III. APPROVAL OF MINUTES – The minutes of May 16, 2017 were approved unanimously.

IV. RECOGNITION AND ANNOUNCEMENTS
President Narveson introduced three new Senators: Professors Frank Espinoza, Carmen Solarziano, and Tina Iniguez.

Professor Sterling Warner will be stepping down from event that he has been heading including the Authors Series, Poetry Festival, production of *Leaf by Leaf*, and St. Andrews Day. Professor Celso Batalha and the Astronomy department were recognized for organizing the eclipse viewing event on campus. The eclipse was notably awesome.

Chancellor Budd was recognized for her email to the campus about the phasing out of DACA and the district’s ongoing support for DACA students. It was pointed out that state law precludes colleges from releasing information regarding student immigration status or cooperating with routine I.C.E. immigration enforcement efforts.

President Narveson’s former weekly meetings with the President have been reduced to twice a month. It was suggested that President Narveson bring additional Senators with him when he meets with the college President. It is possible that the day and time may change for these meetings, which are scheduled immediately before the Senate meetings.
V. PUBLIC COMMENTS (limited to only three minutes)
This portion of the meeting is reserved for any item not on the agenda. Law does not permit action or extended discussion of any item not on the agenda except under special circumstances. If Senate action is required, it can be placed on the agenda for the next meeting.

VII. ACTION/DISCUSSION ITEMS
A. Senate Self-Evaluation
President Narveson reviewed the Senate’s goals for 2016-2017. Some goals were accomplished, and some were not as the completion of many items was contingent on other groups’ activities. President Narveson will prepare a written summary for the Senate.

B. Curriculum Technical/Division Committees
At the next meeting a resolution will be considered requesting that every division establish its own curriculum committee in order to expedite the curriculum approval process. Action deferred.

C. Resolution Regarding Senate Committee Nominations
Clarification as to whether this can be done as a resolution or if it requires a change in the bylaws will be provided. Action deferred.

D. Future Faculty Hires Committee
The Senate discussed forming a sub-committee of the Senate to develop faculty hiring recommendations. It was argued that the sub-committee could formulate more strategic requests based on examination of different sources, such as the Educational Master Plan and course wait lists, and better represent departments lacking full-time faculty members thereby identifying departments most in need of full-time faculty hires. Concern was raised that this sub-committee could put the Senate at odds with recommendations from discipline faculty. It was also noted that the process already in place
calls for documentation (e.g., wait-list data, and full-time vs. part-time instructional loading) as well as reference to program reviews. It was suggested that the sub-committee be focused on reviewing and updating the Educational Master Plan rather than just on making hiring recommendations. A motion was made to form an Ad Hoc Educational Master Plan sub-committee. Senator Henry Gee will initially take the lead on the committee and Senators Jack Baker and Frank Espinoza will also serve. The motion was seconded and passed unanimously.

The goal of having a ranked list of faculty hiring recommendations ready by October 15 was deemed too soon for submitting a well-informed list to Interim President Aytch. It was proposed that a request be made to extend the deadline.

E. **Executive Committee Report**

The term of the Executive Committee has ended with the start of regular Senate meetings. President Narveson appointed Professor Steven Graham to be on the screening committee for SSHAPE Interim Dean; however, Professor Graham was never contacted and the committee convened and made its decision without his or any other faculty input. A motion was made, seconded and unanimously approved to endorse President Narveson’s appointment of Professor Graham.

VIII. **DISCUSSION ITEMS**

A. **Friday Course Schedule** -- deferred

B. **SOAR Funds** -- deferred

C. **Re-establishment of Diversity Action Council**

President Narveson gave a brief history of the Diversity Action Council. It was proposed that re-establishment of the Diversity Advisory Committee, as a shared governance standing committee would be superior to reviving the Council. The need for either a renewed council or committee was questioned. This will be discussed further at the next meeting.

D. **Measure X Fund Usage**

President Narveson wants to ensure that there is a faculty voice in directing the fund’s use, as well as having faculty representation on the Facilities Master Plan Task Force. It was proposed that the Senate meet with the task force before any decisions are made.

E. **Credit By Exam** -- deferred

F. **Adding Another Adjunct Senator**

The Senate discussed adding an additional adjunct Senator, with the possibility of incrementally adding more. This would involve a change in the by-laws, and would have to be approved by the faculty. This is will an action items on the next agenda.

G. **Faculty Hiring Recommendation List (Info.)**

President Narveson gave some background and contingencies for hiring this year. Nursing will likely top to replace a retirement and maintain the program’s accreditation. Positions in T&I and ESL were approved last year, but did not go through the hiring process due to a funding mismanagement. It was argued that these two positions should top the list this year as a result. The Senate agreed the President’s October 15th deadline is too early and does not provide adequate time for faculty presentations and decision-making.
IX. INFORMATION ITEM

A. SLO Update – deferred

B. Facilities Master Plan – E. Narveson

C. Guided Pathways
   President Narveson attended a retreat in August and gave a brief explanation of Guided Pathways, and referred to the presentation on PDD. D. Dual Enrollment – deferred

E. Translation & Interpretation Program Change – deferred

F. Resource Allocation Model Update
   Roy Stutzman, who was contracted to work on resource allocation model, has finished his report. Vice Chancellor Doug Smith would like to attend a Senate meeting to explain the report and proposed model. President Narveson thinks it is premature for the Senate to discuss the report, and to do so might be interpreted as an endorsement of its recommendations.

G. State Senate Awards
   A list of State Senate awards was distributed to the Senators to share with their constituents.

E. Credit By Exam—deferred

F. Faculty Hiring Recommendation List (Info)

C. Guided Pathways
There will be a workshop on Guided Pathways in October, in Oakland. The main focus on the event will be to “train the trainers”, who then will be able to disseminate the information with colleagues.

D. Dual Enrollment
Dual enrollment is occurring. President Narveson explained that it is college courses, with college standards, that are taught in high schools. These courses count for FTES. There is concern that dual enrollment would jeopardize advanced placement courses in the high schools. He advised those Senators interested in doing should discuss it with their deans.

E. Translation & Interpretation Program Change
President Narveson discussed the change in focus from legal to medical. This occurred with no faculty consultation or input. According to the law, this is one of the faculty’s purviews, so the administrators were in clear violation of this. President Narveson will discuss this with Interim President Aytch to decide how best to proceed.

F. Resource Allocation Model Update
The task group is now up and running. There are a few unclear issues that need to be addressed before the Senate can approve the model.

G. Senate Retreat?
President Narveson asked the Senators if they would like to have a Senate retreat. Interest was expressed and it was agreed that next semester would be a better time to hold the retreat. He will put together a list of possible topics to be addressed.
H. **Meeting with Interim President Aytch**
Interim President Keith Aytch attended the Senate to explain the frequency with his meetings with the Academic Senate President. Interim President Keith Aytch also updated the Senate on the latest configuration of EVC administrators, particularly Division Deans. Interim President Aytch assured the Senate that the ESL and Translation and Interpretation faculty will be first and second on the faculty hiring list. He also thanked the faculty and reported that enrollment is at a four-year high. The topic of the theater was discussed in light of having no theater program and it was suggested that the EVC make more efforts in utilizing it for community theater groups, etc.

President Keith Aytch will be holding two campus forums; on Oct 19 and Dec 9, in the Mishra Conference Room. Topics to be covered include Guided Pathways, facilities, and the San Jose Promise. Workforce Development Acting-Dean Maniphone Dickerson was introduced to the Senate.
The Resource Allocation Model Management Task Force has been reorganized into a more functional work group, and Vice Chancellor Doug Smith and President Narveson were elected as co-chairs.

Concern was raised that the college may be contracting a for-profit group to handle campus facilities reservations. President Narveson will find out more and raise the issue with President Aytch.

Due to a pending retirement the Senate will need to find a new chair for the All College Curriculum Committee. So far, no one has shown interest in volunteering for the position. President Narveson brought up the possibility of having co-chairs for the committee.

VIII. ACTION ITEMS
A. Faculty Hiring Recommendation List (Info.)
The instructors listed below gave short presentations about faculty vacancies that needed to be filled. Some departments do not have a full-time faculty members. Without full-time faculty members it is difficult to maintain, let alone grow programs within these departments. Other reasons for hiring full-time instructors were cited, including curriculum currency and development, safety and maintenance through consistent knowledge of equipment, program updates and development to keep EVC competitive and to offer students the quality education promised in EVC’s Mission Statement. In the case of Theater Arts, the Senate was reminded that the theater was constructed with bond money and has not lived up to promises made at the time of the bond request. The three presenters also gave
information on class enrollments and percentages of the classes within the departments that are being taught by adjunct versus fulltime instructors. A motion was made to incorporate the faculty-hire recommendations approved by the Senate last year into this year’s recommendations, and to automatically adopt former-Presidents Yong’s hiring priorities by giving ESL and T&I the default top two positions on the Senate’s list. The motion was seconded, but did not pass.

a. Rachel Lazo (Art/Sculpture)
b. Ralph Nichols (Theater)
c. Jack Baker (Biology)

B. Re-establishment of Diversity Advisory Committee
Senator Frank Espinoza distributed a statement about revitalizing the DAC as a standing-committee. Senator Espinoza noted that at present there appeared to be a decided lack of interest in the committee. A motion was made to accept the statement. The motion was seconded and passed unanimously.

C. At-Large Committee Appointments
President Narveson asked the Senate for a volunteer to represent the EVC faculty on the District Council. If there are no volunteers from the Senate, he will make an appeal to the faculty at-large.

D. Support Action by District Senate re: Bond Financial Management
A Bond Financial Management and Compliance Selection Committee was formed to pick a firm to oversee the use of Measure X funds. The college senates were asked to appoint faculty representatives on short notice and well after the process had begun. President Narveson sought a faculty member with accounting expertise, and ultimately selected Arthur College, adjunct faculty member in Business and Applied Technology. President Narveson asked for the Senate’s post –facto approval pleading that the lack of time and that this was not clearly a “10+1” faculty area forced a quick decision or the opportunity for faculty participation would be lost.

The SJCC Senate rejected the committee representation request because the faculty had included in the process the beginning. Fabio Gonzales, President of the District Academic Senate, read a resolution passed by the SJCC Academic Senate protesting the exclusion of faculty. A motion was to adopt the resolution with minor revision. The motion was seconded and passed unanimously.

There was some discussion about revising the Senate by-laws to provide more direction to the Senate President as to how to handle these types of situations.

   There was continuing concern about President Narveson’s participation in the committee by appointing a faculty member to be a member. Since the SJCC Academic Senate wrote a resolution opposing faculty participation because of lack of consultation. A motion was made to suspend the rules and move this to an action item. The motion was seconded and passed unanimously. A motion was made to contact the faculty member who was selected to the committee and inform him that he is no longer needed for the committee. The motion was seconded and passed unanimously.

X. INFORMATION ITEM

A. SLO Update—deferred
B. College Marketing/Branding
   Ryan Brown, Marketing & Public Information Officer, was in attendance to update the Senate on what he and his colleague, Mary Ann Conlon, have been doing to market and brand EVC in order to reach and attract students to the campus. There will be a meeting for faculty/staff focus groups tomorrow, in Gullo Conference Room at 11:00 a.m. Ms. Conlon explained how the colleges in the District were perceived: SJCC was viewed as a vocational college, and EVC was viewed as a remedial college. She claimed that the perceptions do not reflect the data of either institution. It was felt that this type of endeavor has been tried before, with no measurable improvement. Some input from the Senate included the lack of programs, faculty, and courses were a big part of the reason that students go elsewhere. It was suggested that high school counselors be contacted and given current information about the campus, since this was believed to influence many potential students.

VIII. ACTION ITEMS
A. Facilities Master Plan
   Vice President of Administrative Services, Andrea Alexander, and Director, Facilities and Bond Programs, Owen Lecter, addressed the Senate on the FMP. An excerpt of the plan was distributed to the Senate. They suggested a schedule and locations for the construction of buildings funded by Measure X that would not seriously hinder campus access or use, or entail any use of the “surplus” land adjacent to EVC. They emphasized that their proposal was driven by the education master plan and designed to prioritize the most efficient use of bond funds and campus facilities. They promised that affected staff and faculty members would be involved in the design of proposed building in order to better meet the needs their departments and programs.

   Language Arts faculty and staff spoke about the need for a building specifically dedicated to their programs. They stated that congregating language arts staff, faculty, and instructional space in a building committed to their programs would be more efficient, more collegial, and contribute significantly to student success. It was also noted that there are serious errors in the existing Educational Master Plan, and that a language arts building had been proposed years before but never built. A motion was made stipulating that the proposed Language Arts building should be given the highest priority and be the first building erected. The motion was seconded and passed unanimously.

B. Accreditation Report
   Dean Lynette Apen, Dean of Nursing, distributed the report for discussion at the last Senate meeting. A motion was made to approve the report. The motion was seconded and passed unanimously.

C. At-Large Committee Appointments – deferred

D. Resolution Regarding Senate Committee Nominations – deferred

E. Educational Master Plan Committee – deferred

F. Paperless Rosters (moved from information)
   Because of the time sensitive nature of this proposal a motion was made to move this to action. The motion was seconded and passed unanimously.

   Dean Octavio Cruz announced that Admissions and Records intends to adopt a paperless roster system beginning with the spring 2018 semester. He noted that our current paper-based system is archaic,
consumes approximately thirty-six thousand sheets of paper per semester, and about 80% of the faculty currently uses the online option. He also noted that SJCC adopted a paperless system in 2005 and EVC remains one of the few community colleges in California still employing paper rosters.

After discussion a motion was submitted, which read:

It is the position of the EVC Academic Senate that no changes will be made to the Class/Student Rosters and Add Stickers that faculty members receive from A&R, in their faculty mail boxes, in preparation for the first day of classes each term fall, winter intersession, spring, and summer). All other paper rosters that had been received during each term: (Census, Permanent, Grade) will be eliminated beginning this spring 2018 semester. Special accommodations will be made per ADA compliance law. The EVC Academic Senate President will send an email to President Keith Aytch, all VP’s, Dean Octavio Cruz, and All- EVC Faculty regarding the Academic Senates position on the Paperless Proposal presented by Enrollment Services Dean, Octavio Cruz. The motion was seconded and passed with one no vote from Senator Michael Hernandez.

IX. DISCUSSION ITEMS

A. Meeting with Interim President Aytch

Acting President Keith Aytch updated the Senate on various upcoming events on campus. There will be a Thanksgiving dinner grocery distribution on Wednesday and volunteers are welcome. He also suggested that EVC would establish a food pantry for students in need. There will be a campus forum on December 16th in the Mishra Room. On December 7th, there will be a dinner-fundraiser honoring Lauren McKee and Barbara Hanfling, and to help victims of the recent disasters in Mexico and Puerto Rico. Another fundraiser will be scheduled to aid victims of the fires in the North Bay. On December 8th there will be sexual harassment training in the Mishra Room. The campus holiday party will be held December 18th, on the counseling platform in the Student Center. He also reported has requested three new faculty positions: English, T and I, and Nursing, and hopes to make additional hires beginning 2018-2019. Mr. Aytch has also been meeting with other colleges and addressing misconceptions about EVC. He also reported that there is a possibility of EVC developing student housing, and that enrollment is up.

President Narveson regularly meets with the EVC President prior to Senate meetings. He was reminded of previous promises to include more Senators in these meetings. He noted that though he had asked for volunteers none had been forthcoming. He again asked for volunteers to attend his meetings with the President and to email him with times and availability.

B. Faculty Hires Discussion

The Senators expressed their frustration over the three proposed faculty hires and believe there is money enough for more hires. It was suggested that both Vice President Andrea Alexander and Acting President Keith Aytch be invited to attend a Senate meeting soon to discuss EVC’s financial situation and constraints on hiring needed members of the faculty. It was suggested that the Board be reminded that the District is dropping below the “50% rule.” The Senators feel the budget is not clear, even to those on the Budget committee and President Narveson will invite Vice President Alexander to explain the budget in spring in layman’s terms and will request a study session in January.

F. Service-Learning & Public Service Transcript Resolution (moved from Discussion)
Professor Marjorie Clark and her students spoke to the Senate and distributed a resolution which called for a notation to be placed on students’ transcripts showing that they have participated in
documented hours of service-learning activities. She explained that these activities are beneficial to students transferring to universities who look for those activities. Moreover, they directly relate to the District’s mission of community engagement.

This resolution was on the Senate agenda a discussion item. A motion was made to move it to action. The motion was seconded and passed with one no from Senator Baker.

A motion was made to approve the resolution. The motion was seconded and passed unanimously.

G. **BP & AP Updates (moved from Discussion)**
These updates were previously submitted to the Senate, and the counseling faculty had notified the Senate of its concerns about sections 4225, 4230, and 4255 dealing with course repetition, grading, dismissal processes, and probation. Due to the time sensitive nature of this approval process a motion was made to move this to action. The motion was seconded and passed. A motion was then made to provisionally approve the updates, but to give counseling faculty time to review the updates. Counseling faculty members would have until 5:00PM, 12/13, to review the areas of concern in the updates, and to report their reservations and suggestions to Narveson. If nothing is reported back, then the updates would move from provisional approval to formally approved by the Senate. The motion was passed and approved with one no vote from Senator Robin Hahn.

IX. **DISCUSSION ITEMS**

A. **Faculty Hire Recommendation: English**
Dean of Language Arts, Meryl Kravitz, spoke to the Senate about her amending the previously Senate-approved English hire recommendation to include more of a focus on AFFIRM. She had polled her division faculty regarding the proposed change, but there was general agreement that not enough time was given to discuss the change in emphasis. Dean Kravitz conceded that the English faculty was split with this decision, and that her direct appeal to the Senate was a break with normal protocol. However, she related statistics about success rates in the African-American student population and the relation of this change in emphasis to the District’s mission statement. She also stated that this change was not being done to secure the race or ethnicity of a future hire, but to achieve a diversity of thought and to hire someone capable of addressing the particular needs of African-American students. Many felt that the division faculty had already taken this into account in advancing its hiring requests to the Senate, and that the Senate has already made its decision.

D. **Credit By Exam – deferred**

E. **Academic Regalia Charge – deferred**

F. **Sexual Harassment #MeToo – deferred**

Adjunct Professor Josh Di Chiacchio, member of the ACCC, has volunteered to take the position; however, his being adjunct is not seen as ideal. President Narveson has offered to attend the state curriculum workshop with whomever the Senate eventually appoints and help them learn the position.

discussion of any item not on the agenda except under special circumstances. If Senate action is required, it can be placed
on the agenda for the next meeting.

Concern was expressed about the number of times discussion or information items were moved to action—which
should not happen without a compelling reason to do so.

E. Online Education Initiative Course Extension
   Nasreen Rahim, Senator and Chair of the Distance Education Committee, distributed a document
   regarding provisions of the state’s online education initiative for the Senate to consider. It will be an
   action item on the next agenda.

IX. DISCUSSION ITEMS
A. Integrated Plan 2017-2019
   Dean of Student Success Adriana Ayala distributed additional copies of the plan, which had been
presented to the Senate at the end of last year. It was submitted to and approved by the board as an action item in January. Dean Ayala discussed some key features of the plan and stated that it was a living document that could be amended as circumstances changed. The plan is taking a five-prong approach consisting of improved access, clear guided-pathways, increased completion of basic skills and transition-to-college courses, intentional and intrusive support services, and greater degree and certificate attainment and transfer rates. She explained how EVC is moving to achieve these goals.

B. **Credit By Exam** – deferred

C. **Academic Regalia Charge**
   Concern was expressed about faculty members having to purchase their own academic regalia for commencement. This practice has been inconsistent, with some having to pay for it and some getting it for free. Moreover, in years past it was provided to all new faculty members. Also, there is a need to someone to lead the student procession at graduation. A suggestion was made to have the Distinguished Faculty Member of the Year to do this.

D. **Sexual Harassment #MeToo** – removed

E. **Curriculum Chair Replacement**
   Professor Shelley Blackman has agreed to attend ACCC meetings, for training purposes, with current ACCC Chair, Janice Toyoshima in hopes that she will agree to accept the position as Chair when Professor Toyoshima retires at the end of the semester.

F. **Mental Health Grant**
   Director of Health Service Janice Assadi submitted a grant request for the support of mental health services on campus. The deadline for submission was during the winter break, and President Narveson signed off on it, giving the application Senate endorsement.

G. **Reassigned Time** – deferred

X. **INFORMATION ITEM**

A. **SLO Update**
   Senator Brad Carothers reported that there will be a District Institutional Effectiveness Committee, comprised of the District Senate President the college IEC chairs, and one representative from each college academic senate. The EVC Senate needs to appoint its representative. Committee meetings will be held at the District Office on the first Thursday of the month from 3:00 to 4:30. President Narveson asked Senators to recruit interested candidates from among their constituencies.

B. **Guided Pathways**
   Lynette Apen introduced Rob Johnstone, who is assisting the college with the Guided Pathways initiative. Mr. Johnstone discussed how community colleges can help address the educational and wage inequity in California, especially among lower socio-economic students. Guided Pathways intended to provide students with a better and more successful educational experience. He explained that faculty members can be very instrumental in advising students because of their expertise in various disciplines that counselors may not possess.

C. **Strategic Priorities Update**
   Dr. Alice van Ommeren, Executive Director, Institutional Effectiveness & Research, updated the Senate on strategic priorities for 2018. The priorities were presented to the Senate in 2017. They were sent to the Board and the District Council for a final reading, and go back for approval by both this week. Dr. van Ommeren explained how the priorities were formulated. She distributed and reviewed the priorities with the Senate.

D. **Board Budget Study Session Presentation**
Vice Chancellor Doug Smith distributed the fourth draft of the district budget which he will present to the Board on February 13th during its annual budget study session. He reviewed the presentation with the Senate.

E. Outreach Program Review
Vice Chancellor Doug Smith and Sam Ho, Director of Communications, Community Relations, & Diversity, Chancellor's Office, explained how the District plans to launch a local and minority-owned business outreach program and would like the Senate's input. The goal is to increase participation by smaller local businesses and businesses owned by underrepresented groups to better reflect the community that has supported the District bond measures and to help support local business with the bonds. Questions about quality assurance, and the risk of employing small businesses that may lack the size and expertise for large projects were raised. The plan is in keeping with the mission of the District, which has already been using this approach, but it this is an updated version.

F. Translation & Interpretation Program Change – deferred

Program Reviews & Class Scheduling – deferred

G. Instructional Support/Business Services – deferred

H. Senate By-Laws Update – deferred

J. Senate Retreat (Spring)
President Narveson asked the Senate to think about if or when the Senate should hold a retreat, before the next meeting.

VIII. ACTION ITEMS

A. OEI Course Exchange Resolution
Senator Nasreen Rahim distributed copies of the original resolution. President Narveson read an edited version to the Senate. A motion was made to accept the edited version. The motion was seconded and passed.

B. At-Large Committee Appointments
President Narveson explained the rationale for the change in Senate practice, which the Senate had discussed previously. Senator Henry Gee will provide copies of the proposal to the Senate as a reminder. A suggestion was made to have the divisions send in spring their committee membership appointments for the following academic year. Some Senators noted that their divisions make their selections in fall, so the lists would not be accurate if submitted in spring.

C. Resolution Regarding Senate Committee Nominations – deferred
D. Educational Master Plan Committee – deferred
E. BP & AP Updates
Action was deferred until the Senate has read the updates. District Academic Senate President Fabio Gonzalez gave a brief overview of the updates to the Senate.
F. **English Screening Committee Membership**
President Narveson described a problem that had arisen with the screening committee selection for English instructor. There was a question about the receipt of an application of a faculty member who wanted to be on the committee. President Narveson approached the Vice Chancellor of Human Resources to see if that person could be added as a fourth member. The Senate however agreed that would set an unfavorable precedence. Several scenarios were discussed to rectify the situation, including reopening the selection process. A motion was made to stay with the existing committee, and if a fourth position becomes available recruit from among the faculty and add the faculty member in question to the pool for the seat.

IX. **DISCUSSION ITEMS**

A. **Credit By Exam** – deferred

B. **Academic Regalia Charge**
The inconsistency of academic regalia dispersal had been previously discussed. Some faculty members have had to pay, and some have been given the regalia without charge, with approval from the former President. SJCC gives their faculty regalia without cost as was previously done by EVC. President Narveson will speak to Vice Chancellor Doug Smith about this.

C. **District IEC Member** – Senator Frank Tello will serve on the IEC.

D. **Reassigned Time** – removed

X. **INFORMATION ITEM**

A. **SLO Update** – deferred

B. **Program Reviews & Class Scheduling** – deferred

C. **Instructional Support/Business Services**
The Senate expressed dismay at recent changes pertaining to the use of EVC vehicles that departments are now being charged for their vehicle use. President Narveson will speak to President Aytch about this.

D. **Senate By-Laws Update** – deferred

E. **Internet Online/Internet Hybrid Student Transcript**
The issue of removing the notation on students’ transcripts identifying courses as having been taught online or as hybrid was discussed. It was noted that SJCC does not have this notation. Moreover, students have been denied credit for courses taught in this manner, making it necessary for those students to retake courses—delaying their educational goals and causing further expense. This falls under the purview of the Senate. Moreover, it is likely a violation of Title V. It was suggested that this can also be discussed by the District Senate. A suggestion was made to move this to action, since transcript requests would be going out between now and the next Senate meeting. The motion was made to suspend the rules and seconded. The motion was defeated and President Narveson was instructed to speak to President Aytch as soon as possible. The Senate will rewrite the resolution and it will be an action item on the next agenda.

F. **Resource Allocation Model Update**
Information needs to be sent to the Senate before April 17 before the task force can acted on it.
G. Senate Retreat (Spring)
President Narveson asked the Senate if they wanted a retreat this semester. There was no interest expressed.

H. Senate Business
It was suggested that the Senate start preparing its recommendations for faculty hires this spring for the fall semester in order to not be rushed at that time. Program reviews and the educational master plan should be reviewed in order to make more thoughtful decisions. More consistent criteria should also be considered. It was also suggested that the Senate review its selection process and criteria for honoring faculty members of the year. Senators were encouraged to update the Senate on their division curriculum committees; a resolution was previously adopted by the Senate concerning this.

X. INFORMATION ITEM

A. SLO Update – deferred

B. Astronomy Lab Technician Hire
Astronomy Professor Celso Batalha made a presentation requesting a lab technician for Astronomy and distributed a resolution to that effect to the Senate. Currently, there are some students and volunteers who help move and maintain the department’s telescopes during labs and public viewing nights. He believes that that public viewing nights are good for public relations and outreach for the community. It was emphasized that this hire was included in the department’s program review which sparked a brief discussion on how the administration disregards program reviews in general. Senator Jack Baker will discuss this with the Budget Committee. It was pointed out that this issue is part of the Senate’s 10+1 purview, as it affects the classroom and instruction. President Narveson will look at the resolution that Dr. Batalha submitted and it will be an action item at the next meeting. This will be discussed with the Classified Senate.

C. Chemistry Labs at Acacia/Conversion at MS3
Chemistry Professor Charles Chau submitted a proposal to ensure that chemistry lab space that was included in the new building to compensate for the loss of lab space when Acacia is demolished and to address the inadequate lab space provided in the MS3 building. Requests funded from other sources were dropped from consideration, programs asking for ~$3000 or less were fully funded, and the remaining funds were awarded proportionately—about 16% of the amount requested. In light of the limited funding, departments and divisions can reevaluate their purchase priorities but they must notify the budget committee of how the money was spent and report later on the spending improved student learning outcomes.

A motion was made to approve the resolution with changes. The motion was seconded and passed unanimously.

B. Chemistry Labs at Acacia/Conversion at MS3
   This was discussed at the previous Senate meeting. A resolution was distributed requesting that the previously planned conversion of classrooms into chemistry labs be done before the demolition of the Acacia Building—mainly due to the present potential for a serious chemical accident on campus. A motion was made to adopt the resolution with changes. The motion was seconded and pass with one abstention from Senator Henry Gee.

C. At-Large Committee Appointments
   It was proposed when a division fails to elect a representative to a standing committee that the Senate appoint a representative to represent that division in order to have a more complete faculty voice on those committees. The following motion was made: The Senate reserves the right to elect members of standing committees when a division cannot elect a faculty representative. The Senate may exercise this option by October of the academic year until the division elects its own members or the end of the year. The motion was seconded and passed unanimously. President Narveson will meet with Professor Clark to write a new resolution and present it to the Senate for approval.

This Friday the campus will be hosting a Second Harvest Food Bank assistance event and volunteers are needed from 8:30 a.m. until noon.

There are two finalists for EVC President: Keith Aytch and Melinda Nish. The finalists will be meeting with the unions and the Senate from 8:00 a.m. until 9:00 a.m. on Monday and Thursday, respectively. Later in the afternoon they will meet with the college. IX. **DISCUSSION ITEMS**

A. **Tesla START Program**
The faculty of the Automotive Department and the Dean of Business and Workforce Development, Maniphone Dickerson, discussed the pros and cons of partnering with Tesla to have a training program at the Auto facility. The target date to begin is January, 2019. It was agreed that the Tesla program would be a way to lend prestige to the college and attract high-quality students. The main concern is the amount of space Tesla is demanding from the automotive building, which would take away space from the regular automotive classes. The automotive faculty feel that the agreement that Tesla wants is restrictive and aggressive in their conditions, which has not been the case with other partnerships in the industry. Another concern shared was that when the Tesla program is complete the building is that Tesla needs to take full responsibility to restore the building to the condition it was before it took over the space. The Executive Committee of the Senate will have the responsibility to endorse or reject any agreements over the summer.

B. **Adjunct Appreciation Day**
