IV. RECOGNITION AND ANNOUNCEMENTS

William Nguyen was recognized for his outstanding work with students in the tutoring program on campus.

President Yong noted during his address at the spring 2016 Commencement that over 61% of EVC’s graduates were female and the average GPA among graduates was 3.3. These statistics begged the question as to whether EVC was under-serving male students; were they finding educational opportunities elsewhere or foregoing college altogether? And given how many students come to EVC underprepared for college, could an average GPA of B+ mean we’re losing lower performing students along the way, or might it be a product of grade inflation or how GPAs are calculated? It was suggested that the Office of Research be asked to investigate both issues.

Republic Urban Properties has been in closed-session meetings with the Board for the last six meetings and no further information has been revealed. It’s not at all clear how the Board intends to proceed with developing the 27 acres adjacent to EVC.

In a pilot program started this past summer, Del Grande Dealer Group (DGDG) enrolled eight automotive students as interns; three have been hired fulltime as paid interns and were given a set of automotive tools. The DGDG internships will be offered again this fall. The State Chancellor’s Office plans to program throughout the state.
The BIM CADD/Surveying and Geomatics instructor search did not yield any candidates that were able to fulfill the skills needed for the position. The proposed faculty hire will be retracted and the requirements for the position will be reconsidered.

The next Senate meeting will be held in Gullo II because Mishra Community Room had been previously reserved. Subsequent meetings will be in Mishra.

Fall 2016 head count and FTES are up 3% although 1% fewer sections are being offered.

The district has hired a public information officer, and will be adding an Associate Dean of Non-Credit FTE this month to administer non-credit curriculum, accreditation, grant applications and renewal, and program reviews.

The fifteen members of the accreditation team will be visiting EVC on October 10-13. The team will meet with administrators, faculty members, and staff including the chairs of various committees. President Narveson encouraged Senators to familiarize themselves with the accreditation document.

A Senate resolution in memoriam of David Moglen, the adjunct faculty member who was murdered in the summer was presented to his family at the celebration of his life during PDD.

President Narveson is on the Standards and Practices Committee for the Statewide Academic Senate. He is also advising the Skyline College faculty on its by-laws and constitution, and mentoring two Academic Senate Presidents in the Bay Area.

President Narveson, Ambica Gill, and others will be updating the Shared Governance Handbook.

It was suggested that the District Senate meet on Tuesdays that alternate with the colleges’ regularly scheduled Senate meetings.

The Fall Plenary Session will be in Costa Mesa this year on the first weekend of November.

The Spring Plenary will be in April, in the Bay Area.

The Area B meeting will be held at Solano College in late October.

Dean of Student Success (formerly, Dean of Counseling) will be hired soon.

V. PUBLIC COMMENTS (limited to only three minutes)
This portion of the meeting is reserved for any item not on the agenda. The law does not permit action or extended discussion of any item not on the agenda except under special circumstances. If Senate action is required, it can be placed on the agenda for the next meeting.

Donovan Bayuga, a member of the Yes on Measure X Campaign, spoke in support of the bond measure that will raise $748 million dollars to repair and update SJCC and EVC. He asked for faculty support and volunteers to work at phone banking.

Adjunct ESL instructors Erika Lawson and Kathy Jasper gave a short presentation on the demand for ESL instruction at EVC and asked the Academic Senate to support the hiring of two full-time ESL instructors.

VII. ACTION/DISCUSSION ITEMS

A. Academic Renewal (Academic Forgiveness)
Vice President of Student Affairs, Adela Esquivel-Swinson presented a proposed policy change to foster success among returning students. Under this policy EVC and SJCC will allow students to drop all grades for a maximum of two semesters of college work that is at least two years old. All grades from the selected term would be dropped, not just selected grades. The grades will still appear on transcripts but the grades will not factor into GPA calculations and the course credits will not count toward credits earned. To be eligible students must have earned at least 24 units and maintained at least a C average since returning to school. The SJCC Senate has approved the policy. The EVC Senate will consider adopting the policy at its next meeting.

B. Chapter 4 & 5 Board Policies/Procedures – Moved to Information IX. E.

VIII. DISCUSSION ITEMS

A. Plus/Minus Grading
Both the EVC and SJCC Academic Senates passed a resolution a few years back for the adoption of plus/minus grading but it was never put into practice because of issues involving the conversion to DataTel at that time. Adoption is now feasible and implementation could be ready by fall 2017. It was explained that the use of plus/minus grading would be at the option of instructors but is a way to evaluate students more accurately. Various concerns were discussed including whether plus/minus grading would encourage students to try to negotiate a higher grades with their instructors. It was also noted that the proposal would include neither the F- nor the A+, and the C- was not permitted by the state. It will take effort and the continued support of both college and the district Senates to effect this change. An updated resolution, as well as catalog language, will be drafted and shared with the Senates.
B. **Friday Course Schedule**
Friday classes have been shorted class meetings due to holidays, the cancelling classes for Friday English finals, the frequent ending of semesters on Thursdays, and spring semester PDD. The lack of class time is of concern not only because of its impact on instruction but also because, if the college were to be audited, the lack of instruction time could pose a problem for the college and for students in those classes. This problem may get worse if EVC follows the Chancellor’s push for more evening and weekend courses. One solution discussed was to move PDD events to a day before the semester begins, which is how it was scheduled years ago. Other suggestions were to modify the English final schedule (or allow make-ups) for students with Friday classes, or have Friday classes start a week earlier. If these options are established, they would have to be heavily advertised since it has not been the norm. This will be discussed more in future meetings. Octavio Cruz will bring a list of Friday courses to better analyze the scope of the situation.

C. **Program Review Allocation**
There is nothing new to report, but President Narveson will report back after the next District Council meeting’s discussion on achieving more equity in the process. Faculty are encouraged to make sure their program reviews are up to date, and staffing and equipment needs are clearly identified.

D. **Adjunct Senate Election** – Nomination forms will be in mailboxes this week.

IX. **INFORMATION ITEMS**

A. **Joint AS/AFT Collaboration Committee**
The Presidents of the Academic Senates and the AFT leaders want to collaborate more effectively on issues of mutual interest and to improve communication and cooperation with each other. The effort is in short hiatus as the new union leadership gets established.

B. **Board of Trustees Task Force Re: Vietnam** – tabled

C. **District Enrollment Management Formula**
The Chancellor has proposed a new formula for “efficiency” to replace the old WSCH-based formulation. The issue was touched on during a recent district retreat on leadership and accreditation. It remains unclear whether this new iteration of efficiency will or will not result in the cutting of more “low enrolled” course sections.

D. **New Faculty Hires Proposals**
President Yong requested a list of five ranked and five unranked faculty hiring requests be submitted by November 2. President Narveson asked the Senators to work with their divisions to prepare requests for faculty positions, and to let him know how many presentations to expect in support of their division’s proposals. Oral presentations to the Senate are welcome, but written requests are required and must be submitted in advance of the meeting if making a presentation.

VII. ACTION/DISCUSSION ITEMS
A. Program Review Allocation -- tabled pending new policy from College Council
B. Chapter 4 & 5 Board Policies/Procedures
The Chapter 4 & 5 Board Policies were sent to the Senators, via email. President Narveson and others have been working on the document with assistance from an outside resource. Changes made were to separate the procedures from the policies. The Senate was reminded that this is part of the 10 + 1 responsibilities of the Senate. A motion was made to approve the Chapter 4 and 5 Board Policies, and to later revise policy 5700, to remove “physical education” from the policies and procedures governing athletics. The motion was seconded and passed with Senator Jack Baker abstaining and Senator Peggy Gorbach voting against.
C. Academic Forgiveness – deferred
D. Board Policy 5700: Intercollegiate Athletics This discussion was conducted in connection with, and in advance of, item B above. Senator Randy Pratt expressed his objection to the inclusion of Physical Education in the Board Policy 5700 addressing intercollegiate athletics. President Narveson will bring this concern to the District Council.
E. **Board Policy 4021: Program Review Viability** – deferred until the language is explored further.

VIII. **DISCUSSION ITEMS**

A. **Friday Course Schedule** – deferred

B. **District Academic Senate**
Concern was expressed about the District Senate, and the perception that SJCC has more power and a higher standing in the District than EVC. President Narveson clarified the function of the District Senate, is to help resolve senate issues common to both colleges, to foster communication between the college Senates, to give the faculty an additional voice at the district level, and to gain an additional voting representative at the State Senate level. District Senate President Gonzales also noted that the majority of representatives on the District Senate were members of the college Senates, and both colleges were represented equally.

IX. **INFORMATION ITEMS**

A. **New Faculty Hires Proposals**
There have been three requests so far for new faculty positions from Physics, Ethnic Studies, and 3D/Small Metal Arts. Presentations from faculty members requesting faculty hires are scheduled for the October Senate meetings, with the final list to be decided by the Senate during its November 1st meeting and sent to President Yong immediately thereafter. Various types of criteria to use for making hiring requests were suggested and will be discussed further in future meetings.

B. **Adjunct Senate Election**
Ballots are in the adjunct faculty mailboxes and the deadline for voting is September 30.

C. **Distance Education Plan**
Senators Robin Hahn and Nasreen Rahim distributed the Distance Education Plan for the Senators to read and comment on. The plan is a working document and its purpose is similar to a program review.

D. **Accreditation Team and Distance Education**
Alarm was expressed that the accreditation team was given instructor access to Distance Education courses. The team is supposed to only observe these courses—the same as with the courses taught in the classroom. Privacy violations for instructors as well as students were the primary concerns. The administration and accreditation team need to be informed that this is not an acceptable practice and may be in violation of the Ed. Code.

Lisa Bell was recognized for her service on the Senate representing the adjunct faculty.

The two newly elected faculty representatives on the Senate, Robby Bodden and Uyen Mai, were welcomed and introduced to the Senate.

Senator Andrea Mena was welcomed and introduced as the newly elected and second representative from Counseling. The increase in the number of faculty members in Counseling warrants a second representative as per the Senate bylaws.

Senator Robin Hahn announced that the next Planning Commission meeting will be next Wednesday, at 6:30 p.m., in the City Hall Council Chambers. On their agenda for that meeting is a planned amendment to general plan for a zoning change for adjacent 27 acres. District administration favors the rezoning. Faculty members and local citizens plan to speak in opposition.

Tuesday, October 25 at 2:00 is the ribbon cutting ceremony for the new Milpitas center.

VII. ACTION/DISCUSSION ITEMS
A. Program Review Allocation -- tabled pending new policy from College Council
B. Academic Forgiveness -- deferred
C. Board Policy 5700: Intercollegiate Athletics
   Senator Randy Pratt had requested, at a previous meeting, the removal of the words “physical education” from the Board Policy 5700 because its inclusion was not appropriate for in policies dealing specifically with intercollegiate athletics. A motion was made to amend Board Policy 5700 by removing the words “physical education” wherever it appears. The motion was seconded and passed unanimously.

D. Board Policy 4021: Program Viability Review
   Senator Randy Pratt commented on the composition of program review viability committees throughout the state and compared them to the District’s present membership. President Narveson pointed out that this was actually an Administrative Policy, since it dealt with procedural concerns more than policy. It was agreed that this is within the purview of the Senate, in consultation with the AFT. Additionally, concern was expressed that the lack of hiring in some college programs put those programs at risk. Without fulltime tenure-track faculty to lead the programs were unable to offer courses, maintain curriculum, properly execute program reviews and SLO evaluations, and perform all the other non-instructional activities necessary to nurture and grow the programs—these are all factors which will result in an under-enrolled program, and, ultimately, its demise. It was suggested that this
item be deferred until the language can be looked at closer and a recommendation can be drafted in conjunction with SJCC.

E. Accreditation Team Visit

A member of the accreditation team would like to meet with the Academic Senate. A special, short meeting will be held on next Tuesday to accommodate this. This would be the only item on the agenda, except for consent items. It was recommended that Senators read the accreditation Quality Focus Essay. A motion was made to convene a special meeting with the accreditation team on Tuesday, October 11, 2016, at 3:00 p.m., with the meeting lasting for approximately 45 minutes. The motion was seconded and passed unanimously.

VIII. DISCUSSION ITEMS

D. Accreditation Team and Distance Education

At the previous Senate meeting, alarm was raised that the accreditation team members had been given instructor access to online courses, compromising both instructor and student privacy. Senator and Chair of the Distance Education Committee Nasreen Rahim raised these concerns with district personnel and now the team has student-access only.

E. Budget/CTE Funding – deferred

**E. SLO Work and Accreditation Compliance**
Senator Brad Carothers shared his concerns with the Senate about EVC’s status regarding compliance with the new accreditation SLO standards. He noted that the accreditation team would like 100% compliance, but the campus is currently at 85%, and that SLO data needs to be disaggregated which is not currently being done. He would like to have the Senate and the faculty more actively engaged in meeting this standard. It is unknown how this discrepancy will affect accreditation. A resolution will be brought to the Senate for endorsement in order to achieve more faculty involvement.

The lowest scoring item identified in the survey was engaging students in serving the needs of the community. The survey also lends support for a more robust Service Learning Program at EVC.

   Senator Robin Hahn updated the Senate on the various aspects of the plan, such as the use of the test-proctoring software, Proctorio, and best practices for instructors. The plan will be on the agenda for Senate approval at the next meeting and any recommended changes should be sent to Nasreen Rahim.

C. **Budget/CTE Funding**
   There is a discrepancy between the amount and use of release time funding at EVC. It was recommended that the Senate be more involved in the budget, especially FTES, and work for more equity in the allocation of release time.

D. **Senate Leadership Meetings**
   It was suggested that it would be a helpful to know which meetings President Narveson attends and to include other Senators in those meetings. PUBLIC COMMENTS (limited to only three minutes)
This portion of the meeting is reserved for any item not on the agenda. The law does not permit action or extended discussion of any item not on the agenda except under special circumstances. If Senate action is required, it can be placed on the agenda for the next meeting.
Director of Student Life and Activities Rayinah Johnson and Student Trustee Bethel Kim spoke to the Senate about the Faculty and Staff lounge being shared as a meditation and prayer room. This will be addressed at a future date.

A group of community members were in attendance to voice their concerns about the development of 27 acres of land adjacent to the EVC campus and to join the Academic Senate in opposing the development of the land for commercial purposes. Their concerns were especially heightened because the San Jose planning commission voted in favor of changing the Public/Quasi-Public zone designation of the land to allow for the potential commercial development of all 27 acres. They shared their thoughts about developing the acreage and noted how the land could be used to add to the relatively small number of programs, degrees, and certificates offered at EVC compared to neighboring colleges. The lack of programs and classes at EVC forced many students to drive out of the area to attend other community colleges. They argued that the faculty is responsible for developing educational opportunities, and the necessary quality educational facilities to support them for the students in the area.

Counselor Rick Wagner asked the Senate to defer action on academic renewal until issues regarding the application of past vs. present catalog requirements, and students with breaks in their attendance are resolved.

English classes are Friday, so no classes will be held that day.

The administration asked the Senate to quickly approve the revised policies in order for the district to demonstrate swift compliance with recommendations from the accreditation team. President Narveson stated that the changes made mostly involved the addition of citations from the California Ed. Code. A motion was made to approve the policies, reserving the right for the Senate to recommend changes as deemed necessary. There was opposition for passing the document without adequate review. President Narveson will send District Policies 4000s to the Senate via email and would like Senate to read the policies over break so they may be ready to address them in February.

B. Academic Renewal
The SJCC Academic Senate approved academic renewal today. Counselor Rick Wagner opposed the policy as written and distributed information to the Senate which detailed potential problems. IX. INFORMATION ITEM

A. 27 Acres General Plan Amendment Update
Chancellor Debbie Budd defended the District’s proposed commercial development of the 27 acres adjacent to EVC, and addressed what she believed to be some misunderstandings that are circulating in the campus and surrounding community. Chancellor Budd explained that she would like to have that land zoned as Neighborhood/Community/Commercial to allow for greater flexibility in determining how best to use the land. She assured the Senate that there is enough land for EVC now and in the future, and that the funds generated by the commercial development would go toward student success and be a steady income-generator for the district. The Senate expressed concerns about the proposal’s impact and implications for EVC, and posed several questions which the Chancellor endeavored to answer. President Narveson was asked to speak at the next San Jose City Council meeting and asked the Senate what message, if any, they would like him to convey. He reminded the Senate that a resolution opposing the development of the land already was passed by the EVC Academic Senate and that the SJCC Senate supports the EVC Senate. A motion was made for President Narveson to express his opposition to any use of the land outside of educational purposes. The motion was seconded and passed, with one nay from Senator Randy Pratt.
B. Accreditation Update
President Narveson read excerpts from the external evaluation team’s findings and recommendations. The early cancellation of classes and its impact on students’ education was discussed. A suggestion was made to get the students’ input. President Narveson and another Senator will discuss this with Chancellor Budd. This will be revisited and additional ideas are welcome.

**E. Pass/Fail for Non-Credit Courses**
There are questions about this new procedures. At present only two departments offer non-credit courses at EVC, Automotive and Engineering. President Narveson will invite the Dean of Non-credit Education to attend and address the issue at a Senate meeting.

**F. Faculty and Staff Lounge Usage**
This topic was presented to the Senate last semester. The ASG would like to take over the space for various student activities and for a meditation/prayer space. The original proposal was to use the lounge as a meditation area. The ASG can come to a Senate meeting if the Senators would like.
SOAR Funds
These are funds derived from the lease of the land adjacent to EVC that has been commercially
developed. The funds were originally committed to paying for retiree healthcare benefits but that
demand has declined while the revenue stream will likely increase with the district’s plan for
additional commercial development. The Board has proposed committing this income to a SOAR fund
to support student success. Thus far, there haven’t been any clear ideas on how the money will be
spent. It was suggested that the Academic Senate form a subcommittee to give input into how the
money should be used, and to have the subcommittee work with the ASG for student input.

G. Re-establishment of Diversity Action Council
The Senate would like to see transparency with the DAC. The Senate supports the reestablishment of
this committee as a formal standing committee within the framework of shared governance and with
appropriate constituency representation. A resolution will be forthcoming to that effect.

H. Measure X Fund Usage
Passage of Measure X means the district will have $750,000,000 for upgrades and new construction.
The current Facilities Master Plan, and Educational Master Plan were adopted without consideration
of this funding. Both plans should be reexamined and updated.

IX. INFORMATION ITEM
A. Senate Schedule for Spring – removed
B. Resolution Supporting a Classified Senate
President Narveson distributed a resolution in support of reestablishing a Classified Senate at EVC.
Improvements to the resolution are welcome. This will be discussed further at a future meeting.
C. SLO Update -- deferred
D. Smoking On Campus
Senator Peggy Gorbach attended a safety committee meeting at which they discussed the designated
smoking areas on campus. What constitutes “smoking,” and whether to keep designated smoking areas
or to declare EVC “smoke free” are issues yet to be resolved.

Senate President Reassigned Time
The discrepancy between the reassigned-time for the EVC Academic Senate and that for the SJCC
Senate was noted, with SJCC’s Senate Officers getting a 1.0 and EVC’s President getting .05. So far,
attempts to address this inequity with President Yong have failed. It was suggested that a delegation
from the Senate meet with President Yong, and, if necessary, with Chancellor Budd to correct this
disparity.

E. Senate Leadership Meetings -- deferred
F. Reassigned Time and Program Review Work (EVC vs. SJCC)
The disparity between EVC and SJCC in the awarding of release time to complete program reviews
was discussed.

H. Curriculum Technical Committee – deferred
I. Two-year Term for Adjunct Senators
There was a proposal to extend the current one-year term to two years for adjunct-faculty Senators so
they can learn more about the Senate and the college, and be more effective as a Senator. The
proposed change would entail amending the by-laws. President Narveson would like additional input
from the adjunct faculty, as well as proposed wording for the by-laws amendment. One complication of a two-year term is the changeability of adjunct faculty teaching schedules.

The motion was seconded and passed unanimously.

B. Resolution Supporting a Classified Senate
President Narveson submitted a resolution to Senate in support of reestablishing a Classified Senate. A motion was made to adopt the resolution. The motion was seconded and approved unanimously.

VIII. DISCUSSION ITEMS

A. Friday Course Schedule -- deferred

B. Plans for the Senate – E. Narveson
President Narveson reviewed future tasks and areas of concern for the Senate. One topic covered was the faculty input into the use of SOAR funds, and is detailed in Discussion Item G. Distance Education and All College Curriculum committee chairs are up for election this spring. Reassigned time was discussed, especially for the Chair of the Distance Education committee. The inequitable application of release time between EVC and SJCC was also highlighted. A delegation from the Senate to include President Narveson and Senators Randy Pratt, Nasreen Rahim, Brad Carothers, and Michael Hernandez will discuss this issue with President Yong next Tuesday, and remind him that this is especially important for accreditation compliance. President Narveson asked Senators to talk to their division constituents about serving on the Senate. Division senate elections need to be held this spring and there will be elections for Senate officers in April. A faculty member is also needed to serve on the District Academic Senate, and a request to faculty will be sent out soon.

C. Plus/Minus Grading – deferred
D. Early Class Cancellation (Enrollment Management) – deferred

E. Pass/Fail for Non-Credit Courses – deferred

G. Faculty and Staff Lounge Usage – removed

A resolution was passed last year asking for faculty to be closely involved with the allocation of the funds. The Senate will form a subcommittee to work with the District on the policies and procedures governing this fund. The subcommittee will seek input, if not members from students and from the classified staff.

I. Re-establishment of Diversity Action Council – deferred

J. Measure X Fund Usage
A committee will be created to advise the District and EVC administration on the best ways to use the funds.

K. Distance Ed. Writer’s Help Module – deferred

B. Two-Year Term for Adjunct Senators
Adjunct Senator Robby Bodden raised the topic of expanding the adjunct Senate term from one to two-years. He will share this with the other adjunct faculty members. It will be necessary to amend the by-laws by having the faculty vote on it. It will be discussed further at the next meeting.

C. SLO Update -- deferred

D. Smoking On Campus – removed

E. Senate Reassigned Time – deferred

F. Senate Leadership Meetings – deferred

G. Curriculum Technical Committee
Issues with the Tech Committee meetings and CuricuNet continue. The meetings are held when faculty members are often teaching forcing them to miss the meetings which results in significant delays in course approvals. The elimination of the Tech Committee meeting will be a discussion item at a future meeting. ACCC chair Janice Toyoshima will be invited to attend.

C. Distance Ed Committee Contact Hour Form
   Senator, and Chair of the Distance Education Committee, Nasreen Rahim resubmitted the contact hour feedback form to the Senate for approval. The form will be shared with the SJCC’s Academic Senate and the union. It was stressed that this is not to be used as an evaluation tool. A motion was made to approve the form. The motion was seconded and approved unanimously.
D. Meeting with Chancellor Debbie Budd
   Chancellor Budd was in attendance to update the Senate of campus/district matters and to answer questions from the Senators. Dr. Budd described the San Jose Promise and how the $1.5M grant would be used, e.g., college fees, textbooks, and staff to help administer the grant. Only fourteen grants were awarded in the State. The San Jose Promise is open for all San Jose high school students with financial needs, with a goal to create a college-going culture in the city. Follett Books has set aside $75,000 for books for each campus. She also reported that accreditation has been reaffirmed and praised the college for their work. One item needs a follow-up report within the next 18 months, and thereafter visits will not occur for another five and a half years. Chancellor Budd distributed
information about AP4020 and what comprises instructional hours. She would like the Senate to consider this; it will be up for approval at the next meeting. Chancellor Budd also announced her brown-bag event this Thursday, from 12:15 until 1:00. Senators expressed dismay over early class cancellations and the ill-considered criteria being used to measure "efficiency." Chancellor Budd replied that it was a college decision. The Chancellor was also asked about the status of the District’s Resource Allocation Model which she said was still a work in progress.

E. Pass/Satisfactory Progress/No Pass for Non-Credit Courses (moved from Information E.)
Non-credit Dean Julie Vo, submitted a document regarding the satisfactory progress grade, approved by Title V for non-credit courses. The new grade designation is not yet available on CurricuNet, and changes need to be effected as soon as possible. A motion was made to suspend the by-laws and move this from information to action in order to get immediate approval from the Senate for EVC. The motion was passed and the issue was moved to action. A motion was then made to adopt the new grade. The motion was seconded and passed.

VIII. DISCUSSION ITEMS

A. Friday Course Schedule
At this time, the Friday and Saturday course sections have not been time adjusted to compensate for lost days of instruction. That adjustment is apparently now being done at EVC but it is not known if it also being address at SJCC. Nonetheless, adding time to class sections does not fully compensate for lost instructional days. The issue needs to be addressed but will require union involvement as it will likely involve changes in the academic calendar. This will remain on the agenda as a discussion item.

B. Curriculum Technical Committee
A clarification was made to the issue. There was no intention to eliminate the Curriculum Technical Committee, rather the goal was to eliminate the expectation that faculty proposers attend the tech committee meetings. ACCC Chair, Janice Toyoshima was present to answer questions and address concerns. The main issue is that most faculty are in class when the tech committee meets. It was suggested that more notice be given to faculty proposers so they could make arrangements to attend the meetings form. It was also suggested that divisions form curriculum committees, using the Math, Science, and Engineering Division’s curriculum committee as a model, in the hopes of sending a better documents to the ACCC. The value of the technical committee was stressed in the discussion but there was no resolution regarding faculty attendance at the tech committee meetings or streamlining the course approval process. The matter will be on future agendas for further consideration.

C. Nominations for District Senator
   One more EVC faculty member is needed to serve on the District Senate. Senator Sravani Banerjee volunteered to be on the District Senate. The motion was seconded and passed unanimously.

VIII. DISCUSSION ITEMS
A. Friday Course Schedule – deferred

B. Curriculum Technical Committee
   Various concerns and scenarios were discussed about making the committee more efficient. Some of the recurring points were the time the meetings are held, which, some felt, is not optimal because faculty are in class at that time, as well as addressing technological aspects and moving toward a less paper-driven process. President Narveson asked the Senate for ideas towards a solution and send them to him.
C. Early Class Cancellation (Enrollment Management) – deferred

D. Two-Year Term for Adjunct Senator
   The two-year term for adjunct Senators was discussed again, with other options suggested, such as a third adjunct seat, and staggering the terms, as presently being done with at-large Senate seats. President Narveson will send, via email, proposed wording for a change in the by-laws to be discussed at the next Senate meeting.

E. SOAR funds
   Current and projected money from the commercial development was originally intended to be used in a way to keep the funds as close to the classroom and the students; however, no suggestions or plans have been made to that effect. President Narveson presented the Senate’s resolution which stated that the faculty should be involved in making fiscal decisions because of their knowledge in the area. It is part of 10 +1 as part of the purview of student success. President Narveson will continue to be

F. Re-establishment of Diversity Action Council

H. Distance Ed. Writer’s Help Module – deferred

I. Non-Credit Work Group
   Julie Vo, Dean of Non-credit Education approached the Senate for help to form a work group to assist with non-credit courses. Some of the charges would be developing a vision for the non-credit department, disseminating accurate information to the faculty, communicating with the ACCC and SJCC, and working with CurricuNet. President Narveson would like to write a charge for the work group. A suggestion was made to have the work group initially report to the Senate, eventually becoming a standing committee and then reporting the College Council.

J. Credit By Exam – deferred

K. Health Services Budget
   Janice Assadi, Director of Health Service attended the meeting to update the Senate on what Health Services does and the financial state of her department. She explained that much of the money she gets is “soft money”, and she can’t depend on a steady source to run Health Services efficiency. The student health fee is not sufficient to maintain an acceptable level of care. She will approach the ASG for their input. President Narveson is fully in support and will advocate for Health Services. Ms. Assadi and President Narveson will work on a resolution. Adequately funding Heath Services is linked to student success, thus, under the purview of the Senate’s 10+1 areas, as well as the District’s mission statement. It was suggested that President Yong be contacted first.

L. Resolution Regarding Senate Committee Nominations – deferred

M. Observation for Case Manager

VII. ACTION/DISCUSSION ITEMS
A. Two-Year Term for Adjunct Senators
President Narveson submitted new wording for the by-laws amending the term of service for the adjunct faculty seats on the Senate. It was agreed that the adjunct-seat election be held in April, rather than in September and to have two, staggered two-year terms as is done for the fulltime faculty at-large seats. A motion was made to adopt the new wording and hold the election in April. The motion was seconded and passed unanimously. This year’s election will be held soon with a 2-year term going to the top vote getter and a 1-year term going to the next runner-up.

B. Non-Credit Work Team
Dean Julie Vo and President Narveson have been working on the work team’s charge and it was submitted to the Senate for approval. The charge was discussed and a motion was made to adopt it. The motion was seconded and passed. An email will be sent to faculty requesting members.

C. Health Services Budget Resolution
Director of Health Services, Janice Assadi submitted to the Senate for approval a resolution in support of increased and stable funding for Student Health Services. A draft of the resolution was previously presented to the Senate for review, and subsequently edited by Ms. Assadi. It was noted that although there will be an increase of one dollar in the student health fee, it will not be enough to adequately fund health services for EVC students. A motion was made to adopt the resolution. The motion was seconded and passed unanimously.

D. Case Manager Observation Form
The form was submitted to the Senate at the previous meeting for discussion. A motion was made to approve the form. The motion was seconded and passed unanimously.
E. Curriculum Technical Committee
The role of the ACCC Curriculum Technical Committee was discussed again. ACCC Chair Janice Toyoshima argued that the Tech Committee is a necessary step in the course approval process and serves as a first reading of course proposals. The need for the committee was acknowledged but the need for faulty members to attend Tech Committee meetings was challenged. It was agreed that a effective division or departmental level curriculum committees would be helpful in expediting course approvals. A suggestion was made to provide the faculty with an FAQ document to facilitate course-proposal submissions. Chair Toyoshima noted that there is already a handbook, and she is updating it. Senator Randy Pratt will contact other colleges to determine what their course approval procedures are. It was noted that curriculum approval was a faculty responsibility. Senators were asked to work with their division faculties to form division curriculum committees, and try to consider other possible solutions before any action is taken.

F. Nominations for Senate Officers
President Narveson called for nominations for the following positions: President, Vice President, and Treasurer. Senator Michael Hernandez was nominated for Treasurer, but declined the nomination; Senator Sravani Banerjee was nominated in absentia. Vice President Jack Baker nominated himself, with a subsequent nomination from Senator Sithparran Vanniasegaram, for Vice President. There were no other nominations for Treasurer or VP, and Senators Banerjee and Baker will serve in their respective offices for the 2017-2018 academic year. President Eric Narveson and Senator Randy Pratt nominated themselves for President therefore, there will be an election among the fulltime faculty to decide that office. It was agreed that both candidates can campaign via both email and in faculty mailboxes. President Narveson will write a list of various duties and requirement of the position. The election will begin the Monday after spring break and run for two weeks. Since Pres. Narveson is an active candidate in the contest, VP Baker will preside over the election and counting of ballots.

He also noted that most future construction can occur on the periphery of the existing campus with much less disruption than has been the case with more recent projects.

She gave a timeline for the incident, described how the breach, and subsequent efforts to recover from it, affected her, and explained how the District reacted. She noted that four others in her division also had their information compromised, but she has particular concern for students who may have had their information stolen. She argued that the response from the District, via a letter sent in December, 2016, was not adequate or helpful. Professor Clark suggested that there be an informational meeting for EVC students and employees. President Narveson suggested that Senators consider various ways to lessen the damage this has caused for future discussion.

VII. ACTION/DISCUSSION ITEMS

A. Response Regarding Faculty Hires
   Senator Michael Hernandez submitted a asking the college administration to follow through with the faculty hires that it previously had committed to fill. The resolution emphasized that there was a well-documented need for these critical positions. The original commitment was for Translation & Interpretation, Chemistry, ESL, Math (Enlace), and Ethnic Studies, but President Yong has announced that only the Math (Enlace) and Ethnic Studies positions will be filled. The funds originally intended for the additional faculty positions will instead go to move counselors over to fund 10 and off of states funds that were being used improperly to pay for their positions. President Narveson met with President Yong and Chancellor Budd on the issue and explained that it was a violation of the law to not fulfill the commitment. There was additional discussion about the district’s budget surplus and possibly using some of the district’s reserve to fund the original promised positions. Narveson noted that Chancellor Budd stated that this was not a district issue but a campus issue. A minor correction was made to the resolution, which will be brought before College Council. A motion was made to approve the resolution. The motion was seconded and passed unanimously.

B. SLOAC Chair Election
   Lynette Apen and Brad Carothers were serving as faculty co-chairs of the SLOAC, but Apen is now serving as an interim dean and is no longer eligible to serve as chair. A motion was made to create the committee and accept the members. The motion was seconded and passed unanimously.
E. Election Committee

A motion was made to accept the committee. The motion was seconded and passed unanimously.

2. Dual Enrollment – deferred
3. Translation and Interpretation Program Change
Professor Carmen Solorzano addressed the Senate about her concerns with the Translation and Interpretation program. One issue was that the original intent of the program was to focus on interpretation in the courts. The program was changed to a medical-centered program without faculty input or direction. Another issue was that the acting coordinator was not being paid for her work. Previously, the coordinator’s duty was to proctor and grade the T&I exams, write reports for those who did not pass that included recommendations for remediation classes in order to succeed next time. At present there are exams that have yet to be graded. Ms. Solorzano stressed the importance of the students who pass the program being completely competent due to the vital nature of and importance of accuracy in court and/or medical work. President Narveson met with President Yong had informed him that changing the emphasis of program in this way was in a direct violation of the Senate’s 10 + 1
purview as mandated by the State and President Yong gave no comment on that. President Narveson will meet again with President Yong to discuss this.

A. SLO Update -- deferred
B. Campus Technology Update
Professor Steven Mentor was in attendance to discuss technology—both current and planned
improvements. He submitted two draft versions of the college technology plan and reviewed them
with the Senate. Several Senators complained about the restricted access to classroom, laboratory, and
office computer which hindered even simple software updates, and impeded instruction, and often
putting programs, such as Automotive, in jeopardy. Some work-arounds were suggested by Dr.
Mentor, but it was acknowledged that that method does not encourage a useful change in faculty
accessibility. It was pointed out that technology updating does not only encompass computing, but lab
items in automotive, the sciences, etc. Moreover, “technology” straddles budget sources: for
equipment and technology purchases, and the parameters are often muddy about which funds are
appropriate for which purchases.
