santos reported that there has been a little difficulty coordinating with Pasta Pomodoro and an event will likely not occur this semester.

C. Distinguished Faculty of Year Committee Update
So far, there are two full time and two adjunct nominations. Ballots will be sent out soon.

D. Staff Development Concerns

E. Report on OCR Visit - deferred

F. Graduation Ceremony Venue
The graduation ceremony will be in the usual place this year. President Narveson asked the Senators to encourage their colleagues to participate in the ceremony. He remarked that there has been a low turnout for faculty attendance lately.
G. **Salak Equivalency Investigation Committee**
   Senator Marjorie Clark gave an update on the investigation. A report is available in the library, at the reference desk, for those interested. It will be a discussion item at the next meeting. VIII. DISCUSSION ITEMS

A. Update on Service Learning – deleted

B. Ad Hoc Marketing Committee Report
   Senator Robin Hahn explained that the committee has two components: external and internal marketing. Senator Hahn referred to the on-going question about campus email. Senator Steven Graham stated that there are potential marketing funds that could be used for outreach and professional-looking brochures to keep EVC marketing efforts competitive with other local colleges’ materials.

C. Plenary Session Update - Deferred
D. **Distinguished Faculty of the Year Update**
Senator Steven Graham reported that the adjunct nomination process is complete and the fulltime election is in progress.

E. **Salak Equivalency Investigation Committee** *(Moved to first item discussed via Senate vote.)*
Senator Marjorie Clark read a comment pertaining to the committee, and stated that these were her own views and did not reflect those of the committee. Senator Charlie Kahn-Lomax reviewed the report that was distributed to the Senate. It was suggested that a person who goes through the equivalency process have a mentor to address questions that may arise, to have key definitions on equivalency decided upon and to avoid conflicts of interest and bias from faculty members within the same department. Senator Clark described the equivalency process and stated that the recommendations were supported by other members of the faculty, as reflected by emails contained within the report. The report will be sent by e-mail to the Senators. Another recommendation was to have a standing trained equivalency sub-committee of the Senate. There should be timelines for the process and explicit definitions for the terms that are used and explanation for a denial of an equivalency. Concern was expressed that an instructor from the department should be included to ensure that an equivalency candidate has the specific expertise needed to grant the equivalency. The general sense of the report was that process had not been followed. President Narveson generally disputed the report conclusions and will respond to the report item by item in writing. The report is to be available in the library until May 24 and removed during the summer, and returned for the fall semester. This topic will be on the agenda in fall.

F. **Staff Development Concerns** – deferred

G. **Reassigned Time**
Senator Jack Baker requested that the Senators contact either him or President Narveson by July 1 with suggestions, especially if they have had experiences in the reassigned-time process and what changes they would like to see implemented. They will craft a letter and send it to President Yong. Currently no process or policy is known.

IX. **INFORMATION ITEMS**

A. **District Finances**
Vice-Chancellor Doug Smith distributed a series of documents outlining where the District is fiscally. He reviewed the information with the Senate, including past, present and projected budget numbers and reserve percentages. He predicted more fiscal stability in our future. Mr. Smith also noted that we are becoming the fifth college district to go on Basic Aid, which means the district’s share of local property tax revenue now surpasses state apportionment. This is advantageous for the District and adds nearly one million dollars more than the State would have. He cautioned that the District still has to stay close to its FTES cap should we need to return to state support. Dismay was expressed about division budgets, which have not been increased and have not been on pace with rising expenses.

B. **District Technology**
Mike Russell, CampusWorks, was present to update the Senate on latest improvements in ITSS and to answer questions. He explained that Microsoft 365, is available to students and staff, in the form of a suite of cloud applications, and is accessible via the net. However, there are problems such as a poorly configured network preventing Microsoft 365’s use and students not knowing that they have access to emails. Students have been notified by email. Who has the access to send email to all students is unknown. The lack of support and training for the Moodle program was also noted. Mr. Russell expressed his surprised that most District employees are not given administrative access to their own computers.
