COASTAL CALIFORNIA																		
<i>This field course takes students to unique settings where the ocean meets the shoreline at Point Reyes National Seashore and the Monterey Bay Marine Sanctuary. The extraordinary land forms and ecology of these regions are the result of a combination of constructive and destructive forces. Students will explore the areas' human and natural histories, walk the famous San Andreas fault, study coastal habitats on shore and off, including the Monterey Canyon, and examine the associated terrestrial and aquatic flora and fauna found along the central California coastline. Students will pay an additional fee of \$65 to cover the cost of camping, kayaking, park entrance and transportation. This payment must be made to EVC Business Services prior to the second class meeting. Space is limited so register early. Please contact the course instructors for further information.</i>																		
MANDATORY ON-CAMPUS CLASS SESSIONS (3):																		
<i>Fridays, March 26, April 6 and April 23, from 6:00-8:25PM</i>																		
FIELD TRIP (TWO WEEKENDS):																		
<i>April 16-18 and April 30-May 2</i>																		

(May 6 to Jun 15)
