CALL TO ORDER
The meeting was called to order by President Randy Pratt in the Mishra Conference Room at 3:05 p.m.

ADOPTION OF AGENDA
Adoption of Agenda The agenda was adopted unanimously

APPROVAL OF MINUTES The minutes of September 18, 2018 were approved with changes.

PUBLIC COMMENTS (Limited to only three minutes. Per the law, action or extended discussion is not permitted.)

PRESIDENT’S REPORT
President Pratt on progress with the Resource Allocation Model (RAM). The model was approved with percentages; the SJCC Academic Senate will likely reject it. President Pratt and Vice President Frank Espinoza will reach out to SJCC to find some common ground so that the RAM can progress.

The Chancellor has expressed his willingness to support the Academic Senate at the District level. The Chancellor also pointed out that EVC rolled over $500,000.00 last year.

President Aytch has asked the Senate Leadership to report back to him areas that are not are progressing well in SLO achievement specifically in follow-up on requests that were sent to the Deans to identify which courses were outstanding and taught by adjuncts faculty. Completion of SLOs is mandatory for accreditation. President Aytch has also agreed to fund adjunct faculty to help with SLO tasks.
The Women and Gender Studies coordinator position was also addressed with President Aytch and the union; the position will receive reassigned time like all other coordinator positions in the District.

V. New Faculty Hire Presentations
The faculty listed below gave five-minute presentations on the faculty-hiring needs listed below. Things that were discussed in the presentations were the history and background of the positions at the college, State regulations for the faculty needed for program certification (Automotive and Nursing), and how the position impacts other programs—biology needed for the nursing program. Positions with faculty who took the “golden handshake” retirement option from the District cannot be replaced for a period of time, so replacement in itself cannot be a reason for hiring a new instructor—there were a number of retirements during the summer and more retirements are planned in the near future in several departments. Some departments do not have a full-time instructor. The presenters also gave full-time to adjunct ratios and numbers, and waitlist numbers.

There were departments who made multiple requests for instructors, such as Biology and Counseling. In those instances, it was agreed to let the divisions rank their requests within the division. More full-time faculty were also needed for lab safety, continuity, SLO, and curriculum work, and to maintain and build programs and degrees. There is also various legislation that puts extra demand on the faculty, such as guided pathways, which is also necessary for accreditation.

Methods of tabulating and ranking the votes were discussed. President Pratt will contact the various departments and ask them to give the Senate their priorities and send the list to the Senators before the next meeting.

VII. ACTION ITEMS

   A. Non-Credit Committee
      Professor Kathy Jasper had previously attended Senate meetings about the committee. A committee coordinator position needs to be established. It was agreed that this should be a stand-alone committee of the Senate. A suggestion was made to write a charge for this committee, including that this would be a subcommittee of the Academic Senate. A motion was made to approve the committee. The motion was seconded and passed unanimously.

   B. College Resource Allocation Process
      The new budget allocation has been through the administrative review and needs to go before the College Council. It was suggested that salary percentages be examined. A motion was made to approve the process based on agreed upon percentages. The motion was seconded and passed unanimously.

VIII. DISCUSSION ITEMS (limited to 3 minutes per item)

   A. Coordinator Positions
      The creation of coordinator positions was discussed, and one of the topics raised was that if the coordinators made the schedules, would they then have the deans’ right of assignment? President Pratt did not think that was going to be a part of the job. Also, the coordinators time would be on the non-instructional side of the 50% law; however, it could also make a case for hiring more fulltime faculty. It was also suggested that faculty speak to their deans about the jobs they are performing above and beyond their normal job assignments, especially since there are funds available for reassigned time.

IX. INFORMATION ITEM (limited to 3 minutes per item)

   A. ASG Resolution to Have Access to Gullo Faculty Lounge
      Students Charina Tengson; Samar Robleh; and Benjamin Gonzalez addressed the need to utilize the Gullo Faculty/Staff lounge as a clothing and hygiene item pantry. They would like Senate support for this. Information packets were distributed. It was explained that this was part of Assembly Bill 1995, which allows homeless students to shower on campus, so
there is a need for a location to store towels and hygiene products for those students. It was pointed out that adjunct faculty do not have an adequate space. It was also suggested that this be shared with all faculty and those wishing to comment should attend the next meeting. A motion was made to move this to action; the motion was withdrawn. This will be a discussion item at the next Senate meeting.

VII. ACTION ITEMS
A. ASG Resolution to Have Access to Gullo Faculty/Staff Lounge
   The ASG brought the resolution to the Senate at the previous meeting. If this were to happen, it would only be functioning as the clothing/hygiene product pantry and ASG members would be staffing it. It was suggested that a space closer to the showers would be more convenient. Concerns were expressed that faculty and staff will not have a location on campus, especially the adjunct faculty. A motion was made to support the resolution. The motion was seconded and passed with 8 yes, 2 no, and 4 abstentions. There was agreement that there needs to be more discussion about this and there also needs to be more input from faculty/staff, perhaps a survey on the room’s use and alternatives.

She stated that most colleges allow this, either out of policy or in practice. There will still be certain requirements, such as ethnic studies, that need to be fulfilled, and international degrees will not be a part of the waivers.

B. AFT Issues
