PRESIDENT’S MESSAGE

HENRY C. V. YONG, ED.S.
PRESIDENT
EVERGREEN VALLEY COLLEGE

On behalf of our faculty, staff, and management, I want to welcome you to Evergreen Valley College.

You have made the right choice in selecting EVC to pursue your educational goals and to chart a new direction in your life. EVC offers a variety of educational programs and services to meet the diverse learning needs of our diverse student body. This broad spectrum of offerings allows us to serve students who are attending college for the very first time, or returning after an extended absence, the opportunity to pursue degree or certificate programs, fulfill transfer requirements, or obtain career technical training.

Our faculty members are well-known for their outstanding teaching and expertise in their fields, and are fully committed to helping you achieve your educational goals.

Our mission is to provide a comprehensive, student-centered community college education, and our guiding principles are equity, opportunity, and social justice.

“A journey of a thousand miles begins with a single step.” – Lao Tzu (604-531 B.C.)

Thank you for taking your first step at Evergreen Valley College!

Best wishes for success in your journey.
Welcome to Evergreen Valley College and to the San José-Evergreen Community College District. Advancing your education is the single greatest investment you will ever make in your future, the future of your family and the future of our community at large. An “educated person” is the basic cornerstone of every community and, ultimately, the nation.

The 2011-2012 Evergreen Valley College Catalog represents many things; a blueprint for your future, a tool to plan your educational career, and a legal contract between you and the college. The words contract and “catalog rights” are found in the administrative guidelines that govern all institutions of higher education, and the reason is that what is printed in the catalog is the college’s commitment to the courses, requirements, pre-requisites and policies that will govern your life as a student. In other words, two years from now if the requirements for a particular degree or certificate changes, you can point to “your catalog rights” and note that you are following the guidelines established in the 2011-2012 catalog; and, therefore, the changes do not apply to you.

On another note, as chancellor, I would like to point out that you are entering a human laboratory of sorts. You will be exposed to peers, faculty and staff all of whom have one thing in common; the pursuit of education. In addition, you will be privileged to attend a community college that is one of the most diverse in the Silicon Valley, an experience that will prove invaluable in the world of the 21st Century and one that will provide you with the intercultural skills that are critical to the global workforce and global economy that is so much a part of our region.

This catalog contains most, if not all, of the answers to your questions. In addition, remember that we are here to support your academic goals and when in doubt, just ask. Enjoy your academic career at Evergreen Valley College and take advantage of the learning experiences and opportunities in and outside the classroom.

CHAPTER 1: COLLEGE PROFILE

PROFILE

At Evergreen Valley College, a community college located on a 175-acre site in the eastern foothills of San José, we take great pride in our approach to education. We place our students’ realities first. For instance, will they need help with their language skills? Are they carrying other responsibilities like children or full-time jobs? Are they the first in their family to graduate from college? To all learners--those directly out of high school, in mid-career or mid-family transitions, and those who are enjoying their golden years--we offer a supportive environment that values their intrinsic experiences.

HISTORY

Evergreen Valley College opened its doors in 1975 to 3,000 students and currently hosts over 12,000 students from more than 70 countries. The rich variety of cultures, which both enhances and enriches campus life, comprises one of the most diverse student bodies within the California Community College System.

Planning for the college began on July 1, 1964, when the San José/Evergreen Community College District officially became an independent college district. The site was purchased in 1967 and named Evergreen Valley College in 1970. When the first two buildings were complete in 1975, we welcomed our first graduating class.

In recent years, bond measures have allowed us to build much needed facilities: classrooms and labs for biological sciences and nursing education programs, a robust Library, a center to accommodate vibrant student life, and the Montgomery Hill Observatory, and the Center for the Arts which includes a 400-seat Theater.

MISSION

With equity, opportunity and social justice as our guiding principles, Evergreen Valley College’s mission is to empower and prepare students from diverse backgrounds to succeed academically and to be civically responsible global citizens.

We meet our mission through a wide spectrum of educational experiences, flexible methodologies, and support services for our students:

STRATEGIC INITIATIVES

1. Student-Centered: We provide access to quality and efficient programs and services to ensure student success. Areas of focus are:
   - Access
   - Curriculum and Programs
   - Student Service Offerings

2. Community Engagement: We will transform the college image and enhance partnerships with community, business and educational institutions. Areas of focus are:

IN THIS CHAPTER:

- Profile
- History
- Mission
- Strategic Initiatives
- Schedule
- Leadership
- Accreditation
- South Bay Regional Public Safety Training Consortium
• Visibility
• Strategic Partnerships
• Building Campus Community

3. Organizational Transformation: We create a trusting environment where everyone is valued and empowered. Areas of focus are:
• Student Access: Completion of Educational Goals
• Employee Development
• Transparent Infrastructure

SCHEDULE
While we offer classes year-round, students can enroll throughout the year for traditional Fall, Spring and Summer sessions or for short-term and evening classes. We provide options for those who are working towards an associate degree or vocational certificate and for those who wish to transfer to a baccalaureate granting institution. We also offer options to continuing students who need an additional class or just want to pursue an interest.

LEADERSHIP
Henry Yong, President
Vacant, Vice President of Academic Affairs
Henry Gee, Vice President of Administrative Services
Irma Archuleta, Vice President of Student Affairs
Vacant, Dean of Nursing and Allied Health
Keith Aytch, Dean of Language Arts and Library & Learning Resources
Octavio Cruz, Dean of Enrollment Services
Tammeil Gilkerson, Dean of Counseling and Matriculation
Mark Gonzales, Dean of Social Science, Humanities, Arts, & Physical Education
Dr. Jonathan King, Dean of Business & Workforce Development
Dr. Wei Zhou, Dean of Math, Science and Engineering

ACCREDITATION
Evergreen Valley College operates by authority of the Board of Governors of the California Community Colleges and the Board of Trustees for the San José/Evergreen Community College District. We are fully accredited as a two-year degree-granting institution by the Western Association of Schools and Colleges.

Credit from EVC is transferable to other collegiate institutions, including community colleges, the University of California, California State University, and many private universities.

SOUTH BAY REGIONAL PUBLIC SAFETY TRAINING CONSORTIUM
Our district is a participant and sponsor of the South Bay Regional Public Safety Training Consortium, which is a joint powers agency created by local community colleges to present certified courses associated with public safety. These include Law Enforcement, Reserves, Corrections, Probation, Fire Technology, Emergency Medical Services, Hazardous Materials, and Dispatch. The intent is to enhance the campus-based degree and certificate programs, giving students the option to go directly into Academy-type skill development training presented through the Central Consortium. Phone: (408) 270-6458.

ELIGIBILITY FOR ADMISSION

Regular Admission

Any person who meets one of the following requirements and who is capable of benefiting from the instruction offered shall be admitted:

- Be 18 years of age or older
- Be a high school graduate
- Pass the California Proficiency Examination
- Hold a GED, OR
- Be officially released from his or her high school district if under 18

Special Part-time/Full-time Admission (Concurrent Enrollment of high school students)

Any student seeking special admission must have consent from a parent (or legal guardian) and the principal (or other designated person) of the high school and meet one of the following criteria:

- The student is of an age or class equal to 9-12 grade.
- The student is home-schooled or no longer affiliated with a recognized high school with age or class equal to 9-12 grade.
- The student is of an age or class below grade 9 with parental petition approved by the president or designee.

For more information, visit the Admissions and Record office or call (408) 270-6441.

APPLICATION FOR ADMISSION

All new, returning, high school, and transfer students must complete a formal application for admission prior to registering. Applications are available at the Office of Admissions and Records, in the schedule of classes and online at http://cccapply.org. Applications must be complete and submitted to the Office of Admissions and Records.

The following programs have additional admissions criteria and forms, which students must complete before being admitted to these programs:

- Corrections
- Law Enforcement
- Nursing
- Honda Certificate Program
- International Students

See the respective programs for forms and other information. Admission to these programs is not guaranteed; however students pending notification of acceptance may enroll in regular EVC courses.
CHAPTER 2: ADMISSIONS/REGISTRATION/FEES/FINANCIAL AID

Notice To All Applicants:
State legislation has suspended the use of the Social Security Number as a student identifier. A unique college ID number is automatically assigned to EVC student records at the time an admissions application is submitted. Students will be required to use this ID number for all services with the college. This number is also printed on the Student ID Card which is used for access to the library and other student services.

HOW TO BECOME AN EVC STUDENT
1. Apply for Admission
2. Apply for Financial Aid
3. Take Placement Tests
4. Attend an Orientation
5. Register for Classes
6. Pay Your Fees
7. Buy Your Books
8. Attend Your Classes

High School Student Application/Registration:
1. Complete a Concurrent Enrollment Packet that includes an application and an “Attendance for Special Part-Time High School Students” (R-40) form. The R-40 must:
   - Be signed by your high school principal or another designated official.
   - Be signed by your parent/legal guardian.
   - Indicate specific courses for which you have been approved to register.
2. Schedule and complete Assessment if you are registering for English, Math, or other courses for which you have not met prerequisites.
3. Register for class(es) in person at Admissions and Records.
   Note: High school students must submit an admissions application and a new R-40 form each term they enroll.

High school students should be aware of several factors when registering for EVC courses:
1. They are considered adults with regard to their records; all records are confidential unless released by the student and are protected by regulations of the Federal Educational Rights and Privacy Act (FERPA).
2. They must identify EVC as a college attended on all future college applications, and include a transcript of EVC work where required.
3. They are held to the same standards as regular students in terms of class conduct and course requirements.
4. They will need to request transcripts for their high schools if EVC units will be used to fulfill high school graduation requirements.
5. They may not enroll in more than 11 units (Students are strongly recommended not to take more than 3-6 units.)

High school students approved to take more than 11 units will be responsible for paying full fees as a regular student.
6. They may not enroll in PE or basic skills (300 Level) courses. Courses are only eligible for enrichment, vocational purposes or as substitutes for courses not available through their high schools.
7. They may not register for courses not on an R-40 form. Additional R-40 forms may be required.
8. Courses completed at their high schools do not guarantee adequate preparation for college level courses; assessment and/or SAT/AP scores may be used to determine placement levels.

Admission of Homeschooled or other non-high school students under 18:
• A parent of a student under 18 who is not attending high school, is homeschooled, or has a student who has not completed the 8th grade, may petition the Dean of Enrollment Services for special admission of his/her child as a part-time student.
• In addition to following the same procedures as concurrent enrollment students, students should complete the additional R-42 form and will be asked to submit academic transcripts which will also be used in determining appropriate course placement.
• Concurrent Enrollment, Special Admit Part-time Students—High School Student (HS): This program is a partnership between Evergreen Valley College and local area high schools. Under this program students may attend Evergreen Valley College as a special part-time student. Students may take courses to supplement their high school education program. Basic skills courses are NOT available to concurrently enrolled students. Concurrent Enrollment is designed for students who can benefit from advanced academic and vocational courses. The high school principal, or designee, decides which student qualifies to participate by completing the Concurrent Enrollment Form (R40). This form identifies the specific college courses that may be taken. Students may enroll in up to 11 units although it is highly recommended that students take no more than 6 units in a semester.

Other Important Facts for Concurrent Enrollment Students
• You may only register for up to 11 units (Spring and Fall Semesters)
• If you choose to enroll in 12 or more units, you will be responsible for paying full fees as a regular student
• The courses must be vocational, enrichment, or advanced courses not available at the high school
• You may not register for PE courses or remedial courses (e.g. Math 311, English 394)
• You may not enroll in courses available through the high school, except in summer or under special circumstances (supplemental petition from the high school counselor is required and will be reviewed by the Dean of Enrollment Services
• Any courses taken at EVC will appear on your permanent academic record.
Residency Guidelines

For tuition purposes, a resident is someone who meets the guidelines set forth by California Community College Uniform Student Residency Act. These regulations were created not to determine whether a student is a California resident or nonresident, but rather to establish whether a student should pay in-state or out-of-state fees.

- A “resident” is defined as a citizen of the United States or a person who holds a status that allows him or her to establish residency in the United States. Generally for purposes of establishing in-state tuition, an individual must demonstrate a combination of physical presence and intent to make State of California his or her permanent home. Prior to the term of enrollment, a student must demonstrate proof that he or she has maintained a minimum of one year and one day of physical presence in California. Dates on any documentary evidence should correspond to dates of physical presence in California.

- A “nonresident” is a person who is precluded by the Immigration and Nationality Act from establishing domicile in the United States.

- A student classified as a resident will only be required to pay the $36.00 per unit enrollment fee.

- A student classified as a nonresident is required to pay a tuition fee of $199 per semester unit, $25 capital outlay fee and a $36 per unit in-state registration fee.

- A student classified as a nonresident, with an out of status citizenship, and/or a nonresident US citizen who attended three years and graduated from a California high school is exempt from paying non-resident tuition under AB 540. An official, sealed transcript must be submitted with the exemption form.

Residency for an Adult

- The student (19 or over) has resided in California for at least one year and one day prior to the beginning of the semester, and can prove California residency. Documentary evidence should correspond to dates of physical presence in California.

- The student (under 19) has resided in California for at least one year and one day prior to the beginning of the semester, and can prove that both he or she and his or her parent(s) have lived in California continuously for the last two years.

Residence for a Minor

- An unmarried minor (under 18) must derive residency from a parent or legal guardian, as he or she is precluded from establishing their own residency.

- The student (age 18 or under) and the student’s parent have resided in California for at least one year and one day prior to the beginning of the semester, and can prove California residency.

- The student (age 18 or under) under the care and control of a legal guardian who has resided in California for at least one year and one day prior to the beginning of the semester, and can prove California residency. Students who are minors living with a legal guardian must complete a Care and Control Form, which can be obtained from the Office of Admissions & Records.

Documents for Proof of Residency

The documents are examples of proof of residency. You must provide a minimum of the following documents:

- California driver’s license;
- California identification;
- California voter registration;
- Lease or rental contract.

Please check Admissions & Records weblink at http://www.evc.edu/admissions/ for more information regarding residency classification, exceptions, a more detailed listing of proof of residency documents and examples of evidence showing intent.

Assembly Bill 540 (AB540)

AB540 allows qualified undocumented students to be exempt from paying nonresident tuition at a public community college or university in California.

Students are eligible for AB540 exemption if they meet ALL of following criteria:

- Attended a California high school for three (3) years or more;
- Graduated from high school or received an equivalent thereof, such as a GED;
- Submit an affidavit (a written promise) to the college stating that you meet all of the above criteria and that you have filed an application to adjust your immigration status or will do so as soon as you are eligible to do so.

Under AB540, students are not eligible for any State or Federal financial aid, such as: Board of Governors Fee Waiver, (BOGFW), Cal Grants, Pell Grant and/or Loans. However, there

* Forms R40 and R42 Affidavit are available in the Office of Admissions and Records; the R40 form is also available online at www.evc.edu/admissions/pdfs/R40_Form.pdf.
are a numerous private scholarships that you can qualify and be eligible to receive. For a listing of scholarships, please visit our Financial Aid weblink at: http://www.evc.edu/fao/index.htm or go to the MALDEF Scholarship Listing at: https://www.maldef.org/assets/pdf/Scholarship_List_2010_2011.pdf.

INTERNATIONAL STUDENTS

Evergreen Valley College encourages international student applicants, and admits international students from many different countries. International student applicants, current international students wishing to transfer to EVC from other U.S. colleges, or others interested in international student information, should see the Dean of Enrollment Services located in the Office of Admissions and Records.

International Student Application packets are available year-round in the Office of Admissions and Records. The spring semester application is due no later than October 15. Fall semester applications are due no later than April 15.

Applications must include:
1. International (F-1) Student Application Form.
2. Application for Admission to Evergreen Valley College.
3. $100 Application Processing Fee (non-refundable) Checks must be drawn on a U.S. bank and be made out to Evergreen Valley College.
4. TOEFL (Test of English as a Foreign Language). Minimum score based on test type: 500 paper based exam; 173 computer based exam; 61 internet based exam. Note: If applicant has completed degree applicable courses in English with a grade of “C” or better (at an accredited U.S. college/university), the TOEFL may be waived.
5. Original bank verification (signed by certifying official) with a minimum balance of $16,734 (U.S. currency) from parent/sponsor dated within 6 months of application date.
6. Letter of Financial support, or Affidavit of Support Form (notarized) from parents or sponsor.
7. Official transcripts from all prior colleges/universities.
8. Passport sized photograph.
9. TB Skin Test results. If results are positive, a chest x-ray report will be required. Exams must be dated within 6 months of application date.

International students who plan to transfer to Evergreen Valley College should contact the Office of Admissions and Records regarding additional documentation that may be required.

Incomplete applications and applications not submitted by the deadlines may not be considered.

Effective fall term 2011, California residents are charged $36 per unit. In addition to the $36 per unit registration fee paid by regular students, non-resident students and International Students are required to pay $199 per unit in tuition and a Capital Outlay fee of $25. Note: Fees shown are those in effect at the time of publishing and are subject to change without notice. Payment can be made by cash, credit card, money order or check. Students who fail to pay tuition will not be allowed to register and may be dropped from their courses, resulting in immediate notification to the USCIS.

Each international student must pay the non-resident tuition at the beginning of each term ($199 per unit as of Spring 2010), plus a $25 Capital Outlay fee, registration, and other fees which are subject to change without notice. Payment can be made by cash, credit card, money order or check. Students who fail to pay tuition will not be allowed to register and may be dropped from their courses, resulting in immediate notification to the USCIS.

Each international student is strongly urged to carry a health insurance policy. Regardless of whether or not health insurance is purchased, each international student is asked to have a tuberculin (TB) skin test prior to admittance to Evergreen Valley College.

An international student must complete 12 units each Fall and Spring semester, with an average grade of “C” or better. All 12 units must be taken at Evergreen Valley College, unless you have prior approval from the International Student Counselor or Dean of Enrollment Services.

International students must inform the International Student Office, located in the Office of Admissions and Records, whenever he/she: moves, changes name, drops below 12 units, wishes to travel outside the continental U.S., or otherwise fails to uphold the regulations dictated by law. Failure to do so may jeopardize the student’s visa status in the United States.

International students must be familiar with and adhere to Immigration regulations, and EVC student contract and enrollment requirements.

TRANSCRIPTS FROM OTHER COLLEGES

Academic work from another college may be used to verify prerequisites, or to meet graduation requirements. Unofficial transcripts may be used when meeting with a counselor to verify or clear prerequisites; however, official transcripts are required when using this academic work for graduation.

Students may meet with a counselor and submit transcripts from other accredited colleges for prerequisite verification and/or to establish reading and writing levels prior to registration. Transfer students should submit official transcripts to the Office of Admissions and Records where applicable. Unofficial copies of transcripts or grade reports may be used for counseling purposes.

Official transcripts from all colleges attended are required of students who have applied for graduation and are candidates for the A.A. or A.S. degree. Failure to provide the transcripts will result in degree denial.

Prior high school and college transcripts must be sent directly to the Office of Admissions and Records. Transcripts may be hand-delivered, but the seal must be unbroken. Official transcripts become the property of the college, and will not be returned to or copied for the student.

All students applying for Veterans Benefits and to the Nursing Program are required to file official transcripts from all previous colleges with the Office of Admissions and Records when applying to EVC.
**ADVANCED PLACEMENT PROGRAM**

**COLLEGE CREDIT FOR ADVANCED PLACEMENT (AP) TESTS**

College credit will be granted to students who provide the college with official test results showing at least a minimum passing score. Evergreen Valley College will grant college credit toward an AA/AS degree to students who earn scores of 3, 4, or 5 on advanced placement examinations given by the College Examination Board (CEEB). To receive credit, students must send an official copy of the AP results to the Evergreen Valley College Admissions and Records Office for evaluation. To use AP results for completion of GE areas for transfer using either CSU GE or IGETC patterns, students must request a GE Certification from Evergreen Valley College upon transfer. To determine how AP credits will be used at the four-year school for major preparation, please consult the catalog of the transfer school or see an Evergreen Valley College counselor. Duplicate credit will not be granted to students who have AP scores and take the equivalent college course at Evergreen Valley College. Course credit and units granted at Evergreen Valley College may differ from course credit and units granted by a transfer institution.

**CSU GE:** The Advanced Placement examinations may be incorporated into the certification of CSU General Education-Breath requirements by any certifying institution. All CSU campuses will accept the minimum units shown and apply them toward fulfillment of the designated General Education-Breath area if the examination is included as part of a full or subject-area certification. Please note that individual CSU campuses may choose to grant more units than those specified toward completion of General Education-Breath requirements.

**IGETC:** AP exams must be used in area indicated regardless of where the certifying CCC’s discipline is located.
TRANSFER CREDIT

Students may request that units earned at other regionally accredited collegiate institutions be reflected on their EVC transcript. To receive such credit, the student must have official transcripts of the prior work sent directly to the Office of Admissions and Records. Transcripts may also be hand-delivered if the seal remains unbroken. Upon evaluation, acceptable transfer units of credit will be posted separately in the upper section of the student’s permanent academic record. Evergreen Valley College follows the guidelines in the Transfer Credit Practices published by the American Association of Collegiate Registrars and Admissions Officers (ACCRAO) to determine which institutions have been granted regional accreditation.

Courses completed at other colleges, which have been granted regional accreditation by ACCRAO, may be evaluated as meeting requirements for graduation and/or general education with petition to the Office of Admissions and Records. Counselors are available to assist the student in this process.

Transcripts from former institutions that are on file in the Office of Admissions and Records are destroyed three years after the student’s last semester of enrollment at Evergreen Valley College.

CREDIT FOR MILITARY SERVICE

Students who have completed a minimum of 185 days of active duty in the United States Armed Forces may receive two units of credit for Physical Education, two units for Health Education, and two units for Military Service after submitting a copy of their Discharge (DD214). Additional units, for certain military technical schools, may be granted upon evaluation of the student’s American Council on Education Registry Transcript.

Veterans receiving VA benefits must file the DD-214 with the Office of Veterans Affairs and complete an application for benefits prior to certification. Credit granted for military schools is based upon recommendation of the American Council on Education.

For more information please contact the Veterans Coordinator in the Office of Admissions and Records, or by calling (408)270-6430, or visit the website at http://www.evc.edu/admissions/va.htm.

CREDIT BY EXAMINATION

Departmental Credit by Exam

Students may earn college Credit by Examination under specified conditions, however not all courses can be challenged using Credit by Examination. Students may not earn more than 12 units of Credit by Examination, and must have earned a total of 12 EVC units prior to applying for Credit by Exam. Students must be registered at Evergreen Valley College at the time they apply and take the examination. The appropriate instructional dean must approve an application for credit by examination. The $36 per unit registration fee will be charged for credit by exam. Credit by Exam is available only to registered students in good standing and only for courses listed in the EVC Catalog.

Non-collegiate Courses

Upon presentation of certificates from non-collegiate agencies, credit may be granted. Credit will be granted according to the recommendation approved or listed in the Instructional Guide for Non-Credit Courses published by the American Council of Education.

OPEN ENROLLMENT & REGISTRATION PRIORITIES

All courses (except those exempted by statute or regulation) shall be fully open to enrollment and participation by any person who has been admitted to the college(s) and who meets prerequisites established in accordance with state regulations.

Students will be assigned registration priority in accordance with Title V and a board-approved system based on units earned at Evergreen Valley College. The first three weeks of any registration cycle are dedicated to continuing students. New, returning, and transfer students will be given registration dates following the first three weeks of continuing student registration or when they apply. High school and students in middle school may register one week after new and returning students. Please see the online academic calendar at www.evc.edu for specific dates.

CLASSIFICATION OF STUDENTS

- New Student - A student who has never enrolled at any college. High school students are always considered “new students.”
- Continuing Student - A student who was enrolled at Evergreen Valley College the preceding semester.
- Former (Returning) Student - A student who has previously attended Evergreen Valley College but not during the preceding semester.
- New Transfer Student - A student who has attended a college other than Evergreen Valley College.
- International Student - A student from any country other than the United States who has applied to Evergreen Valley College and has been accepted into the International Student Program. All NEW international students are required to contact the International Student Representative in the Admissions & Records office prior to registration (408) 270-6423.
- Nonresident Student - A student who has not met California residency requirements and must pay nonresident tuition unless he/she meets AB 540 requirements.

STUDENT STATUS (FULL-TIME/PART-TIME)

Fall and Spring Semesters:
- Full-time student: registered for 12 or more units
- Half-time student: registered for 6-11 units
- Part-time student: registered for less than 5.5 units
CHAPTER 2: ADMISSIONS/REGISTRATION/FEES/FINANCIAL AID

Summer Session:
Full-time student: registered for 4 or more units
Half-time student: registered for 2-3 units
Part-time student: registered for less than 4 units

MINIMUM UNIT REQUIREMENTS

To maintain eligibility in the following programs, a student must carry minimum units as noted below. (There are no minimum unit requirements for EVC college enrollment; the list below relates to benefits or special eligibility):

1. International Students: 12 units per semester.
2. Social Security, California State Disability, and PL 674: Check with respective benefits offices for requirements.
3. Veteran’s Dependents and PL “34: See Veterans Coordinator in Admissions and Records, call (408) 270-6430 for specific requirements.
4. Students in special programs such as EOP&S, FasTrack, Financial Aid, etc.

MAXIMUM UNIT LOAD

Regular students are restricted each semester to a maximum load of 18 units during a regular semester or 7 units during a summer or January intersession session.

Students who wish to take more than the maximum load in any term must petition and obtain approval from a counselor. Students need to bring the completed and signed excess units petition to Admissions & Records in order to register for additional courses.

Concurrently enrolled high school students are restricted to 11 units maximum, but are strongly recommended to enroll in no more than one or two courses at any given time. If you choose to enroll in 12 or more units, you will be responsible for paying full fees as a regular student.

REPEATING COURSES

Students may repeat any course in which they receive a grade of D or F twice. Under certain extenuating circumstances a student may repeat a course for a third time with approval of the Vice President of Student Affairs. Courses in which students received a final grade of “C” or better may not be repeated unless it is specifically designated.

Students may repeat courses that are designated “repeatable.” Repeatable courses may include the following:

- If a course is legally mandated training requirement as a condition of continued of paid or volunteer employment a student may take this course any number of times (Per Title 5 section 58161)
- If a student is enrolled in credit special class offered by the Disabilities Support Program
- If a significant lapse of time (3 years) has passed

PLEASE NOTE: (Title 5, section 55041: If the activity course involves the same primary activity or different levels of the same educational activity, combined enrollment across these similar courses is limited to four times. Students are permitted to repeat an activity course a maximum of three times. Activity courses include physical education courses or visual or performing arts courses in music, fine arts, theater, and dance)

ADDDING CLASSES

BEFORE CLASSES BEGIN
Students may change their class schedule via MyWeb, or in person at Admissions and Records, prior to the start of the semester if:

- The regular semester has not started.
- The class has seats available.
- And the class has no waiting list.

AFTER CLASSES BEGIN
Students may petition a class during the first two weeks of the semester. To petition a class you must:

- Go to the class as soon as possible.
- Ask the instructor if you can add the class.
- Obtain add code sticker from instructor.
- Process add code by going online to https://myweb.sjc.edu.
- Verify your class was added by going online to https://myweb.sjc.edu
- If you experience problems with your add code, bring it to Admission and Records Office immediately for processing.

* No late adds for semester classes will be accepted after the second week of the semester. If extenuating circumstances exists, students are encouraged to obtain a LATE ADD PETITION from the Office of Admissions and Records.

You have until 11:00 PM on September 18, 2011 to add a regular 16 week course by web using the Add Code; after that, the authorization code is no longer valid.

Students cannot be added to a course if:

- They do not meet the prerequisite
- They have already completed the course, unless it is repeatable
- They have a time conflict. For more information see Class Conflicts under Attendance
- They do not have a current application on file
- They have a hold for academic standing or fees owed
- They do not have high school approval (R-40)
- They are already enrolled in 18 units
- September 18, 2011 - 11:00 PM has elapsed for regular 16 week courses only

What if I have trouble registering?
If you’re having trouble registering for one of the reasons above, contact the Office of Admissions and Records at 408.270.6441. If you are having problem accessing MyWeb, or are having problems with your password, contact MyWeb Technical Support Center at 408-270-6411.
DROPPING CLASSES

Students are responsible for dropping their classes; classes are not dropped automatically for non-attendance. A student may drop a class by using MyWeb.sjecccd.edu, or in-person at the Office of Admissions and Records. The following rules apply to dropping a class:

1. No “W” (Withdrawal) symbol or record of the course will occur on the student’s permanent record if the student drops by September 29, 2011.
2. A “W” (Withdrawal) symbol will be assigned if the student drops the course after September 29, 2011, but before November 19, 2010 of the regular semester.
3. Students must receive an evaluative grade (A-F; P/NP) if they do not drop by the deadlines above.
4. Students may be granted a “W” (Withdrawal) symbol after November 29, 2011 of the term only for extenuating circumstances. “Extenuating circumstances” are defined as verifiable cases of accidents, illness, or other circumstances beyond the students’ control.
5. Students are responsible for all associated fees for classes they do not officially drop.

NOTE: Instructors may drop students for attendance related reasons. See information on attendance in Chapter 6.

GRADES

Grades are issued by instructors at the end of each semester for each class. All grades are final and will not be changed unless any of the following can be demonstrated: mistake, fraud, bad faith, or incompetence. Grades cannot be changed on a basis of student completing course work after the assignment of the final grade. If a student believes that an error has been made in recording a grade, the student must request a grade change with their instructor within one year of the semester the grade was recorded.

GRADE CHALLENGE

Students who believe a grade was assigned incorrectly should first attempt to resolve the matter with the instructor. If unsuccessful, they should contact the Division Dean; and, finally submit a petition to the Vice President of Academic Affairs.

MATRICULATION

Matriculation Rights And Responsibilities

Evergreen Valley College is a partner in every student’s educational pursuit. When students succeed, we succeed. One of our main objectives in this partnership is to adhere to all the rules and regulations regarding course work, as well as to all the special services that can help students succeed in their classes. To meet these objectives, we provide an array of campus services. EVC encourages all students to take advantage of our services.

Matriculation Aims for Student Success

The primary goal of matriculation is to ensure student success. To accomplish this goal, counselors and students work together to generate a Student Educational Plan and to define the various processes and activities that will lead to academic success. Academic and student services across campus provide additional materials and resources to help students reach their academic goals. The matriculation partnership includes responsibilities for both the college and the student.

College Responsibilities:

- Provide an enrollment service that will enable the college to collect required information on students.
- Provide student assessments and employ multiple measures to determine student’s academic readiness in English, Reading, Math, and ESL (English as a second language).
- Provide student orientation to familiarize students with college programs, services, facilities, academic expectations, and college policies and procedures.
- Provide counseling services to assist students in course selection, development of an individual student educational plan, and use of campus support programs and services.
- Provide additional advisement and counseling to assist students who have not declared an educational goal, are enrolled in basic skills courses, are on academic probation/dismissal, or require academic follow-up.
- Establish a process to monitor a student’s progress and provide necessary assistance toward meeting educational goals.
- Assist students with (or direct them to) written district procedures for challenging matriculation regulatory provisions.

Student Responsibilities:

- Submit official transcripts from high schools and colleges previously attended.
- Read the college catalog, schedule of classes, and other materials which detail college policies and procedures.
- Indicate an educational goal upon admission.
- Declare a specific major or educational goal after completing 15 units.
- Participate in Assessment, Orientation, Counseling/Advisement services and other follow-up support services deemed necessary by the college in order for students to achieve their stated educational goals.
- Attend all classes and complete all course assignments.
- Complete courses and maintain progress toward stated educational goals.

Matriculation Exemption Policy

The San José/Evergreen Valley Community College District encourages all students to fully participate in each college’s matriculation program. A student may be exempt from the
Assessment, Orientation, and/or Counseling/Advisement component of matriculation if one or more of the following exemption criteria are met.

New students may be exempted from the Assessment component of matriculation if they:

- Enroll in open curriculum classes only.
- Enroll in non-AA applicable courses other than pre-collegiate basic skills.
- Enroll in apprenticeship courses only.
- Possess an Associate, Baccalaureate, or other college degrees.

Previous reading, writing, and math coursework successfully completed (with a C grade or better) may be used for placement purposes in lieu of the corresponding assessment test(s).

New students may be exempted from the Orientation, and/or the Counseling components of matriculation if they:

- Are enrolling in apprenticeship or short-term courses.
- Have previously earned a college degree.

All students are included in the follow-up component.

Assessment
EVC offers an assessment process to help students determine the best starting point in English and Mathematics based on their past academic experience and abilities. The campus is committed to using multiple measures in all aspects of evaluation. Additional assessments are available to students for whom English is not their native language, so appropriate courses in reading, writing, listening and speaking, may be taken.

Student assessments are available throughout the academic year. Other assessments such as career assessments are available in the Career Center. Students returning to college following a long absence from education and unsure of their level for testing may see a counselor for a Math Assessment “practic packet” to help determine the level of testing. Sample questions are also available online at http://www.evc.edu/admissions/assessment.

Questions regarding assessment should be directed to the Assessment Center at (408) 274-7900 ext. 6636 or the Counseling Office at (408) 270-6475.

Orientation
Orientation provides general information regarding EVC’s services and programs as well as each student’s rights and responsibilities. Students learn the importance of transfer and degree requirements, vocational programs, and student services.

Other topics include:
- Assessment placement advice.
- Academic expectations.
- EVC’s facilities and resources.
- Student complaint procedures.
- Achieving academic success.

- District policies such as: Sexual Harassment, ADA, Discrimination, Non-Smoking, etc.

Early Alert
About three weeks into each semester, students registered for course work who may be having academic difficulty are notified that they should meet with their instructor and/or seek additional assistance. Faculty prepares the notifications based on classroom performance. The intention for the “Early Alert” is to help students realize that intervention is needed to achieve academic success. Early Alert refers students to available support services on campus.

STUDENT FEES

Enrollment Fees
All regular students are required to pay enrollment fees at the time of in-person registration. Registration fees made online or by phone are due by published deadlines or students might be dropped. Courses added after the first day of classes must be paid in full or dropped before the Census (typically the second Friday of the semester).

Effective fall term 2011, California residents are charged $36 per unit. The California Legislature may revise enrollment fees at any time, and retroactively charge students already enrolled.

High school students attending classes part-time in the SJCEC will not be charged enrollment fees, but other fees may be required, such as parking, books, and materials. High school students attending full-time will be charged all fees per California state requirements.

Fee Waivers
Students may be eligible for a Board of Governor’s Fee Waiver—BOGW. Please see the BOGFW information in the Financial Aid section of this catalog.

Applications for the fee waiver are available in the Office of Financial Aid, or online at http://www.evc.edu/fao/forms.htm

Parking Permits and Fees
Semester Parking Permits are $40 automobile / $14 motorcycle and are available for purchase online at https://MyWeb.sjcecd.edu. There are no refunds for parking permit purchases. If you are a Financial Aid student receiving a Board of Governors Fee Waiver (BOGFW), your parking discount will be automatically applied online. Every online purchase of a permit will include a temporary permit that can be printed and used immediately. Daily permits are $2 cash and are available from vending machines located in Student Parking Lots. Paid parking is enforced Monday through Saturday; parking without a permit or parking along Yerba Buena or San Felice Roads may result in a parking ticket fine. Permits and daily parking tickets are good at both EVC and SJCC campuses. A parking permit does not guarantee a parking space, but merely gives the student the convenience of not buying daily permits.
Students who receive a Board of Governors Fee Waiver (BOGFW) will only be required to pay $20 per term.

**Student Health Services Fees**

The District provides a Health Clinic to assist students (see Student Health Services for list of services provided and location).

The Health Services fee is $17 per semester, payable at the time of registration. The fee is non-refundable unless the student withdraws from all classes prior to the end of the 10th class day of the term, or the District cancels all of the student’s classes.

Mandatory Health Fee with the Following Exceptions:

- Concurrently enrolled high school students with an approved R-40 and R-42 form on file
- Indentured apprentices fulfilling related instruction requirements (with proper documentation required)
- Students who are dependent exclusively upon prayer for healing, in accordance with teachings of a bonafide religious sect, denomination, or organization (proper documentation required)
- Students enrolled only for classes meeting off-campus
- Students taking Friday evening, Saturday, or Sunday classes only
- Students taking only short-term classes which meet on campus seven times or less
- Waiver or refund of the AS Activity Fee or the Health Fee may be requested in the Office of Admissions & Records. These requests should be made during the beginning of each semester.

Note: Fees are subject to change by the Legislature. Effective Spring 2009 the BOGFW will no longer cover the health fee.

**Associated Students (AS) Fee**

Funds collected from this $5 fee (optional/refundable) are used to support various educational, academic, cultural, athletic, social, recreational, and community activities including scholarships for students. Stickers are issued at the time of registration through Admissions and Records.

**Student Representation Fee**

The Student Representation Fee is a $1 nonrefundable fee collected at registration. This fee was approved by popular student vote. The fee ensures EVC students representation of every form of government. Concurrently enrolled high school students with an approved R-40 on file are exempt from paying this fee.

**Material Fees**

Many classes require a material fee. The rates vary by class. Please check individual course offerings for the amount required. Nursing courses are assigned substantial material fees. These fees must be paid prior to the beginning of the term in which the material will be provided.

**Non-Resident/International Student Tuition**

In addition to the $36 per unit registration fee paid by regular students, non-resident students and International Students are required to pay $199 per unit in tuition and a Capital Outlay fee of $25. Students in this classification are required to pay by cash, check, credit card or money order at the time of registration.

**Miscellaneous Fees**

- **Verification of Enrollment**
  
  Upon written request to the Office of Admissions and Records, a student will receive an official verification of enrollment for courses taken at Evergreen Valley College only. Each official Verification of Enrollment at the college will be assessed a $4 fee.

  Third-party agencies must request verifications through the National Student Clearinghouse at: www.studentclearinghouse.org.

- **General Education Certification**

  Upon written request, the Office of Admissions and Records will conduct a General Education Certification for a fee of $5.

- **Transcripts**

  Upon written request to the Office of Admissions and Records, students are provided with the first two copies of their official transcripts free of charge; thereafter, a fee of $4 per copy applies. Emergency transcripts are available at $10 per copy.

  The college does not re-issue or certify copies of transcripts from other institutions for distribution. Transcripts must be ordered directly from the institution where the work was completed.

- **Student ID Card Replacement Fee**

  Student Identification Cards are issued free at the time of registration in the Admissions and Records Office. The ID cards are used to access the College Library, Health Center, and other services. The ASB sticker is also placed on the ID card for access to special AS Services and discounts. Replacement photo ID cards cost $7 (non-refundable).

  If the student has registered online, and all fees have been paid, the Student ID may be picked up at Admissions and Records.

- **Student’s Schedule**

  Students may access their schedules online at MyWeb. sjeccd.edu free of charge.

**Payment Methods And Deadlines**

- **Payment When Registering**

  A person may pay in person or online. When registering in person fees will be due upon registration. Payments may be made by cash, check, traveler’s check, money order, or Visa/Master Card. Credit card payments may be made online at MyWeb.sjeccd.edu

  (A $10 processing fee is charged for each returned check.)
CHAPTER 2: ADMISSIONS/REGISTRATION/FEES/FINANCIAL AID

• Payment Deadlines
  Students are responsible for paying all fees by the published deadlines, and may be dropped for non-payment prior to the first day of the term. Note: If students are dropped for non-payment, they will be notified by letter from the college. Simply not showing up or not continuing to attend may result in an “F,” and Financial Aid Students may need to pay back some of the financial aid monies received.

• Payment When Adding Classes
  When adding courses after the term begins, students will be held responsible for fees, even if they do not attend the classes for which they enroll. (Please also refer to guidelines for dropping classes to avoid fee penalties.)

• Fines And Holds
  Library/Media: Students with overdue library materials will be charged a fine for the late return of materials. Until overdue materials are returned or their replacement cost paid, a hold will be placed on the student’s record and no access to registration or records will be available.

Failure To Clear Financial Obligations
A student is responsible for paying all financial obligations at the College. The College and the District will deny further services to a student who does not pay their fees by published deadlines.

Students with a “fee hold” cannot register for subsequent semesters, request a copy of transcripts or transfer I-20 records.

OFFICIAL WITHDRAWAL FROM COLLEGE

Withdrawal - New Proposed Changes to Title V Section 55024
Section 55024 authorizes districts to establish policies on withdrawal and describes requirements on limiting the number of times a student could withdraw, receive a “W,” and re-enroll in a course to no more than four “Ws” as a result of withdrawal from the same credit course. Districts are allowed to adopt more restrictive policies or to adopt policies permitting additional withdrawals based on a petition from the student demonstrating that the need for withdrawal is due to extenuating circumstances. Although the San Jose Evergreen Community College District has not officially adopted the regulation as a formal board policy, it is likely to become effective in Spring 2011. This notation is being made as an information item only.

Withdrawal from All Classes
A student leaving the college is responsible for paying all college related debts. Students with balances due will not be able to enroll, receive transcripts, or receive other services until all debts have been paid.

Students on Financial Aid who wish to withdraw from all classes must submit a Complete Withdrawal Form and complete an exit interview with the Financial Aid Director. See Return of Title IV Aid Policy section on page 16.

Military Withdrawal
Military withdrawal occurs when a student who is a member of the U.S. Military, receives orders necessitating a withdrawal from classes. Upon verification of such orders, the withdrawal symbol of “MW” shall be assigned. Military withdrawals shall not be counted in “satisfactory academic progress probation and dismissal calculations.” Further, the following courtesies are available to the student:

• Instead of a MW symbol, a student may directly petition the faculty member for an incomplete (I) grade. If granted, the student will receive an IMW. This grade will default to MW as opposed to the standard letter grades if the student fails to complete the class.
• In the case of a student who is an active or inactive member of the military services and who receives orders compelling a withdrawal from courses, the District will, upon petition of the affected student, refund the entire enrollment fee for courses in which academic credit is not awarded.

Unofficial Withdrawal - FW Grade – New Proposed Changes for 2011-12 academic year

UNOFFICIAL WITHDRAWAL - “FW” ACADEMIC GRADING SYMBOL

It is the responsibility of each student to register for and drop a course if necessary. Faculty can support students by notifying them of add and drop deadlines. If, however, a student stops coming to class after the last day to officially withdraw, Faculty may assign the “FW” academic grading symbol. The formal “FW” definition is noted below:

The “FW” grade is an indication that a student has ceased participating in a course after the last day to officially withdraw from the course without having achieved a final passing grade, AND that the student has not received authorization to withdraw from the course under extenuating circumstances (late withdrawal). The “FW” symbol may not be used if a student has qualified for and been granted military withdrawal “MW”. If an “FW” is used, its grade point value equals zero (0), and it will be calculated into the GPA in the same manner as an “F” grade. If applicable, the Financial Aid Office will apply the Return to Title IV funds formula.

REFUNDS: ENROLLMENT FEES, NON-RESIDENT AND FOREIGN STUDENT TUITION, HEALTH FEES

The college does not issue refunds automatically.

• Students must file written refund requests with the Office of Admissions and Records generally by the Friday of the second week of the semester. (See the Schedule of Classes for specific dates, including short-term courses and Summer/Intersession deadlines).
• The District does not carry credit balances over semesters; students who do not apply for refunds forfeit any credit balances they may have.
• Students who have paid for their courses, and then apply for and receive a fee waiver, have until the last Friday of the first month of the semester to request a refund.
• Refunds for canceled classes will be honored only if requested during the term in which the classes were canceled.

No refunds of any type will be granted until all other financial obligations to the District have been satisfied. Refund requests normally take four to six weeks after the deadline to process, and are mailed directly to the student.

There is a $10 processing fee for all registration-associated refund requests (California Administrative Code 56508). Refunds will be made in full for the qualifying amount, minus the processing fee. Processing fees related to refund requests are limited to enrollment fees only. Students may choose to donate refunds to the District Foundation for student scholarships or College support. Such donations are tax deductible.

For information on textbook refunds, please refer to the CAMPUS STORE section of the College Schedule of Classes for refund policies on textbooks.

FINANCIAL AID PROGRAMS

General Information

Financial Aid at Evergreen Valley College is available from both Federal and State sources and in the following forms:

• Grants (financial aid funds that do not have to be paid back).
• Loans (borrowed funds that have to be paid back with interest).
• Job Opportunities (funds earned through work to help pay for college costs).

Each funding source and program has its own set of eligibility criteria and regulations. The following programs are available to qualified students.

Federal Student Financial Assistance Programs

• Federal Pell Grant:
  Pell Grants provide financial assistance to eligible part-time and full-time students and are based on a student’s enrollment and Expected Family Contribution (EFC).
• Federal Supplemental Education Opportunity Grant (FSEOG):
  The Federal Supplemental Educational Opportunity Grant is a limited grant fund for Pell-eligible students with the lowest EFC who meet the priority filing deadlines and are enrolled at least half-time.
• Federal Direct Loans:
  The Direct Loan program is designed to assist students with educational expenses while attending at least half-time in an eligible program of study. Direct loans are processed and serviced by the federal government.
• Federal Work-Study:
  Federal Work-Study is a program that provides jobs for students who demonstrate financial need and are enrolled at least half-time in an eligible program. Eligible students are placed into work-study jobs usually, on campus.

• Student Support Services Grant (FasTrack):
  See FasTrack section of this catalog.

State Of California Financial Assistance Programs

• Cal Grant:
  Cal Grants are state funded, need-based, cash grants given to California college students to help pay for college.
  • Cal Grant B:
    Cal Grant B is for students who are from disadvantaged or low-income families who otherwise would not be able to pursue higher education. This grant may be used at a community college or a university for up to four years.
  • Cal Grant C:
    Cal Grant C helps vocationally oriented students who do not plan to transfer to a university. Training must lead to a recognized occupational goal: diploma, associate degree or certificate. Cal Grant financial criteria must be met.

• Extended Opportunity Programs and Services (EOP&S).
  Grants, Work-Study, and CARE. See the EOP&S section of this catalog.
• Chafee Grant - provides educational funding for current and former foster youth.
• Board of Governors Fee Waiver – (See below for more information).

Eligibility Requirements For Federal And State Financial Aid

Students seeking Financial Aid should:

• Have a high school diploma or equivalent, GED, pass the Ability to Benefit (ATB) test or have completed 6 degree applicable units.
• Be enrolled in an eligible program.
• Be a U.S. citizen or eligible non-citizen.
• Demonstrate financial need.
• Register with Selective Service (males only).
• Have a valid Social Security Number.
• Not owe a repayment of a federal grant.
• Not be in default on a federal educational loan.
• Maintain satisfactory academic progress. To meet this requirement students should:
  • Maintain a minimum 2.0 GPA.
  • Not exceed 150% of the program length (for example, completing more than 90 units for a degree that requires 60 units for completion).
  • Complete a minimum number of units each term based on enrollment status. Full-time students (12+ units) must complete 10 units, 3/4-time students (9-11.5 units) must complete 7.5 units, and half-time students must complete 5 units.
• Submit all requested forms to Financial Aid Office.

</tr>
</tbody>
</table>

* Pro-rated for programs shorter or longer than the 9-month academic calendar.

** Fees include Enrollment fee @ $36/unit, Health fee, and Student Representation fee.

Other factors that could affect an expense budget:
- Non-resident fee.
- Dependent care (must be documented).
- Actual out-of-pocket disability-related expenses (allowable on a case-by-case basis).
- Maintenance and personal/miscellaneous expenses are excluded from the cost of attendance in the case of a Federal Pell Grant for a less than half-time student.

Board of Governors Fee Waiver (BOGFW)

The BOGFW was designed to assist students in paying for their enrollment fees. This program is financial assistance that does not need to be repaid. You may be eligible for a fee waiver even if you are not eligible for other financial aid. The application is simple to complete. Regardless of the number of units, the enrollment fee may be waived. Applicants need to apply only once to have fees waived for the academic year, beginning in summer session. Recipients only have to pay $20 for parking per semester.

Eligibility

If you are a California resident, there are three ways to qualify for financial aid:

- **Method A** (Requires verification documents):
  For families who are receiving TANF/Cal WORKS, SSI/SSP, or General Assistance, please complete the BOGFW application.

- **Method B** – Qualification subject to meeting the income criteria (see chart below):
  Dependent students need to report only parents’ income. Income includes adjusted gross income (as reported on a federal tax return), wages not reported on a tax return, all untaxed income, cash received, or any money paid on your behalf. Please complete the BOGFW application.

- **Method C** – Complete the FAFSA:
  The Financial Aid Office will determine your unmet need after a valid EFC has been established. A BOGFW will be issued to anyone with at least $1 of unmet need. Please complete the FAFSA form to apply.

Special Classifications (You must file the BOGFW application)

- You have certification from the California Department of Veterans Affairs or the California National Guard Adjutant General that you are eligible for a dependent's fee waiver.
- You are eligible as a recipient of the Congressional Medal of Honor or as a child of a recipient, or as a dependent of a victim of the September 11, 2001 terrorist attack.

- You are eligible as a dependent of a deceased law enforcement/fire suppression personnel killed in the line of duty.

The Financial Aid Office at Evergreen Valley College welcomes all students who are interested in applying for financial aid. For applications and detailed information please visit the Financial Aid Office (SSC 123), or our website at www.evc.edu/fao. You may also contact the office by phone at (408) 270-6460, or by email: evcfa@evc.edu.

RETURN TO TITLE IV AID POLICY

Students who receive Federal Student Aid and who withdraw from all classes before the 61% point of the semester may be responsible for returning grant and/or loan funds received through Federal Student Aid Programs. These students are subject to the “Return to Title IV Aid Policy” as prescribed by the U.S. Congress. This policy mandates a calculation to determine whether the student earned the funds received and whether the institution earned the enrollment fees assessed to the student, based on the withdrawal date. Both the student and the institution are responsible for returning a portion of the federal funds disbursed. The student must repay all unearned Federal Funds. Students who receive all F, FW, and/or NP grades will be considered an unofficial withdrawal at the 50% point of the semester. Some students who withdraw from all classes may be eligible for a post withdrawal disbursement depending on the amount of funds received.

For more information, contact the Office of Financial Aid at (408) 270-6460.
CHAPTER 3: GRADUATION/TRANSFER/GENERAL EDUCATION

Evergreen Valley College is authorized by the Board of Governors of the California Community Colleges to grant the Associate in Arts (A.A.), Associate in Science (A.S.), Associate in Arts for Transfer (AA-T) and Associate in Science for Transfer (AS-T) degrees. Upon recommendation by the faculty of Evergreen Valley College, the Board of Trustees of the San José Evergreen Community College District will grant the Associate in Arts (A.A.), Associate in Science (A.S.), Associate in Arts for Transfer (AA-T) or Associate in Science for Transfer (AS-T) degrees to those students who complete all requirements for graduation.

ASSOCIATE DEGREE

The Associate in Arts (AA) and Associate in Science (AS) Degrees are offered to meet the needs of three groups of students:

1. Students who seek general knowledge.
2. Students wanting to prepare for employment after the equivalent of two years of college training.
3. Students who plan to transfer to a four-year institution and earn a baccalaureate degree (BA or BS).

Within each AA and AS degree, there is a required general education component (see pages 19 and 20). General Education courses are grouped into several broad areas and are designed to cultivate intellect and imagination and to broaden awareness of the relationship and interdependence of ideas and disciplines, while requiring additional courses to provide the necessary foundation for specialized fields of study related to a chosen degree.

A student may qualify for and be awarded an unlimited number of degrees but will be awarded only one degree per semester. However, only one Associate in Arts General Studies major degree will be awarded to any student. When applying for the Associate in Arts or Associate in Science degree, students may meet the graduation requirements in any Evergreen Valley College catalog under which they are enrolled at Evergreen Valley College, provided that the catalog is not more than seven years old. Written appeal of the seven-year rule may be made at the Office of Admissions and Records. Students who do not wish to pursue a degree objective may select any courses that are of interest to them and for which they are qualified.

CERTIFICATES

Certificates will be awarded to qualified students in designated occupational programs. The College will specify the standards to be met and the courses required for each certificate. Students may submit requests for certificates during the first six weeks of the last semester in the prescribed sequence of courses. Requests should be presented to the Office of Admissions and Records.

Evergreen Valley College offers three types of certificates.

- Certificate of Achievement (12 units or more).
- Certificate of Specialization (0.5–11.5 units).
- Certificates of Course Completion may be issued to students upon completion of a course with a grade of “C” or above.

Grades earned in nondegree applicable courses do not count in their GPA used in relationship to an A.A. or A.S. degree.
CHAPTER 3: GRADUATION/TRANSFER/GENERAL EDUCATION

GRADUATION REQUIREMENTS FOR A.A. AND A.S. DEGREES

To be awarded the Associate Degree from San José City College or Evergreen Valley College, all students, regardless of intent to transfer or not, shall complete a minimum of 60 units of instruction with an average grade of at least “C” (2.0 grade point average) in all units attempted in a curriculum which the college accepts toward a degree, and complete the following minimum requirements:

1. A major consisting of a minimum of 18 semester units in a specialized or related field of study. The major may be in a special field or a general studies area.

2. A general education pattern that shall include:

“List” means that the college will publish a list of courses approved by the colleges’ curriculum committees for a particular area or degree.

List:  
A. Written Communication List – English 1A  
B. Area D. Social Science List –  
  History 17A and History 17B OR  
  History 1 and Political Science 1  

A minimum of 3 units is required in the Sciences area for the A.S. degree and 6 units for the A.A. degree. One course with laboratory activity must be included in this area. Students completing majors requiring 10 or more science units will have satisfied this requirement.

3. Cultural Pluralism/Ethnic Studies

Three units may be taken in either the Arts and Humanities area OR the Social and Behavioral Sciences area for the A.A. or the A.S. degree.

The following courses meet the Cultural Pluralism/Ethnic Studies requirement:

- ANTHROPOLOGY 090, ENGLISH 033, 060, 062, 080, 082A, 082B, ETHNIC STUDIES 010, 011, 020, 030, 035, 040, 042, HISTORY 014, 021, 022, PSYCHOLOGY 035, THEATER ARTS 025A, WOMEN’S STUDIES 010

Note: Students graduating in Spring 1998 or thereafter have the Area C option to take an Arts and a Humanities course without being required to take Humanities 001 specifically. EVC and SJCC students graduating in Spring 1999 or thereafter are able to take a cultural pluralism/ethnic studies class in either Area C or Area D for both the A.A. and the A.S. degree.

4. The Area E requirement may be met by any 3-unit course approved for use within Area E.

5. Within Requirements I and II, courses may satisfy only one graduation requirement except for Cultural Pluralism and courses required in the major, which also fulfill general education requirements.

6. Competency in reading, written expression, and mathematics to be demonstrated by satisfactory completion of the following:
   a. Reading: ENGL 001A, English Composition
   b. Written expression: ENGL 001A, English Composition
   c. Mathematics
      - A.S. Degree – MATH 013, MATH 014, OR equivalent Math Course  
        OR Intermediate Algebra competency exam
      - A.A. Degree – College-level Math course, with Math 013 as prerequisite
        If a student uses an approved or equivalent course to fulfill the competency requirement in reading, written expression, or Mathematics, a grade of “C” or better must be earned in that course.

7. Elective, major, and general education—Applicable courses to total at least 60 units.

8. Residency requirement:
   a. Prior to the fulfillment of graduation requirements, no less than 12 units must have been earned within the District and no less than 6 of these units must have been earned at the college awarding the degree.
      An exception to this policy will be granted when the colleges jointly offer a program for which only one college has been approved.
   b. A minimum of two advanced courses (no less than 6 units) must have been completed in the major at the college awarding the degree. A major department may grant an exception to this requirement when able to verify competency equivalent to this requirement.

9. Physical Activity

A minimum of 1 unit of physical activity must be taken unless the student is exempted by a doctor’s excuse or prior military credit.
GENERAL EDUCATION REQUIREMENTS – ASSOCIATE IN SCIENCE

The General Education Program encourages noteworthy progress toward becoming a truly educated person through a breadth of study in major fields of knowledge; to have gained an understanding of principles, methodologies, thought processes, and value systems employed in understanding ourselves and our world; to communicate orally and in writing; to listen and read carefully; to understand and perform quantitative functions; to think clearly and logically; to know how to locate and critically examine information; to become more knowledgeable concerning cultural endeavors and legacies of civilization; and to become more aesthetically appreciative and aware.

*Must take ASTRO-010 with ASTRO-010L to satisfy requirement

THE FOLLOWING COURSES MEET THE CULTURAL PLURALISM/ETHNIC STUDIES EVC GRADUATION REQUIREMENT:

ANTHROPOLOGY 090, ENGLISH 033, 060, 062, 080, 082A, 082B, ETHNIC STUDIES 010, 011, 020, 030, 035, 040, 042, HISTORY 014, 021, 022, PSYCHOLOGY 035, THEATER ARTS 025A, WOMEN’S STUDIES 010
The General Education Program encourages noteworthy progress toward becoming a truly educated person through a breadth of study in major fields of knowledge; to have gained an understanding of principles, methodologies, thought processes, and value systems employed in understanding ourselves and our world; to communicate orally and in writing; to listen and read carefully; to understand and perform quantitative functions; to think clearly and logically; to know how to locate and critically examine information; to become more knowledgeable concerning cultural endeavors and legacies of civilization; and to become more aesthetically appreciative and aware.

**AREA A: COMMUNICATION IN THE ENGLISH LANGUAGE AND CRITICAL THINKING**

*Minimum 9 units – One course from each area (“C” grade or better)*

- **A1: COMMUNICATION STUDIES** - COMS 010, 020, 040, 045
- **A2: WRITTEN COMMUNICATION** - ENGL 001A
- **A3: CRITICAL THINKING** - COMS 040, ENGL 001C, IDIS-060, PHIL 060

**AREA B: SCIENTIFIC INQUIRY AND QUANTITATIVE REASONING**

*Minimum 9 units – One course from area B1, B2 and B4 (at least one course with lab)*

- **B1: PHYSICAL SCIENCE** - ASTRO 010, 014, 016, CHEM 001A, 001B, 015, 030A, 030B, ENVIR 010, OCEAN-010, PHYS 001, 002A, 002B, 004A, 004B, PHYSC 012, SETS 010
- **B2: LIFE SCIENCE** - BIOL 001, 020, 021, 061, 062, 063, 064, 071, 072, 074, BOT 062, ENVIR 010
- **B3: LABORATORY ACTIVITY** - ASTRO 010L*, BIOL 001, 020, 021, 064, 071, 072, 074, CHEM 001A, 001B, 015, 030A, 030B, ENVIR 010, PHYS 001, 002A, 002B, 004A, 004B, PHYSC 012
- **B4: MATHEMATICS/QUANTITATIVE REASONING** - MATH 021, 022, 025, 052, 061, 063, 071, 072, 073, 078, 079, COMSC 072

*Astronomy 10L will be acceptable only if student has completed Astronomy 10 previously or concurrently.*

**AREA C: ARTS AND HUMANITIES**

*Minimum 9 units – at least one course from C1 and one course from C2*

- **C1: ARTS** - ARTS, CINEMA, DANCE, MUSIC, THEATER
  - ART 090, 091, 092, 093, DANCE 002, ETH 011, MUSIC 008A, 008B, 083, 090, 091, 092, 093, 095, 099, THEAT 020, 024M, 024S, 025A, 040, 045
- **C2: HUMANITIES – LITERATURE, PHILOSOPHY AND LANGUAGE OTHER THAN ENGLISH**

**AREA D: SOCIAL SCIENCES**

*Minimum 9 units – One course from at least two categories*

- **D1: ANTHROPOLOGY AND ARCHEOLOGY** - ANTH-062, 063, 090, ETH 020
- **D2: ECONOMICS** - ECON 010A, 010B, 012
- **D3: ETHNIC STUDIES** - ENGL 060, 080, 082A, 082B, ETH 010, 020, 030, 035, 040, 042, HIST 014, 021, 022
- **D4: GENDER STUDIES** - ENGL 033, HIST 014, PSYCH 035, WOMS 010
- **D5: GEOGRAPHY** - GEOG 010, 011
- **D6: HISTORY** - HIST 001, 003A, 003B, 005, 010A, 010B, 012, 014, 015, 017A, 017B, 021, 022, 040, 045
- **D7: INTERDISCIPLINARY SOCIAL AND BEHAVIORAL SCIENCE** - ENGR 001, ETH 030, 040, 042, JOURN 010, SSCI 050
- **D8: POLITICAL SCIENCE, GOVERNMENT AND LEGAL INSTITUTIONS** - IDIS 090, POLSC 001
- **D9: PSYCHOLOGY** - FCS 070, PSYCH 001, 035, 047, 060, 092, 096, 099, 100
- **D10: SOCIOLOGY AND CRIMINOLOGY** - AJ 010, 011, 014, ETH 035, SOC 010, 011

**U.S. HISTORY CONSTITUTION AND AMERICAN IDEALS** *(GRADUATION REQUIREMENT FOR CSU AND EVC)*

**OPTION 1:** HISTORY 017A AND 017B  OR  
**OPTION 2:** HISTORY 001 AND POLITICAL SCIENCE 001

**AREA E: LIFELONG LEARNING AND SELF-DEVELOPMENT**

*Minimum 3 units*

- FCS 019, 050, 070, GUIDE 080, 095, HED 011, P.E. 031, PSYCH 060, 92, 096, 100

**THE FOLLOWING COURSES MEET THE CULTURAL PLURALISM/ETHNIC STUDIES EVC GRADUATION REQUIREMENT:**

CHAPTER 3: GRADUATION/TRANSFER/GENERAL EDUCATION

REQUIREMENTS FOR THE ASSOCIATE IN ARTS FOR TRANSFER (AA-T) OR ASSOCIATE IN SCIENCE FOR TRANSFER (AS-T)

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete a minimum of 60 required semester units of CSU-transferable coursework with a minimum GPA of 2.0. Students transferring to a CSU campus that does accept the AA-T or AS-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is a designated “high-unit” major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

At the time of catalogue publication, no majors for the AA-T or AS-T have been approved. Majors are under development. For more information, please see a counselor and www.evc.edu for more information.

Requirements:

The following is required for all AA-T or AS-T degrees:

1. Minimum of 60 CSU-transferable semester units.
2. Minimum grade point average (GPA) of at least 2.0 in all CSU-transferable coursework. While a minimum of 2.0 is required for admission, some majors may require a higher GPA. Please consult with a counselor for more information.
3. Completion of a minimum of 18 semester units in an “AA-T” or “AS-T” major. All courses in the major must be completed with a grade of C or better or a “P” if the course is taken on a “pass-no pass” basis (Title 5 § 55063).
4. Certified completion of the California State University General Education-Breadth pattern (CSU GE Breadth) (see page 24 for more information); OR the Interssegmental General Education Transfer Curriculum (IGETC) pattern (see page 26 for more information).

(PENDING 7-12-11 SJECCD BOARD OF TRUSTEE APPROVAL)

GENERAL EDUCATION RECIROCITY

The San José/Evergreen Community College District has entered into a mutual agreement with nine other Community Colleges to accept the General Education of these colleges “as completed.” In addition to Evergreen Valley College, participating institutions include Chabot, De Anza, Foothill, Gavilan, Las Positas, Mission, Ohlone, San José City, and West Valley colleges.

Students who obtain a “Certification of Completion of Associate Degree General Education” at any one of the participating colleges will have both their General Education course work and graduation proficiencies accepted “as completed” at any of the participating campuses. No additional course work will be required if the certification is officially presented. Students will still be required to complete all major courses and prerequisites needed for a degree.

The process for obtaining a Certification of Completion of EVC’s General Education is the following:

1. Student works with a counselor and requests General Education Certifications from the Office of Admissions and Records.
2. Official reciprocity certification will be completed by the counselor, verified by the evaluations specialist, and mailed to the community college of transfer. Student will be given a copy of the certification.
3. If transcripts are to be used from other colleges, official copies must be on file with the Office of Admissions and Records.
4. Evergreen Valley College will honor the certification presented from the participating college only if it is transmitted in the same manner as an official transcript. Student copies will not be honored.

Please note that only community colleges listed above participate in the agreement at this time, and these agreements are subject to change. Check with a counselor by calling 408-270-6475 or visiting the counseling office at SC-250 for a counseling appointment.

CERTIFICATION OF GENERAL EDUCATION FOR STATE UNIVERSITIES AND COLLEGES

Since the Fall of 1981, all entering students or students who have not been enrolled in a college at least one semester in each academic year must satisfy the current pattern of General Education requirements to graduate from any of the campuses of the California State University System (San José State, CSU East Bay, San Francisco State, Chico State, Humboldt State, Sacramento State, Cal Poly, etc.).

Students attending the San José/Evergreen Community College District may satisfy the lower division General Education requirements by meeting the requirements shown in each area and requesting a certification of completion when transferring to a CSU campus.

CSU GENERAL EDUCATION PROGRAM

The General Education Program encourages noteworthy progress toward becoming a truly educated person through a breadth of study in major fields of knowledge; to have gained an understanding of principles, methodologies, thought
processes, and value systems employed in understanding ourselves and our world; to communicate orally and in writing; to listen and read carefully; to understand and perform quantitative functions; to think clearly and logically; to know how to locate and critically examine information; to become more knowledgeable concerning cultural endeavors and legacies of civilization; and to become more aesthetically appreciative and aware. Many college graduates have indicated, in follow-up surveys, that the General Education part of their college degree was, over the long term, the most meaningful and valuable part of their college education.

The General Education Program requires a minimum of 48 units, 39 of which may be taken in lower division (at freshman and sophomore levels); the remaining units must be taken at a campus that grants the Bachelor’s Degree.

Responsibility for fulfilling all lower division requirements varies considerably from college to college; it is essential that, early in their planning, students consult the current catalog of the institution to which they intend to transfer. Catalogs of the major universities and colleges are available for reference use in the Library, the Transfer Center, and the counselors’ offices.

CERTIFICATION LIST FOR THE CSU SYSTEM GENERAL EDUCATION REQUIREMENTS

General Education Breadth requirements are designed so that, taken with the major and electives, they will assure that graduates have made noteworthy progress toward becoming truly educated persons. Particularly, the purpose of these requirements is to ensure that graduates have:

- Knowledge of Human Cultures and the Physical and Natural World
- Intellectual and Practical Skills
- Personal and Social Responsibility
- Integrative Learning

The preceding paragraphs are an excerpt from Executive Order No. 1033, Office of the Chancellor, the California State University and Colleges, Certification of General Education Breadth Requirements by regionally accredited institutions.

This Executive Order supersedes Executive Order No. 595 and is issued pursuant to Title 5, California Code of Regulations, Sections 40402.1, 40403, 40405, 40405.1, 40405.2, 40405.4, and 40508, and Sections 1 and 2 of Chapter III of the Standing Orders of the Board of Trustees of the California State University.

The requirements, policies, and procedures adopted pursuant to this Executive Order shall apply to students enrolling in fall 2008 and subsequent terms who have not previously been enrolled continuously at a campus of the CSU or the California Community Colleges and who have not satisfied lower division general education requirements according to the provisions of Sections 40405.2 or 40405.3 of Title 5.

When a course is approved for more than one area, it may be counted toward only one of the areas. A course may count only once. Evergreen Valley College may certify a maximum of 39 units toward the total general education units required at a CSU campus. A minimum total of 48 units will be required by CSU, 9 units of which must be taken in the upper division.

Up to 6 semester units taken to meet the United States History, Constitution, and American Ideals Requirement (Title 5 of the California Code of Regulations, Section 40404) may be credited toward satisfying General Education Breadth Requirements at the option of the campus.

TRANSFER/ADMISSION TO THE CALIFORNIA STATE UNIVERSITY SYSTEM

Students who plan to meet the upper division transfer requirements to the California State University (CSU) must complete at least 60 transferable units with a cumulative 2.0 or higher grade point average (GPA) in all transferable courses and satisfy minimum admission requirements.

Lower Division Transfer

Students who were eligible for admission to a CSU as a freshman when they graduated from high school may apply for transfer admission before completing 60 transferable units. Such students must maintain a 2.0 or higher grade point average for all transferable course work completed at the community college attended and satisfy minimum admission requirements for first-time freshmen. High school eligibility is based on test scores, SAT or ACT, grade point average, and completion of specific subjects. Consulting with a counselor can help students decide on the best transfer plan.

Upper Division Transfer

Students who have completed a minimum of 60 transferable units with a 2.0 or higher grade point average in all transferable course work are eligible to transfer. The 60 transferable units must include at least 30 units of General Education and one course each from A1, A2, A3, and B4 of the General Education Pattern. Discuss your transfer goals with your counselor and ask about the Transfer Admission Agreement (TAA) and the required criteria. Careful planning with a counselor will enhance your transferability to the University as a junior and see that you meet the TAA criteria for your major. While we encourage students to arrange for a TAA if possible, an agreement is not required for transfer admission.

Major Requirements

Students are strongly encouraged to complete as many lower division major preparatory requirements as possible prior to transfer. Grade point average requirements are higher for more competitive campuses or majors. A maximum of 70 transferable semester units in a community college may be applied to the baccalaureate degree. Courses above 70 units not meeting general education or major requirements may be accepted as electives.

Individual colleges may require supplemental preparation that must be met prior to transfer. Students planning to transfer from Evergreen Valley College to a California State University should plan to take both general education and major courses of the college to which they plan to transfer. It is advisable to meet with your counselor once a semester.

Students should consult the current catalog of the institution to which they intend to transfer for specific details. Catalogs of major universities and colleges are available for reference use in the Library and the Transfer/Career Center. Information about transfer to various institutions is also available online from www.csumentor.edu and www.assist.org.
Transfer Admission Agreements (TAA)

A TAA is a written agreement that outlines the courses you must complete before transferring, the grade point average you must earn, and lists specific requirements for selective majors. Complete a Transfer Admission Agreement (TAA) and you will be given first consideration for admission to selected colleges and universities. Work with a counselor to develop a TAA and to ensure you complete required general education and major courses and meet the minimum GPA.

A TAA is written after you complete at least 30 semester units of transferable course work. Agreements are written approximately one year before you transfer, except for private colleges. TAA’s are accepted in the fall term at most four year institutions. While we encourage students to arrange for a TAA if possible, an agreement is not required for transfer admission. Consult your counselor or the Transfer Center for deadlines for TAA’s. Check with the Transfer Center at (408) 274-7900 X6620 or the EVC website for the latest list of TAA institutions.

Application filing periods: CSU’s: Fall Oct 1 – Nov 30, Winter June 1 – 30, Spring Aug 1 – 31, Summer Feb 1 – 28. UC’s: Fall Nov 1 – 30, Winter July 1 – 31, Spring Oct 1 – 31 All campuses accept students for fall admission, many do not accept for spring, winter or summer. Consult a counselor or the campus website for details about a specific campus. Apply at www.csumentor.edu for CSU’s and www.universityofcalifornia.edu for UC’s. You must complete an application along with the TAA to the institutions of your choice.

Students should plan to meet with a counselor as early as possible in order to develop an effective educational plan. All EVC Counselors can write TAA’s and communicate the transfer eligibility requirement to specific CSU’s and UC’s.

TRANSFER/ADMISSION TO THE UNIVERSITY OF CALIFORNIA – ALL CAMPUSES

Students who plan to transfer to the University of California should plan their program at Evergreen Valley College to include the required freshman and sophomore (lower division) courses of their major or college within the University. Specific details regarding breadth and major requirements of the University are outlined in the general catalog and in other publications from the University.

University of California (UC) College Catalogs and other UC publications are available for reference use in the Library, the Transfer Center, and in the Counseling Office. Students are encouraged to consult a counselor for help in using these materials to ensure that their choice of courses at the community college will fulfill both major and breadth requirements for the campus to which they plan to transfer. The requirements for admission in advanced standing vary according to the high school record. Students who have completed less than 12 quarter or semester units of transferable college credit since high school graduation must also satisfy high school subjects and the examination requirement for freshman applicants. Each applicant must present from the last accredited college or university attended a statement of good standing and an academic record with a grade point average of 2.4 or above on courses transferable to UC.

Students who have attended any college, other than a summer session following immediately after graduation, are considered by the University of California to be advanced standing applicants, and must meet one of the following conditions:

1. If you were eligible for admission to the University as a freshman, you may be admitted in advanced standing if you have established an overall grade point average of 2.0 or better in transferable college work.
2. If you were not eligible for admission as a freshman only because you had not studied one or more of the required high school subjects, you may be admitted after you have:
   a. Established an overall grade-point average of 2.0 or better in another college or university.
   b. Completed, with a grade of C or better, appropriate college courses in the high school subjects that you lacked.
   c. Completed 12 or more quarter or semester units of transferable college credit since high school graduation or successfully passed the CEEB tests required of freshman applicants.
3. If you were not eligible for admission as a freshman because of low scholarship or a combination of low scholarship and a lack of required subjects, you may be admitted after you have:
   a. Established an overall grade point average of 2.4 or better in another college or university in courses transferable to the University.
   b. Completed, with a grade of C or better, appropriate college courses in high school subjects that you lacked. Up to 2 units (a unit is equal to a year's course) of credit may be waived for University admission.
   c. Completed 60 semester units of college credit in courses accepted by the University for transfer.
## CALIFORNIA STATE UNIVERSITY GENERAL EDUCATION REQUIREMENTS
2011-2012

Students intending to transfer to a California State University to complete a Bachelor of Science or Bachelor of Arts degree can complete their lower division General Education requirements by following this pattern.

### AREA A: COMMUNICATION IN THE ENGLISH LANGUAGE AND CRITICAL THINKING

**Minimum 9 units – One course from each area ("C" grade or better in each course)**

<table>
<thead>
<tr>
<th>A1: COMMUNICATION STUDIES  - COMS 010, 020, 040, 045</th>
</tr>
</thead>
<tbody>
<tr>
<td>A2: WRITTEN COMMUNICATION  - English 001A</td>
</tr>
<tr>
<td>A3: CRITICAL THINKING  - COMS-040, ENGL-001C, IDIS-060, PHIL-060</td>
</tr>
</tbody>
</table>

### AREA B: SCIENTIFIC INQUIRY AND QUANTITATIVE REASONING

**("C" Grade or better in area B4)**

**Minimum 9 units – One course from area B1, B2 (at least one course with lab) and B4**

<table>
<thead>
<tr>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>B2: LIFE SCIENCE  - BIOL 001, 020, 021, 061, 062, 063, 064, 065, 071, 072, 074, BOT 062, ENVIR 010</td>
</tr>
<tr>

**Minimum 3 units**

| FCS 019, 050, 070, GUIDE 080, 095, HED 011, P.E. 031, PSYCH 060, 92, 096, 100 |
INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM (IGETC)

The Intersegmental Committee of the Academic Senates approved a series of courses that community college students can use to satisfy lower division general education requirements at any CSU or UC campus. The series of courses, known as IGETC, provide an option to the California State University General Education Requirements and replace the University of California Transfer Core Curriculum.

The IGETC permits a student to transfer from a community college to a campus in either the CSU or UC system without the need, after transfer, to take additional lower division general education courses to satisfy campus General Education requirements.

Completion of the IGETC is not a requirement for transfer to a CSU or UC campus, nor is it the only way to fulfill the lower division general education requirements of the CSU or UC prior to transfer. Students may find it advantageous to take courses fulfilling CSU’s general education requirements or those of a particular UC campus.

In order to be accepted by CSU and UC, all course work applicable to the IGETC must be completed and certified. Courses may be certified in only one area. In addition to the course requirements for each subject area, full certification for the CSU must include completion of the Oral Communication requirement. For the UC, Oral Communication is not required but the certification must include satisfaction of the foreign language proficiency requirement. In order for the IGETC to be honored by the UC or CSU, each course certified must have a minimum grade of “C”.

Ordinarily, students who choose the IGETC option must complete it entirely prior to transfer or be subject to the lower division general education requirements of the campus or college to which they transfer.

However, beginning with the 1999-2000 academic year, the Board of Governors adapted the IGETC After Transfer Policy. This policy provides students with a demonstrated need the opportunity to complete one or two IGETC courses after transferring to UC or CSU, providing that they are not courses required for admission (Areas 1 and 2, English Communication and Math). To be eligible for completion of IGETC After Transfer, the reason must involve a good cause such as illness, unavailable or cancelled course, military service, or unexpected hardship such as family or employment problems in the final term before transfer. Students requesting to complete IGETC After Transfer must fill out the petition for Eligibility to Complete IGETC After Transfer, which is available in the Counseling Office. The completed petition is to be returned to the Counseling Office. The College’s designated counselor will review the petition for good cause and notify the student of the decision. A student with an approved petition has one calendar year to complete the missing courses. If a petition is denied, the student may appeal the decision to the Dean of Counseling and Matriculation.
INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM (IGETC) 2011-2012

The Intersegmental General Education Transfer Curriculum (IGETC), originally implemented in Fall 1991, is a series of courses that community college students can use to satisfy lower division general education requirements at any CSU or UC campus. All coursework applicable to IGETC must be completed and certified in order to be accepted by the CSU or UC. Each course certified must have a minimum of "C" grade.

### ACCOUNTING

This curriculum provides training for entry-level accounting positions including general accounting clerks, bookkeepers, and similar workers in banks and business firms. Graduates from this program are qualified to meet the demands of offices requiring technical skills in general accounting and computerized bookkeeping. A grade of “C” or better in each major course is required to graduate. Accounting 62 and 63 must be taken at Evergreen Valley College, or equivalent courses at other accredited colleges must be approved by the discipline.

### ADMINISTRATION OF JUSTICE

The Administration of Justice program offers an Associate Degree intended to academically prepare students for the skills necessary to work in the criminal justice field, in both public and private sectors. The program focuses on development of essential program dimensions of: effective communication, critical inquiry, information literacy, social and cultural awareness, and ethical intelligence. The Administration of Justice degree will benefit students who desire to enter the workforce, continue with career technical training, or transfer to a four year institution to continue academic pursuits.

Students must complete each major course and major elective course with a grade of “C” or better to be awarded the degree. At least 6 units in the major must be earned at EVC.

This degree reflects serious, sustained study and achievement in foundational concepts of two-dimensional arts and graphic design. Hands-on studio practice, digital media skills and art history courses are required to fully engage students in the language of the visual arts and to introduce students to various theoretical approaches of art and design. Students must complete each major course and major elective course with a grade of “C” or better to be awarded the degree.

ART AND DESIGN – STUDIO PRACTICE 2-D EMPHASIS

The Art and Design program offers an Associate in Science Degree. If the student desires to transfer, he/she may seek a Bachelor’s degree in Art, Art and Design, or Fine Arts. The Associate degree program at Evergreen Valley College offers lower division course work for students transferring into four-year programs in Design, General Studio Practice, History or Art Education. Students must complete each major course and major elective course with a grade of “C” or better to be awarded the degree.

SMOG SPECIALIST
The Smog Specialist certificate is one of several degrees and certificate options offered through the Automotive Technology Department at Evergreen. This certificate will prepare students (without a smog license or one expired more than 2 years) for the position of a BAR certified California Smog Technician. Students will learn the laws, regulations,
procedures, consumer rights and obligations, licenses, tools, and diagnostic skills that are needed to be successful in the workplace. Students must individually obtain ASE certifications by passing ASE A6, A8, and L1 certifications, or BAR Equivalent and necessary educational technical training as required by the Bureau of Auto Repair to meet minimum requirements. Students must complete 13.5 units of course requirements and maintain a grade of “C” or better in each course to be awarded the certificate.

AUTO 133** Computerized Engine Management 2.5
AUTO 134** Advanced Engine Performance 2.5
AUTO 141* The Clean Car Course 5.0
AUTO 145** Enhanced Emission Diagnostics 2.0
AUTO 147X BAR Update (Offered biannually) 1.0
AUTO 138 Auto Work Experience 0.5

Total Units 13.5

NOTE: Students with current EB or EA license are not required to take all courses listed above. See Automotive Department for courses to be waived.

**Courses have prerequisites.

*Biology Apprenticeship requires a grade of “B” or better (for this course)

BIOLOGY

The purpose of the associate degree in Biology is to provide a lower division science foundation for those interested in pursuing biology as a major field of study. This major prepares students to transfer to any California State University or University of California campus. Students considering careers in research, teaching, medical fields, biotechnology, or other related fields require a foundation in biological sciences. The Biology major is an ideal academic preparation for entry into these professions. Students must complete each major course and major elective course with a grade of “C” or better to be awarded the degree.

ASSOCIATE IN ARTS DEGREE UNITS

Major Requirements
BIOL 001* General Principles of Biology 5.0
BIOL 002 Organismal Biology 5.0
BIOL 003 Cell and Molecular Biology 4.0
CHEM 001A * General Chemistry 5.0
CHEM 001B General Chemistry 5.0

Required Major Electives (8 units from the following) 8.0
BIOL 025 Forensic Biology (3.0)
BIOL 033 Introduction to Biotechnology (3.0)
BIOL 061 Human Heredity (3.0)
BIOL 062 Plants and Human Welfare (3.0)
BIOL 063 Ecology (3.0)

BIOL 080 Natural History Field Program (1.0)
ENVIR 010 Environmental Science (3.0)

 Recommended Chemistry/Math Preparation
CHEM 012A Organic Chemistry
CHEM 012B Organic Chemistry
MATH 063 Elementary Statistics
MATH 071 Calculus I with Analytic Geometry
MATH 072 Calculus II with Analytic Geometry

General Education Requirements
Complete the entire 39 unit (minimum) CSU Lower Division General Education requirements. Students should see a counselor in order to select the best method to meet their academic goals.

Area A: English Language Communication & Critical Thinking (One course from each area) 9.0
A1 Oral Communications
A2 Written Communication (English 001A)
A3 Critical Thinking

Area B: Scientific Inquiry and Quantitative Reasoning (One course from B1, B2 B4; 1 w/lab) 3.0*
B1 Physical Science*
B2 Life Science*
B4 Mathematics/Quantitative Reasoning

Area C: Arts & Humanities (Minimum one course from each area) 9.0
C1 Arts: Arts, Cinema, Dance, Music, Theater
C2 Humanities: Literature, Philosophy, Language Other than English

Area D: Social Sciences (3 courses in at least 2 categories) 9.0
(2 of these courses may be used to satisfy the U.S. History Constitution and American Ideals requirement:
HIST 017A and 017B OR POLSC 001 and HIST 001)

Area E: Lifelong Learning and Self Development 3.0

Major Requirements 24.0
Required Electives 8.0
General Education Requirements 33.0*
Physical Activity 1.0
Total Units 66.0

*6 units of G.E. Requirements (Area B1 and B2) can be met with CHEM-001A and BIOL-001

BUILDING INFORMATION MODELING (BIM) PROGRAM

The BIM Program will offer students the opportunity to develop the skills necessary to be BIM Specialists and consultants in the construction industry in both the public and private sectors. This program will acquaint students with the various BIM software and technologies that are being used throughout the construction industry. Certificates will be awarded to those who complete all of the units with a "C" or better.

CERTIFICATE OF ACHIEVEMENT UNITS

(Complete the following with "C" or better)

BIM 120 Construction Means, Methods, and Materials 3.0
BIM 121 Virtual Design and Construction 3.0
CIT 010 Introduction to Computer Technology 3.0
### Chapter 4: Degrees and Certificates: Business Administration - BIS

#### Business Administration

This major qualifies for Transfer to a California State University. The lower division courses required for all students majoring in Business: Accounting, Finance, or Management. Aside from the thirty-four units in Business and Business related courses, thirty units of General Education courses are required for the A.A. Degree. Students must complete each major course and major elective course with a grade of "C" or better to be awarded the degree.

Total Units 30.0

CHEMISTRY

The purpose of the A.A. Degree in Chemistry is to provide a lower-division science foundation for those interested in pursuing chemistry or biochemistry as a major field of study. This major prepares students to transfer to any California State University or University of California campus. Students considering careers in research, teaching, scientific consulting, or medicine, and the chemical, pharmaceutical, or biotechnology industries, find the Chemistry major an ideal academic preparation for entry into these professions.

ASSOCIATE IN ARTS DEGREE

The Chemistry Major consists of the following courses: All four (4) of the following courses are mandatory for the degree; for the transfer of these courses to a four-year school, a letter grade “C” or better is needed in each.

- CHEM 001A General Chemistry 5.0
- CHEM 001B General Chemistry 5.0
- CHEM 012A Organic Chemistry 5.0
- CHEM 012B Organic Chemistry 5.0

Required Math Electives:

- MATH 071 & 072 (10 units)

These courses in Calculus, with five hours of lecture per week for two semesters, required for Chemistry majors.

Total Units 61.0

* CHEM 001A counts as 5 units of G.E. for Area B: Science.
** MATH 071 & 072 can partially count towards G.E.

COMMUNICATION STUDIES

Evergreen Valley College offers a Communication Studies Certificate to students who successfully complete ten or more units of communication studies course work. This certificate will inform future employers, college admissions offices, graduate schools, and professional institutions that you have received specialized training in speech communication skills. The importance of the skills acquired through studying and practicing interpersonal, small group, and intracultural communication, argument, public speaking and listening training for personal and professional success cannot be overemphasized. Your communication Studies Certificate will not only enhance your chance of being selected for the job or position that you desire, but may also open other personal and professional doors. Take this opportunity to learn skills that will increase you understanding of yourself and your ability to communicate with other people. Must complete all courses with a “C” grade or better.

COMPUTER AIDED DESIGN & DRAFTING

Drafters and designers prepare technical drawings, designs, diagrams and specifications for a wide variety of commercial, industrial, and government projects. Computer hardware design, aerospace drafting and design, architectural design and drafting, electronics design, technical illustration and the design and drafting of such items as: disk drive mechanisms, cellular telephones, and medical equipment; are just a few of the areas of employment available for drafters and designers in our local area.

Specializing in state-of-the-art CADD instruction, featuring AutoCAD, Mechanical Desktop and Autodesk Inventor software, the CADD department at Evergreen Valley College offers a wide variety of course work designed for individuals wanting to upgrade and expand their existing technical skills and for new students wanting to prepare for employment in numerous CADD related fields. The CADD Technology department also offers certificate options and an Associate in Science Degree option.

A “C” grade or better is required in each CADD course and all major prerequisite courses for graduation and/or certificate options.

### COMPUTER AND INFORMATION TECHNOLOGY

The Computer and Information Technology Program offers an Associate in Science Degree. This curriculum is supported by a solid foundation of core courses that focus on problem solving and communication skills for Information Technology professionals involved in computer network environments.

The degree program was developed in partnership with the National Science Foundation, Sun Microsystems, Oracle Corporation, Workforce Silicon Valley and an advisory board of members drawn from business and industry, academia and government.

The A.S. degree will be awarded to students who complete 18 units of the core course requirements in the major, 12 additional units of CIT courses, 6 units of approved electives, and 24 units of General Education. It is strongly recommended that students complete at least 12 units in an area of specialization. Additional units (if required to complete 60 units) may be chosen from any associate degree applicable courses. The degree will be awarded to those who complete all the units with a “C” or better.

### ENGINEERING

Evergreen Valley College offers a two-year lower division Engineering Program which allows students to transfer to any four-year California College or University offering degree in Engineering. The lower division Engineering Core Courses recommended by the Engineering Liaison Committee of the State of California have been coordinated between community colleges and the four-year colleges and universities throughout California.

The Associate in Arts and the Associate in Science Degrees are available for Engineering students. The Engineering Degree Programs consist of the Engineering Core courses plus General Education courses which satisfy graduation requirements. Students wishing to transfer to a four-year institution in a branch of engineering, but do not wish to obtain an Associate Degree must complete the Engineering Core courses and obtain a Verification of Completion Form from the
office of Admissions & Records before transferring. It is recommended that students complete as much of their General Education requirements as possible. To facilitate the application process to four-year institutions, students should request a Verification of Completion Form from the Office of Admissions and Records for verification of completion of the lower division Engineering Core courses. Students must complete each major course and major elective course with a grade of “C” or better to be awarded the degree.

**ENGLISH**

Students considering careers in advertising, communication, film writing, electronic and printing journalism, library science, public relations, publishing and editing, or teaching find the English major and ideal academic preparation for entry into these professions. In addition, the English major reads students for graduate programs, including communication, history, law, and medicine. Students must complete each major course and major elective course with a grade of “C” or better to be awarded the degree.

**GENERAL STUDIES WITH EMPHASIS IN ASTRONOMY**

The AA Degree in General Studies with Emphasis in Astronomy provides a lower division science foundation for those interested in the field of astronomy. Astronomy amateurs, planetarium operator, science teachers, and future astronomy baccalaureate majors are potential students in this program. It incorporates courses in physics, requiring familiarity with the laws of physics to describe and predict astronomical events.

The program outlines a course of study that emphasizes breadth in the physical sciences. This program also provides a good focus for students interested in obtaining a credential in elementary science education. Students must complete each required area of emphasis course with a grade of “C” or better.

Complete the entire 39 unit (minimum) CSU Lower Division General Education requirements. Students should see a counselor in order to select the best method to meet their academic goals.
CHAPTER 4: DEGREES AND CERTIFICATES: GENERAL STUDIES: ASTRONOMY - MATHEMATICS

Area A: English Language Communication & Critical Thinking (One course from each area) 9.0
   A1 Oral Communications
   A2 Written Communication (English 001A)
   A3 Critical Thinking

Area B: Scientific Inquiry and Quantitative Reasoning (One course from B1, B2, B4; one with lab) 9.0
   B1 Physical Science (Phys 4A Recommended)
   B2 Life Sciences
   B4 Mathematics/Quantitative Reasoning

Area C: Arts & Humanities (Minimum one course from each area) 9.0
   C1 Arts: Arts, Cinema, Dance, Music, Theater
   C2 Humanities: Literature, Philosophy, Language Other than English

Area D: Social Sciences (3 courses in at least 2 categories) 9.0
(2 of these courses may be used to satisfy the U.S. History
Constitution and American Ideals requirement: HIST 017A & 017B OR POLSC 001 & HIST 001)

Area E: Lifelong Learning & Self Development 3.0

GENERAL STUDIES WITH EMPHASIS IN HEALTH SCIENCE

The AA Degree program in General Studies with Emphasis in Health Science outlines a course of study for students interested in allied health careers. Students will learn to apply scientific methods to explore human structure and function, and health aspects of microbiology. The program satisfies CSU GE requirements and includes courses for students planning careers in health science fields. Students must complete each required area of emphasis course with a grade of “C” or better.

GENERAL STUDIES WITH EMPHASIS IN MATHEMATICS FOR SECONDARY SCHOOL TEACHING

Upon completion of the AA degree in General Studies with an Emphasis in Mathematics for Secondary School Teaching, a student will be prepared to enter a BA or BS degree program at a four-year college or university with a major in mathematics. Further, the student will have completed education courses and Service Learning to be on track with the UC Cal Teach Program or a CSU teacher preparation program leading to a fifth-year Secondary School Credential Program. Students must complete all Area of Emphasis requirements with a “C” grade or better.

## GENERAL STUDIES WITH EMPHASIS IN NATURAL SCIENCE

The AA Degree program in General Studies with Emphasis in Natural Science outlines a course of study that emphasizes breadth in the physical and life sciences. Students will learn to apply scientific methods to investigate both physical and biological aspects of the environment. Students completing this program will satisfy lower division science and general education requirements for CSU. Students must complete each required area of emphasis course with a grade of "C" or better to be awarded the degree.

### GENERAL STUDIES WITH EMPHASIS IN SOCIOLOGY

The Associate of Arts Degree in General Studies with Emphasis in Sociology is designed to provide students with an opportunity to study a broad range of topics within Sociology and related courses. Issues of Diversity, Equality, and Social Justice are core to this area of emphasis. While the courses that comprise this degree are all transferable, students who intend to transfer should consult a counselor for information as to the requirements for their intended baccalaureate major.

*Note: Many CSUs have unique admissions and preparation-for-the-major requirements beyond minimum requirements. Students should consult the specific university catalog and website, www.assist.org, and an Evergreen Counselor for further information and assistance.

Students wishing to earn an Associate of Arts Degree in General Studies with Emphasis in Sociology must complete each required area of emphasis course with a grade of "C" or better.

GENERAL STUDIES WITH EMPHASIS IN WOMEN’S STUDIES

The General Studies with Emphasis in Women’s Studies AA degree is an interdisciplinary field of study that examines the experiences, concerns, and needs of women from a psychological, historical, social, political, economic and cultural perspective. The courses in the degree critically examine sex, gender, class, and feminist theory as they relate to women’s complex roles in the family, work place, society, and the world. Students analyze how their lives are influenced by personal experiences as well as by social, economic, and political forces. Each course emphasizes community engagement, social activism and social justice. Students completing this program will satisfy lower division requirement necessary to pursue a Baccalaureate Degree in Women’s Studies, Social Science, Psychology, or other related fields.

Students will be required to complete 18 units of core courses and 3 units of electives with a grade of “C” or better in each course. In addition, students are required to complete a total of 40 hours of Service-Learning or community Service.

ASSOCIATE IN ARTS DEGREE

Core Courses
EDIT 024  Women in Technology  3.0
ENGL 033* Women in Literature  3.0
HIST 014* Women in American History  3.0

LAW ENFORCEMENT/POLICE ACADEMY

The Evergreen Valley College Police Academy Law Enforcement program is designed for individuals who wish to pursue a career in Law Enforcement. This program is certified by the Peace Officer Standards of Training to meet the statutory
basic training requirement. The program requires both academic and physical skills as well as a significant commitment in time and dedication. Evergreen Valley College is a member of the South Bay Regional Public Safety Training Consortium. The consortium is funded by all colleges regionally to provide vocational specific training which may require special facilities, special training conditions or is presented outside of the regular schedule of college classes. The application and registering process is completed at the South Bay Regional Public Safety Training Consortium Center located near the Evergreen Valley College campus. Students have a choice of the 880 hour intensive format or the 920 hour modular format. Students will learn and perform the necessary academic and skill functions of a Peace Officer at the accepted proficiency level.

**LIBERAL STUDIES WITH EMPHASIS IN ELEMENTARY TEACHER PREPARATION**

This AA Degree is designed primarily for students interested in teaching in elementary or middle school and transferring to SJSU. Alternatively, the AA Degree can be used for students wishing to transfer with a broad background in liberal education. Preparation for this degree includes 39 units of general education requirements.

Students who choose Liberal Studies will meet minimum CSU transfer admission requirements, fulfill all lower division CSU GE, prepare for the baccalaureate major, and meet Evergreen Valley College’s Associate in Arts Degree requirements. Students planning to transfer should meet with an Evergreen counselor to develop an educational plan.  

*Note:* Many CSUs have unique admissions and preparation-for-the-major requirements beyond minimum requirements. Students should consult the specific university catalog and website, www.assist.org.

Students wishing to earn an Associate in Arts Degree in Liberal Studies with Emphasis in Elementary Teaching Preparation must complete each required area of emphasis course with a grade of “C” or better.

**NURSING**

The San José/Evergreen Community College District Governing Board approves the Nursing Program. The California State Board of Registered Nursing (1625 North Market Boulevard, Suite N217, Sacramento, California, 95834; telephone: 916-322-3350; web site: www.rn.ca.gov), approves the Nursing Program and the National League for Nursing Accrediting Commission (61 Broadway, New York, New York 10006; telephone: 1-800-669-1656 extension 153; web site: www.nlnac.org) accredits the Nursing Program. Graduates of the program are eligible to apply to take the National Council’s Licensing Examination for Registered Nurses (NCLEX-RN). Nursing students have the same responsibilities and privileges as other college students. The Nursing Program encourages male and female students from culturally diverse backgrounds to become eligible and apply for admission. Students are admitted annually with 50.0% enrolled fall semester and 50.0% enrolled spring semester.

Once admitted, the program is a full-time course of study that can be completed in two academic years. In the clinical education component, principles derived from academic study are applied to clinical nursing practice. Students are placed in local acute care hospital settings and community health care agency settings.

Nursing Program Information Workshops, conducted throughout the school year, provide additional information about the Nursing Program and selection procedure. For more
information regarding the nursing program, contact the Nursing Program Office at (408) 270-6448 (Sequoia S207) or access the Evergreen Valley College web site: www.evc.edu (Quick Link to Nursing).

The San José/Evergreen Community College District reserves the right to add, amend or repeal any of the rules, regulations, policies and procedures consistent with applicable laws.

Program Purpose
The Evergreen Valley College Nursing Program provides an optimal learning environment that will enable the culturally diverse learner to begin the process of life-long learning as a registered nurse. By earning an associate of science degree in nursing, program graduates are eligible to apply to take the NCLEX-RN, and are prepared for entry-level practice into the profession of nursing.

Program Philosophy
Nursing faculty concur with the mission, vision and values of Evergreen Valley College and share in the responsibility of the total educational program. Within this framework, nursing faculty have defined a unique program philosophy.

Faculty value each person as distinct individuals with rich cultural experiences and a unique potential for growth.

Faculty believe that the environment is a dynamic state where multi-faceted life experiences occur.

Faculty believe that health is an individual’s perception of his/her well being and their ability to engage in life experiences. They believe that health is an evolving state that occurs on a health-illness continuum.

Faculty define nursing according to Nursing’s Social Policy Statement as: “The protection, promotion, and optimization of health and abilities, prevention of illness and injury, alleviation of suffering through the diagnosis and treatment of human response, and advocacy in the care of individuals, families, communities and populations” (American Nurses Association, 2003). In addition, faculty believe that nursing is a dynamic, collaborative process based on principles from the biological, physical and behavioral sciences which focuses on the diagnosis and treatment of actual or potential health problems.

Faculty believe that nursing supports human responses to health and illness by providing caring interventions that facilitate the client’s ability to achieve optimal quality of life or to die in comfort with dignity. Nurses engage in lifelong learning that utilizes critical thinking to support and advocate for culturally sensitive care within a community.

Faculty define learning as an interactive, meaningful process that integrates visual, auditory and kinesthetic learning styles. The goal of learning is to become a faster, independent, creative, critical thinker. This is best achieved when the reflective learner develops reasoning abilities through self-assessment and self-awareness. Faculty believe in the capacity of the individual to learn, grow and change in a culturally diverse environment.

Support for student success in learning starts at the college level with a strong foundation in liberal arts and sciences. Faculty enhance student success by building on general education principles and empowering students in an environment where faculty function as teachers, mentors and supervisors.

References

Conceptual Framework
The unifying curriculum theme is an adaptation of the “Client Needs Model,” a comprehensive framework for identifying nursing actions and competencies necessary for client care in a variety of settings and throughout the life span. This model relies on meta-paradigm beliefs about the person, environment, health and nursing as outlined in the program’s philosophy.

The client, defined as an individual, family, group or community, is the primary focus of care. Client needs for care are organized around five (5) key concepts: a) Safe and Effective Care Environment; b) Health Promotion and Maintenance; c) Physiological Integrity; d) Psychosocial Integrity and, e) Professional Role of the Nurse. These five (5) concepts form the foundation for the program’s student learning outcomes that culminate in the achievement of program outcomes. Critical thinking, nursing process, cultural sensitivity and caring are the processes that integrate the key concepts throughout the curriculum.

Program Outcomes
At the completion of the Nursing Program, the graduate competently performs in the following areas.

a. Safe and Effective Care Environment
The graduate will:
   i. Implement nursing care based on the nursing process to meet client needs throughout the life span in a variety of settings.
   ii. Facilitate achievement of optimal client outcomes, through advocacy and delegation, by directing client care throughout the life span in a variety of settings.

b. Health Promotion and Maintenance
The graduate will:
   i. Act as a client advocate to promote access and enhance quality of care throughout the life span in a variety of settings.
   ii. Utilize teaching/learning principles to promote optimal health throughout the life span in a variety of settings.

c. Psychosocial Integrity
The graduate will:
   i. Utilize therapeutic communication when providing client care throughout the life span in a variety of settings.
   ii. Incorporate cultural sensitivity when providing client care throughout the life span in a variety of settings.
   iii. Implement caring behaviors that support mental, emotional and social well-being of the client throughout the life span in a variety of settings.

d. Physiological Integrity
The graduate will:
   i. Prioritize nursing care utilizing critical thinking skills based upon knowledge of biological sciences,
pathophysiology, nutrition, pharmacology and growth and development to achieve maximum physiological integrity and reduce the risk potential for the client.

e. Professional Role of the Nurse
The graduate will:
i. Utilize leadership and management principles, as a member of the health care team, in providing and delegating the delivery of client care.
ii. Demonstrate accountability for providing and evaluating nursing care that adheres to professional standards and incorporates legal and ethical responsibilities of the nurse.
iii. Demonstrate autonomy in recognizing one’s own need for life-long learning, personal transformation and professional growth.

Summary Statement
Graduates of the Evergreen Valley College Associate of Science Degree Nursing Program function in the common domain of nursing practice after licensure. Completing program outcomes will enable graduates, following registered nurse licensure, to give direct patient care in collaboration with other health care professionals, and to perform independent, dependent and interdependent nursing interventions. Graduates are prepared and empowered to practice successfully within the rapidly changing health care systems of a multicultural society. Faculty recognize the role of the nurse is changing due to influences internal and external to the nursing profession. Therefore, graduates will continue learning through the process of experience and ongoing continuing education.

Application Procedure (for additional information, see Nursing Admission Policy available at http://www.evc.edu/nursing)
1. If you are not currently a student at either San José City College or Evergreen Valley College, you must submit a completed application for Evergreen Valley College to the Office of Admissions and Records. College applications are obtained from the Office of Admissions and Records or the college’s web site: www.evc.edu.
2. Nursing Program applications and instructions will be available during the October application cycle at http://www.evc.edu/nursing and outside of the Nursing Program’s Office, S207.
3. The application period is during the month of October, for enrollment in the following academic year. Once selection is determined, the student will be assigned to begin nursing coursework in either the Fall or Spring semester. In order to apply to the nursing program, the student must have completed the prerequisite courses.

Eligibility Criteria for the Nursing Program:
a. High School Graduation or Equivalent
b. Human Anatomy with Lab* (Minimum 4.0 semester units)
   Note: Beginning Fall 2010, one semester of combined A&P will no longer meet the requirement for Anatomy.
c. Physiology with Lab* (Minimum 4.0 semester units within 5 Years)
d. Microbiology with Lab* (Minimum 4.0 semester units)
e. ENGL 001A*
f. Cumulative GPA of 2.5 or Higher
   *With grade of “C” or higher

If there are more qualified applicants than spaces available, selection will be as follows:
- Students who have met the eligibility requirements are put into the State Chancellor’s Office validated “Model Prerequisites for Enrollment in ADN Programs” formula.
- This formula includes cumulative GPA (all colleges attended), prerequisite science GPA, science repeats (a Withdrawal, D or F will count as repetitions), and English 1A GPA. The formula generates a composite score (cut score), which will be utilized in the selection process.
  - Students who meet the EVC designated cut score, 68%, are randomly selected to take the TEAS test (see information below). The TEAS, version V., score requirement is 62% (adjusted composite score).
    - Pass TEAS → admitted to program
    - Not Pass TEAS → Remediation/Enrichment
      - One year to complete plan successfully (including passing score on the TEAS)
      - Admit students in the next possible enrollment cycle

Note: The Nursing Program uses the ATI Test for Essential Academic Skills (TEAS) to determine overall scholastic readiness for enrollment in the nursing program. For information on the TEAS, please visit http://www.atitesting.com/global/students/teas-faq.aspx

Entrance Requirements
Students must submit a record of:
1. Basic Cardiac Life Support (BCLS) for health care providers through the American Heart Association (CPR: cardiopulmonary-resuscitation).
2. Physical Examination with clearance of essential capabilities (including the ability to lift and carry 50lbs, push/pull 100 lbs, bend/stoop/squat/crawl)
3. Immunization Record including TB clearance (2-step TB followed by annual TB test)
4. Criminal Background Check and urine drug screening (see policy for student background checks and urine drug screening)
5. All records must be submitted by the stated due date.

Tuition Fees
Resident students pay California Community College enrollment fees each semester (approximately $1,300 dollars both years). Non-resident students pay enrollment fees as established by the District.

Approximate Costs Related To The Program
1. Uniforms, laboratory coat, shoes, books, and miscellaneous supplies: approximately $1,500.00 total both years.
2. ATI testing and online resources: approximately $400
3. CPR training approximately $65.00.
4. Physical exam and immunizations, variable costs.
5. Student supply kits $65.
7. Background check/Drug screening $68.
8. Immunization tracking $30

Students are responsible for their own meals, housing and transportation to campus and assigned clinical agencies. For students who qualify for financial aid, financial aid and loan applications are available at the Financial Aid Office.

Material Fees
Arm Patches: $2.00 Each

Program Enrollment And Progression
Enrollment in nursing courses is limited to students who have been admitted to the Nursing Program. Once enrolled, students must complete each course in the nursing program with a grade of “C” or higher to progress through the program.

Definition Of A College Unit
The Nursing Program abides by the college definition of a “unit.” This definition is: “A unit is defined as the course credit equal to approximately one attendance hour per week of lecture-recitation, seminar, or other approved course activity throughout a semester. A unit of credit may also be granted for approximately three (3) hours per week of laboratory (clinical). The following terms are synonymous: unit, semester unit, semester hour, credit, and credit hour.”

Nursing Major Coursework
Pre-Nursing Course Prerequisites:
All completed with a grade “C” or better (must be completed prior to applying to the nursing program)

BIOL 071* Human Anatomy 5.0
BIOL 072* Human Physiology (taken within 5 years of application) 5.0
BIOL 074* General Microbiology 5.0
*Will accept a minimum of 4.0 semester units if taken at another college
ENGL 001A English Composition 3.0

Note: Nursing will not accept international coursework for the prerequisite classes

Course Supportive of the Major (required for graduation and licensure):
PSYCH 001 General Psychology (recommended prior to enrollment in the nursing program) 3.0

Major Requirements: All completed with a grade “C” or better
NURS 001 Fundamentals in Nursing 9.5
NURS 002A Basic Medical-Surgical Nursing 5.0
NURS 002B Maternity Nursing 4.0
NURS 003 Advanced Pediatrics/Medical-Surgical Nursing 8.5
NURS 004 Advanced Medical Surgical/Geriatric/Mental Health/Leadership and Management Nursing 10.0

General Education Courses:
Area A: Communication Studies Course 3.0
Written Communication-ENLG-001A (met by Pre-nursing prerequisite course)
Area B: Science with lab (met by prerequisite course)
Area C: Fine Arts 3.0
Area D: HIST 17A and 17B OR HIST-001 and POLSC 001 6.0
Area E: Lifelong Learning and Self Development (met by Nursing curriculum)

Graduation Requirements:
Physical Activity: PE or DANCE 1.0
Cultural Pluralism/Ethnic Studies (can be completed in are C or D)
Math competency: MATH 013 OR 014 or Equivalent OR Intermediate Algebra Competency Exam

Nursing Major Courses 37.0
Pre-requisite Courses 15.0 – 18.0
Course Supportive of the Major 3.0
General Education Courses 15.0
Physical Activity: 1.0
Total Program Units 71.0 – 74.0

Note: For licensure, the board of Registered Nursing requires one of the following courses to meet Societal/Cultural Pattern: ETH 010, 011, 020, 030, 035, 040, 042, SOC 010, 011, SSCI-050, ANTH 063 OR Equivalent

Note for students with Bachelors degree: SB 1393: students who have earned a Baccalaureate or higher degree from an accredited college* are only required to complete the coursework required for the registered nursing program, including prerequisites and nursing coursework. These students are not required to complete any other courses to meet graduation requirements for the associate degree.

However, to apply for licensure through the CA Board of Registered Nursing (BRN), additional coursework may be required.

EVC nursing program graduates are required to complete 3.0 units of each of the following courses or equivalent courses: General Psychology (Psych 001), Oral (verbal) communications (COMS 010,020,035,040,045) and Societal/Cultural Pattern (ETH 010,011,030,035,040,042, SOC 010,011, SSCI 020,050, ANTH 063).

*Accredited College: Bachelors degree obtained from a college or university accredited by one of the following regional accrediting bodies: (1) Western Association of Schools and Colleges (WASC); (2) Middle States Association of Colleges and Schools (MSA); (3) New England Association of Schools and Colleges (NEASC); (4) North Central Association of Colleges and Schools (NCA); (5) Northwest Commission on Colleges and Universities (NWCCU) or (6) Southern Association of Colleges and Schools (SACS).

IV. Nursing courses not part of nursing major
NURS 100 Introduction to Nursing 2.0
NURS 131A Nursing Resource Center, Lab 1 1.0
NURS 131B Nursing Resource Center, Lab 2 1.0
NURS 132A Nursing Resource Center, Lab 3 1.0
Advanced Placement

Students with previous nursing education may apply for advanced placement. This includes both students who are transferring from other state approved pre-licensure Nursing Programs and California Licensed Vocational Nurses (LVNs). LVNs are eligible for advanced placement into the Nursing Program either as generic students or 30-Unit Option students.

All advanced placement students are admitted on a space available basis, and are selected in the following order: students returning from military service; students returning to the nursing program (after one program separation); LVN advanced placement student; students transferring from another nursing program in good academic standing; foreign trained nurses needing CA BRN remediation; and students transferring from another nursing program with a failing grade.

Advanced Placement: Transfer students

Students transferring from other nursing programs who request advanced placement must meet all eligibility criteria for the Nursing Program, including achieving a qualifying score on the Test for Essential Academic Skills (TEAS). Advanced placement students must meet all nursing major requirements and general education requirements in order to receive the Associate of Science Degree in Nursing.

In order to be eligible, transfer students must:

1. Complete an EVC college application
2. Complete the nursing application available during the October application cycle (available at http://www.evc.edu/nursing)
3. Provide transcripts verifying nursing coursework
4. Provide a college catalog with course description as well as course syllabi
5. Meet with the nursing counselor to determine GE coursework and application completion
6. Bring application and supporting documents to the nursing office, S207, during the October application cycle. The application will be reviewed to determine potential placement

Advanced Placement: LVN To RN Bridge Program

LVNs who request advanced placement as generic students must meet all eligibility criteria for the Nursing Program. In addition they must complete the following:

1. Complete an EVC application.
2. Complete the Nursing application: available at http://www.evc.edu/nursing: during the month of October. Indicate LVN option on the application
3. Attend scheduled meeting with the Dean of Nursing (offered in November)
4. Completion of the Fundamentals of Nursing Final with a “C” or better (offered in spring or summer session) Upon completing the criteria, LVNs will be randomly selected for open spaces in the third semester. LVNs admitted as generic students must meet all nursing major requirements and general education requirements in order to receive the Associate of Science Degree in Nursing.

LVN to RN Bridge Coursework

Prerequisites: All completed with a grade “C” or better

Total Program Units 54.0-57.0

Note: For licensure, the board of Registered Nursing requires one of the following courses to meet Societal/Cultural Pattern: ETH 010, 011, 020, 030, 035, 040, 042, SOC 010, 011, SSCI-050, ANTH 063 OR Equivalent

For more information contact the Nursing Program Office at (408) 270-6448 (Sequoia S207) or access the Evergreen Valley College web site: www.evc.edu/nursing.
CHAPTER 4: DEGREES AND CERTIFICATES: NURSING

A 30-Unit Option is available for California LVNs that fulfills the California State Board of Registered Nursing requirements. (See Section 1429 of Title 16 – California Code of Regulations Nurse Practice Act.) Courses in the 30-Unit Option are completed in addition to the courses required for Vocational Nurse Licensure. Section 1429 provides that no more than thirty (30) semester units in nursing and related science subjects can be required. LVNs choosing the 30-Unit Option are not required to meet course recency requirements or to complete college placement testing. Following completion of the designated ten (10) units of Human Physiology and General Microbiology, with a "C" or better, LVNs apply to complete the remaining twenty (20) units in the Nursing Program. LVNs choosing the 30-Unit Option must complete a form stating this intention prior to commencing coursework. 30-Unit LVNs are admitted on a space available basis only. LVNs choosing the 30-unit option must complete the following:
1. Complete an EVC application.
2. Complete the Nursing application during the October application cycle: (available at http://www.evc.edu/nursing): indicate 30 unit LVN option.
3. Attend scheduled meeting with the Dean of Nursing (offered in November)
4. Completion of the Fundamentals of Nursing Final with a "C" or better (offered in December)
5. Achieve qualifying cut score on the ATI Test for Essential Academic Skills (offered in January)
6. Completion of the Role Transition Course (N005) with a "C" or better (offered in spring or summer session). Upon completing the criteria, LVNs will be randomly selected for open spaces in the third semester.

Following completion of the 30-Unit Option, LVNs are eligible to apply to take the NCLEX-RN. Completing the 30-Unit Option does not constitute graduation from the Nursing Program. In addition, completing the 30-Unit Option may limit the ability to gain licensure endorsement in other states or impact employment mobility in some health care institutions.

In accordance with California Code of Regulations, Section 1444, a person convicted of any offense other than a minor traffic violation may not qualify to be licensed as a Registered Nurse. If there are questions regarding this matter, further information is available at the board’s web site: www.rn.ca.gov.

Policy For Impaired Nursing Students (Emotional Illness And Substance Abuse)

A. Purpose
Recognize inappropriate behaviors and performance, which may be attributed to substance abuse and/or emotional illness.

B. Applicability
Students seeking enrollment or currently enrolled in Evergreen Valley College Nursing Program.

C. Impaired Nursing Student Statement

Client safety is an overriding principle in the delivery of health care. For the health care professional to provide safe care, the health care professional must be able to make sound judgments. Thought processes and decision making can be adversely affected by excessive stress, and poor mental health and substance abuse. Impaired by the aforementioned factors, the health care professional can easily make unsafe decisions and thereby jeopardize client safety.

As health care professionals, we recognize that excessive stress, poor emotional and physical health and substance abuse are conditions that can be treated by early recognition and rehabilitation. Rehabilitated students are encouraged to re-enter the education process for successful completion of a health care program.

The student whose thought processes and decision-making ability is impaired by excessive stress, and/or poor emotional health and/or the abuse of substances will be considered to be unsafe to provide health care services and will be removed from the clinical setting. The student’ performance will be subject to faculty review and possible dismissal from the program. In addition, the student will be counseled about the importance of seeking voluntary aid for such conditions that could, if left unattended, lead to disciplinary action and may prevent them from being licensed to practice nursing in the State of California.

D. Program Philosophy

The philosophy of the Evergreen Valley College Nursing Program concurs with the California State Board of Registered Nursing in relation to nursing students who are impaired by substance abuse or emotional illness. The Nursing Program’s philosophy is:

1. We recognize that substance abuse and emotional illness are treatable diseases.
2. We believe that personal and health problems arising from these diseases can affect academic and clinical performance, making the student a danger to self and clients.
3. We believe that human beings can learn and change behaviors and that nursing students with diseases can be encouraged to seek help in order to recover.

California Code Of Regulations, Section 1444, Regarding Criminal Conviction
4. We believe that the nursing student has the primary responsibility to seek treatment.
5. We are committed to confidential handling of recognition and treatment of these diseases.

E. Signs and Symptoms of Impaired Nursing Students
Signs and symptoms of nurses abusing alcohol, drugs, or experiencing emotional impairment include, but are not limited to, the following:

Lack of enthusiasm—increasing absenteeism, arriving late and wanting to leave early, frequently requesting time off, taking extended meal and coffee breaks and refusing difficult or additional assignments; odor of alcohol or marijuana on breath; slurred or incoherent speech; chronic drowsiness and/or sleepiness; Tremors of hands; disorientation; unusually aggressive behavior; unexplained work errors; lack of coordination; unreasonable resentment, suspiciousness, overreaction to criticism; controlling behavior and inflexibility; isolation and withdrawal; irritability and mood swings; blaming, defensiveness and frequent conflicts; difficulties with interpersonal relationships; forgetfulness; frequent trips to the bathroom; repeated use of breath mints or mouth wash; deteriorating appearance; blackouts; unexplained nausea and vomiting or diarrhea; tremors, anxiety and “spaciness”; hangovers; unexplained diaphoresis; Unexplained snifing, sneezing, watery eyes; unusual, unexplained weight loss or gain; frequent complaints of illness or injury; excessive bruising on arms, ankles, and hands.

F. Rehabilitation
It is the responsibility of the student to provide the Dean of Nursing and Allied Health with sufficient evidence of rehabilitation before reinstatement will be considered.

1. Evidence of completion of an accepted/ recognized inpatient or outpatient diversion program.
2. Letters from recognized recovery programs attesting to current sobriety and the length of time of sobriety if there has been a history of drug and/or alcohol abuse.
3. A current mental status examination by clinical licensed psychologist or psychiatrist. The evaluation should address the likelihood of similar acts in the future, and should speak to the suitability of the student nurse for the profession.

G. Reinstated Students
Students who are considered for readmission to the Nursing Program must supply sufficient evidence from the recognized program or individual supporting continued compliance with the treatment plan. This evidence must be given to the Dean of Nursing and Allied Health before the student will be allowed to re-enter the program. Program re-entry will be on a space available basis only.

Americans With Disabilities Act Compliance Statement
The nursing program does not discriminate against qualified individuals with disabilities and complies with the 1990 Americans With Disabilities Act (ADA).

Disability is defined in the Act as:
1. Physical or mental impairment that substantially limits one or more of the major life activities of such individuals.
2. A record of such impairment.
3. Being regarded as having such an impairment.

For the purpose of Nursing Program compliance, a qualified individual with a disability is one who, with or without reasonable accommodation or modification, meets the essential requirements of Evergreen Valley College Nursing Program. These requirements are described in the following: Essential Capabilities and Functional Requirements.

A. Essential Capabilities

Evergreen Valley College Nursing Program students must have abilities and skills of five (5) varieties:
Cognitive-Conceptual, Behavioral and Social Attributes, Communication, Sensory, and Motor. A student should be able to perform in a reasonably independent manner without the use of a surrogate. To function effectively and safely the student must be able to do the following:

Cognitive-conceptual: Critical thinking and clinical judgment are essential abilities of the professional nurse. These abilities include measurement, calculation, reasoning, analysis and synthesis.

Behavioral And Social Attributes: Students must possess the emotional stability required for full utilization of their intellectual abilities. The prompt completion of all responsibilities inherent to the diagnosis and care of patients and the development of mature, sensitive and effective relationships with patients are essential. Students must be able to tolerate physically taxing workloads and to multitask effectively and efficiently under stress. They must be able to adapt to changing environments; to display flexibility and learn to function effectively, despite the uncertainties inherent in the clinical situations; to interact and establish rapport with individuals, families, and groups from a variety of social, emotional, cultural, and intellectual backgrounds. Compassion, integrity, honesty, concern for others, interpersonal skills, interest and motivation are all personal qualities that should be demonstrated throughout the education process.

Communication: Students must be able to speak, to hear and to observe patients in order to elicit information, describe changes in mood, activity and posture, and perceive nonverbal communications. Students must be able to communicate effectively and sensitively with patients, colleagues, and other personnel. Communication includes not only speech but also reading and writing. Students must be able to communicate in English effectively and efficiently in oral and written form with all members of the health care team, patients, and families. (See specific Functional Requirements.)

Sensory: Students must be able to observe a patient accurately. Observation necessitates the functional use of the senses of vision, smell, touch, hearing and somatic sensation. (See specific Functional Requirements.)

Motor: Students should have sufficient motor function to elicit information from patients by palpation, auscultation, percussion and other assessment techniques. Students should be able to execute gross and fine motor movements required to provide general care and emergency treatment of patients. Many actions require coordination of both gross and fine muscular movements, equilibrium and functional use of the senses of touch and vision. (See specific Functional Requirements which are based on community standards of health care agencies.)
These capabilities must be demonstrated in the clinical, laboratory, and theory (classroom) interactions and evaluations.

B. Functional Requirements

The Functional Requirements described below are representative, but not limited, to those that must be met by an individual to successfully perform the essential functions of a professional nurse.

Communication Ability:
1. Communicate effectively and efficiently in English with patients, families, and other health care providers, both verbally and in writing. (Example: explain treatment procedures, teach patients and families, and document in charts.)
2. Effectively adapt communication for intended audience.
3. Interact, establish rapport with individuals, families, and groups from a variety of social emotional, cultural and intellectual backgrounds.
4. Assume the role of a health care team member.
5. Function effectively under supervision.

Sensory Capability:
1. Coordinate verbal and manual instruction.
2. Assess a patient from 10 feet away to observe posture and response to treatment.
3. Respond to a timer, alarm or cries for help.
4. Auditory, visual, and tactile ability sufficient to assess a patient status and perform treatments. (Example: color changes in skin, hear heart and lung sounds.)

Motor Capability:
1. Move from room to room and maneuver in small spaces.
2. Transfer patients who may require physical assistance.
3. Guard and assist patients with ambulation.
4. Perform exercise techniques, including applying resistance during exercise.
5. Lift and carry up to 50 pounds, and exert up to 100 pounds force or push/pull.
6. Squat, crawl, bend/stoop, reach above shoulder level, use standing balance, and climb stairs
7. Use hands repetitively; use manual dexterity.
8. Perform CPR.
9. Travel to and from academic and clinical sites.
10. Able to spend 75.0% to 90.0% of clinical time standing/walking.

Policy for Student Criminal Background Checks And Urine Drug Screening

A. Policy Statement

All students entering the nursing program are required to obtain a criminal background check and urine drug screen.

B. Purpose

The 2004 Manual for Hospitals published by the Joint Commission on Accreditation of hospitals and Healthcare Organizations (JCAHO), the major accreditation body for hospitals, requires that all staff members, student, faculty and volunteers meet standards relating to criminal background checks and freedom from drugs.

C. Policy

Overview: Students are responsible for costs associated with the criminal background check and drug screen. Students must further agree that all results are available to the nursing program and the clinical sites associated with the program. The program is responsible for ensuring that students comply with individual hospital policy regarding disclosure of results. Should a clinical agency refuse to place a student based on the outcome of either the background check or drug screen, the program has no responsibility for arranging an alternative clinical placement.

1. Criminal Background Check:

   Upon acceptance in the nursing program, students must clear a criminal background check. Failure to complete this process will result in dismissal from the program. If the background check indicates criminal behavior, the student may be dismissed from the program.

2. Urine Drug Screen:

   The nursing program maintains a no tolerance policy regarding substance abuse. All students must clear a urine drug test. Failure to undergo this test will result in dismissal from the program. If the drug screen comes back diluted the student will be allowed one (1) retest. If the student fails the second test, the student will be dismissed from the program.

Policy for Students Returning to the Program

A. Policy Statement:

The policy is intended to clarify the number of times a student can return to the EVC Nursing program. Students can request to return to the nursing program one (1) time within two years of program separation due to course failure or course withdrawal from any nursing major course.

B. Purpose: To establish guidelines for students requesting to return to the EVC Nursing Program

1. Definition of Returning Student

   A “returning student” is defined as a student who has at any time been enrolled in one (1) or more courses in the Evergreen Valley College Nursing Program. All students who have enrolled in an EVC nursing major course and attended class at least one (1) day will be considered an “enrolled” student.

2. Exceptions

Please note the following exceptions.

1. Students who leave the program because of being called to active military duty are able to return to the program.

3. Procedure

1. Students eligible to return to the program must...
complete the “Request to Return to the Nursing Program” form.

2. Requests must be submitted by the posted due dates.

3. Students eligible to return must demonstrate written evidence of compliance with faculty recommendations for remediation. Faculty and Dean will evaluate each student’s request to return on an individual basis.

4. Students eligible to return will be selected on a space available basis according to the following priority:

   i. Students continuing in the program
   
   ii. Students returning from active military duty
   
   iii. Students granted a medical or personal leave if the reasons for their medical or personal leave have been resolved
   
   iv. Students who request to return to the nursing program one (1) time following program separation with evidence of following through on the recommended plan for academic remediation (if applicable).
   
   v. LVNs entering the LVN to RN Bridge Program
   
   vi. Students requesting to transfer from another nursing program who have a “C” or higher grade in every nursing major course and meet all eligibility requirements of the EVC Nursing Program (Transfer students who have been previously enrolled in the EVC Nursing Program and have two (2) course failures in the EVC Nursing Program are not eligible to apply for transfer back to the program.)
   
   vii. Foreign educated nurses needing CA BRN remediation
   
   viii. Students requesting to transfer from another nursing program who leave that program with a failing grade in a nursing major course and meet all eligibility requirements of the EVC Nursing Program (Transfer students who have been previously enrolled in the EVC Nursing Program and have two (2) course failures in the EVC Nursing Program are not eligible to apply for transfer back to the program.)

Further Information

For further information about the Nursing Program contact the Nursing Program Office at (408) 270-6448 (Sequoia 207) or access the Evergreen Valley College web site: www.evc.edu for specific questions on financial aid and counseling/testing.

PARALEGAL STUDIES

The paralegal profession is one of the fastest growing job fields in the nation. Paralegals hold increasingly important and high paying positions at large and small law firms, Fortune 500 corporate legal departments, government agencies, banks, real estate and insurance companies, nonprofit organizations, and startup firms. Evergreen Valley College’s Paralegal Studies Program prepares graduates to work as a “paralegal” or “legal assistant” under the educational standards set by California Business and Professions Code Section 6450. To qualify for an Associate in Arts degree complete each major and major elective course with a grade of “C” or better and the general pattern of 39 units. To qualify for an Associate in Science degree complete each major and major elective course with a grade of “C” or better, the general education pattern of 24 units, and recommended electives to total 60 units. The Paralegal Studies Certificate of Achievement prepares students for employment as a paralegal or legal assistant. To be awarded the certificate, a grade of “C” or better is required in each major requirement.

SURVEYING AND GEOMATICS

Evergreen Valley College offers the only Surveying and Geomatics program in the South Bay area. The program trains students with the necessary skills to become a land surveyor. It provides students with the formal theoretical and laboratory course work necessary to prepare for the Land Surveyors-In-Training Examination and the Professional Land Surveyors Examination. The program provides students with three options: An Associate in Arts Degree, an Associate in Science Degree, and a Certificate of Achievement.

In order to be awarded the degree or certificate, a grade of "C" or better is required in each major course and major elective.

ASSOCIATE IN ARTS DEGREE

Core Classes:
ENGR 018  Engineering Design and Graphics or
CADD 130  Fundamentals of AutoCAD  3.0
ENGR 060  Surveying  3.0
ENGR 061  Plane Surveying  3.0
ENGR 063  GIS for Civil Engineering and Surveying  3.0
SG 100*  Applied Math for Land Surveying  1.0
SG 141  Boundary Control and Legal Principles  3.0
SG 142  California Coordinate System  1.0
SG 143  Photogrammetry  1.0
SG 145  Astronomy for Surveyors  1.0
SG 146  CAD for Civil Engineering, Surveying and Land Development  3.0
SG 147  Global Positioning for Surveyors  3.0
SG 148  Maps, the Subdivision Map Act and the Land Surveyors Act  3.0

Core Units  28.0
General Education Requirements  39.0
Total Units  67.0

* Math 22 also satisfies this requirement.

ASSOCIATE IN SCIENCE DEGREE

Core Classes:
CADD 130  Fundamentals of AutoCAD or
ENGR 018  Engineering Design and Graphics  3.0
ENGR 060  Surveying  3.0
ENGR 061  Plane Surveying  3.0
ENGR 063  GIS for Civil Engineering and Surveying  3.0
SG 100*  Applied Math for Land Surveying  1.0
SG 141  Boundary Control and Legal Principles  3.0
SG 142  California Coordinate System  1.0
SG 143  Photogrammetry  1.0
SG 145  Astronomy for Surveyors  1.0
SG 146  CAD for Civil Engineering, Surveying and Land Development  3.0
SG 147  Global Positioning for Surveyors  3.0
SG 148  Maps, the Subdivision Map Act and the Land Surveyors Act  3.0

Core Units  28.0
General Education Requirements  9.0
Elective Units  9.0
Total Units  61.0

CERTIFICATE OF ACHIEVEMENT

Core Classes:
CADD 130  Fundamentals of AutoCAD or
ENGR 018  Engineering Design and Graphics  3.0
ENGR 060  Surveying  3.0
ENGR 061  Plane Surveying  3.0

* Math 22 also satisfies this requirement.

TRANSLATION AND INTERPRETATION

This certificate program is designed to prepare students for a career in legal/court interpretation. The courses in this program are designed to prepare students to pass the State of California Court Interpreter Certification Exam. All program participants must be fluent in Spanish and English. Students must complete each course with a grade of "C" or better.

CERTIFICATE OF ACHIEVEMENT

SPAN 031  History and Theory of Translation and Interpreting  4.0
SPAN 032  Spanish Grammar and Composition  3.0
SPAN 033  Spanish/English Linguistics Analysis  3.0
SPAN 035  Sight Translation  3.0
SPAN 036A  Consecutive Interpretation I  3.0
SPAN 036B  Consecutive Interpretation II  3.0
SPAN 037A  Simultaneous Interpretation I  3.0
SPAN 037B  Simultaneous Interpretation II  3.0

Total Units  25.0
CHAPTER 5: COURSE DESCRIPTIONS AND INFORMATION

IN THIS CHAPTER:
• Course Information Keys
• Course Prerequisites and Corequisites
• Advisories on Recommended Preparation (Advisory Levels)
• Open Curriculum
• Advisory Math Levels
• Advisory Writing Levels
• Advisory Reading Levels
• Course Numbering
• Repeating Courses
• Course Descriptions

COURSE INFORMATION KEYS

GRADING
L = Letter Grade Only
K = Mandatory Pass/No Pass
O = Optional Pass/No Pass
N = Non-Graded

DEGREE APPLICABLE
A.A. = Applies to an Associate of Arts Degree
A.S. = Applies to an Associate of Science Degree
NAA = Offered in credit mode but does not apply to an A.A. or A.S. Degree
NC = No credit course

District G.E. = Meets criteria for District General Education
CSU G.E. = Meets criteria for California State University General Education
IGETC = Meets criteria for IGETC (applicable to both CSU and UC system)

TRANSFER STATUS
CSU = Course has been accepted by the CSU and will be on Baccalaureate list
UC = Course has been accepted by the University of California System
UC+ = UC will accept a total 6 units of these courses with some stipulations

Course Sequence: Capital letters following the course number indicate that two (A, B) or more semesters form a sequence. The A semester must be completed before the B, etc., unless specifically noted in the course description.

Course Number and Titles: Course is identified by a course number and brief title.

Course Description: A brief statement identifies the scope and purpose of the course, and in many instances, the students who should take it.

A course may not be repeated for credit unless it is stated at the end of the course description. A counselor may require the student to obtain the instructor’s written consent before instructing the student to enroll in a course if it is to be repeated for credit.

Units: Identifies the number of units that are earned upon successful completion of the course, or courses in a sequence.

Grading: Indicates the type of grading available for that course. For example, Grading: L means the course may be taken for letter grade only. All courses may be offered during the day, evening, and/or weekend sessions. The offering of any course described is contingent upon adequate enrollment.
CHAPTER 5: COURSE DESCRIPTIONS AND INFORMATION

COURSE PREREQUISITES AND COREQUISITES

Definitions

“Prerequisite” means a condition of enrollment that a student is required to meet in order to demonstrate current readiness for enrollment in a course or educational program.

“Corequisite” means a condition of enrollment consisting of a course that a student is required to simultaneously take in order to enroll in another course.

Note: Prerequisites and Corequisites are listed under each course in the schedule of classes and catalog.

Prerequisite and Corequisite Challenge

A prerequisite or corequisite may be challenged for any of the following reasons:

1. The student has the knowledge or ability to succeed despite not meeting the prerequisite
2. The prerequisite has not been made reasonably available to the student
3. The prerequisite has not been established in accordance with the District’s process for establishing prerequisites.
4. The prerequisite is discriminatory or applied in a discriminatory manner
5. The prerequisite was established in violation of Title 5

Verification Of Equivalency

If the student believes that he/she has completed the prerequisite(s) or corequisite(s) for this course as listed in the schedule of classes or catalog based on previous coursework at another institution, he/she should have transcripts or other evidence of meeting the course prerequisite.

Challenge Process

If the student believes that he/she has completed the prerequisite(s) or corequisite(s) for this course as listed in the schedule of classes or catalog based on previous coursework or personal experience, he/she may do the following:

1. Pick up a Prerequisite Challenge Form at the Office of Admissions and Records, and complete the required information. Attach transcripts or other evidence of meeting the course prerequisite.
2. Turn in completed form to Admissions and Records and register for the class. This registration is temporary pending approval of the prerequisite challenge process.
3. See a Counselor or Instructor if additional information is needed.
4. If still unresolved student can meet with the Instructional Dean in the discipline, to present his/her case.

The College will provide a final response to the prerequisite challenge within 5 working days.

ADVISORIES ON RECOMMENDED PREPARATION (ADVISORY LEVELS)

Definition

“Advisory on recommended preparation” means a condition of enrollment that a student is advised, but not required to meet before, or in conjunction with, enrollment in a course or educational program.

Advisory Levels are typically met through completion of reading, writing, or math courses listed in the schedule of classes and catalog. Although these levels are advisory rather than mandatory, students are very strongly encouraged to adhere to them and to follow the advice of their counselors related to the advisory levels.

Location

Advisory Levels are listed under each course in the schedule of classes and catalog.

OPEN CURRICULUM

An Open Curriculum class is a class that has no prerequisites of any kind. However, some courses, such as English 321 and Math 310, may require that placement test results be on file prior to the first day of class. Classes such as this with an additional requirement are marked with an * after the words “open curriculum.”

ADVISORY MATH LEVELS

Math levels are advisory only for courses outside of the math discipline.

Advisory Math Level 1: arithmetic skills including fractions, decimals, and percentages

List of courses that will provide this skill level:

1. 3 units of MATH 310 with a P grade or
2. BUS 001 or 060 or
3. ACCTG 101

Advisory Math Level 2: beginning algebraic skills

List of courses that will provide this skill level:

1. Math 011A or 011R or 011S with C grades or higher

Advisory Math Level 3: intermediate algebraic skills

List of courses that will provide this skills level:

1. MATH 013 with a C grade or higher or
2. BUS 060

Advisory Math Level 4: advanced algebraic and trigonometric skills (sometimes called pre-calculus)

List of courses that will provide this skills level:

1. MATH 025 or (MATH 021 and 022) with a C grade or higher

Advisory Math Level 5: first semester calculus

List of courses that will provide this skills level:

1. MATH 071 with a C grade or higher
**Advisory Math Level 6:** second semester calculus
List of courses that will provide this skills level:
1. MATH 072 with a C grade or higher

**Advisory Math Level 7:** multivariate calculus or differential equations or linear algebra.
List of courses that will provide this skills level:
1. MATH 073 or 078 or 079, with a C grade or higher

**ADVISORY WRITING LEVELS**

**Advisory Write Level 1:** having the ability to use correct word forms, parts of speech and basic sentence structure; link sentences into a unified paragraph.
List of courses that provide this skill level:
1. ENGL 341
2. ESL 312

**Advisory Write Level 2:** having the ability to write simple, compound, and complex sentences; develop a written paragraph; and to use correct grammar and spelling.
List of courses that provide this skill level:
1. ENGL 330 or ENGL 335 (4 units) or
2. ESL 302

A “P” grade is required in all of these courses or placement based on assessment.

**Advisory Write Level 3:** having the ability to write a well-organized five-paragraph essay, use rhetorical modes and methods of organization, write paragraphs with unity and coherence, and use the basic mechanical skills and syntactical arrangements in writing paragraphs.
List of courses that provide this skill level:
1. ENGL 104 or ENGL 092 or
2. ESL 091 (6 units)

A “P” grade is required in all of these courses or placement based on assessment.

**Advisory Write Level 4:** having the ability to write a well organized paragraph essay in support of a clearly stated thesis; apply an analytical understanding of college-level text; apply basic research skills and critical thinking skills; and recognize audience, purpose, and tone.
List of courses that provide this skill level:
1. ENGL 001A: C grade required

**ADVISORY READING LEVELS**

**Advisory Read Level 1:** having the ability to find stated and implied main ideas in simple passages; identify important details; understand the use of new vocabulary in textbook reading passages, utilize textbook reading strategies, and understand what it means to read critically.
List of courses that provide this skill level:
1. ENGL 321 or READ 350 or
2. ESL 312

**Advisory Read Level 2:** having the ability to find the state and main idea in simple and complex passages; summarize information; sequence information in complicated texts, engage in inferential analysis of college reading materials; use study techniques for college textbooks; and use note taking systems.
List of courses that provide this skill level:
1. ENGL 322 or READ 301 or
2. ESL 302

A “P” grade is required in all of these courses or placement based on assessment.

**Advisory Read Level 3:** having the ability to identify the thesis statement in college materials, understand and identify main ideas and supporting details, recognize and identify organizational patterns, make complex inferences, summarize and paraphrase information, separate fact from opinion, recognize connotation and denotation, detect bias, recognize errors in reasoning, use a college level vocabulary, use rate flexibility in reading a wide range of college materials, and use range of other college level reading skills.
List of courses that provide this skill level:
1. ENGL 102 or READ 101 or
2. ESL 091 (6 units)

A “P” grade is required in all of these courses or placement based on assessment.

**Advisory Read Level 4:**
List of courses that provide this skill level:
1. ENGL 001D, with a C grade or higher

**COURSE NUMBERING**

**1-99**
Courses numbered 1-99 generally qualify for the Associate in Arts and Associate in Science degrees and usually include courses that are transferable to meet requirements at four-year institutions.

**94**
Individualized Skills Laboratory in any discipline. This course provides a framework for any of the disciplines listed in the Catalog to offer transferable individualized instructional courses and modules which are designed to enrich or broaden the students’ experiences beyond that which is available through the regular curriculum. Units are transferable as elective credit.

**98**
This number is assigned to Independent Directed Study courses in any of the disciplines listed in the catalog. Directed Study courses are approved by the curriculum committee for one of 2 purposes:
1. To allow a student to take an alternative class to fulfill a course requirement for a certificate, major, or associate degree.
2. To allow a student to be able to complete a certificate, major, or associate degree when the course is not being
offered during the current semester or is being offered at a time that the student cannot attend. Directed Study courses should be limited to 5 or fewer students. This course requires an individual contract between the student, instructor, and the discipline dean. Units are transferable as elective credit.

100-199
Courses numbered 100-199 also may qualify for the Associate in Arts and Associate in Science degrees, are acceptable for elective credit, and may have transfer value for major field requirements in particular baccalaureate programs.

194
Individualized Skills Laboratory in any discipline. This nontransferable course provides a framework for any discipline listed in the catalog to offer individualized instruction modules designed to enrich or broaden the students’ experience beyond what is available through the regular curriculum.

200-299
These are no-credit courses in which no letter grade is received. They may not be used to satisfy degree requirements of any type.

300-399
These are qualifying courses designed to prepare one for entry to basic college courses in the subject field. These courses carry no credit toward the Associate Degree requirement and may not be used to satisfy General Education, Associate Degree, or major requirements. They are not transferable to four-year institutions.

394
Individualized Skills Laboratory in any discipline. This nontransferable course provides a framework for any of the disciplines listed in the catalog to offer remedial-level individualized instructional modules that are designed to develop or support the students’ experiences below what is available through the regular curriculum.

REPEATING COURSES

Students may repeat any course in which they receive a grade of D or F twice. Under certain extenuating circumstances a student may repeat a course for a third time with approval of the Vice President of Student Affairs. Courses in which students received a final grade of “C” or better may not be repeated unless it is specifically designated.

Students may repeat courses that are designated “repeatable. Repeatable courses may include the following:

- If a course is legally mandated training requirement as a condition of continued of paid or volunteer employment a student may take this course any number of times (Per Title 5 section 58161)
- If a student is enrolled in credit special class offered by the Disabilities Support Program
- If a significant lapse of time (3 years) has passed

PLEASE NOTE: [Title 5, section 55041: If the activity course involves the same primary activity or different levels of the same educational activity, combined enrollment across these similar courses is limited to four times. Students are permitted to repeat an activity course a maximum of three times. Activity courses include physical education courses or visual or performing arts courses in music, fine arts, theater, and dance]
ACCTG-020 - Financial Accounting Units: 5
This introductory course is designed for transfer students in business, information systems, and/or accounting. Topics include the accounting cycle, preparation and analysis of financial statements, internal control, depreciation, inventories, receivables, liabilities, stockholders’ equity, ethical issues, and accounting as a decision-making tool.
Lecture Hours: 5 Lab Hours: None Repeatable: No Grading: L
Prerequisite: ACCTG 101 or BUS 001 or MATH 011A or MATH 011R or MATH 011S; all with C or better

CAN:
Advisory Level: Read: 3 Write: 3 Math: 2
Transfer Status: CSU/UC Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

ACCTG-021 - Managerial Accounting Units: 5
This transfer course introduces students to managerial decision-making using accounting information. Topics include the master budget; static and flexible budgets; Statement of Cash Flows; capital budgeting techniques; cost-volume-profit relationships; contribution margin approach to decision-making; cost behavior analysis; job order and process costing; activity-based costing and just-in-time manufacturing; standard costing; responsibility accounting; cost performance reporting; special business decisions; financial statement analysis; incremental analysis; break-even analysis; and pricing under absorption and variable costing.
Lecture Hours: 5 Lab Hours: None Repeatable: No Grading: L
Prerequisite: ACCTG 020 with C or better

CAN:
Advisory Level: Read: 3 Write: 3 Math: 2
Transfer Status: CSU/UC Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

ACCTG-022 - Payroll Accounting Units: 4
This course is an introduction to payroll accounting laws and procedures that affect payroll calculations, benefits, and deductions for federal and state tax filing and forms. The material is presented through lecture, discussion, and a comprehensive payroll project.
Lecture Hours: 4 Lab Hours: 0 Repeatable: No Grading: L
Prerequisite: ACCTG 020 or ACCTG 101, with C or better

CAN:
Advisory Level: Read: 3 Write: 3 Math: None
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

ACCTG-030 - QuickBooks Units: 3
The course provides students with hands-on computer-based accounting using QuickBooks, including behind-the-scenes accounting. Proper use of QuickBooks business forms for recording sales and receivables, payables and purchases, and payroll will be presented. Students will explore methods of business problem solving.
Lecture Hours: 2.5 Lab Hours: 1.5 Repeatable: No Grading: L
Prerequisite: ACCTG 101 or ACCTG 020, both with C or better

CAN:
Advisory Level: Read: 3 Write: 3 Math: 1
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

ACCTG-041 - Accounting for Governmental and Nonprofit Entities Units: 5
This course is an introduction to fund accounting used by governmental and nonprofit organizations. The material is presented through lecture, discussion, current events and the use of case problems.
Lecture Hours: 5 Lab Hours: 0 Repeatable: No Grading: L
Prerequisite: ACCTG 020, with C or better

CAN:
Advisory Level: Read: 3 Write: 3 Math: None
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

ACCTG-048 - International Accounting Units: 5
The course is designed to provide an introduction to international accounting issues to students in graduate and undergraduate business programs and for executives involved either directly or indirectly in international business. The material is presented from a user perspective as opposed to a preparer's perspective. The material provides a framework for showcasing the diverse roles that accounting has in other countries besides the United States. It is presented through lecture, discussion, current events, internet research, case problems and computerized assignments.
Lecture Hours: 5 Lab Hours: 0 Repeatable: No Grading: L
Prerequisite: ACCTG 020, with C or better

CAN:
Advisory Level: Read: 3 Write: 3 Math: None
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

ACCTG-062 - Cost Accounting Units: 5
This course provides students with cost accounting principles, including essentials of job order, process cost, and standard cost accounting systems. The central focus of the course is how cost accounting helps managers make better decisions for planning, controlling, and profitability analysis in a business environment as well as costing concepts for products, services, and customers. Topics covered in this course are of significant value in personal financial management as well.
Lecture Hours: 5 Lab Hours: None Repeatable: No Grading: L
Prerequisite: ACCTG 021 with C or better

CAN:
Advisory Level: Read: 3 Write: 3 Math: 2
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

ACCTG-063 - Intermediate Accounting Units: 5
This course will cover comprehensive and up-to-date accounting topics. Topics will include the conceptual framework of accounting, income statement, balance sheet and statement of cash flows, inventory, plant assets, depreciation, intangible assets and investments. Emphasis will be placed on the study of Generally Accepted Accounting Principles and their impact on the financial statement presentation required by the Financial Accounting Standards Board.
Lecture Hours: 5 Lab Hours: None Repeatable: No Grading: L
Prerequisite: ACCTG 021 with C or better

CAN:
Advisory Level: Read: 3 Write: 3 Math: 2
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None
ACCTG-095 - Individual Income Tax CTEC Units: 5

This is a comprehensive Income Tax Course (Part I-Basic; and Part II--Intermediate) with materials prepared by "The Income Tax School." "The Income Tax School" has received approval by the California Tax Education Council (CTEC) to provide a comprehensive Federal and California State Income Tax Course to fulfill the 60-hour qualifying education requirement mandated by California State Law. The material is presented through lecture, discussion, and review problems.

Lecture Hours: 5 Lab Hours: 0 Repeatable: No Grading: L

Recommended: ACCTG 020, C or better

CAN:
Advisory Level: Read: 3 Write: 3 Math: 2
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

ACCTG-097 - Accounting for Income Taxes Units: 3

This course provides students with an introduction to Federal Individual Income Taxation with emphasis on statutory materials, principles, procedures and terminology. Special attention is given to tax problems encountered by individual taxpayers and the basic concepts of gross income, exclusions, adjusted gross income, deductions, exemptions, and tax credits. Tax planning techniques will be explored. Other tax entities, such as corporations, partnerships and fiduciaries will be discussed. Issues of gift and estate taxation will be reviewed. A comparative analysis of California tax law will be provided.

Lecture Hours: 3 Lab Hours: None Repeatable: No Grading: L

CAN:
Advisory Level: Read: 3 Write: 3 Math: 1
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

ACCTG-101 - Bookkeeping for Small Business Units: 3

An introduction to accounting principles and procedures that apply to the operations of a small business. The material is presented through lecture and simulation activities including online computer activities. Transactions are analyzed and processed, financial statements are developed, and records are adjusted and closed for a complete accounting cycle for service and merchandising businesses. This course helps to prepare students for positions as accounting assistants or entry level bookkeepers. Course management software will be used to enhance learning.

Lecture Hours: 2.5 Lab Hours: 1.5 Repeatable: No Grading: O

CAN:
Advisory Level: Read: 3 Write: 3 Math: 1
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

ACCTG-138 - Work Experience Units: 1 - 8

Work Experience is designed for students who work or volunteer in a field related to their career major. Students are required to provide evidence that they are enrolled in a career program (e.g., education plan or coursework in a career/technical subject area). Students can earn one unit of credit for each 60 hours of unpaid volunteer time or 75 hours of paid work during the semester. Students can repeat Career/Technical Work Experience, combined with General Work Experience, or alone, up to a maximum of 16 units. Internship/job placement is not guaranteed.

Lecture Hours: None Lab Hours: 1.81 Repeatable: 15 Grading: O

Corequisite: Be employed or a volunteer at an approved work-site for the minimum number of hours per unit as stipulated for paid and unpaid status.

CAN:
Advisory Level: Read: 3 Write: 3 Math: 2
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

AJ-010 - Introduction to Administration of Justice Units: 3

This course covers the history and philosophy of administration of justice including law enforcement, the courts, and corrections. Responsibilities of criminal justice agents, legal frameworks, and the role of the justice system in a pluralistic society are examined. Concepts of crime causation, punishments and rehabilitation, and training standards of criminal justice personnel are explored.

Lecture Hours: 3 Lab Hours: None Repeatable: No Grading: L

CAN:
Advisory Level: Read: 3 Write: 3 Math: None
Transfer Status: CSU/UC Degree Applicable: AA/AS
CSU GE: D0 District GE: D0 IGETC: None

AJ-011 - Criminal Law Units: 3

This course covers concepts of criminal law including history, philosophy, and legal structure. Definitions and classifications of crime, case law analysis, the court system and the U.S. Constitution are examined. Crimes against person, property crimes, and the legal system as a social and cultural ideology are explored.

Lecture Hours: 3 Lab Hours: None Repeatable: No Grading: L

CAN:
Advisory Level: Read: 3 Write: 3 Math: None
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: D0 District GE: D0 IGETC: None

AJ-013 - Criminal Procedures Units: 3

This course will cover the history, legal terminology, and principles of criminal procedures. Constitutional provisions, interpretation of statutory and case law, legal aspects of arrest, rules governing search and seizure, and institutional responsibilities of the criminal justice system within a multicultural society are examined.

Lecture Hours: 3 Lab Hours: None Repeatable: No Grading: L

CAN:
Advisory Level: Read: 3 Write: 3 Math: None
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

AJ-014 - Contemporary Police Issues Units: 3

This course focuses on both the historical and contemporary role of police in society. Emphasis is placed on discussion and research of police hiring and training procedures, ethical issues, use of police discretion, police corruption, and the role of women and minorities in law enforcement.

Lecture Hours: 3 Lab Hours: None Repeatable: No Grading: L

CAN:
Advisory Level: Read: 3 Write: 3 Math: None
Transfer Status: CSU/UC Degree Applicable: AA/AS
CSU GE: D0 District GE: D0 IGETC: None

### Anthropology

**ANTH-062  -  Introduction to Physical Anthropology**

This course is the study of the origin, antiquity, and races of man; the criteria of racial classification, race problems; fossil man and prehistory will be covered.

**Units:** 3  
**Lecture Hours:** 3  
**Lab Hours:** 0  
**Repeatable:** No  
**Grading:** L  
**CAN:**  
**Advisory Level:** Read: 2  
**Transfer Status:** CSU  
**Degree Applicable:** AA/AS  
**CSU GE:** D1  
**District GE:** None  
**IGETC:** None

**ANTH-090  -  Introduction to Pre-Cuauhtemoc Mexico**

This course will examine the origins, evolution, and experiences of the major indigenous civilizations from Pre-Columbian Mexico. Students will be exposed to the dominant groups from this particular time period which include the Olmecas, Maya, Teotihuacanes, Zapotecas, Mixtecas, Toltecas and the Mexicas. Particular attention will be paid to their geographical location, subsistence patterns, religion, political structure, economy, education, family and marriage patterns, warfare, music, art and the decline of these groups. The course will also examine how this rich heritage has impacted the modern Chicanas/o (Mexican American).

**Units:** 3  
**Lecture Hours:** 3  
**Lab Hours:** 0  
**Repeatable:** No  
**Grading:** L  
**CAN:**  
**Advisory Level:** Read: 3  
**Transfer Status:** CSU/UC  
**Degree Applicable:** AA/AS  
**CSU GE:** D1  
**District GE:** ES  
**IGETC:** 4A

**ANTH-063  -  Introduction to Social and Cultural Anthropology**

This course introduces the student to an overview of the field of social and cultural anthropology. Topics include the development of the field of Anthropology, the concept of culture, language and communication, patterns of subsistence and economic systems. Other topics covered are sex and marriage, family, kinship and descent, political systems, spirituality, religion, the arts and the challenge of globalization.

**Units:** 3  
**Lecture Hours:** 3  
**Lab Hours:** 0  
**Repeatable:** No  
**Grading:** L  
**CAN:**  
**Advisory Level:** Read: 3  
**Transfer Status:** CSU/UC  
**Degree Applicable:** AA/AS  
**CSU GE:** D1  
**District GE:** D1  
**IGETC:** 4A

**ANTH-098  -  Directed Study in Anthropology**

Individual or small groups of students who would benefit from Independent Study under the direction of faculty members in specific or related disciplines may develop individualized learning contracts designed to enhance their individual instructional programs. The students and the faculty member in consultation with the Division Dean will determine appropriate learning objectives and activities as well as the number of units to be earned. Instructions and the Learning Contract forms are available in the Division Office. Repeatable to a maximum of 9 units across all disciplines.

**Units:** 0.5 - 9  
**Lecture Hours:** None  
**Lab Hours:** 1.81  
**Repeatable:** 17  
**Grading:** O  
**CAN:**  
**Advisory Level:** Read: 3  
**Transfer Status:** CSU/UC  
**Degree Applicable:** AA/AS  
**CSU GE:** None  
**District GE:** None  
**IGETC:** None

### Art

**ART-012  -  Two Dimensional Design**

This course is an introduction to the theories and applications of two-dimensional (flat surface) form in visual art and design. The student will use a variety of media, tools and techniques in studying line form, volume, space, value, texture, balance, proportion, movement, light and contrast. The course may include field trips.

**Units:** 3  
**Lecture Hours:** 2  
**Lab Hours:** 4  
**Repeatable:** No  
**Grading:** O  
**CAN:**  
**Advisory Level:** Read: 3  
**Transfer Status:** CSU/UC  
**Degree Applicable:** AA/AS  
**CSU GE:** None  
**District GE:** None  
**IGETC:** None

**ART-013  -  Three Dimensional Design**

This course is an introduction to the theories and applications of design in three-dimensional form in space. Students study the elements and principles of design, using a variety of tools, techniques, and mediums which may include wire, cardboard, clay, wood, plaster, and other materials at the instructor's discretion, in a studio lab setting. Concepts are introduced and clarified through instructor lecture and demonstrations. Field trips may be included. This course is 3 units, with two hours of lab for every hour of lecture. Three-Dimensional Design is a core foundation art course for AA degree and transfer.

**Units:** 3  
**Lecture Hours:** 2  
**Lab Hours:** 4  
**Repeatable:** No  
**Grading:** O  
**CAN:**  
**Advisory Level:** Read: 3  
**Transfer Status:** CSU/UC  
**Degree Applicable:** AA/AS  
**CSU GE:** None  
**District GE:** None  
**IGETC:** None

**ART-017  -  Studio Art**

This course is the study of the elements and principles of design and the concept of culture, language and communication, patterns of subsistence and economic systems. Other topics covered are sex and marriage, family, kinship and descent, political systems, spirituality, religion, the arts and the challenge of globalization.

**Units:** 1 - 8  
**Lecture Hours:** None  
**Lab Hours:** 1.81  
**Repeatable:** 15  
**Grading:** O  
**CAN:**  
**Advisory Level:** Read: 3  
**Transfer Status:** CSU/UC  
**Degree Applicable:** AA/AS  
**CSU GE:** None  
**District GE:** None  
**IGETC:** None

**AN-045  -  Medical Laboratory Technology**

This course will introduce students to various computer crimes and the appropriate investigative procedures used in collection, documentation, and presentation of evidence in court. The course includes a computer lab component.

**Units:** 3  
**Lecture Hours:** 2.5  
**Lab Hours:** 1.5  
**Repeatable:** No  
**Grading:** L  
**CAN:**  
**Advisory Level:** Read: 2  
**Transfer Status:** CSU  
**Degree Applicable:** AA/AS  
**CSU GE:** None  
**District GE:** None  
**IGETC:** None

### ART-042 - Sculpture I Units: 3
This is a studio/lecture course which emphasizes three dimensional design projects in clay, plastic, wood, stone, and metal. A survey of sculptural form, both historic and contemporary, parallels individual student work. Many types of sculptural forms such as relief sculpture, sculpture in the round, mobiles, stabiles, environmental, monolithic, linear, etc., as well as representational and abstract forms are examined. Group projects, field trips, and slide lectures are included in this course.
Lecture Hours: 2 Lab Hours: 4 Repeatable: No Grading: O
Open Curriculum: No prerequisite, corequisite or levels
CAN:
Advisory Level: Read: None Write: None Math: None Transfer Status: CSU/UC Degree Applicable: AA/AS CSU GE: None District GE: None IGETC: None

### ART-043 - Sculpture II Units: 3
This course is a continuation of ART-42, with the opportunity for students to explore more fully their particular interests in sculptural media, methods and ideas. The types and meaning of sculpture in contemporary society are examined. Critiques, group projects, field trips, and slide lectures supplement this course.
Lecture Hours: 2 Lab Hours: 4 Repeatable: No Grading: O
Prerequisite: ART 042
CAN:
Advisory Level: Read: None Write: None Math: None Transfer Status: CSU/UC Degree Applicable: AA/AS CSU GE: None District GE: None IGETC: None

### ART-055A - Life Drawing I Units: 3
This is a beginning course in drawing from the living human figure. Fundamentals of life drawing will be covered, including drawing shape, volume, mass, proportion, sub-structure, foreshortening and the basics of human anatomy. Techniques include contour, gesture, surface modeling, hatching, cross-hatching and tonal shading using a variety of drawing media.
Lecture Hours: 2 Lab Hours: 4 Repeatable: 3 Grading: L
Prerequisite: ART 024 with C or better

### ART-055B - Life Drawing II Units: 3
This course is a continuation of drawing the human figure, with emphasis on continued practice of technique while developing a personal artistic direction. Topics covered will include development of full-page composition, use of multiple figures, integration of color, theme development, and refinement of personal style. Traditional and non-traditional approaches will be explored.
Lecture Hours: 2 Lab Hours: 4 Repeatable: 3 Grading: L
Prerequisite: ART 055A, with C or better

### ART-060 - Beginning Painting I Units: 3
In this studio course, students will learn the fundamentals of painting technique including application of color theory, development of composition, and various practices of applying paint. Along with the development of technical skills, students will gain an understanding of how the qualities of the painting medium can be used to express personal values, observations and ideas. Traditional modes of representation as well as contemporary approaches will be explored.
Lecture Hours: 2 Lab Hours: 4 Repeatable: 3 Grading: O
Prerequisite: ART 014 and ART 024, both with C or better
CAN:
Advisory Level: Read: 3 Write: 3 Math: None Transfer Status: CSU/UC Degree Applicable: AA/AS CSU GE: None District GE: None IGETC: None

### ART-061 - Beginning Painting II Units: 3
ART 061 expands the knowledge and technologies gained in ART 060, emphasizing development of personal aesthetics and composition. Conceptual issues will be introduced. Students will experiment with media, content and technique to further explore and develop their aesthetic style. This course is repeatable for a total of 12 units. Prerequisite: ART 060.
Lecture Hours: 2 Lab Hours: 4 Repeatable: 3 Grading: O
Prerequisite: ART 060, with C or better, or equivalent
CAN:
Advisory Level: Read: 3 Write: 3 Math: None Transfer Status: CSU/UC Degree Applicable: AA/AS CSU GE: None District GE: None IGETC: None

### ART-066 - Jewelry Casting Units: 3
This is an introductory course in jewelry and metalsmithing with an emphasis on casting techniques. Students will study the history of jewelry from earliest times to the present. Students will learn and use the elements of art structure and principles of design to create their own unique works of art. Assignments will focus on design while exploring wax modeling, core casting, photo transfer etching, and other methods for making cast jewelry. Field trips to exhibitions may supplement the course.
Lecture Hours: 2 Lab Hours: 4 Repeatable: No Grading: O
Open Curriculum: No prerequisite, corequisite or levels
CAN:
Advisory Level: Read: None Write: None Math: None Transfer Status: CSU Degree Applicable: AA/AS CSU GE: None District GE: None IGETC: None

### ART-067 - Fabrication Jewelry Units: 3
This is an introductory course in jewelry and metalsmithing with an emphasis on fabrication techniques. Students study the history of jewelry from earliest times to the present. Assignments focus on design while exploring wax modeling, core casting, photo transfer etching, and other methods for making cast jewelry. Field trips to museums and exhibitions may supplement the course.
Lecture Hours: 2 Lab Hours: 4 Repeatable: No Grading: O
Open Curriculum: No prerequisite, corequisite or levels
<table>
<thead>
<tr>
<th>Course Code</th>
<th>Title</th>
<th>Units</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>ART-068</td>
<td>Jewelry Raising</td>
<td>3</td>
<td>In this course metalsmithing techniques such as raising, shell forming, die forming, mold making, chasing, repousse, and electroplating are introduced. Individual projects in jewelry and holloware, tool making, and other utilitarian objects are studied. Studio planning and layout, health hazards of the metalsmith, job and career opportunities, and other topics are covered. Field trips and slide lectures on historic and contemporary jewelry and metalsmithing supplement project assignments.</td>
</tr>
<tr>
<td>ART-069</td>
<td>Jewelry Forging</td>
<td>3</td>
<td>In this course individual projects of special interest to each student are encouraged. Advanced design assignments and technical projects in forging nonferrous metals and metal forming are given. Critiques of contemporary gold and silversmiths' work and the development of individual styles of personal expression in jewelry and metalsmithing are explored. Local and regional career opportunities are discussed. Field trips and slide lectures on historic and contemporary jewelry and metalsmmithing supplement project assignments.</td>
</tr>
<tr>
<td>ART-070</td>
<td>Art as a Business</td>
<td>3</td>
<td>In this course students will build on the technical skills learned in previous Art classes. Image development, marketing strategies, manufacturing techniques and business skills are applied to art production. Students use serial production techniques and other commercial production skills to design and create a product for which they develop a generic business plan. Pricing art (both wholesale and retail), as well as advertising, publicity, photography, tax considerations, licenses, insurance and security are covered. This is a lecture/lab class and the production of artwork is a major portion of the course.</td>
</tr>
<tr>
<td>ART-075</td>
<td>Advanced Jewelry Techniques</td>
<td>3</td>
<td>Students learn advanced jewelry and metalsmithing techniques including forging, raising, casting, hydraulic die forming, and photography for portfolio development. Individual studio planning and layout, studio health hazards and safety procedures, job and career opportunities in the jewelry profession and metal arts are other subjects covered in this course. Students design and make individual projects in jewelry, holloware, and utilitarian objects. Field trips, slide lectures on historic and contemporary metal arts, guest speakers, and discussion of career opportunities may be included.</td>
</tr>
<tr>
<td>ART-090</td>
<td>Art Appreciation</td>
<td>3</td>
<td>This is an introductory course to the appreciation of the visual arts. It examines the visual arts drawn from a wide variety of media, cultures and time periods. Students will learn to analyze art forms, technical procedures and the content of the works. The function and communication of visual arts within societal contexts will be examined.</td>
</tr>
<tr>
<td>ART-091</td>
<td>Survey of Art History: Prehistoric Through Gothic</td>
<td>3</td>
<td>In this illustrated survey of art history from prehistoric times through the Middle Ages, students will learn about architecture, sculpture, and painting and other art forms from important centers of the western world. Students will learn to evaluate Art and do comparative analysis of aesthetics and gain an understanding of how social, political, and religious ideas affect art and how Art is affected by the values and philosophy of its time. Topics include prehistoric art, ancient Egypt and Mesopotamia, Greek and Roman civilizations and medieval Christian and Islamic art. Field trips may be included and attendance is required.</td>
</tr>
<tr>
<td>ART-092</td>
<td>Survey of Art History: Renaissance to the Present</td>
<td>3</td>
<td>In this illustrated survey of Western art history beginning with the Italian Renaissance in the 14th century and continuing to the present day, students will develop an awareness of how social, political, and religious ideas have influenced artistic expression. Painting, sculpture and other art forms are covered. Presentation of material is through visual presentation using current technologies that include comparative analysis and critical evaluation of aesthetics. Field trips may be included and attendance is required.</td>
</tr>
<tr>
<td>ART-093</td>
<td>History of Modern Art</td>
<td>3</td>
<td>This illustrated history of modern art explores painting, sculpture, design, architecture, photography, and other art forms. Major schools of artistic expression explored include: Impressionism, Nabis, Symbolism, Expressionism, Cubism, Dadaism, Modernism, Social Realism, Abstract Expressionism, Op, Pop, New Realism, Surrealism, Futurism, and Constructivism. These will be studied as precursors of contemporary styles, attitudes, and issues. Students learn to evaluate art critically, and gain an understanding of how social, political, and philosophical ideas affect art.</td>
</tr>

<td>Astronomy 010 is an introductory course in general astronomy. Its topics include the history of astronomy and the development of modern astrophysics, the structure and origin of the solar system and the Milky Way, the birth and death of stars, galaxies, and the search for extraterrestrial life. The scientific method and the fundamental laws of physics are stressed. Special emphasis is placed on recent research in astronomy and the latest discoveries and tools used in modern astronomy. Astronomy 010 satisfies the requirement for a general education course in Physical Science without lab.</td>

<td>This is an introductory laboratory course in general astronomy, and includes observations done with telescopes at the observatory. Students will learn to identify constellations and will model the apparent motion of planets and stars in the sky. Students will investigate the geology of terrestrial planets and the dramatic chemical differences found amongst planets and satellites of our solar system. Astronomy 010L will also cover the different stages of stellar evolution, making use of computer simulations to illustrate the changes in size and solar stars go through as they age. Acceptable as a CSU lab science requirement only if student has completed ASTRO 010 previously or concurrently.</td>

### Automotive Technology

**AUTO-096 - Auto Principles**

This course is designed as an elective for the general student who wants to know how an automobile works. Students will become knowledgeable about the automobile, both as a machine they use on a daily basis and as an example of a technology within our society. Also included will be an overview of basic diagnostic procedures and generally accepted service and repair procedures.

- **Lecture Hours:** 2
- **Lab Hours:** None
- **Repeatable:** No
- **Grading:** L

- **IGETC:** None

**AUTO-098 - Directed Study in Automotive Technology**

Individual or small groups of students who would benefit from Independent Study under the direction of faculty members in specific or related disciplines may develop individualized learning contracts designed to enhance their individual instructional programs. The students and the faculty member in consultation with the Division Dean will determine appropriate learning objectives and activities as well as the number of units to be earned. Instructions and the Learning Contract forms are available in the Division office.

- **Lecture Hours:** None
- **Lab Hours:** 1.81
- **Repeatable:** 17

**AUTO-102 - Automotive Systems**

The course will present the working principles of the various automotive systems. Students will work with the tools and equipment used for repair and diagnostic work, and carry out procedures for troubleshooting electrical and mechanical problems. Students will also study the relationship of the automotive industry to economic development and the opportunities it presents.

- **Lecture Hours:** 2

**AUTO-103 - Light Line Technician**

This course will prepare students for entry level employment in the automotive field as a light line technician. The course will also introduce students to the training that the American Honda Program provides. Each student is assigned a Honda vehicle and performs more than 75 different maintenance tasks that are commonly performed at Honda dealerships. In addition to gaining hands-on experience, successful students will build teamwork and cooperative skills, improve their time management practices, and develop sound workmanship values.

- **Lecture Hours:** 1
- **Lab Hours:** 3
- **Repeatable:** No
- **Grading:** L

**Transfer Status:** None Degree Applicable: AS

**AUTO-105 - Suspension, Steering, and Alignment**

This course will cover, in both theory and practice, the proper diagnosis and repair of manual and power steering systems including: recirculating ball, rack and pinion, tie rods, idler arms, pitman arms, steering columns, air bags, and other steering components, also McPherson Strut and SLA suspension systems including: ball joints, knuckle assemblies, bushings, shocks, nails, tension bars, pneumatic springs, and active suspension systems, also tire and wheel technology, TPM, VSA, computerized four wheel and thrust alignment procedures including: caster, camber, toe, included angle, setback, scrub radius, TOT, drift or pull correction, and cradle adjustment.

- **Lecture Hours:** 2
- **Lab Hours:** 4

**AUTO-107 - Valve Train**

This is an advanced course that studies the latest valve train and cylinder head designs. Precision instruments and test equipment are utilized to diagnose and adjust modern valve train components. Cylinder head repairs and service are emphasized using machine shop equipment and techniques as they would be in industry. This course prepares its students to pass the national ASE test "Cylinder Head Specialist".

**AUTO-108 - Engine Short Block**

This is an advanced course that studies the latest cylinder block component designs. Precision instruments and test equipment are utilized to diagnose and test modern automotive engines. Cylinder block repairs and service are emphasized using machine shop equipment and techniques, as they would be used in industry. This course prepares its students to pass the national ASE tests "Cylinder Block Specialist" (M-2) and "Engine Assembly" (M-3).

**AUTO-109 - Engine Blueprint**

This is a high performance engine-machining course with theory and practice utilizing modern machine shop equipment. Comparisons will be made between engine blueprinting practices and production rebuilding techniques. This class will cover aftermarket upgrades in engine technology and how they affect engine life and performance.

**AUTO-118 - Fuel Systems/ Emission Controls**

This course covers automotive fuel systems, including: tanks, pumps, lines, filters, idle and vacuum control devices, electronic fuel injection, and emission control devices. Emphasis will be placed on combustion chemistry and emission testing procedures, and the diagnosis and repair of fuel and emission control system components. Students will diagnose and repair hard start, no-start, poor performance, and emission failures on a range of vehicles using the latest test equipment and methods. This course provides significant preparation and experience for those pursuing licensing as CA emission technicians.

**AUTO-119 - Introduction to Engine Performance**

This course is part of the Basic Skills track emphasizing engine systems relevant to performance and driveability. Using classroom theory, engine analyzers and test equipment will be utilized to diagnose modern automobile engine systems. Engine diagnostic strategies will be performed in the lab as they would be in industry.

**AUTO-120 - Automatic Transmission**

This course will prepare students to diagnose and repair front wheel drive and rear wheel drive automatic transmission systems. Stall and pressure testing, torque converters, planetary, CVT, and helical gear systems, overhaul practices, valve body repair, and on-car service techniques will be covered in both theory and practical application. Computerized powertrain diagnosis and repair will also be explored. Additional electronic transmission diagnosis and repair techniques are studied in Auto 174, Body Chassis Electronics. Both courses are recommended preparation for the ASE Automatic Transmission Exam.

**AUTO-121 - Manual Transmission**

This course will prepare students to diagnose and repair front and rear wheel drive, manual transmission systems, clutches, drive lines, differentials, and CV axles. Planetary, helical, hypoid, bevel, and straight cut gear systems will be studied including ratio calculation and torque multiplication. Overhaul practices, including teardown, measurement, inspection, repair, and reassembly will be covered. Four wheel drive systems such as automatic locking hubs, transfer cases, and electronic shift on the fly are also studied.

EVC Course Catalog

Automotive Technology

www.evc.edu 2011-2012 EVC CATALOG 63
### AUTO-122 - Advanced Electrical Systems

Units: 3

This is an advanced automotive electrical course stressing diagram-based diagnostic methods. Students will design and build functioning circuits and systems, as well as compute and measure all aspects of performance. Students will learn to diagnose and repair a wide variety of circuit, system, and component faults in general electrical, starting, charging, lighting, instrumentation, accessory, climate control, audio, navigation, and SRS systems. Critical thinking skills and use of specialized test equipment will be stressed to provide students with excellent and highly marketable diagnostic abilities.

Lecture Hours: 2  Lab Hours: 4  Repeatable: No  Grading: L

Prerequisite: Auto 170 with C or better

CAN:
Advisory Level: Read: 2  Write: 2  Math: 1
Transfer Status: None  Degree Applicable: AS
CSU GE: None  District GE: None  IGETC: None

### AUTO-125 - Automotive Electronics

Units: 2

This course explores the application of electronic components and systems within a modern vehicle. Students will learn basic semiconductor theory, and operation and testing of a wide variety of input and output devices. Also covered will be multiplex (vehicle intranet) systems, serial communications, and diagnostic practices.

Lecture Hours: 1.5  Lab Hours: 1.5  Repeatable: No  Grading: L

Prerequisite: Auto 170 with C or better

Recommended: Auto 118, 122, 127, 129

CAN:
Advisory Level: Read: 3  Write: 3  Math: 1
Transfer Status: None  Degree Applicable: AS
CSU GE: None  District GE: None  IGETC: None

### AUTO-127 - Ignition Systems

Units: 2

This course covers the theory, diagnosis and repair of modern automotive DI and EI ignition systems. Topics include ignition system function, combustion requirements, primary system triggering, switching components and operation. Included are secondary ignition components and operation, ignition timing devices, electronic spark timing function and strategy, as well as distributorless ignition systems i.e. Waste Spark and Coil-on-plug. System testing methods, fault isolation techniques, DSO, GDMM, Oscilloscope testing, waveform interpretation, as well as maintenance/drivability fault corrections are also included.

Lecture Hours: 1  Lab Hours: 3  Repeatable: No  Grading: L

Prerequisite: AUTO 102 with C or better

CAN:
Advisory Level: Read: 3  Write: 3  Math: 1
Transfer Status: None  Degree Applicable: AS
CSU GE: None  District GE: None  IGETC: None

### AUTO-129 - DSO, GDMM, Scan Tool Diagnosis

Units: 1

This laboratory oriented course explores the many aspects of advanced engine performance testing. Students will develop proficiency using analog and digital storage oscilloscopes, current clamps, graphing multimeters, scan tools, and other diagnostic equipment. Emphasis will be placed on waveform and PID interpretation, and the effects erroneous signals/information can have on vehicle performance.

Lecture Hours: 0.5  Lab Hours: 1.5  Repeatable: No  Grading: L

Prerequisite: AUTO 170 with C or better

CAN:
Advisory Level: Read: 2  Write: 2  Math: 1
Transfer Status: None  Degree Applicable: AS
CSU GE: None  District GE: None  IGETC: None

### AUTO-132 - Individualized Skills Training Lab

Units: 0.5 - 7.5

This course allows Automotive Students to complete Honda Individualized Training Modules or other automotive topics not covered in regular classes. Topics include brakes, engine repair, suspension, steering, electrical, driveability, water leak repair, body adjustments, transmission, drivetrain, fuel systems, and air conditioning.

Lecture Hours: None  Lab Hours: 1.5 - 22.5  Repeatable: 14  Grading: L

Open Curriculum: An assessment test is required prior to first day of class

CAN:
Advisory Level: Read: None  Write: None  Math: None
Transfer Status: None  Degree Applicable: AS
CSU GE: None  District GE: None  IGETC: None

### AUTO-133 - Computerized Engine Management

Units: 2.5

This is an advanced automotive course covering electronic engine and powertrain management. Systems covered are fuel, ignition, emissions, idle, transmission, throttle control, variable valve timing, and climate control. Critical thinking skills and use of specialized test equipment will be stressed to provide students with excellent and highly marketable diagnostic abilities.

Lecture Hours: 2  Lab Hours: 2  Repeatable: No  Grading: L

Prerequisite: Auto 125 with C or better.

CAN:
Advisory Level: Read: 2  Write: 2  Math: 1
Transfer Status: None  Degree Applicable: AS
CSU GE: None  District GE: None  IGETC: None

### AUTO-134 - Advanced Engine Performance

Units: 2.5

This is an advanced automotive course for student/technicians possessing a solid background in mechanical/electronic engine control systems and general diagnostic procedures. Advanced diagnostic techniques include scan-tool, break-out box, DSO/GDMM, five gas, and OBD-II mode 6 diagnosis of electronic powertrain management and related sub-systems. Successful completion of this course will prepare students for the ASE L-1 Advanced Engine Performance test and California Smog licensing exam, in addition to providing practical diagnostic knowledge needed to repair modern engine control systems.

Lecture Hours: 2  Lab Hours: 2  Repeatable: No  Grading: L

Prerequisite: AUTO 133 with C or better or equivalent industry experience

CAN:
Advisory Level: Read: 2  Write: 2  Math: 1
Transfer Status: None  Degree Applicable: AS
CSU GE: None  District GE: None  IGETC: None

### AUTO-135 - Fundamentals of Air Conditioning

Units: 2

This course will prepare students to diagnose and repair modern heating ventilation and air conditioning systems. Topics studied include systems inspection, diagnosis, and repair, leak testing, performance testing, mode control, refrigerant identification, recovery, flushing, evacuation, recharging, and safe handling procedures. Students will also learn to diagnose component malfunctions and related electrical systems. Automatic temperature control systems will also be explored. AUTO 135 and 174 prepares students for the ASE Air Conditioning exam.

Lecture Hours: 1.5  Lab Hours: 1.5  Repeatable: No  Grading: L

Prerequisite: AUTO 102, with C or better

CAN:
Advisory Level: Read: 2  Write: 2  Math: 1
Transfer Status: None  Degree Applicable: AS
CSU GE: None  District GE: None  IGETC: None
### AUTO-138 - Occupational Work Experience  
**Units: 1 - 8**

Occupational Work Experience is designed for students who work or volunteer in a field related to their career major. Students are required to provide evidence that they are enrolled in automotive technology course(s). Students can earn one unit of credit for each 60 hours of unpaid volunteer time or 75 hours of paid work during the semester. Students can repeat Career/Occupational Work Experience, combined with General Work Experience, or alone, up to a maximum of 16 units. Internship/job placement is not guaranteed.

- **Lecture Hours:** None
- **Lab Hours:** 1.81
- **Repeatability:** Repeatable: 15
- **Grading:** O

- **Corequisite:** Be employed or a volunteer at an approved work-site for the minimum number of hours per unit as stipulated for paid and unpaid status.

- **CAN:**
  - **Advisory Level:** Read: 3 Write: 3
  - **Transfer Status:** CSU Degree Applicable: AA/AS
  - **CSU GE:** None District GE: None IGETC: None

### AUTO-141 - Clean Air Car Course  
**Units: 5**

This course covers details of the California Smog Inspection Program. Successful completion is required for technicians wishing any level of California smog license. It covers rules, regulations, licenses, consumer rights, inspection procedures, equipment usage, safety, diagnostic techniques, failure diagnosis and periodic updates of new technology. Incorporates portions of previous BAR Updates for OBD2, 2003, 2005, and 2007.

- **Lecture Hours:** 5
- **Lab Hours:** None
- **Repeatable:** No
- **Grading:** L

- **Prerequisite:** AUTO 102 with C or better

- **CAN:**
  - **Advisory Level:** Read: 3 Write: 3
  - **Transfer Status:** CSU Degree Applicable: AS
  - **CSU GE:** None District GE: None IGETC: None

### AUTO-142 - Automotive Electrical/Electronic Systems  
**Units: 1**

This course is intended to build on the basics of automotive electricity and electronics. Emphasis will be placed on the diagnosis of electrical/electronic systems. Additionally, this lecture/demonstration course will help prepare the student for ASE test A6, Electrical/Electronic Systems. Completion of this course and posttest will satisfy the Bureau of Auto Repair’s ASE A6 test requirement for entrance into the Clean Air Car Course (Auto 141).

- **Lecture Hours:** 1
- **Lab Hours:** None
- **Repeatable:** No
- **Grading:** L

- **Prerequisite:** AUTO 170 with C or better or equivalent experience

- **CAN:**
  - **Advisory Level:** Read: 2 Write: 2
  - **Transfer Status:** CSU Degree Applicable: AS
  - **CSU GE:** None District GE: None IGETC: None

### AUTO-143 - Engine Performance  
**Units: 1.5**

This course is intended to build on the basics of automotive engine performance. Emphasis will be placed on the diagnosis of engine performance and drivability. Additionally, this lecture/demonstration course will help prepare the student for ASE test A8, Engine Performance. Completion of this course and posttest will satisfy the Bureau of Auto Repair’s ASE A8 test requirement for entrance into the Clean Air Car Course (Auto 141).

- **Lecture Hours:** 1.5
- **Lab Hours:** None
- **Repeatable:** No
- **Grading:** L

- **Prerequisite:** AUTO 170 with C or better or equivalent experience

- **CAN:**
  - **Advisory Level:** Read: 2 Write: 2
  - **Transfer Status:** CSU Degree Applicable: AS
  - **CSU GE:** None District GE: None IGETC: None

### AUTO-144 - BAR OBD2 Update Training  
**Units: 1.5**

This course covers the Second Generation of vehicle electronic engine control On Board Diagnostics, (OBD2). The course meets state of California requirements for “update” training for both Basic (EB) and Enhanced Area (EA) technicians seeking licensure after January 31, 2001. Students will learn about legislation, monitor strategy, diagnostic standards, failure criteria, OBD2 trip criteria, along with related OBD2 vehicle demonstrations. Meets California smog licensing requirements for OBD2 diagnostic standards.

- **Lecture Hours:** 1.5
- **Lab Hours:** None
- **Repeatable:** No
- **Grading:** L

- **Prerequisite:** AUTO 141 with C or better or hold current Calif. Smog Technician License

- **CAN:**
  - **Advisory Level:** Read: 2 Write: 2
  - **Transfer Status:** CSU Degree Applicable: AA/AS
  - **CSU GE:** None District GE: None IGETC: None

### AUTO-145 - Enhanced Emission Diagnostics  
**Units: 2**

This course covers advanced testing, diagnostic and repair procedures for automotive emission systems. The course meets State of California BAR licensing requirements for smog certification and licensure. Students will utilize diagnostic equipment including digital storage scopes and the BAR97 dynometer to test, certify, and diagnose emission problems. Instruction will include five gas analysis, baseline techniques, loaded mode testing, advanced waveform patterns, NOx diagnosis, catalytic converter testing, and O2 sensor diagnosis.

- **Lecture Hours:** 2
- **Lab Hours:** 0.5
- **Repeatable:** 3
- **Grading:** L

- **Prerequisite:** AUTO 141 with C or better or hold current CA Smog Technician License

- **CAN:**
  - **Advisory Level:** Read: 2 Write: 2
  - **Transfer Status:** CSU Degree Applicable: AS
  - **CSU GE:** None District GE: None IGETC: None

### AUTO-146 - BAR-97 Transition  
**Course/Loaded Mode Emission Testing**  
**Units: 0.5**

This course covers advanced emissions testing procedures using a loaded mode dynamometer and five gas emissions analyzer. The course meets state of California BAR Emissions Inspection requirements for smog certification and licensure. This course covers advanced emissions testing procedures using a loaded mode dynamometer and five gas emissions analyzer. Students will learn to test, certify, and diagnose emission problems. Instruction will include five gas analysis, baseline techniques, loaded mode testing, advanced waveform patterns, NOx diagnosis, catalytic converter testing, and O2 sensor diagnosis.

- **Lecture Hours:** 0.5
- **Lab Hours:** None
- **Repeatable:** 3

AUTO-147 - BAR Update Training and Recertification Units: 1
This is a California Bureau of Auto Repair (BAR) Update training course. This course is required of all new and renewing technicians before they can qualify to take the State Smog Exam. This course consists of wideband lean air-fuel sensors, OBD2 data-stream analysis, and BAR updates. This class includes both lecture and required lab examinations. Attendees passing the final exam will be given a BAR course completion certificate to be used in applying for smog testing. This course does not replace any past or future BAR update courses.
Lecture Hours: 1 Lab Hours: 0.06 Repeatable: 3 Grading: L
Recommended: Auto 102 and/or prior engine performance training and/or experience. Recommended for current or prior Smog licensees or those seeking licensure.
CAN:
Advisory Level: Read: 2 Write: 2 Math: None
Transfer Status: None Degree Applicable: NAA
CSU GE: None District GE: None IGETC: None

AUTO-147A - BAR 2005 Update Training Units: 1
This is the California Bureau of Auto Repair (BAR) Update training for 2005. Recommended for current or prior BAR updates.
Lecture Hours: 1 Lab Hours: 0.06 Repeatable: 4 Grading: L
Recommended: Purchase required textbook for Auto 147B from EVC Bookstore prior to first day of class. Contact EVC Bookstore for hours. As per BAR, complete the 50 question homework test at the end of the book and turn in at the beginning of class.
CAN:
Advisory Level: Read: 2 Write: 2 Math: None
Transfer Status: None Degree Applicable: NAA
CSU GE: None District GE: None IGETC: None

AUTO-147B - BAR 2007 Update Training Units: 1
The California Bureau of Auto Repair (BAR) Update training for 2007 is necessary for new Smog Licenses or biannual renewal.
Lecture Hours: 1 Lab Hours: 0.06 Repeatable: 5 Grading: L
Recommended: Purchase required textbook for Auto 147B from EVC Bookstore prior to first day of class. Contact EVC Bookstore for hours. As per BAR, complete the 50 question homework test at the end of the book and turn in at the beginning of class.
CAN:
Advisory Level: Read: 2 Write: 2 Math: None
Transfer Status: None Degree Applicable: NAA
CSU GE: None District GE: None IGETC: None

AUTO-147C - BAR 2009 Update Training Units: 1
The California Bureau of Auto Repair (BAR) Update Training for 2009 is necessary for new Smog Licenses or biannual renewal.
Lecture Hours: 1 Lab Hours: 0.06 Repeatable: 5 Grading: L
CAN:
Advisory Level: Read: 2 Write: 2 Math: None
Transfer Status: None Degree Applicable: NAA
CSU GE: None District GE: None IGETC: None

AUTO-147D - BAR 2011 Update Training Units: 1
This course is necessary for new Smog Licenses or biannual renewal.
Lecture Hours: 1 Lab Hours: 0.057 Repeatable: No Grading: O
CAN:
Advisory Level: Read: 2 Write: 2 Math: None
Transfer Status: None Degree Applicable: NAA
CSU GE: None District GE: None IGETC: None

AUTO-165 - Diesel Engines Ford Asset Units: 2
This course is necessary for new Smog Licenses or biannual renewals. The course covers BAR updates, review of proper vehicular testing procedures, catalytic converter diagnosis, use of BAR references to determine after-market parts suitability.
Lecture Hours: 1.5 Lab Hours: 1.5 Repeatable: No Grading: L
CAN:
Advisory Level: Read: 2 Write: 2 Math: None
Transfer Status: None Degree Applicable: AS
CSU GE: None District GE: None IGETC: None

AUTO-169 - Ford Scan Tool Diagnostics Units: 2.5
This advanced automotive electronics course will cover Ford Motor Company automotive data transmission protocols relevant to multiplexed electronics used in drivetrain, body, audio, and chassis systems. Inter-module communications, their inputs and outputs, parameter identifications (PIPs), check diagnostics, PID value graphing, data record functions, and active command modes will be discussed and demonstrated. Students will gain familiarity with the NGS Ford scanners. This course is not for beginning technicians.
Lecture Hours: 2 Lab Hours: 2 Repeatable: No Grading: L
Prerequisite: AUTO 167
CAN:
Advisory Level: Read: 2 Write: 2 Math: 1
Transfer Status: None Degree Applicable: AS
CSU GE: None District GE: None IGETC: None

AUTO-170 - Electrical Systems Units: 3
This course introduces students and entry level automotive technicians to the automotive electrical system. The course covers electrical theory, magnetism, Ohm’s law, series and parallel circuits and system dynamics. Students learn to calculate and measure voltage, resistance and current in theoretical and live circuits, build and test working models of typical automotive electrical systems using table top components and industry specific simulators, and practice diagnosis and repair procedures on a variety of vehicles. Students will also develop an understanding of modern electrical test equipment, such as DMMs, GDMMs, and DSO’s, and industry standard troubleshooting and repair procedures.
Lecture Hours: 2 Lab Hours: 3 Repeatable: No Grading: L
Prerequisite: Auto 102 with C or better.
CAN:
Advisory Level: Read: 3 Write: 3 Math: 1
Transfer Status: None Degree Applicable: AS
CSU GE: None District GE: None IGETC: None
AUTO-171 - Engine Systems  Units: 2.5
This is an intermediate level course that covers engine theory and repair procedures. This is a unique class, wherein the student will start an engine in the first class session. Throughout the course, the student will completely disassemble and study each component and the system it relates to. During the last few class meetings the student will have the engine properly assembled, running, and thoroughly tested. This course prepares students to pass the national Automotive Service Excellence (ASE) "Engine Repair" test given in the spring and fall of each year.
Lecture Hours: 2  Lab Hours: 1.5  Repeatable: No  Grading: L
Prerequisite: AUTO 102 with C or better
CAN:
Advisory Level: Read: 2  Write: 2  Math: None
Transfer Status: None  Degree Applicable: AS
CSU GE: None  District GE: None  IGETC: None

AUTO-172 - Chassis and Drivetrain Systems  Units: 2.5
This course will introduce students to the service and repair procedures of drive-train systems, brakes, clutches, steering, suspension, alignment, and related measurement practices. Auto 172 is designed to prepare students for the chassis drive-train track and stresses inspection and routine maintenance services of under-car systems such as CV axles, brake friction components, universal joints, clutch systems, and transmissions. Satisfactory completion of this course is required for either automotive degree option.
Lecture Hours: 2  Lab Hours: 2  Repeatable: No  Grading: L
Prerequisite: AUTO 102, with C or better
CAN:
Advisory Level: Read: 2  Write: 2  Math: 1
Transfer Status: None  Degree Applicable: AS
CSU GE: None  District GE: None  IGETC: None

AUTO-173 - Automotive Service Operations  Units: 2
This course will provide overview information about careers in Automotive Technology. Preparation for "on job" experience will include presentations and discussions about professionalism, work ethics, diplomacy, consumerism, safety, hazardous wastes, tools and equipment, as well as employee, employer, and customer relations.
Lecture Hours: 2  Lab Hours: None  Repeatable: No  Grading: L
CAN:
Advisory Level: Read: 2  Write: 2  Math: None
Transfer Status: None  Degree Applicable: AS
CSU GE: None  District GE: None  IGETC: None

AUTO-174 - Body & Chassis Electronics  Units: 2
This course provides the student with the marketable skills needed for the repair and diagnosis situations of modern electronic body & chassis control systems. It is designed to complement Auto 105 and Auto 106. Chassis/Drivetrain classes by introducing students to anti-lock brake systems, electronically controlled steering and suspension systems, and supplemental restraint (air bag) systems. Hands-on exercises will include diagnosis and repair techniques using state-of-the-art equipment.
Lecture Hours: 1  Lab Hours: 3  Repeatable: No  Grading: L
Prerequisite: AUTO 170 and AUTO 172
CAN:
Advisory Level: Read: 2  Write: 2  Math: None
Transfer Status: None  Degree Applicable: AS
CSU GE: None  District GE: None  IGETC: None

AUTO-175 - Welding and Fabrication  Units: 2
This course will introduce students to the hands-on skills needed to plan and fabricate components for the purpose of manufacturing. Specialized tools such as mills, lathes, MIG welders, chop saws, as well as a variety of hand tools, will be covered. In addition to gaining hands-on experience, successful students will build teamwork and cooperative skills, improve time management practices, and develop sound workmanship values.
Lecture Hours: 1  Lab Hours: 3  Repeatable: No  Grading: L
Prerequisite: AUTO 111, with C or better or equivalent industry experience
CAN:
Advisory Level: Read: 2  Write: 2  Math: 1
Transfer Status: None  Degree Applicable: NAA
CSU GE: None  District GE: None  IGETC: None

AUTO-181A - Introduction to Alternative Fuel and Hybrid Electric Vehicles  Units: 2
This course will examine a variety of alternative fuels and propulsion systems used in modern automotive vehicles. The advantages and limitations of alternative fuels used in internal combustion engines (ICE) will be discussed. The topics on alternative propulsion systems will include the basic theory of operation, construction, and safety. The unique dangers surrounding alternative fuel and propulsion vehicles will be explored, and how to minimize the risks. This course will also cover what is needed to operate safely and effectively around these vehicles. The program includes a quick guide comparison chart of the different hybrid electric automobiles.
Lecture Hours: 1.5  Lab Hours: 1.5  Repeatable: No  Grading: L
Prerequisite: Auto 102, with C or better or equivalent industry experience
CAN:
Advisory Level: Read: 2  Write: 2  Math: 1
Transfer Status: None  Degree Applicable: AS
CSU GE: None  District GE: None  IGETC: None

AUTO-181B - Hybrid Electric Vehicle Maintenance and Repair  Units: 2
This is an advanced course that provides an in-depth study of the technology, maintenance, and repair of hybrid electric light duty passenger vehicles. Basic diagnostic, repair, and maintenance procedures of the unique systems associated with hybrid electric vehicles will be discussed and practiced. Special tools and diagnostic equipment will be used during the laboratory exercises.
Lecture Hours: 1  Lab Hours: 3  Repeatable: No  Grading: L
Prerequisite: Auto 102, Auto 170, Auto 181A, all with a grade of C or better.
CAN:
Advisory Level: Read: 2  Write: 2  Math: 1
Transfer Status: None  Degree Applicable: AS
CSU GE: None  District GE: None  IGETC: None

BIOL-001 - General Principles of Biology  Units: 5
Biology 1 is the introductory course to a three term sequence for students exploring a career in the life sciences, teaching, medicine, or biochemistry. This lecture and laboratory course emphasizes fundamental biological principles and the process of science. During the first half of the term, students will learn about the cell, focusing on its chemistry, structure, energetics, and reproduction. The remainder of the course will provide the student with a strong foundation in genetics, evolution, and ecology. Field trips may be required.
Lecture Hours: 5  Lab Hours: 0  Repeatable: No  Grading: L
Prerequisite: MATH 013 with C or better or equivalent
CAN:
Advisory Level: Read: 3  Write: 3  Math: None
Transfer Status: CSU/UC  Degree Applicable: AA/AS
CSU GE: B2,B3  District GE: B2, B3  IGETC: 5B
BIOL-002 - Organismal Biology Units: 5
BIOL 002 is the second course in a three-course series for students pursuing careers in the life sciences. This majors-level lecture and laboratory course will emphasize the organismal biology of plants and animals. A central theme of the course is the comparative analysis of the characteristics of morphology and physiology, and evolutionary relationships among the major plant and animal taxa studied. Field trips may be required.
Lecture Hours: 3 Lab Hours: 6 Repeatable: No Grading: L
Prerequisite: BIOL 001 and (CHEM 001A or CHEM 015), all with C or better
Recommended: Strong English reading and writing skills are essential for success in the course.

CAN:
Advisory Level: Read: 3 Write: 3 Math: None
Transfer Status: CSU/UC Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

BIOL-003 - Cell and Molecular Biology Units: 4
Biology 003 is a course for majors covering the cellular, chemical, and molecular nature of living systems; integrating cells structure with macromolecular and biological reactions; gene regulation; cell interaction and development. Field trips may be required. This course is one of three in the biology series for all biological science and related pre-professional majors.
Lecture Hours: 3 Lab Hours: 3 Repeatable: No Grading: L
Prerequisite: BIOL 001 and (CHEM 001A or CHEM 015); all with C or better
Recommended: A solid command of the English language, particularly strong reading and writing skills.
CAN:
Advisory Level: Read: 3 Write: 3 Math: 3
Transfer Status: CSU/UC Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

BIOL-020 - Human Biology Units: 4
This course is intended for non-science majors to meet general education laboratory science requirements. The principles of human biology cover all systems of the body including structure and function, diseases, and application of biotechnology.
Lecture Hours: 3 Lab Hours: 3 Repeatable: No Grading: L

CAN:
Advisory Level: Read: 3 Write: 3 Math: 2
Transfer Status: CSU/UC Degree Applicable: AA/AS
CSU GE: B2,B3 District GE: B2, B3 IGETC: 5B

BIOL-021 - General Biology Units: 4
This is an introductory biology course for non-science majors. The course covers the general principles and basic concepts of biology including the characteristics and classification of living systems, cells, metabolism, development, health, reproduction, genetics, evolution and ecology. This course is not open to biology or related pre-professional majors.
Lecture Hours: 3 Lab Hours: 3 Repeatable: No Grading: L

CAN:
Advisory Level: Read: 3 Write: 3 Math: 2
Transfer Status: CSU/UC Degree Applicable: AA/AS
CSU GE: B2,B3 District GE: B2, B3 IGETC: 5B

BIOL-025 - Forensic Biology Units: 3
This course is a general education science lecture course intended for those who have a general interest in the application of science to forensic science. Students will examine case studies involving crimes to demonstrate how the principles of science are used to analyze physical evidence. Scientific method, mathematical computations, and fundamental principles of physics, chemistry and biology will be applied to various forms of evidence to derive information about a crime scene.
Lecture Hours: 3 Lab Hours: 0 Repeatable: No Grading: L

CAN:
Advisory Level: Read: 3 Write: 3 Math: 3
Transfer Status: CSU/UC Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

BIOL-030 - Introduction to Molecular Biology Lab Skills Units: 1
Biology 030 is a course that introduces lab skills used in molecular biology courses that include a lab. Students are introduced to standard labware and its uses. This course covers lab safety, basic techniques in microbiology and molecular biology, use of pipets and micropipets, chromatography, gel electrophoresis, and spectrophotometry. Additional activities may be included. One or more field trips may be required.
Lecture Hours: 0 Lab Hours: 3 Repeatable: No Grading: O

CAN:
Advisory Level: Read: 3 Write: 3 Math: 2
Transfer Status: None Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

BIOL-033 - Biotechnology and Society Units: 3
This course focuses on some aspects of biotechnology's impact on society. Basic concepts in biotechnology are introduced in a non-technical manner to examine advances in medicine, agriculture, and other fields. Public perception and ethical issues are also considered.
Lecture Hours: 3 Lab Hours: 0 Repeatable: No Grading: L

CAN:
Advisory Level: Read: 3 Write: 3 Math: None
Transfer Status: CSU/UC Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

BIOL-034 - Biotechnology Laboratory Methods Units: 3
Biology 034 is a first course in biotechnology laboratory methods. Topics covered include: lab safety; documentation of procedures and experimental data; measurement techniques; basic math appropriate to preparing materials used in the lab; solution and media preparation; separation techniques; microbiology techniques; and manipulation of DNA. Laboratory work emphasizes skill development in: use of standard lab equipment; documentation; safety practices; basic microbiology; DNA manipulation; solution and media preparation; and separation techniques. Field trips may be required.
Lecture Hours: 2 Lab Hours: 3 Repeatable: No Grading: L
Recommended: CHEM 015 and BIOL 033, both with grade of C or better

CAN:
Advisory Level: Read: 3 Write: 3 Math: 3
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

Biology

BIOL-080 - Biology Field Program Units: 1
The Biology Field Program introduces students to the human and natural histories of a variety of ecosystems including the California seacoast, coastal and Sierra Nevada ranges, and deserts and canyon lands of the southwest. Emphasis will be given to general ecological principles, the flora and fauna of the areas visited, and the tenets of leave-no-trace. Each offering of the course focuses on one of the above areas, and involves on-campus lectures and the equivalent of one week in the field. Participation in the course requires camping, some hiking, and automobile travel. This course may be repeated for credit up to four times. Additional fees are required.
Lecture Hours: 0.25 Lab Hours: 2.25 Repeatable: 3 Grading: L
CAN: Advisory Level: Read: 3 Write: 3 Math: None Transfer Status: CSU Degree Applicable: AA/AS CSU GE: None District GE: None IGETC: None

BIOL-098 - Directed Study in Biology Units: 0.5 - 9
Individual or small groups of students who would benefit from Independent Study under the direction of faculty members in specific or related disciplines may develop individualized learning contracts designed to enhance their individual instructional programs. The students and the faculty member in consultation with the Division Dean will determine appropriate learning objectives and activities as well as the number of units to be earned. Instructions and the Learning Contract forms are available in the Division office. Repeatable to a maximum of 9 units across all disciplines.
Lecture Hours: None Lab Hours: 1.81 Repeatable: 17 Grading: O
CAN: Advisory Level: Read: 2 Write: 2 Math: None Transfer Status: CSU Degree Applicable: AA/AS CSU GE: None District GE: None IGETC: None

Botany

BOT-062 - Plants and Human Welfare Units: 3
This course is a lecture-demonstration course dealing with the world of plants and their ecological importance to humans; their impact on the development of civilizations; the need for conservation; and an appreciation for plants in the total environment. At least one field trip is required.
Lecture Hours: 3 Lab Hours: None Repeatable: No Grading: O

Building Information Modeling

BIM-120 - Construction, Means, Methods, and Materials Units: 3
This course is an introduction to construction management, as it relates to understanding the multi-faceted roles and responsibilities that are typically shared by project team members during the course of a construction project. The material is presented through lecture, discussion, mixed media and real-world examples. Innovations that are changing the industry as well as building for a sustainable future are also covered.
Lecture Hours: 3 Lab Hours: 0 Repeatable: No Grading: L
CAN: Advisory Level: Read: 3 Write: 3 Math: 2 Transfer Status: CSU Degree Applicable: AA/AS CSU GE: None District GE: None IGETC: None

BIM-121 - Virtual Design and Construction Workflow Units: 3
This course will introduce students to the Virtual Design and Construction Workflow processes and procedures, and expose them to the software tools required.
Lecture Hours: 3 Lab Hours: 0 Repeatable: No Grading: L
CAN: Advisory Level: Read: 3 Write: 3 Math: 1 Transfer Status: CSU Degree Applicable: AA/AS CSU GE: None District GE: None IGETC: None

BIM-122 - Managing Construction Coordination Meetings Units: 3
This course will cover the most commonly used software tools for managing construction coordination meetings. The software tools will be used in conjunction with "Best in Class" Clash Detection and Coordination meeting processes that enable rapid decision making abilities to keep projects on schedule, as well as maintain budgets and within the defined quality requirements of the projects.
Lecture Hours: 3 Lab Hours: 0 Repeatable: No Grading: L
CAN: Advisory Level: Read: 3 Write: 3 Math: 1 Transfer Status: CSU Degree Applicable: AA/AS CSU GE: None District GE: None IGETC: None

BIM-123 - Revit Fundamentals Units: 3
This course will cover the fundamentals of Autodesk Revit Architecture in a lecture/lab format with hands-on learning. Students will learn how to: set up a new building information model; create a basic floor plan; work with basic architectural elements (walls, doors, windows, floors, ceilings, roofs, curtain walls, stairs and railings); create sections, elevations and callouts views; add annotations including dimensions, text, tags, schedules and legends; and share designs by working in teams, creating architectural visualization renderings and plotting finished drawings. Students are also introduced to the basics of creating simple families.
Lecture Hours: 1 Lab Hours: 6 Repeatable: No Grading: L
Recommended: Basic AutoCAD or equivalent skills
CAN: Advisory Level: Read: 3 Write: 3 Math: 2 Transfer Status: CSU Degree Applicable: AA/AS CSU GE: None District GE: None IGETC: None

BIM-124 - Revit Advanced Training Units: 3
This course is focused specifically on providing an immediate to advanced level of training on Revit Architecture. The skills learned during this class are for experienced Revit users and are designed to help experienced users take the next step in advancing their current knowledge of Revit Architecture. Students will learn to create architectural visualization renderings, use filters, section boxes, design options and phasing to present various display ideas and solutions. They will also create advanced families, develop advanced schedules using project and shared parameters and conceptual massing.
Lecture Hours: 1 Lab Hours: 6 Repeatable: No Grading: L
Prerequisite: BIM 123 with a C or better
CAN: Advisory Level: Read: 3 Write: 3 Math: 3 Transfer Status: CSU Degree Applicable: AA/AS CSU GE: None District GE: None IGETC: None
### Building Information Modeling

**BI M-125 - Planning and Managing Construction Projects with 4D CAD**

Units: 3

Building Information Modeling (BIM) integrates 3D drawings and 4D animations to dramatically improve the communication, coordination, and planning of construction projects, while reducing risks, errors, and costs. BIM is an in-depth resource that shows architects and building professionals how to capitalize on BIM concepts, tools, and techniques for their own building projects.

**Lecture Hours:** 3  
**Lab Hours:** 0  
**Repeatability:** No  
**Grading:** L

**Advisory Level:**  
**Transfer Status:** CSU Degree Applicable: AA/AS  
**CSU GE:** None  
**District GE:** None  
**IGETC:** None

**BI M-138 - BI M Work Experience**

Units: 1 - 8

Occupational work experience is designed for students who work or volunteer in the field related to their career major. Students are required to provide evidence that they are enrolled in BIM course(s). Students can earn one unit of credit for each 60 hours of unpaid volunteer time or 75 hours of paid work during the semester. Students can repeat Career/Occupational Work Experience, combined with General Work Experience, or alone, up to a maximum of 16 units. Internship/job placement is not guaranteed.

**Lecture Hours:** 1.81  
**Lab Hours:** 0  
**Repeatability:** 15  
**Grading:** O

**Corequisite:** Be employed or a volunteer at an approved work-site for the minimum number of hours per unit as stipulated for paid and unpaid status.

**Advisory Level:**  
**Transfer Status:** CSU Degree Applicable: AA/AS  
**CSU GE:** None  
**District GE:** None  
**IGETC:** None

### Business

**BUS-001 - Business Math**

Units: 3

This course provides a general review of basic mathematics needed for success in business. Topics include percentage, discounts, payroll, interest, retailing, and other business applications. Students will develop business math competencies for fields such as accounting, management, retailing, real estate, administrative assistant, or marketing.

**Lecture Hours:** 3  
**Lab Hours:** None  
**Repeatability:** No  
**Grading:** O

**Prerequisite:** 3 units of MATH 310 with CR or placement based on assessment

**Advisory Level:**  
**Transfer Status:** None Degree Applicable: AS  
**CSU GE:** None  
**District GE:** None  
**IGETC:** None

**BUS-060L - Statistics Laboratory**

Units: 0.5 - 1

Business 60 Lab is a recommended corequisite course to Business 60, Fundamentals of Business Statistics. This course provides hands-on computer experience using software to augment and demonstrate concepts presented in the Business 60 class.

**Lecture Hours:** None  
**Lab Hours:** 1.5 - 3  
**Repeatability:** 1  
**Grading:** O

**Corequisite:** BUS 060

**Advisory Level:**  
**Transfer Status:** CSU Degree Applicable: AA/AS  
**CSU GE:** None  
**District GE:** None  
**IGETC:** None

**BUS-063 - Employee-Employer Relations**

Units: 3

This course deals with employee-employer relationships in the areas of state and federal labor laws, collective bargaining, and dispute resolution. The rights and obligations of employees, union, and employers, employment discrimination, the rights to organize, picket, and strike, collective bargaining, & the structures & procedures of regulatory agencies are examined. The labor contract is examined with attention on its purpose, structure, functions and grievance procedure. Students will examine how labor and management negotiate and collaborate in determining conditions of employment, such as wages, training, promotion. Alternative dispute resolution systems will be evaluated for solving workplace problems.

**Lecture Hours:** 3  
**Lab Hours:** 0  
**Repeatability:** No  
**Grading:** L

**Prerequisite:** BUS 082 with C or better or equivalent.

**Advisory Level:**  
**Transfer Status:** CSU Degree Applicable: AS  
**CSU GE:** None  
**District GE:** None  
**IGETC:** None

**BUS-065 - Concepts of Management**

Units: 3

This course covers the principles and concepts of management. It includes planning, organizing, coordinating and controlling in the firm; social responsibility and ethics in business, decision-making, communications, and budgetary control.

**Lecture Hours:** 3  
**Lab Hours:** 0  
**Repeatability:** No  
**Grading:** L

**Advisory Level:**  
**Transfer Status:** CSU Degree Applicable: AA/AS  
**CSU GE:** None  
**District GE:** None  
**IGETC:** None

**BUS-066 - Retail Store Management**

Units: 3

This course will address the principles and practices used in the management of retail stores. Site selection, layout, organization, staffing, positioning, customer service, promotional techniques, and all aspects of the critical buying function will be covered.

**Lecture Hours:** 3  
**Lab Hours:** 0  
**Repeatability:** No  
**Grading:** L

**Prerequisite:** BUS 082 with C or better

**Advisory Level:**  
**Transfer Status:** None Degree Applicable: AS  
**CSU GE:** None  
**District GE:** None  
**IGETC:** None
## Business

### BUS-067 - Organizational Management Units: 3

This course provides a study of business organizations in the context of an economic and political system such as operates in the United States. It examines the way in which business is structured, emphasizing the five functions of management. It stresses the importance of employee involvement in the decision making process in order to assure high levels of efficiency and productivity. It is designed for management-oriented business majors in transfer programs.

- **Lecture Hours:** 3
- **Lab Hours:** None
- **Repeatable:** No
- **Grading:** L

**CAN:**
- **Advisory Level:** Read: 2  Write: 2  Math: None
- **Transfer Status:** CSU  Degree Applicable: AA/AS
- **CSU GE:** None  **District GE:** None  **IGETC:** None

### BUS-069 - Human Resources Management Units: 3

This course is an introduction to the management of human resources. Understanding the impact and accountability to the organization in terms of human resource activities, global human resource strategies, social and organizational realities, legal implications affecting people at work, union/nonunion practices, comparable work, employee compensation and benefits, and employee rights will be covered and emphasized.

- **Lecture Hours:** 3
- **Lab Hours:** 0
- **Repeatable:** No
- **Grading:** L

**Prerequisite:** BUS 082 with C or better

**CAN:**
- **Advisory Level:** Read: 3  Write: 3  Math: None
- **Transfer Status:** CSU  Degree Applicable: AS
- **CSU GE:** None  **District GE:** None  **IGETC:** None

### BUS-071 - Legal Environment of Business Units: 3

This course covers laws and regulations affecting business decisions including legal concepts and cases in areas of ethics, employment, consumer transactions, competition, the environment, business torts and crimes, contracts, agency and business organizations.

- **Lecture Hours:** 3
- **Lab Hours:** None
- **Repeatable:** No
- **Grading:** L

**CAN:**

- **Transfer Status:** CSU/UC  Degree Applicable: AA/AS
- **CSU GE:** None  **District GE:** None  **IGETC:** None

### BUS-082 - Introduction to Business Units: 3

This course introduces students to understand the business functions and practices as they have developed over time in the U.S. economic system. Students will be introduced to topics including organizational structure and behavior, management, marketing, finance and accounting, operations and information systems, and ethical responsibilities of corporations. Special emphasis will be placed on the emergence of global business, its impact and the significance of small businesses.

- **Lecture Hours:** 3
- **Lab Hours:** None
- **Repeatable:** No
- **Grading:** L

**CAN:**
- **Advisory Level:** Read: 2  Write: 2  Math: 2
- **Transfer Status:** CSU/UC  Degree Applicable: AA/AS
- **CSU GE:** None  **District GE:** None  **IGETC:** None

### BUS-084 - Introduction to Marketing Principles Units: 3

This course will cover consumer markets, planning and forecasting, product adaptation, wholesale selling, retailing, advertising, pricing strategy, nonprofit marketing and international marketing.

- **Lecture Hours:** 3
- **Lab Hours:** 0
- **Repeatable:** No
- **Grading:** L

**CAN:**
- **Advisory Level:** Read: 3  Write: 3  Math: None
- **Transfer Status:** CSU  Degree Applicable: AA/AS
- **CSU GE:** None  **District GE:** None  **IGETC:** None

### BUS-098 - Directed Study in Business Units: 0.5 - 9

Individual or small groups of students who would benefit from Independent Study under the direction of faculty members in specific or related disciplines may develop individualized learning contracts designed to enhance their individual instructional programs. The students and the faculty member in consultation with the Division Dean will determine appropriate learning objectives and activities as well as the number of units to be earned. Instructions and the Learning Contract forms are available in the Division office. Repeatable to a maximum of 9 units across all disciplines.

- **Lecture Hours:** None
- **Lab Hours:** 1.5 - 27
- **Repeatable:** 17
- **Grading:** L

**CAN:**
- **Advisory Level:** Read: 2  Write: 2  Math: None
- **Transfer Status:** CSU  Degree Applicable: AA/AS
- **CSU GE:** None  **District GE:** None  **IGETC:** None

### BUS-138 - Work Experience Units: 1 - 8

Work Experience is designed for students who work or volunteer in a field related to their career major. Students are required to provide evidence that they are enrolled in a career program (e.g., education plan or coursework in a career/technical subject area). Students can earn one unit of credit for each 60 hours of unpaid volunteer time or 75 hours of paid work during the semester. Students can repeat Career/Technical Work Experience, combined with General Work Experience, or alone, up to a maximum of 16 units. Internship/job placement is not guaranteed.

- **Lecture Hours:** None
- **Lab Hours:** 1.81
- **Repeatable:** 15
- **Grading:** O

**Corequisite:** Be employed or a volunteer at an approved work-site for the minimum number of hours per unit as stipulated for paid and unpaid status.

**CAN:**
- **Advisory Level:** Read: 3  Write: 3  Math: None
- **Transfer Status:** CSU  Degree Applicable: AA/AS
- **CSU GE:** None  **District GE:** None  **IGETC:** None

### Business Information Systems

#### BIS-007 - Business Writing Skills Units: 3

Students will review and apply Business English skills for business letter writing. Grammar, word and number usage, punctuation, vocabulary, spelling and other mechanics will be covered. The Internet and technological forms of communication used today will be reviewed.

- **Lecture Hours:** 3
- **Lab Hours:** None
- **Repeatable:** No
- **Grading:** L

**CAN:**
- **Advisory Level:** Read: 2  Write: 2  Math: None
- **Transfer Status:** None  Degree Applicable: AS
- **CSU GE:** None  **District GE:** None  **IGETC:** None
BI S-011 - Computer Keyboarding
The course will cover keyboarding basics-- touch typing, correct keyboarding technique, review of language arts and correct spacing. Students will also acquire a minimum speed of 15 net words per minute on a three-minute timed test. This course is for students with or without experience in keyboarding. Students with keyboarding experience will be able to build their speed to a higher rate.
Lecture Hours: 0.5 Lab Hours: 1.5 Repeatable: No Grading: O
Credit by Exam: Yes
CAN:
Advisory Level: Read: 3 Write: 3 Math: None
Transfer Status: None Degree Applicable: NAA
CSU GE: None District GE: None IGETC: None

BI S-012 - Business Document Production
Students will learn to create and format business documents such as letters, memos, tables, reports, and employment documents. Students will also increase their speed and accuracy to a production level commensurate to that of industry standards. Students must have completed BIS 011 with a C grade or better or must type at least 20 gross words a minute with 5 errors or less using the touch method.
Lecture Hours: 1.5 Lab Hours: 1.5 Repeatable: No Grading: L
Prerequisite: BIS 011 with C or better or keyboarding experience with a speed of at least 20 gross words per minute by touch with 5 errors or less.
Recommended: BIS-007
CAN:
Advisory Level: Read: 3 Write: 3 Math: None
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

BI S-016 - Medical Front Office Skills
Skills that are required in the healthcare office environment are learned such as appointment scheduling, processing medical forms, transcription of medical documents, and handling patients. Students will work with a software application such as Medisoft. Hands-on experience is emphasized for all required tasks.
Lecture Hours: 1.5 Lab Hours: 1.5 Repeatable: No Grading: L
Prerequisite: BIS 012 with C or better or type at least 30 net words per minute
Recommended: BIS 007
CAN:
Advisory Level: Read: 3 Write: 3 Math: None
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

BI S-017 - Medical Terminology
The healthcare setting and environment will be covered. Emphasis will be placed on mastering medical terms, abbreviations, spelling rules for component parts, body systems, combining forms, prefixes, and suffixes. Students will learn to use medical terms correctly in medical forms and documents.
Lecture Hours: 1 Lab Hours: None Repeatable: No Grading: L
CAN:
Advisory Level: Read: 3 Write: 3 Math: None
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

BI S-039 - Professional Image
The importance of image to success in the business world will be discussed. Students will learn to how to project a positive and confident image. The appropriate attire for the different working environments will be covered. Etiquette, ethics, and communications that complements a professional image will be emphasized. Students will develop a professional wardrobe for a career.
Lecture Hours: 1 Lab Hours: 0 Repeatable: No Grading: L
CAN:
Advisory Level: Read: 3 Write: 3 Math: None
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

BI S-095 - Microsoft Windows
This course introduces students to the use of Windows (the standard graphical user interface for the personal computer), its accessories, and utilities. It also prepares the student to use the computer in a more efficient manner through proper use of the Windows system.
Lecture Hours: 1 Lab Hours: 0.5 Repeatable: No Grading: O
CAN:
Advisory Level: Read: 2 Write: 2 Math: None
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

BI S-098 - Directed Study in Business
Individual or small groups of students who would benefit from Independent Study under the direction of faculty members in specific or related disciplines may develop individualized learning contracts designed to enhance their individual instructional programs. The students and the faculty member in consultation with the Division Dean will determine appropriate learning objectives and activities as well as the number of units to be earned. Instructions and the Learning Contract forms are available in the Division office. Repeatable to a maximum of 9 units across all disciplines.
Lecture Hours: None Lab Hours: 1.81 Repeatable: 17 Grading: O
CAN:
Advisory Level: Read: 2 Write: 2 Math: None
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

BI S-101 - Written Business Communication
This course covers the content development and presentation of business correspondence. Planning, developing, composing, and editing of a variety of business documents are emphasized. Preparing a business research report and a resume are also included. Students will review current letter styles and formatting. The course will also cover how changes in technology affect written communications. This course is equal to SJCC's BUS 007B course.
Lecture Hours: 3 Lab Hours: None Repeatable: No Grading: O
Prerequisite: ENGL 104 or ESL 091 or BIS 007A or BUS 007A with grade of C or better.
CAN:
Advisory Level: Read: 3 Write: 3 Math: None
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None
### Business Information Systems

#### BIS-102 - Microsoft Excel  Units: 3

In this course, students will gain practical hands-on experience in creating business documents using the current version of Microsoft Office applications. Students will learn to create, format and integrate Word and Excel documents using current features. Students will also learn to create, format and integrate Access databases and PowerPoint presentations using the current features.

- **Lecture Hours:** 2
- **Lab Hours:** 3
- **Repeatable:** No
- **Grading:** O

**Recommended:** BIS 011, or type 25 words per minute

**Advisory Level:**
- **Read:** 3
- **Write:** 3
- **Math:** 3

**Transfer Status:** CSU Degree Applicable: AA/AS

**CSU GE:** None
**District GE:** None
**IGETC:** None

#### BIS-104 - Microsoft Access  Units: 1.5 - 3

In the first 1.5 units of this class students will use Microsoft Access to create and modify database tables, forms, reports, and queries. To earn 3 units, students will manipulate table data, customize forms and sub-forms, reports and sub-reports, and queries. This course will also include integrating Access with other programs, using Access wizards and database tools, and defining relationships between database tables.

- **Lecture Hours:** 1.5 - 3
- **Lab Hours:** 0.5 - 1
- **Repeatable:** 1
- **Grading:** O

**CAN:**
- **Advisory Level:**
  - **Read:** None
  - **Write:** None
  - **Math:** None

**Transfer Status:** CSU Degree Applicable: AA/AS

**CSU GE:** None
**District GE:** None
**IGETC:** None

#### BIS-105 - Record Systems  Units: 2

This course explores the nature and purpose of records, the development of records systems, automated methods, and career opportunities. Course content includes filing methods, an overview of equipment and supplies, retrieval and transfer procedures, micrographics, and electronic filing.

- **Lecture Hours:** None
- **Lab Hours:** 6
- **Repeatable:** No
- **Grading:** O

**CAN:**
- **Advisory Level:**
  - **Read:** 2
  - **Write:** 2
  - **Math:** None

**Transfer Status:** CSU Degree Applicable: AA/AS

**CSU GE:** None
**District GE:** None
**IGETC:** None

#### BIS-107 - Microsoft PowerPoint  Units: 2

Students will learn presentation techniques and deliver presentations using current MS Office PowerPoint features, including document themes, title and master slides, character and paragraph formatting, graphic elements, backgrounds, SmartArt Diagrams, video and audio clips, charts, tables, action buttons, transitions, animations, and protection and security features.

- **Lecture Hours:** 1.5
- **Lab Hours:** 1.5
- **Repeatable:** No
- **Grading:** O

**Recommended:** Basic computer literacy

**CAN:**
- **Advisory Level:**
  - **Read:** 3
  - **Write:** 3
  - **Math:** None

**Transfer Status:** CSU Degree Applicable: AA/AS

**CSU GE:** None
**District GE:** None
**IGETC:** None

#### BIS-109 - Microsoft Office  Units: 3

Students will gain practical hands-on experience in creating business documents using the current version of Microsoft Office applications. Students will learn to create, format and integrate Word and Excel documents, as well as create, format and integrate Access databases and PowerPoint presentations.

- **Lecture Hours:** 2.5
- **Lab Hours:** 1.5
- **Repeatable:** No
- **Grading:** O

**Recommended:** CIT 010

**CAN:**
- **Advisory Level:**
  - **Read:** 2
  - **Write:** 2
  - **Math:** None

**Transfer Status:** CSU Degree Applicable: AA/AS

**CSU GE:** None
**District GE:** None
**IGETC:** None

#### BIS-121 - Introduction to the World Wide Web  Units: 1

Students will gain a basic knowledge of the Internet. A widely used software browser will be used to access the World Wide Web. Students will use different information retrieval tools to access and retrieve information from the WWW. Students will be introduced to the Hypertext Transfer Protocol, Hypertext Markup Language, and will learn how to create a Web home page. This course covers the first half of BIS 123. (Introduction to the Internet and the World Wide Web.)

- **Lecture Hours:** 0.5
- **Lab Hours:** 1.5
- **Repeatable:** No
- **Grading:** O

**CAN:**
- **Advisory Level:**
  - **Read:** 3
  - **Write:** 3
  - **Math:** None

**Transfer Status:** CSU Degree Applicable: AA/AS

**CSU GE:** None
**District GE:** None
**IGETC:** None

#### BIS-135 - Human Relations in the Workplace  Units: 3

This course will expound on the importance of human relations. Customer service will also be covered. In addition, attitude, good work habits, time management, ethics, personality styles, management styles, teamwork, leadership, diversity will be discussed. A hands-on approach will be used to demonstrate how employees can use soft skills effectively in the workplace and in personal situations.

- **Lecture Hours:** 3
- **Lab Hours:** None
- **Repeatable:** No
- **Grading:** L

**CAN:**
- **Advisory Level:**
  - **Read:** 3
  - **Write:** 3
  - **Math:** None

**Transfer Status:** CSU Degree Applicable: AA/AS

**CSU GE:** None
**District GE:** None
**IGETC:** None

#### BIS-138 - Work Experience  Units: 1 - 8

Occupational Work Experience is designed for students who work or volunteer in a field related to their career major. Students are required to provide evidence that they are enrolled in a career program (e.g., education plan or coursework in a career/occupational subject area). Students can earn one unit of credit for each 60 hours of unpaid volunteer time or 75 hours of paid work during the semester. Students can repeat Career/Occupational Work Experience, combined with General Work Experience, or alone, up to a maximum of 16 units. Internship/job placement is not guaranteed.

- **Lecture Hours:** None
- **Lab Hours:** 1.81
- **Repeatable:** Yes
- **Grading:** O

**Corequisite:** Be employed or a volunteer at an approved work-site for the minimum number of hours per unit as stipulated for paid and unpaid status.

**CAN:**

**Chemistry**

**CHEM-001B - General Chemistry**

This course is a continuation of Chemistry 001A, the second semester of a one year college level general chemistry sequence. The content includes thermodynamics, chemical kinetics, chemical equilibrium, electrochemistry, coordination compounds, nuclear chemistry, and organic chemistry. The laboratory emphasizes qualitative and quantitative analyses of inorganic compounds and introduces electronic instrumentation. The course is required for students majoring in physical and biological sciences and pre-professional majors such as pre-medicine and dentistry. The course also completes the basic chemistry requirements for students majoring in chemical and materials engineering.

*Prerequisite: CHEM 001A with C or better*

**CHEM-015 - Fundamentals of Chemistry**

Chemistry 015 covers the fundamentals of modern inorganic chemistry with emphasis on atomic structure, chemical bonding, chemical formulas, nomenclature, equations, stoichiometry, gas laws, solutions, and related topics. Chemistry 015 is intended primarily as a preparation for the Chemistry 001A and 001B sequence. The central nature of chemistry among other branches of science is stressed, and examples of the important role that chemistry plays in our lives are presented. The course also meets the general education requirements for a laboratory science.

*Prerequisite: MATH 011A or MATH 011R or MATH 011S; all with C or better or equivalent*

---

**BI S-160 - Computerized Medical Billing**

Students will be introduced to the billing process used in the medical offices today. Health insurance information will be covered. Students will learn to complete common medical insurance forms using a computer-based program. The medical billing career will be discussed. The claims process will be emphasized.

*Lecture Hours: 1.5 Lab Hours: 1.5 Repeatable: No Grading: L*

*Prerequisite: BIS-011 with C or better or keyboarding speed of 15 words per minute using the touch method.*

**BI S-161 - Computerized Medical Office Procedures**

This course introduces the students to a computerized medical billing application. Students will learn to input patient information, schedule appointments, input billing information, organize and file patient records. Maintaining an office system will be emphasized. Students will complete a medical office simulation.

*Lecture Hours: 0.5 Lab Hours: 1.5 Repeatable: No Grading: L*

*Prerequisite: BIS-011 with C or better or keyboarding speed of 15 words per minute using the touch method.*

**BI S-162 - Medical Coding**

Students will learn step-by-step coding used in the medical field. The use of the CPT (Current Procedural Terminology) and ICD 9 (International Classification of Diseases) manuals will be covered. All codes used in the billing process in the medical environment will be covered. Students can use this course to help them prepare for the medical coding certification exam.

*Lecture Hours: 2 Lab Hours: 0 Repeatable: No Grading: L*

*Recommended: BIS-017*

**CHEM-001A - General Chemistry**

This course is required for students majoring in Biology, Chemistry, Geology, Physics, Forestry, Pharmacy, Veterinary Medicine, Dentistry, and Medicine. Chem 1A meets the one semester chemistry requirement for all engineering majors. This course covers basic chemical principles: atomic structure, bonding, periodicity, nomenclature, chemical reactions, stoichiometry, thermodynamics, physical states of matter, solutions, acid-base, and dynamic equilibrium. The role of chemistry plays in everyday life, industry, and human welfare is emphasized.

*Lecture Hours: 3 Lab Hours: 6 Repeatable: No Grading: L*

*Prerequisite: CHEM 015 with C or better, and MATH 013 with C or better, or equivalent.*

**CHEM-012A - Organic Chemistry**

This is the first semester of a year-long comprehensive organic chemistry course with emphasis on structure, reaction mechanisms and their kinetics. Topics include nomenclature, stereochemistry, mechanisms, reactions, and spectroscopic studies of organic compounds. Problem-solving techniques will be used to elucidate mechanistic, structural and stereochemical features of reactions and molecules. Lecture and laboratory will cover synthesis, isolation, purification, elucidation and identification of organic structures, instrumental methods and data interpretation.

*Lecture Hours: 3 Lab Hours: 6 Repeatable: No Grading: L*

*Prerequisite: CHEM 001B with C or better*

---

**CHEM-012B - Organic Chemistry**

This is the second semester of a year-long organic chemistry course designed to follow Chemistry 012A. Topics include nomenclature, stereochemistry, mechanisms, reactions, and spectroscopic studies of aliphatic and aromatic alcohols, aldehydes, ketones, acids, and other classes of organic and biological compounds (such as amino acids, proteins, and nucleic acids). Problem-solving techniques will be used to elucidate mechanistic, structural, and stereochemical features in chemical reactions. Lectures and laboratory methods will focus on synthesis, isolation, purification, elucidation and identification of organic structures as well as instrumental methods and data interpretation.

*Lecture Hours: 3 Lab Hours: 6 Repeatable: No Grading: L*

*Prerequisite: CHEM 012A with C or better*
**Chemistry**

**CHEM-030A - Introduction to Chemistry**  
Units: 3  
This course covers the basic principles of chemistry and tends to be more descriptive rather than quantitative. Content includes: measurements; matter and energy; atomic structure, periodicity; chemical bonding and nomenclature; chemical reactions and equations; gases, solutions and colloids; oxygen, hydrogen and water; and acids, bases and salts. CHEM 030A is a prerequisite for microbiology and physiology and is designed to meet the chemistry requirements for nursing and other allied health majors. The course meets the General Education requirements for a laboratory science.

Lecture Hours: 2  
Lab Hours: 3  
Repeatable: No  
Grading: L

Prerequisite: MATH 011A or MATH 011R or MATH 011S, minimum grade C

**CHEM-030B - Introduction to Chemistry**  
Units: 3  
This course covers the basic principles of introductory organic and biological chemistry. It is designed for allied health, and industrial technology majors. Content includes hydrocarbons, alcohols, ethers, carbonyl compounds, carboxylic acids, esters and amines; and an introduction to structures and properties of carbohydrates, lipids, and other biopolymers.

Lecture Hours: 2  
Lab Hours: 3

**COMS-020 - Oral Communication**  
Units: 3  
This course offers students the opportunity to learn, improve, and practice the oral communication process. The course covers critical listening, audience situation and analysis, research methods, managing communication apprehension, organization and delivery. Skills are developed through multiple speaking situations.

Lecture Hours: 3

**COMS-040 - Introduction to Argumentation**  
Units: 3  
This course provides students with an understanding of how to support intelligent decisions by using reasoned discourse. Instruction in: logical analysis of modern controversies; the formulation of propositions for argument; construction of arguments; application through discussion and debate. This course emphasizes the importance of competent advocacy in a free society.

**COMS-045 - Small Group Communication**  
Units: 3  
In this course emphasis is on two perspectives within the group context: communication and decision making. Communication is the organizing means of the group; decision making is the purpose of the group. Concepts such as group process, leadership and status, social conflict and deviance, roles and rules, power, and decision-making will be investigated. Public speaking skills in group situations or as a group.

**COMS-098 - Directed Study in Communication Studies**  
Units: 0.5 - 9  
Individual or small groups of students who would benefit from Independent Study under the direction of faculty members in specific or related disciplines may develop individualized learning contracts designed to enhance their individual instructional programs. The students and the faculty member in consultation with the Division Dean will determine appropriate learning objectives and activities as well as the number of units to be earned. Instructions and the Learning Contract forms are available in the Division office. Repeatable to a maximum of 9 units across all disciplines.

### Computer & Information Technology

**CIT-010 - Introduction to Computing and Information Technology**  
Units: 3  

This course covers the basic concepts and terminology of computers and information technology. Students will be introduced to computer hardware, software, data and procedures, as well as the impact and application of computers in business and the changes the computer has made on society as a whole. Software applications used in business such as word processing, electronic spreadsheets, database management systems, e-mail systems and graphic/presentation packages will be introduced. Students may develop and deliver presentations in teams.  

Lecture Hours: 3

IGETC: None  

**CIT-020 - Program Design and Development**  
Units: 3  

This course is an introduction to computer programming and the fundamentals of software engineering. The focus is on problem solving and algorithm design within the context of the software development cycle, including analysis, design, coding and testing. Students will use systematic problem solving techniques to develop and test program specifications and detailed logic plans. Students will code their designs in a programming language that introduces and reinforces the concepts and techniques needed for object-oriented design solutions. Debugging and testing will be treated as extensions of the coding task.  

Lecture Hours: 2.5  
Lab Hours: 1.5  
Repeatable: No

IGETC: None  

**CIT-024B - Visual Basic Programming, Part B**  
Units: 1  

Students will learn how to use the Visual Basic Programming Structures of Decision, Repetition, and Decomposition (procedures). Additional built-in procedures will be covered including some specific to String Manipulation. Both Visual Basic Sub Routines and Functions will be studied along with Pass by Value and Pass by Reference parameters. Recommended for workforce preparation.  

Lecture Hours: 0 - 3  
Lab Hours: 0  
Repeatable: No  
Grading: L  
Prerequisite: CIT-020 with C or better  
Recommended: CIT 024 or equivalent experience.

IGETC: None  

**CIT-024C - Visual Basic Programming, Part C**  
Units: 1  

Students will learn how to create and use arrays, read and write sequential date files, use Try/Catch error handling, create user defined Structures and variables of those Structures, and create user defined Classes and object of those Classes. Additional controls (such as CheckBox, RadioButton and ListBox) will be studied. Recommended for workforce preparation.  

Lecture Hours: 0  
Lab Hours: 3  
Repeatable: No  
Grading: L  
Prerequisite: CIT 020 with C or better  
Recommended: CIT 024A and CIT 024B or equivalent experience.

**CIT-040 - Web Design / Internet Publishing**  
Units: 3  

This course teaches basic skills in HTML and design/layout concepts. These techniques will be used to design, develop and maintain professional Web sites.  

Lecture Hours: 2.5  
Lab Hours: 1.5  
Repeatable: No  
Grading: L  
Credit by Exam: Yes  
Recommended: Knowledge of Internet, equivalent to material taught in BIS121. Familiarity with file manager; ability to use a simple text editor such as Notepad  
CAN:  
Advisory Level:  
Read: 3  
Write: 3

IGETC: None
**CIT-041** - JavaScript/ Dynamic HTML  
Units: 3  
This course is intended for students with some knowledge of programming. Students learn to use JavaScript language to dynamically modify nearly all aspects of a web page, including images, links, text, and styles. Students also use JavaScript to validate forms, create data that persists across pages, and handle user input, including mouse and keyboard events. The course also introduces the standard Document Object Model that is used to represent web pages, and is also used by other technologies such as XML. Students study debugging techniques and best practices for writing code.

Lecture Hours: 2.5  
Lab Hours: 1.5  
Repeatable: No  
Grading: L  
Prerequisite: CIT 020 with C or better

---

**CIT-041X** - Introduction to XML  
Units: 3  
XML is a notation for generating custom markup languages. Students will create their own XML-based markup, validate it, and integrate different markup languages in a single document. They will use stylesheets to display their XML documents in a browser. Students will also use tools from the XML family of technologies to transform documents and adapt them for multiple purposes.

Lecture Hours: 2.5  
Lab Hours: 1.5  
Repeatable: No  
Grading: L  
Prerequisite: CIT 040 with C or better

---

**CIT-042** - Perl Programming  
Units: 3  
This course is intended for students with some knowledge of programming, and covers most of the Perl programming language. The course includes a review of programming basics and continues on to object-oriented programming, networking, and graphics. Students will learn how to create packages and modules, and interact with web pages via CGI.

Lecture Hours: 2.5  
Lab Hours: 1.5  
Repeatable: No  
Grading: L  
Recommended: Basic Computer Literacy, familiarity with programming concepts (such as those taught in CIT 020)

---

**CIT-043A** - PHP and MySQL  
Units: 3  
This course will introduce students to PHP and MySQL. This course will cover installation, configuration, and administration of PHP and MySQL. Students will use PHP for server-side processing of their dynamic web pages. Students will use SQL to build MySQL databases and tables, to access, insert, delete, and modify database content, and to administer user accounts. This course will use PHP to interact with MySQL database for simple Web-based applications. Students are required to register in CIT 200 in order to complete supplemental coursework.

Lecture Hours: 2  
Lab Hours: 3  
Repeatable: No  
Grading: L  
Prerequisite: CIT 020

---

**CIT-044** - Java Programming  
Units: 3  
This course is intended for students with some knowledge of programming who want to develop Java applets and stand-alone applications. Java interfaces, class inheritance, threads and exceptions will be covered. Applications covering I/O, graphics and networking will also be addressed. Students are required to register in CIT 200 in order to complete supplementary exercises.

Lecture Hours: 2.5  
Lab Hours: 1.5  
Repeatable: No  
Grading: L  
Prerequisite: COMSC 075 or CIT 022 or CIT 024 or CIT 042 or equivalent programming knowledge

---

**CIT-044A** - Java Programming, Part A  
Units: 1  
This course is an individualized instructional lab course for students learning the Java Programming Language. Introduction to Java and elements of the language will be covered. Recommended for workforce preparation.

Lecture Hours: 0  
Lab Hours: 3  
Repeatable: No  
Grading: L  
Prerequisite: COMSC 075 or CIT 20 or CIT 022 or CIT 024 or CIT 042 or equivalent programming knowledge

---

**CIT-044B** - Java Programming, Part B  
Units: 1  
This course is an individualized instructional lab course for students learning the Java Programming Language. This second course will introduce Applets and Graphics User Interfaces. Recommended for workforce preparation.

Lecture Hours: 0  
Lab Hours: 3  
Repeatable: No  
Grading: L  
Recommended: CIT 044A or equivalent experience.

---

**CIT-044C** - Java Programming, Part C  
Units: 1  
This course is an individualized instructional lab course for students learning the Java Programming Language. This third course will introduce intermediate elements of the Java programming language, such as, packages, interfaces, multithreading, file input/output streams. Recommended for workforce preparation.

Lecture Hours: 0  
Lab Hours: 3  
Repeatable: No  
Grading: L  
Prerequisite: COMSC 075 or CIT 20 or CIT 022 or CIT 024 or CIT 042, or equivalent programming knowledge.

Recommended: CIT 044A and CIT 044B or equivalent experience.

---

**CIT-044D** - Java Programming, Part D  
Units: 1  
This course is an individualized instructional lab course for students learning the Java Programming Language. This fourth course will introduce intermediate elements of the Java programming language, such as, packages, interfaces, multithreading, file input/output streams. Recommended for workforce preparation.

Lecture Hours: 0  
Lab Hours: 3  
Repeatable: No  
Grading: L  
Prerequisite: COMSC 075 or CIT 20 or CIT 022 or CIT 024 or CIT 042, or equivalent programming knowledge.

Recommended: CIT 044A and CIT 044B or equivalent experience.
### CIT-045 - Advanced Java Programming
**Units:** 3

This course extends what was learned in the Java Programming course by addressing topics that include Java graphical user interface design, multi-threading, I/O streams, networking, database connectivity, and security. Students will gain practical experience in designing a vertical solution for a Java application that will interact with a networked database server.

**Lecture Hours:** 2.5  
**Lab Hours:** 1.5  
**Repeatable:** No  
**Grading:** L  

**Prerequisite:** CIT 044 or equivalent programming language.

**Advisory Level:**  
- **Read:** 2  
- **Write:** 2  
- **Math:** 2

**Transfer Status:** CSU Degree Applicable: AA/AS  
**CSU GE:** None  
**District GE:** None  
**IGETC:** None

### CIT-046 - Object-Oriented Analysis and Design for Java Technology
**Units:** 3

This course covers object-oriented analysis and design for Java technology. The course teaches system developers how to use object-oriented methodologies to perform analysis and design using the Unified Modeling Language (UML). Students will implement their designs using the Java programming language.

**Lecture Hours:** 2.5  
**Lab Hours:** 1.5  
**Repeatable:** No  
**Grading:** L  

**Prerequisite:** CIT 044 or equivalent programming knowledge.

**Advisory Level:**  
- **Read:** 2  
- **Write:** 2  
- **Math:** 2

**Transfer Status:** CSU Degree Applicable: AA/AS  
**CSU GE:** None  
**District GE:** None  
**IGETC:** None

### CIT-050 - Introduction to UNIX/Linux
**Units:** 3

This is an introductory course in the UNIX/Linux operating system. It covers a basic editor, file and directory manipulation, processes, standard files, access permission, mail, write and talk. The course also addresses the Bash Shell, including the shell command line, setup, customizing the shell environment, the alias mechanism, pipes, filters, and I/O redirection. Additionally, document formatting packages and system administration are briefly introduced.

**Lecture Hours:** 2.5  
**Lab Hours:** 1.5  
**Repeatable:** No  
**Grading:** L  

**Recommended:** Computer literacy

**Advisory Level:**  
- **Read:** 3  
- **Write:** 3  
- **Math:** None

**Transfer Status:** CSU Degree Applicable: AA/AS  
**CSU GE:** None  
**District GE:** None  
**IGETC:** None

### CIT-052 - UNIX/Linux Shell Programming
**Units:** 3

This is a beginning course in UNIX/Linux Shell Programming using different shell programs available with the UNIX and Linux operating systems. The course will include use of bash and C-Shell Programming theory and concepts. These concepts include interpretation of different quote characters, shell variables, decision making commands and looping mechanisms. Students will also learn passing of arguments to shell scripts, I/O redirection, terminal/file I/O, subshells and using special UNIX commands. Additionally, this course will include use of the sed and awk utilities, and an introduction to Korn shell commands.

**Lecture Hours:** 2.5  
**Lab Hours:** 1.5  
**Repeatable:** No  
**Grading:** L  

**Recommended:** Basic Computer Literacy, familiarity with UNIX/Linux systems such as taught in CIT 050 (prior)

**Advisory Level:**  
- **Read:** 3  
- **Write:** 3  
- **Math:** None

**Transfer Status:** CSU Degree Applicable: AA/AS  
**CSU GE:** None  
**District GE:** None  
**IGETC:** None

### CIT-054 - UNIX/Linux System Administration
**Units:** 3

This course includes a review of basic UNIX/Linux commands and also covers: using administration tools, mounting and unmounting the file systems, adding and removing users from the system, and backing up and restoring the file system. Students learn to utilize UNIX/Linux tools to administer user accounts and groups and administer devices, printers and networking services. Also included are planning, setting up and administering log files, basic network file system setup, use of UNIX/Linux tools to administer hardware, and troubleshooting file access problems.

**Lecture Hours:** 2.5  
**Lab Hours:** 1.5  
**Repeatable:** No  
**Grading:** L  

**Prerequisite:** CIT 050 with C or better

**Advisory Level:**  
- **Read:** 3  
- **Write:** 3  
- **Math:** None

**Transfer Status:** CSU Degree Applicable: AA/AS  
**CSU GE:** None  
**District GE:** None  
**IGETC:** None

### CIT-055 - Advanced UNIX System Administration
**Units:** 3

This is an advanced course in the UNIX System Administration series. This course includes set-up, configuration, maintenance and performance issues of Domain Name Servers (DNS), Network File System (NFS), Network Information Services (NIS), and Network Information Service Plus (NIS+) on a networked UNIX system. The course also includes configuration, setting up and mounting Berkeley Internet Name Domain (BIND), troubleshooting DNS and BIND, Shell programming with nslookup, and use of Service Access Facility (SAF). Students are required to register in CIT 200 in order to complete supplementary course work.

**Lecture Hours:** 2.5  
**Lab Hours:** 1.5  
**Repeatable:** No  
**Grading:** L  

**Prerequisite:** CIT 054

**Advisory Level:**  
- **Read:** 3  
- **Write:** 3  
- **Math:** None

**Transfer Status:** CSU Degree Applicable: AA/AS  
**CSU GE:** None  
**District GE:** None  
**IGETC:** None

### CIT-056 - UNIX Network Administration
**Units:** 3

This is a course on Transmission Control Protocol/Internet Protocol (TCP/IP) and UNIX networking. It includes assembly, set-up and configuration of the UNIX Ethernet networks, host and router configurations, send mail, firewalls, remote access, and execution. An introduction to distributed programming using sockets, TLI (Transfer Level Interface), RPC (Remote Procedure Calls) and frequently used diagnostics utilities are addressed. Students are required to register in CIT 200 in order to complete supplementary course work.

**Lecture Hours:** 2.5  
**Lab Hours:** 1.5  
**Repeatable:** No  
**Grading:** L  

**Prerequisite:** CIT 054

**Advisory Level:**  
- **Read:** 2  
- **Write:** 2  
- **Math:** None

**Transfer Status:** CSU Degree Applicable: AA/AS  
**CSU GE:** None  
**District GE:** None  
**IGETC:** None

### CIT-056A - UNIX/Linux Network Administration, Part A
**Units:** 1

This is an individualized instructional lab course for students learning Transmission Control Protocol/Internet Protocol (TCP/IP) and UNIX/Linux networking. It includes review of network basics, introduction to TCP/IP and OSI, configure and install a Ethernet network, configure and install the networking software, set up IP addresses and use diagnostic tools, check routing tables, and set up name resolution for the network. Recommended for workforce preparation.

**Lecture Hours:** 0  
**Lab Hours:** 0  
**Repeatable:** No  
**Grading:** L  

**Prerequisite:** CIT 054 or (CIT 054A, CIT 054B, CIT 054C); all with C or above or equivalent knowledge of UNIX/Linux System Administration.

**Advisory Level:**  
- **Read:** 3  
- **Write:** 3  
- **Math:** None

**Transfer Status:** CSU Degree Applicable: AA/AS  
**CSU GE:** None  
**District GE:** None  
**IGETC:** None

**Course Descriptions and Information**
CIT-065 - Oracle Performance Tuning  Units: 3

This course demonstrates and explains a series of tuning steps which can be used to diagnose and improve the performance of the Oracle Server. The focus is on database rather than operating system performance issues. The course follows a structured tuning methodology. GUI and command-line commands, such as file creation, file modification, directory creation, and text editor operations will be reviewed and utilized. Students are required to register in CIT 200 in order to complete supplemental coursework.

Lecture Hours: 2.5  Lab Hours: 1.5  Repeatable: No  Grading: L

Prerequisite: CIT 064 or CIT 064A

Recommended: It is strongly recommended that the student has either taken CIT 50, has knowledge of the UNIX operating system, or knows GUI and command-line commands, such as file creation, file modification, directory creation, and text editor operations.

CIT-066 - Oracle Forms: Build Internet Applications  Units: 3

Students will learn how to customize forms through user input items and how to control data access by creating event-related triggers while working in a rapid development environment. In this practical course, students will also learn how to test and debug Web applications through the Forms environment.

Lecture Hours: 2.5  Lab Hours: 1.5  Repeatable: No  Grading: L

Prerequisite: CIT 061B or CIT 062

CAN:

CIT-071 - Develop Database Applications with Java  Units: 3

This course covers how to develop Java code for database applications using the Oracle database. Topics include the JDBC and SQL standard protocols for database access with Java, how to develop Java stored procedures and triggers in Oracle, how to create visual, data-aware forms and applications, and various Java development tools used to develop Java applications. Students are required to register in CIT 200 in order to complete supplemental coursework.

Lecture Hours: 2.5  Lab Hours: 1.5  Repeatable: No  Grading: L

Prerequisite: CIT 044 and CIT 061

CAN:

CIT-072 - Develop Enterprise Applications with Business Components  Units: 3

This course covers how to develop component-based Java/Oracle applications using Enterprise JavaBeans, structure distributed applications, develop database applications using Business components for Java, deploy business component applications. Students are required to register in CIT 200 in order to complete supplemental coursework.

Lecture Hours: 2.5  Lab Hours: 1.5  Repeatable: No  Grading: L

Prerequisite: CIT 071

CAN:
Advisory Level:  Read: 2  Write: 2  Math: None
Transfer Status: CSU  Degree Applicable: AA/AS
CSU GE: None  District GE: None  IGETC: None

CIT-080 - Introduction to Information Security  Units: 3

A broad overview of the information security field. This course covers the terminology of the field, the history, and an overview of how to manage an information security program.

Lecture Hours: 3  Lab Hours: 0  Repeatable: No  Grading: L

Prerequisite: CIT 010

CAN:
Advisory Level:  Read: 3  Write: 3  Math: 1
Transfer Status: CSU  Degree Applicable: AA/AS
CSU GE: None  District GE: None  IGETC: None

CIT-082 - Security Management and Operations  Units: 3

Security management entails the identification of an organization's information assets and the development, documentation, and implementation of policies, standards, procedures, and guidelines, such as Business Continuity Plans. Management tools with risk assessment/analysis, are used to identify threats, classify assets, and rate system vulnerabilities so that effective controls can be implemented. Concepts of security architecture will include principles, structures, and standards used to design, monitor, and secure operating systems, equipment, networks, and applications. Students are required to register in CIT 200. This course will include a discussion of the Code of Ethics for the Security Professions.

Lecture Hours: 2.5  Lab Hours: 1.5  Repeatable: No  Grading: L

Prerequisite: CIT 080 with C or better

CAN:
Advisory Level:  Read: 3  Write: 3  Math: 1
Transfer Status: CSU  Degree Applicable: AA/AS
CSU GE: None  District GE: None  IGETC: None

CIT-084 - Firewalls and Access Controls  Units: 3

This course will examine how firewalls are used for information security. Students will implement firewalls and policies to secure networks. DMZs, proxy servers, and Virtual Private Networks (VPNs) will be discussed. Access controls are a collection of mechanisms that work together to create a security architecture to protect the assets of the information system. Physical security relates to the tangible, visible, and logical controls that an organization should implement to ensure that potential security breaches on the physical environment are minimized. Students are required to register in CIT 200. This course will include a discussion of the Code of Ethics for the Security Professions.

Lecture Hours: 2.5  Lab Hours: 1.5  Repeatable: No  Grading: L

Prerequisite: CIT 080 with C or better

CAN:
Advisory Level:  Read: 3  Write: 3  Math: 1
Transfer Status: CSU  Degree Applicable: AA/AS
CSU GE: None  District GE: None  IGETC: None

CIT-086 - Intrusion Detection, Platform and Applications Security  Units: 3

This course will discuss intrusion detection systems and their use against unauthorized system entry. The student will use several tools for defending their systems. The course will discuss defensive methods used by persons to gain unauthorized entry. A comprehensive look into the vulnerabilities of various operating systems and application programs will be examined. A historic overview of Malware will be given. Operations of Malware programs as to recognition and defenses will be discussed. All computer lab work will be done during class hours. This course will include a discussion of the Code of Ethics for the Security Professions.

Lecture Hours: 2.5  Lab Hours: 1.5  Repeatable: No  Grading: L

Prerequisite: CIT 080, with C or better

CAN:
Advisory Level:  Read: 3  Write: 3  Math: 1
Transfer Status: CSU  Degree Applicable: AA/AS
CSU GE: None  District GE: None  IGETC: None
CIT-087 - Computer Forensics, Law, and Ethics Units: 3
This course is an introduction to digital investigations—how to acquire and analyze digital evidence. Discussion will cover the current state of law in information technology in areas such as e-commerce, anti-trust, licensing, patents, and trade secrets. Different ethical situations in information technology will be discussed and examined. All computer lab work will be done during class hours. This course will include a discussion of the Code of Ethics for the Security Professions.
Lecture Hours: 2.5 Lab Hours: 1.5 Repeatable: No Grading: L
Prerequisite: CIT 080, with C or better
CAN:
Advisory Level: Read: 3 Write: 3 Math: 1
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

CIT-090 - Communication Skills for IT Professionals Units: 3
This course covers the skills that are required of an IT professional in the new communications era. Topics include: making oral presentations, team work, conflict resolution, and interviewing skills. Students will also learn to write effective business letters, memos, and resumes that are both stylistically and grammatically correct. The course culminates in the writing of a substantial research paper.
Lecture Hours: 3 Lab Hours: 0 Repeatable: No Grading: L
Prerequisite: CIT 010
CAN:
Advisory Level: Read: None Write: 4 Math: 2
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

CIT-097 - Current Topics in Computers and Information Technology Units: 3
This course familiarizes students with the terminology, use, and administration of systems and applications that are at the leading edge of Computer and Information Technology development.
Lecture Hours: 2.5 Lab Hours: 1.5 Repeatable: 1 Grading: L
Recommended: Basic Computer Literacy
CAN:
Advisory Level: Read: 3 Write: 3 Math: None
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

CIT-098 - Directed Study in Computer and Information Technology Units: 0.5 - 9
Individual or small groups of students who would benefit from Independent Study under the direction of faculty members in specific or related disciplines may develop individualized learning contracts designed to enhance their individual instructional programs. The students and the faculty member in consultation with the Division Dean will determine appropriate learning objectives and activities as well as the number of units to be earned. Instructions and the Learning Contract forms are available in the Division office. Repeatable to a maximum of 9 units across all disciplines.
Lecture Hours: None Lab Hours: 1.81 Repeatable: 17 Grading: O
CAN:
Advisory Level: Read: 2 Write: 2 Math: 1
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

CIT-138 - Work Experience Units: 1 - 8
Occupational Work Experience is designed for students who work or volunteer in a field related to their career major. Students are required to provide evidence that they are enrolled in a career program (e.g., education plan or coursework in a career/occupational subject area). Students can earn one unit of credit for each 60 hours of unpaid volunteer time or 75 hours of paid work during the semester. Students can repeat Career/Occupational Work Experience, combined with General Work Experience, or alone, up to a maximum of 16 units. Internship/job placement is not guaranteed.
Lecture Hours: None Lab Hours: 1.81 Repeatable: 15 Grading: O
Corequisite: Be employed or a volunteer at an approved work-site for the minimum number of hours per unit as stipulated for paid and unpaid status.
CAN:
Advisory Level: Read: 3 Write: 3 Math: None
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

Computer Aided Design & Drafting
CADD-010 - Basic Drawing Units: 3
This course is an entry level drafting course where the students will learn the basic elements of technical drafting. The students will learn how to apply standard concepts of graphic presentation (such as freehand sketching, emotive projection, sectioning, auxiliaries, dimensioning, and pictorial illustration) when drawing clear and accurate solutions to problems. In this course, the students will learn manual drafting techniques, and, an introduction to CADD will be included.
Lecture Hours: 2 Lab Hours: 4 Repeatable: No Grading: O
Recommended: 3 units of Math 310 with CR or placement based on assessment.
CAN:
Advisory Level: Read: 2 Write: 2 Math: 1
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

CADD-098 - Directed Study in Computer Aided Design and Drafting Units: 0.5 - 9
Individual or small groups of students who would benefit from Independent Study under the direction of faculty members in specific or related disciplines may develop individualized learning contracts designed to enhance their individual instructional programs. The students and the faculty member in consultation with the Division Dean will determine appropriate learning objectives and activities as well as the number of units to be earned. Instructions and the Learning Contract forms are available in the Division office. Repeatable to a maximum of 9 units across all disciplines.
Lecture Hours: None Lab Hours: 1.5 - 27 Repeatable: 17 Grading: O
Credit by Exam: Yes
CAN:
Advisory Level: Read: 2 Write: 2 Math: None
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

CADD-130 - Fundamentals of AutoCAD Units: 3
This course is a computer-aided drafting and design (CADD) course in which the students will learn the fundamentals of using AutoCAD software. The students will learn basic CADD techniques that are used to draw and edit drawing entities; manipulate screen displays; write text; lay out drawings; print and plot drawings; apply dimensions; and manage drawing files. An introduction to computer use will be included in this course and previous knowledge of computers or computer programming is not required.
Lecture Hours: 2 Lab Hours: 3 Repeatable: No Grading: O
CAN:
Advisory Level: Read: 3 Write: 3 Math: 1
Transfer Status: None Degree Applicable: AS
CSU GE: None District GE: None IGETC: None

## Computer Science

### COMSC-072 - Discrete Mathematics for Computer Science

This course is an introduction to the discrete and combinatorial mathematics that finds application in computer science. Topics include: logic, predicates and quantifiers, algorithms with control structures, validity of argument, circuits, mathematical proof techniques (including induction), sets, recursive algorithms, functions, relations, cardinality, Big Oh and its application to the efficiency of searches and sorts, finite state automata, elementary combinatorics, and an introduction to graphs and trees.

- **Units:** 4
- **Lecture Hours:** 4
- **Lab Hours:** None
- **Repeatable:** No
- **Grading:** L
- **Prerequisite:** MATH 21 and 22 or MATH 25; all with C or better.

### COMSC-075 - Computer Science I: Introduction to Program Structures

An introduction to computer programming concepts from a computer science perspective. Programming structures of sequential, selection and repetition are covered using a high-level object oriented language. Using existing classes and creating classes, methods, argument passing, program and data abstraction (including arrays) are covered. Documentation, programming style, and program design and development are addressed throughout the course.

- **Units:** 4
- **Lecture Hours:** 3
- **Lab Hours:** 0
- **Repeatable:** No
- **Grading:** L
- **Prerequisite:** MATH 025 or MATH 021 and MATH 022, all with C or better.

### COMSC-076 - Computer Science II: Introduction to Data Structures

This course covers abstract data types and structures in an Object Oriented environment and the use of advanced programming techniques. Students will learn to reason mathematically about programs, including Big-O methods. The principles of encapsulation, abstraction, and polymorphism will be applied to large programming projects. The course will cover data structures and algorithms for such task as searching, sorting, and collections, using sets and list implement with arrays and link-list and to implement stacks, queues, trees, graphs, iterators and hashing.

- **Units:** 4
- **Lecture Hours:** 3
- **Lab Hours:** 3
- **Repeatable:** No
- **Grading:** L
- **Prerequisite:** COMSC 072 or MATH 070 and COMSC 075, all with a C or better.

### COMSC-098 - Directed Study in Computer Science

Individual or small groups of students who would benefit from Independent Study under the direction of faculty members in specific or related disciplines may develop individualized learning contracts designed to enhance their individual instructional programs. The students and the faculty member in consultation with the Division Dean will determine appropriate learning objectives and activities as well as the number of units to be earned. Instructions and the Learning Contract forms are available in the Division office. Repeatable to a maximum of 9 units across all disciplines.

- **Units:** 0.5 - 9
- **Lecture Hours:** 0
- **Lab Hours:** 1.81
- **Repeatable:** No
- **Grading:** O

### COMSC-138 - Work Experience

Occupational Work Experience is designed for students who work or volunteer in a field related to their career major. Students are required to provide evidence that they are enrolled in a career program (e.g., education plan or coursework in a career/occupational subject area). Students can earn one unit of credit for each 60 hours of unpaid volunteer time or 75 hours of paid work during the semester. Students can repeat Career/Occupational Work Experience, combined with General Work Experience, or alone, up to a maximum of 16 units. Internship/job placement is not guaranteed.

- **Units:** 1 - 8
- **Lecture Hours:** None
- **Lab Hours:** 1.81
- **Repeatable:** 15
- **Grading:** O
- **Corequisite:** Be employed or a volunteer at an approved work-site for the minimum number of hours per unit as stipulated for paid and unpaid status.

### Dance

**DANCE-098 - Directed Study in Dance**  
Units: 0.5 - 9  
Individual or small groups of students who would benefit from Independent Study under the direction of faculty members in specific or related disciplines may develop individualized learning contracts designed to enhance their individual instructional programs. The students and the faculty member in consultation with the division dean will determine appropriate learning objectives and activities as well as the number of units to be earned. Instructions and the Learning Contract forms are available in the division office. Repeatable to a maximum of 9 units across all disciplines.  
Lecture Hours: None  
Lab Hours: 1.81  
Repeatable: 17  
Grading: O

### Dispatch

**DISP-170 - Basic Public Safety Dispatch**  
Units: 3  
This course is designed to provide dispatchers with the necessary skills and knowledge to perform their job. Curriculum includes computer systems familiarization, legal updates, communication techniques, etc. It may contain POST curriculum, as well as local training mandates.  
Lecture Hours: 1.67  
Lab Hours: 5  
Repeatable: No  
Grading: L

**DISP-172 - Public Safety Dispatcher-Update**  
Units: 1 - 5  
This variable unit course is designed to provide necessary and required continuing professional training to public safety dispatchers as required by The Commission on Peace Officer Standards and Training (POST). Students will learn radio procedures, radio systems, telephone procedures, legal updates and emergency dispatching techniques.  
Lecture Hours: 0.91 - 4.69  
Lab Hours: 1.37 - 6.7  
Repeatable: Yes  
Grading: L

**DISP-173 - Emergency Medical Dispatching**  
Units: 1  
This 40-hour course is designed to provide public safety dispatchers with a general knowledge of how the emergency system operates and the services that are available.  
Lecture Hours: 1.7  
Lab Hours: 0.6  
Repeatable: No  
Grading: L  
Prerequisite: Current CPR certification

**DISP-176 - Dispatch Academy - Extension**  
Units: 2 - 24  
The Dispatch Academy extension is designed to provide a training continuum which integrates the acquired knowledge and skills from the Dispatcher Academy with practical applications. This program has been developed to assist the trainer in preparing the trainee to adequately and safely serve both the agency and the public. The categories of instruction include basic skills, tasks, and information which the agency expects the dispatchers to know and perform.  
Lecture Hours: 40 - 200  
Lab Hours: 40 - 760  
Grading: K  
Prerequisite: DISP 170 with C or better

**DISP-178 - Communications Training Officer**  
Units: 1  
This course is to educate communications trainers to their responsibilities and roles in training new dispatchers. This course will provide students with the skills necessary to effectively manage the demand of their specific training assignment.  
Lecture Hours: 1.8  
Lab Hours: 0.5  
Repeatable: No  
Grading: L

**DISP-182 - Fire Dispatcher Update**  
Units: 0.5 - 2  
This course is designed to provide experienced fire dispatchers with the skills and knowledge necessary to maintain job skills. It completes and updates requirements for the basic fire dispatch course.  
Lecture Hours: 0.5  
Lab Hours: 1.5  
Repeatable: 3  
Grading: L

### Drama

**DRAMA-014 - Theater Workshop Studio Production**  
Units: 0.5 - 2  
Students participate in studio theater rehearsals and public performances as an actor or technician. A studio theater performance emphasizes audience intimacy and adaptation of available performance spaces and technical resources. Repeatable to a maximum of eight units.  
Lecture Hours: None  
Lab Hours: 1.5 - 6  
Repeatable: 15  
Grading: O  
Prerequisite: Audition required
### DRAMA-025 - Children's Theater Units: 3

Children's Theater rehearses students in the skills necessary to create and perform for young audiences. Students will adapt stories from literature, perform plays written for young audiences, adapt adult plays for young audiences, create performances of their own, and learn how to conduct performance workshops for young audiences. Students wishing to participate in the performance company should register for one unit of Drama 098.

**Lecture Hours:** 3  
**Lab Hours:** 0  
**Repeatable:** No  
**Grading:** O  
**Prerequisite:** DRAMA 013 or audition

**Recommended:** Familiarity with Children's literature.

**CAN:**
- **Advisory Level:** Read: 3, Write: 3, Math: None
- **Transfer Status:** CSU Degree Applicable: AA/AS  
- **CSU GE:** None  
- **District GE:** None  
- **IGETC:** None

### DRAMA-026 - From Page to Stage Units: 3

Students read and analyze plays being mounted in the Bay Area. Students rehearse and perform scenes from these plays in class. Students then attend productions of these plays, and in a post-production class discuss and compare interpretation and production values to those of the staged version.

**Lecture Hours:** 2.5  
**Lab Hours:** 1.5  
**Repeatable:** No  
**Grading:** O

**Recommended:** Familiarity with dramatic structure and dramatic action.

**CAN:**

- **IGETC:** None

### ECON-010A - Principles of Macroeconomic Theory Units: 3

This course explains the forces affecting national economies: variations in money and credit, income, output, productivity, employment, prices and inflation. Econ 10A examines monetary and fiscal theories, explains the role the government plays in the U.S. and other national economies as a result of monetary and fiscal policies and through the exercise of its regulatory powers. The course also provides an overview of how changes in inflation rates, interest rates, and the international value of the dollar reflect variations in the economy. This course provides an overview of the effects the government has upon businesses and households as a result of its taxation and spending policies.

**Lecture Hours:** 3  
**Lab Hours:** None  
**Repeatable:** No  
**Grading:** L

### ECON-010B - Introduction to Microeconomic Theory Units: 3

Microeconomics focuses on economic behavior of individual economic units such as consumers, firms, and resource owners. It examines the market system as a means of solving the problems in the production and distribution of goods and services in a society. An analysis of the effectiveness of the price system in providing the society with an equitable distribution of goods, services and income is featured. It explores some of the more urgent micro-economic problems such as monopoly power of big business and big unions, government regulations and consumer protection, the energy crisis, taxes and welfare.

### EDUC-012MS - Math and Science Future

**Teacher Seminar**

This course is designed to provide students interested in pursuing a career in secondary school math or science teaching with theory and hands-on experience working with children in math and science skills at a local elementary school. The course includes work with mathematics and science materials, assessment, methodology, and the school environment. The course includes 50 hours of on-site field experience, as a service learning component, in a local elementary school.

#### EDUC-013MS - Math and Science Future

**Teacher Seminar II**

This is the second course designed to provide students interested in pursuing a career in secondary school math or science teaching with theory and hands-on experience working with children in math and science skills at a local middle, or high school. The course includes work with mathematics and science materials, assessment, methodology, and the school environment. The course includes 50 hours of on-site service learning field experience as a classroom assistant in a local middle or high school.

### EDUC-138 - Work Experience

**Units: 1 - 8**

Occupational Work Experience is designed for students who work or volunteer in a field related to their career major. Students are required to provide evidence that they are enrolled in a career program (e.g., education plan or coursework in a career/occupational subject area). Students can earn one unit of credit for each 60 hours of unpaid volunteer time or 75 hours of paid work during the semester. Students can repeat Career/Occupational Work Experience, combined with General Work Experience, or alone, up to a maximum of 16 units. Internship/job placement is not guaranteed.

<table>

**CSU GE:** None  **District GE:** None  **IGETC:** None

### EDIT-010 - Computers and Digital Media in Education

**Units: 3**

Students will learn how to effectively implement instructional technology into an educational environment. Students will explore how Internet and online learning technology, combined with pedagogy, computer applications, digital media and web technology tools, can be used for teaching and learning.

<table>

### EDIT-012 - Online Learning Technologies, Tools and Techniques

**Units: 3**

This course provides an overview of the communication technologies and instructional tools used in presenting and developing online curriculum. It is designed to help students explore various tools available to create a virtual classroom and the instructional issues involved in the implementation of teaching and learning online. Participants draw from their own teaching experiences to develop actual online curriculum using interactive tools such as threaded discussions, lecture capture, podcasting, vodcasting, webconferencing and a variety of synchronous and asynchronous learning tools that are provided by the emerging technologies.

### EDIT-022 - Course Management System (CMS) to Develop Online Courses

**Units: 3**

This course teaches the skills and knowledge necessary to create effective online learning environments using a Course Management System (CMS). Students will explore examples of CMS content, learn to navigate the interface, add tools and content, and perform basic course management functions. The course also emphasizes customizing and integrating emerging technologies into the CMS. Participants will learn to customize their courses, use communication tools, assessment tools, and course management tools.

### EDIT-024 - Women in Technology

**Units: 3**

Through a collaborative learning environment utilizing different application software, multimedia, web resources, and an online social network, students will explore the relationship between women and technology around the world, as well as the contributions women have made in technology. Students will identify effective strategies for extending access to technology for women in order to close the gender gap that maintains a male-dominated hold on advanced technology. They will also investigate the restrictions in technology education and technology careers for women.

---

**Mandatory Corequisites:**
- CAN:
  - Placement is not guaranteed.
  - Students can repeat Career/Occupational Work Experience, combined with General Work Experience, or alone, up to a maximum of 16 units. Internship/job placement is not guaranteed.
  - Students can repeat Career/Occupational Work Experience, combined with General Work Experience, or alone, up to a maximum of 16 units. Internship/job placement is not guaranteed.
  - Students can repeat Career/Occupational Work Experience, combined with General Work Experience, or alone, up to a maximum of 16 units. Internship/job placement is not guaranteed.
  - Students can repeat Career/Occupational Work Experience, combined with General Work Experience, or alone, up to a maximum of 16 units. Internship/job placement is not guaranteed.
ENGR-001 - Technology and Society  Units: 3
This course will explore the interrelationships between technology and the social sciences. Specifically, the course will investigate the societal factors which impact technology (historical, political, economic, ethical and environmental), and the ways in which technology affects society (language, art, music, psychology and sociology). This course is appropriate for students in both technical and non-technical majors.
Lecture Hours: 3  Lab Hours: None  Repeatable: No  Grading: O

CAN:
Advisory Level:  Read:  3  Write:  3  Math:  None
Transfer Status: CSU/UC  Degree Applicable: AA/AS
CSU GE:  D7  District GE:  D7  IGETC:  4G

ENGR-010 - Engineering Processes and Tools  Units: 3
This course introduces students to the engineering profession and the devices, processes, and techniques utilized in solving engineering problems. Computers and associated components, hardware and software, are introduced. The use of spreadsheets and mathematical software in engineering problem solving and data presentation is discussed. Engineering report writing and technical presentations are practiced in the class. Students also learn the engineering process through a term project.
Lecture Hours: 2  Lab Hours: 3  Repeatable: No  Grading: L
Prerequisite: Math 021 or Math 025, with a C or better
Recommended: 1. Be able to operate a personal computer.
2. Be able to work with the Windows operating system.
3. Experience with mechanical and electronic tools helpful.

CAN:
Advisory Level:  Read:  3  Write:  3  Math:  None
Transfer Status: CSU  Degree Applicable: AA/AS
CSU GE:  None  District GE:  None  IGETC:  None

ENGR-018 - Engineering Design and Graphics  Units: 3
This course covers the principles of design and its graphical presentation in engineering as well as computer-aided design (CAD) and programming. Major topics include the engineering design process, orthographical projection, multiview drawing, pictorial drawings, dimensioning and tolerancing, and VBA programming. Engineering graphical presentation is based on ANSI standard. Students will learn to use CAD software in producing engineering drawings.
Lecture Hours: 2  Lab Hours: 4  Repeatable: No  Grading: L
Prerequisite: MATH 014 with C or better, or equivalent.

CAN:
Advisory Level:  Read:  3  Write:  3  Math:  None
Transfer Status: CSU/UC  Degree Applicable: AA/AS
CSU GE:  None  District GE:  None  IGETC:  None

ENGR-050 - Introduction to Computing  Units: 4
Fundamentals of computer assisted problem solving, as it applies to the solution of engineering problems, are introduced in this course. The three major themes of this course are-algorithm development, efficient programming/modeling, PC device interfacing, and practical and user-friendly pre/post processing techniques. The C++ programming language is used to obtain solutions to various engineering problems. Object oriented programming using subjects such as classes, pointers, inheritances, dynamic allocation of memory space, and standard template libraries are emphasized.
Lecture Hours: 3  Lab Hours: 3  Repeatable: No  Grading: L
Prerequisite: MATH 071 with C or better
Recommended: 1. Engr 010
2. Be able to operate a personal computer.
3. Be able to work with the Windows operating system.
4. Be able to use word processing software.
5. Be able to use spreadsheet software.

CAN:
Advisory Level:  Read:  3  Write:  3  Math:  None
Transfer Status: CSU/UC  Degree Applicable: AA/AS
CSU GE:  None  District GE:  None  IGETC:  None

ENGR-060 - Surveying  Units: 3
This course introduces the students to the basic theory and practice of surveying or geomatics as related to engineering practices. Basic concepts, standards, errors and statistical handling are presented. Linear and angular measurements, profile leveling and traversing are discussed. The concepts of bearings and azimuths as well as related computations are explained. Theory, use and care of surveying instruments in establishing horizontal and vertical control are studied. In addition, students will gain practical experience through laboratory and field work.
Lecture Hours: 2  Lab Hours: 3  Repeatable: No  Grading: O
Prerequisite: MATH 022, or SG-100 or equivalent, either with grade of C or better. Or, SG-100 may be taken concurrently.

CAN:
Advisory Level:  Read:  3  Write:  3  Math:  None
Transfer Status: CSU/UC  Degree Applicable: AA/AS
CSU GE:  None  District GE:  None  IGETC:  None

ENGR-061 - Plane Surveying  Units: 3
This course introduces students to various plane surveys and calculations. The types of surveys covered include topographical, control, boundary and construction surveys. The public land survey system is discussed. The types of calculations include coordinate geometry computations, and area and volume calculations from survey data. Horizontal and vertical curve computations and layout are also discussed. Least squares adjustments, GPS and GIS are introduced.
Lecture Hours: 2  Lab Hours: 3  Repeatable: No  Grading: L
Prerequisite: ENGR 060 with C or better

CAN:
Advisory Level:  Read:  3  Write:  3  Math:  None
Transfer Status: CSU/UC  Degree Applicable: AA/AS
CSU GE:  None  District GE:  None  IGETC:  None

<tr>
<th>Course Code</th>
<th>Title</th>
<th>Units</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>ENGR-063</td>
<td>GIS for Civil Engineering and Surveying</td>
<td>3</td>
<td>This course introduces the fundamentals of Geographical Information System as related to civil engineering and surveying and how the Multipurpose Cadastre (MPC), Land Information System (LIS) and Geographical Information System (GIS) fit together. Geodetic reference frame, base map, cadastral overlay, and linkage mechanisms are also discussed. Data quality and accuracy, privacy, ethics, institutional, governmental and technological issues associated with GIS are explored. The ArcGIS software is taught and used in the course. GIS applications and existing case studies are presented. Federal Geographical Data Committee (FGDC) standards and future trends of GIS are addressed.</td>
</tr>
<tr>
<td>ENGR-066</td>
<td>Properties of Materials</td>
<td>3</td>
<td>Mechanical, thermal, electrical, magnetics and chemical properties of materials are studied. Effect of atomic and crystal structure and various bonding mechanisms on the above properties are discussed. Diffusion and phase analysis in various material are studied. Defects and failure in materials including the effect of heat treatment on strength of material are investigated. Various laboratory experiments such as impact, tensile and compression, torsion, fatigue, corrosion, thermal conduction and expansion, electrical conduction, magnetic strength, composite structure, rubber and polymer resilience, and photomicrograph are conducted to provide enhanced knowledge of material properties.</td>
</tr>
<tr>
<td>ENGR-069</td>
<td>Statics</td>
<td>3</td>
<td>This course covers the equilibrium characteristics of various structures that are subject to external forces. The effects of various types of forces on the equilibrium of objects are discussed through the application of vector mechanics and the laws of Newton. Topics studied include two and three dimensional rigid structures, free-body diagrams, the concept of centroids, distributed load analysis, moment of inertia analysis, friction and virtual work. Structures considered are primarily trusses, machines and frames.</td>
</tr>
<tr>
<td>ENGR-071</td>
<td>Introduction to Circuit Analysis</td>
<td>4</td>
<td>Analyses of DC and AC circuits are performed using Kirchhoff's voltage and current laws. Emphasis is given to resistive, capacitive, inductive, and amplifier circuits powered by independent and dependent sources. The transient nature of first order and second order circuits containing capacitors and inductors are studied. Thevenin's and Norton's theorems are applied to DC and AC circuits and properties of these circuits for maximum power transfer are determined. The concept of impedance is used to analyze AC circuits in the frequency domain as well as to perform power analysis.</td>
</tr>
<tr>
<td>ENGR-098</td>
<td>Directed Study in Engineering</td>
<td>0.5 - 9</td>
<td>Individual or small groups of students who would benefit from Independent Study under the direction of faculty members in specific or related disciplines may develop individualized learning contracts designed to enhance their individual instructional programs. The students and the faculty member in consultation with the Division Dean will determine appropriate learning objectives and activities as well as the number of units to be earned. Instructions and the Learning Contract forms are available in the Division office. Individual or small groups of students who would benefit from Independent Study under the direction of faculty members in specific or related disciplines may develop individualized learning contracts designed to enhance their individual instructional programs. The students and the faculty member in consultation with the Division Dean will determine appropriate learning objectives and activities as well as the number of units to be earned. Instructions and the Learning Contract forms are available in the Division office. Repeating a maximum of 9 units across all disciplines is permitted.</td>
</tr>
<tr>
<td>ENGR-138</td>
<td>Occupational Work Experience</td>
<td>1 - 8</td>
<td>Occupational Work Experience is designed for students who work or volunteer in a field related to their career major. Students are required to provide evidence that they are enrolled in a career program (e.g., education plan or coursework in a career/occupational subject area). Students can earn one unit of credit for each 60 hours of unpaid volunteer time or 75 hours of paid work during the semester. Students can repeat Career/Occupational Work Experience, combined with General Work Experience, or alone, up to a maximum of 16 units. Internship/job placement is not guaranteed.</td>

</thead>
<tbody>
<tr>
<td>ENGL-001A</td>
<td>English Composition</td>
<td>3</td>
<td>This course presents the elements of critical thinking and logic. Students will learn to identify the basic structures of arguments and the ways people use language to fortify or to falsify arguments. Students will analyze and demonstrate these techniques by writing and critiquing essays and using research strategies. This course is specifically designed to meet the IGETC critical thinking requirement.</td>
</tr>
<tr>
<td>ENGL-001B</td>
<td>English Composition</td>
<td>3</td>
<td>English 1B, a second semester college composition course, emphasizes expository and argumentative writing directed toward an analysis of ideas and concepts from a wide variety of literature; English 1B includes discussion of fiction, drama, poetry, the essay, and other expository prose—stressing critical reading in these genres. All English 1B students will take a Department Final which will be holistically scored by at least two faculty members and will represent 20% of their course grade.</td>
</tr>
<tr>
<td>ENGL-001C</td>
<td>Critical Thinking/Composition</td>
<td>3</td>
<td>This course presents the elements of critical reasoning and logic. Students will learn to identify the basic structures of arguments and the ways people use language to fortify or to falsify arguments. Students will analyze and demonstrate these techniques by writing and critiquing essays and using research strategies. This course is specifically designed to meet the IGETC critical thinking requirement.</td>
</tr>
<tr>
<td>ENGL-001D</td>
<td>Advanced College Reading</td>
<td>3</td>
<td>In this transfer-level reading course, students will advance their reading effectiveness for academic, career, and personal growth. The course is designed to empower students to read difficult text at an in-depth level. Students will learn to summarize, to paraphrase, to understand descriptive and scientific language, to analyze writers’ strategies, and to interpret abstract concepts. It will give them practice with a range of texts, including texts representing other college courses and primary source material relevant to the transfer major. This course can be taken after completion of English 102 and 104 or ESL 91; concurrently with English 001A; or after English 001A.</td>
</tr>
<tr>
<td>ENGL-001L</td>
<td>English Composition Lab</td>
<td>0.5-1.5</td>
<td>Students will learn and use critical thinking/writing skills needed for college level exposition, including paraphrasing, summarizing, development of complex content, revision, sentence techniques, research, evaluation, synthesis, and documentation of sources.</td>
</tr>
<tr>
<td>ENGL-021</td>
<td>Introduction to Poetry</td>
<td>3</td>
<td>This course emphasizes reading poetry for analysis and enjoyment. An appreciation of poetry is developed through discussion of theme, tone, imagery, poetic techniques, purpose, and versification.</td>
</tr>
<tr>
<td>ENGL-028</td>
<td>Introduction to World Mythology</td>
<td>3</td>
<td>The course investigates cross-cultural patterns of myths: gods and goddesses of earth and sky, hunt and harvest; the cycle of the hero; the creation, destruction, and renewal of the world; myths as potent forces today in literature and the arts as well as in everyday life.</td>
</tr>

</table>
### ENGL-033 - Women in Literature

This introductory survey of literature focuses on the stereotyped and individualized characteristics of women in multicultural literature.

**Units:** 3  
**Lecture Hours:** 3  
**Lab Hours:** None  
**Repeatable:** No  
**Grading:** L  
**Prerequisite:** (ENGL 102 or READ 101 and ENGL 104 or 092) or ESL 091 all with a C or better, or placement based on assessment

**Advisory Level:**  
- **Read:** None  
- **Write:** None  
- **Math:** None

**Transfer Status:** CSU/UC  
**Degree Applicable:** AA/AS  
**CSU GE:** C2,D4  
**District GE:** C2, D4, ES  
**IGETC:** 3B

### ENGL-035 - The Short Story

This course is an analysis and interpretation of the short story encompassing short fictional writing. Elements of fiction, critical literary approaches, historical context, author-biographical information, and techniques for writing about literature will be covered.

**Units:** 3  
**Lecture Hours:** 3  
**Lab Hours:** None  
**Repeatable:** No  
**Grading:** L  
**Prerequisite:** ENGL (104 or 092 or 3 units of 092S) and ENGL 102 or READ (101 or 4 units of 101S) or ENGL (091A and 091B) or ESL 091 or ESL 093; all with C or better or placement based on assessment

**Advisory Level:**  
- **Read:** None  
- **Write:** None  
- **Math:** None

**Transfer Status:** CSU/UC  
**Degree Applicable:** AA/AS  
**CSU GE:** C2  
**District GE:** C2  
**IGETC:** 3B

### ENGL-052 - Children’s/Adolescent Literature

This course traces the historical and cultural development of global literature for both children and adolescents, including its multiple origins and relationships from the oral tradition, myth, nursery rhymes, poetry, fables, folk tales, sacred literature, novels, and literature-related arts such as music, theater, games, film, pictorial arts, and television. The course stresses multicultural elements and ethnic writers as it emphasizes the importance of diverse literature on psychological, sociological, and cultural growth of American college students and children/adolescents in general.

**Units:** 3  
**Lecture Hours:** 3  
**Lab Hours:** 0  
**Repeatable:** No  
**Grading:** L  
**Prerequisite:** Continuing students must complete (ENGL 104 or ENGL 092) and (ENGL 102 or READ 101 or READ 101S) or (ESL 091 or ESL 093), all with C or better. New students will be placed based on the results of assessment.

**Recommended:** Highly recommended: A grade of C or better in ENGL 001A, first semester transfer composition.

**Advisory Level:**  
- **Read:** 3  
- **Write:** 3  
- **Math:** None

**Transfer Status:** CSU/UC  
**Degree Applicable:** AA/AS  
**CSU GE:** C2  
**District GE:** C2  
**IGETC:** 3B

### ENGL-060 - Japanese and Japanese-American Literature

Japanese and Japanese-American Literature is a survey of works in translations by both classical and modern Japanese writers with emphasis on the development of the novel, the diary, the haiku, and the short story. The course includes selected works by Japanese-American authors to develop an awareness of the experiences, culture and literary contributions of Japanese-Americans. English 60 satisfies the General Education Cultural Pluralism requirement.

**Units:** 3  
**Lecture Hours:** 3  
**Lab Hours:** None  
**Repeatable:** No  
**Grading:** O  
**Prerequisite:** ENGL (104 or 092 or 3 units of 092S) and ENGL 102 or READ (101 or 4 units of 101S) or ENGL (091A and 091B) or ESL 091 or ESL 093; all with C or better or placement based on assessment

**Advisory Level:**  
- **Read:** None  
- **Write:** None  
- **Math:** None

**Transfer Status:** CSU/UC  
**Degree Applicable:** AA/AS  
**CSU GE:** C2,D3  
**District GE:** C2, D3, ES  
**IGETC:** 3B

### ENGL-062 - Asian/Asian-American Literature

This course introduces students to a variety of literary works from the Asian/Asian-American culture which are significant in illuminating the cultural experience of Asian-Americans. It is designed to provide an awareness and understanding of the experiences and literary contributions of Asian/Asian-Americans by examining Asian/Asian-American literary works from countries such as China, the Philippines, India, Japan, Korea, Vietnam, Malaysia, Indonesia, and the United States. (Satisfies the Ethnic Studies requirement for the Associate Degree.)

**Units:** 3  
**Lecture Hours:** 3  
**Lab Hours:** None  
**Repeatable:** No  
**Grading:** O  
**Prerequisite:** ENGL (104 or 92) and ENGL 102 or ESL 91 or Reading 101 with a grade of C or better or placement based on assessment

**Advisory Level:**  
- **Read:** None  
- **Write:** None  
- **Math:** None

**Transfer Status:** CSU/UC  
**Degree Applicable:** AA/AS  
**CSU GE:** C2  
**District GE:** C2, ES  
**IGETC:** 3B

### ENGL-072 - Fundamentals of Creative Writing

Students will learn to write lucid, well developed pieces of fiction, short dramatic treatments and poetry. Focus on creative writing as a living art form through publication of student work in a literary magazine and performance of student writings through oral interpretation.

**Units:** 3  
**Lecture Hours:** 3  
**Lab Hours:** None  
**Repeatable:** No  
**Grading:** O  
**Prerequisite:** ENGL 001A with C or better

**Advisory Level:**  
- **Read:** None  
- **Write:** None  
- **Math:** None

**Transfer Status:** CSU/UC  
**Degree Applicable:** AA/AS  
**CSU GE:** None  
**District GE:** None  
**IGETC:** None

### ENGL-073 - Introduction to Shakespeare

Students will study representative Shakespeare as a major figure in our literary heritage and will read selected works, including represented plays, sonnets and poems. Contributions of the Elizabethan era to Western Culture will be explored. The course is designed to heighten awareness of Shakespeare’s literature to society and the relationship of the student to his work.

**Units:** 3  
**Lecture Hours:** 3  
**Lab Hours:** None  
**Repeatable:** No  
**Grading:** O  
**Prerequisite:** (ENGL 104 or ENGL 092 or 3 units of 092S) and ENGL 102 or READ 101 or READ 101S) or (ESL 091 or ESL 093), all with C or better or placement based on assessment

**Advisory Level:**  
- **Read:** 3  
- **Write:** 3  
- **Math:** None

**Transfer Status:** CSU/UC  
**Degree Applicable:** AA/AS  
**CSU GE:** C2  
**District GE:** C2  
**IGETC:** None

### ENGL-080 - Mexican American Literature

This course surveys selected Mexican American authors to develop an awareness of the experiences and literary contributions of Mexican Americans living in the United States. The course is designed to heighten critical awareness of the image of the Mexican American in distinct genres of literature. The focus will be on works written from mid 20th century to the present.

**Units:** 3  
**Lecture Hours:** 3  
**Lab Hours:** None  
**Repeatable:** No  
**Grading:** O  
**Prerequisite:** (ENGL 104 or ENGL 092) and (ENGL 102 or READ 101 or ESL 91); all with C or better or placement based on assessment

**Advisory Level:**  
- **Read:** None  
- **Write:** None  
- **Math:** None

**Transfer Status:** CSU/UC  
**Degree Applicable:** AA/AS  
**CSU GE:** C2,D3  
**District GE:** C2, D3, ES  
**IGETC:** 3B
ENGL-082A  -  African American Literature  Units: 3

English 82A is a detailed study of the African-American experience in America as viewed through the literary works of African-American authors from slavery to 1930. The course is designed to analyze the various and unique social scientific approaches--namely the historical, the psychological, the sociological, and the philosophical--that African-American authors employ in exposing, exploring and, in general, informing an oftentimes unreceptive reading audience. English 82A is not a prerequisite to English 82B. This course satisfies the General Education Cultural Pluralism requirement.

Lecture Hours: 3  Lab Hours: None  Repeatable: No  Grading: O

Prerequisite: ENGL (104 or 092 or 3 units of 092S) and ENGL 102 or READ (101 or 4 units of 101S) or ENGL (091A and 091B) or ESL 091 or ESL 093; all with C or better or placement based on assessment.

CAN:
Advisory Level:  Read: None  Write: None  Math: None
Transfer Status: CSU/UC  Degree Applicable: AA/AS
CSU GE: C2,D3  District GE: C2, ES  IGETC: 3B

ENGL-082B  -  African American Literature  Units: 3

English 82B is a detailed study of the African-American experience in America as viewed through the literary works of African-American authors from 1930 to the present. The course is designed to analyze the various and unique social scientific approaches--namely the historical, the psychological, the sociological, and the philosophical--that African-American authors employ in exposing, exploring and, in general, informing an oftentimes unreceptive reading audience. English 82A is not a prerequisite to English 82B. This course satisfies the General Education Cultural Pluralism requirement.

Lecture Hours: 3  Lab Hours: None  Repeatable: No  Grading: O

Prerequisite: ENGL (104 or 092 or 3 units of 092S) and ENGL 102 or READ (101 or 4 units of 101S) or ENGL (091A and 091B) or ESL 091 or ESL 093; all with C or better or placement based on assessment.

CAN:
Advisory Level:  Read: None  Write: None  Math: None
Transfer Status: CSU/UC  Degree Applicable: AA/AS
CSU GE: C2,D3  District GE: C2, ES  IGETC: 3B

ENGL-084A  -  Survey of American Literature  Units: 3

Representative American literature from its beginning to 1865 with some emphasis on social and cultural backgrounds. This course includes works of writers of the Colonial, Revolutionary, and Romantic periods.

Lecture Hours: 3  Lab Hours: None  Repeatable: No  Grading: L

Prerequisite: (ENGL 104 or ENGL 092) and (ENGL 102 or READ 101), all with C or better or placement based on assessment.

CSU GE: C2  District GE: C2  IGETC: 3B

ENGL-084B  -  Survey of American Literature  Units: 3

Representative American literature from the late 19th Century to the present, with some emphasis on social and cultural backgrounds.

Lecture Hours: 3  Lab Hours: None  Repeatable: No  Grading: L

Prerequisite: (ENGL 104 or ENGL 092) and (ENGL 102 or READ 101), all with C or better or placement based on assessment.

CAN:
Advisory Level:  Read: None  Write: None  Math: None
Transfer Status: CSU/UC  Degree Applicable: AA/AS
CSU GE: C2  District GE: C2  IGETC: 3B

ENGL-086A  -  Survey of English Literature I  Units: 3

First part of a two-part series surveying the development of English (Anglophone) Literature from the earliest writings in English to the Restoration and 18th Century literature. Students will read and discuss significant examples of epic, lyric, drama and prose writings of the finest authors writing in England and the British Empire from the Anglo Saxon, Anglo-Norman, Middle English, Renaissance, Restoration and 18th Century periods. The course will contain lectures, discussions, group work, and other student-centered learning activities. Evaluations will be based on in and out of class analytical essays, exams, research reports, and class work. This course is required for the English Major at EVC and CSU.

Lecture Hours: 3  Lab Hours: None  Repeatable: No  Grading: L

Prerequisite: (ENGL 092 or ENGL 104) and (ENGL 102 or READ 101), all with C or better.

CAN:
Advisory Level:  Read: None  Write: None  Math: None
Transfer Status: CSU/UC  Degree Applicable: AA/AS
CSU GE: C2  District GE: C2  IGETC: 3B

ENGL-086B  -  Survey of English Literature II  Units: 3

The second part of a two part series surveying the development of English (Anglophone) Literature from the 18th Century to the present. Students will read and discuss significant examples of epic, lyric, drama and prose writings of the finest authors writing in England and the British Empire from the Romantic, Victorian, Edwardian, Modern and Postmodern periods. The course will contain lectures, discussions, group work, and other student centered learning activities. Evaluations will be based on in and out of class analytical essays, examinations, research reports, and class work. This course is required for the English Major at EVC, SJCC, and the CSU system.

Lecture Hours: 3  Lab Hours: None  Repeatable: No  Grading: L

Prerequisite: (ENGL 092 or ENGL 104) and (ENGL 102 or READ 101), all with C or better.

CAN:
Advisory Level:  Read: None  Write: None  Math: None
Transfer Status: CSU/UC  Degree Applicable: AA/AS

ENGL-098  -  Directed Study  Units: 0.5 - 9

Individual or small groups of students who would benefit from Independent Study under the direction of faculty members in specific or related disciplines may develop individualized learning contracts designed to enhance their individual instructional programs. The students and the faculty member in consultation with the Division Dean will determine appropriate learning objectives and activities as well as the number of units to be earned. Instructions and the Learning Contract forms are available in the Division office. Repeatable to a maximum of 9 units across all disciplines.

Lecture Hours: None  Lab Hours: 1.81  Repeatable: 17  Grading: O

Prerequisite: ESL 302 or ENGL 322 and (ENGL 330 or 335) or READ 301 or READ 301S and (ENGL 330 or 335); all with C or placement based on assessment

CAN:
Advisory Level:  Read: None  Write: None  Math: None
Transfer Status: CSU  Degree Applicable: AA/AS
CSU GE: None  District GE: None  IGETC: None
ENGL-099 - Grammar for Writers: WST Preparation

This course is designed for students who have passed English 001A, but still require improvement and refinement in grammar, composition, and critical thinking skills. Upon successful completion, the student should attain and surpass the levels necessary for success in passing CSU Writing Skills Tests and for upper division work. English 099 focuses on writing structure and the creative process: mechanics, and composition. It is designed to instruct students in writing the full range of appropriate and effective English sentences, paragraphs, and essays. Basic concepts of the appropriateness of certain structures to specific content are emphasized.

Lecture Hours: 3 Lab Hours: None Repeatable: No Grading: K
Prerequisite: ENGL 001A with C or better

CAN:
Advisory Level: Read: None Write: None Math: None
Transfer Status: None Degree Applicable: AS
CSU GE: None District GE: None IGETC: None

ENGL-102 - College Reading Units: 3.5

English 102 enhances college reading skills and study techniques using academic materials in a variety of disciplines such as the natural sciences, social sciences, humanities and business. Instruction includes literal and interpretive comprehension, rate flexibility, vocabulary expansion, and beginning research. All students in English 102 must complete 1.5 hours of lab work per week in the Reading Lab. This counts as 15% of the final course grade. Concurrent enrollment in English 104 is recommended.

Lecture Hours: 3 Lab Hours: 1.5 Repeatable: No Grading: L
Prerequisite: ESL 302 or ENGL 322 and (330 or 335) or READ 301 and (ENGL 330 or 335); all with C or placement based on assessment.

CAN:
Advisory Level: Read: None Write: None Math: None
Transfer Status: None Degree Applicable: AS
CSU GE: None District GE: None IGETC: None

ENGL-104 - Fundamentals of Composition Units: 4

English 104 is an introduction to academic discourse and to writing short essays. The course develops competence in analytic reading and expository writing. The course stresses paragraph and essay structure through the use of pre-writing, revision, editing, and peer review strategies. Competence in English usage and syntactic variety will also be developed. Students will respond to culturally relevant model writings for general, academic, and special audiences. English 104 includes a three-hour weekly writing lab, which determines 25% of each student's final course grade. Twenty percent of each student's grade will be based on a department final essay exam. The course meets the pre-require for ENGL-001A.

Lecture Hours: 3 Lab Hours: 3 Repeatable: No Grading: O
Prerequisite: ESL 302 or ENGL 322 or READ 301 and (ENGL 330 or 335); all with C or placement based on assessment.

CAN:
Advisory Level: Read: None Write: None Math: None
Transfer Status: None Degree Applicable: AS
CSU GE: None District GE: None IGETC: None

ENGL-194 - Reading Skills Units: 0.5 - 6

This self-paced course offers an opportunity to increase reading rate through the use of computers and software.

Lecture Hours: 0.5 Lab Hours: 1.5 Repeatable: 11 Grading: K
Prerequisite: ENGL 321 or 3 units of ENGL 321S or 6 units of ENGL 340S, all with CR or placement based on assessment

CAN:
Advisory Level: Read: None Write: None Math: None
Transfer Status: None Degree Applicable: NAA
CSU GE: None District GE: None IGETC: None

ENGL-310 - Improvement of Spelling Units: 3

English 310 is designed to help students learn and apply basic spelling rules. Commonly misspelled words and spelling rules are identified and practiced. For words that cannot be spelled by sound, a variety of study techniques and memory devices described and used.

Lecture Hours: 3 Lab Hours: None Repeatable: No Grading: K

CSU GE: None District GE: None IGETC: None

ENGL-330 - Improvement of Writing  Units: 4
English 330 is devoted to developing competence in writing (1) standard English sentences, (2) paragraphs, and (3) short compositions by means of a study of grammar and practice in writing. Successful completion of both the lecture and writing center component of this course is required. This course may not be used in satisfaction of English requirements for the Associate Degree, but it is a prerequisite for students who place below the English 104 level on the College Placement Test. ALL English 330 students will take a Department Final Exam which will be holistically scored by at least two faculty members and will represent 20% of their course grade.
Lecture Hours: 3 Lab Hours: 3 Repeatable: No Grading: K
Prerequisite: (3 units of ENGL 321 and ENGL 341) or 6 units of READ 350 or 6 units of ENGL 340S or (ESL 312 and 313); all with a CR or placement based on assessment.
Corequisite: XENGL 330L

**ESL-328 - English for Job Search Success**
Units: 0.5

This course is designed for non-native speakers at an intermediate level of proficiency in English. Course content and materials focus mainly on job search strategies and skills. A combination of reading, writing, listening, and speaking skills will be practiced in the course.

Lecture Hours: 3  Lab Hours: None  Repeatable: No  Grading: K

Prerequisite: Completion of ESL 332 with CR or placement based on assessment

Recommended: Basic knowledge of keyboarding.

**CAN:**
Advisory Level: Read: None  Write: None  Math: None
Transfer Status: None  Degree Applicable: NAA
CSU GE: None  District GE: None  IGETC: None

**ESL-330L - ESL Skills Development Lab**
Units: 0.5 - 2

The content of this lab will facilitate skills development for the ESL 330 series. It is designed to supplement classroom instruction (in the ESL 330 series) by providing students the opportunity to work on an individualized basis with materials previously assigned by the ESL instructor. Students utilize videocassette and audio cassette tapes, workbooks, and other supplementary materials to develop and improve their skills in listening comprehension, oral production, reading, writing, and vocabulary development. Students must be enrolled concurrently in ESL 322, 333, or 334. Twenty-four hours of lab work are required for each ½ unit of credit. Repeatable to a maximum of 2 units.

Lecture Hours: None  Lab Hours: 1.5 - 6  Repeatable: 3  Grading: K

Corequisite: ESL 332 or ESL 333 or ESL 334 or ESL 337

**CAN:**
Advisory Level: Read: None  Write: None  Math: None
Transfer Status: None  Degree Applicable: NAA
CSU GE: None  District GE: None  IGETC: None

**ESL-332 - Basic Writing Skills 2**
Units: 4

ESL 332 is a low-intermediate grammar/writing course for non-native speakers of English. The grammar and sentence structure of written discourse is recognized and identified in sentences and short passages, practiced in exercises and oral activities, and edited in a variety of written formats. Concurrent enrollment in 0.5 unit of ESL Skills Development lab may be required by the instructor for technology-based grammar and writing practice with lab assistance.

Lecture Hours: 4  Lab Hours: None  Repeatable: No  Grading: K

Prerequisite: ESL 342 with CR or placement based on assessment

Recommended: Concurrent enrollment in 0.5 unit of ESL Skills Development lab is strongly recommended.

**CAN:**
Advisory Level: Read: None  Write: None  Math: None
Transfer Status: None  Degree Applicable: NAA
CSU GE: None  District GE: None  IGETC: None

**ESL-333 - Basic Reading Skills 2**
Units: 3

This course is designed for non-native speakers who are at a low-intermediate level of proficiency in English. Course content and materials expand reading and vocabulary skills by focusing on literal and critical comprehension of text. Development of speaking and writing skills through interactive class activities is also emphasized. Concurrent enrollment in ESL 332, ESL 334, and ESL 330L is recommended.

Lecture Hours: 3  Lab Hours: None  Repeatable: No  Grading: K

Prerequisite: ESL 343 with CR or placement based on assessment

Recommended: Concurrent enrollment in 0.5 unit of ESL Skills Development lab is strongly recommended.

**CAN:**
Advisory Level: Read: None  Write: None  Math: None
Transfer Status: None  Degree Applicable: NAA
CSU GE: None  District GE: None  IGETC: None

**ESL-334 - Basic Listening/ Speaking 2**
Units: 5

This course is designed for non-native speakers at a low-intermediate level of English proficiency. Class activities and multimedia materials focus on aural comprehension, oral communication and clear pronunciation in a variety of contexts. Concurrent enrollment in ESL 330L, 332, and 333 are recommended.

Lecture Hours: 5  Lab Hours: None  Repeatable: No  Grading: K

Prerequisite: ESL 344 or ESL 347 with CR or placement based on assessment

Recommended: Concurrent enrollment in ESL 332, ESL 333, and 330L are recommended.

**CAN:**
Advisory Level: Read: None  Write: None  Math: None
Transfer Status: None  Degree Applicable: NAA
CSU GE: None  District GE: None  IGETC: None

**Advisory Level:**
Recommended: Concurrent enrollment in ESL 322, ESL 323, and ESL 320L are recommended.

**Prerequisite:**
Concurrent enrollment in ESL 332 with CR or placement based on assessment

**Corequisite:**
Concurrent enrollment in ESL 332, ESL 333, or ESL 334.

**Repeatable:**
Until a maximum of 2 units.

**Transfer Status:**
None

**Degree Applicable:**
NAA
ESL-337  -  English Pronunciation 1  Units: 3  
English Pronunciation 1 introduces students to articulatory phonetics and the intonation, stress, and rhythm patterns of English. Concurrent enrollment 0.5 unit in ESL 330L is strongly recommended.  
Lecture Hours: 3  Lab Hours: None  Repeatable: No  Grading: K

Ethnic Studies  

ETH-010  -  Introduction to Ethnic Studies  Units: 3  
This interdisciplinary course is a combination of Humanities and Social Science. Students will be exposed to the various aspects of major ethnic minority cultures in the U.S. including philosophical and religious thought, art, music, literature, food, customs and traditions. This course will also serve as an introduction to the experiences and perspectives of selected racial/ethnic groups in the U.S. Particular attention will be paid to racial and ethnic group relations in our society. Also of particular concern will be the study of key concepts and social theories pertinent to the study of racial/ethnic groups in the U.S. This course was previously entitled "Survey of Third World Cultures."

**ETH-035 - Sociology of the Chicana/o Experience**  Units: 3
This course focuses on Chicanas/os and their relation to U.S. society. It will address some critical areas of the Chicana/o experience in terms of economics, labor, immigration, stereotypes, religion and police Chicano conflict as well. In order to provide a real world analysis of the contemporary role of the Chicana/o in society, this course will focus on the Chicana/o community of San Jose. A central objective of the course is to base both skill development and content on the issues that are of personal and academic interest to the student. The ultimate objective is to use this analysis to come up with strategies for addressing the needs of the Chicana/o and other communities. This course replaces SOC 020.

## EVC Course Catalog

### GUIDE-110A - Listening Skills

Units: 1

This course is geared toward students with listening difficulties resulting from learning disabilities, language, cognitive communication, and auditory processing disorders, who require special assistance in order to pursue regular college courses. Instruction is carried out in small group classes. Re-enrollment is based on continuing progress as measured by standardized tests and/or professional evaluation.

The instructor will meet the minimum qualification set forth in section 53414 of Title 5 regulations.

HI ST-098A - Service-Learning Directed Study Units: 0.5 - 9

Students seeking real-life experience for ongoing course support, and for academic and career exploration may enroll in Directed Study in Service-Learning. Under the direction of a college faculty member in a specific or related discipline, students develop learning outcomes for their service-learning project, which are outlined in a contract. To promote critical thinking, reflective activities i.e. journals, essays, presentations, group discussion, etc. are required. Each .5 units consist of service hours, reflection activities, and meetings with the instructor for a total of 26.25 hours. Repeatable to a maximum of 9 units across all disciplines.

Lecture Hours: 0 Lab Hours: 1.5 - 27 Repeatable: 17 Grading: O

HUMNT-002 - Introduction to World Literature Units: 3

This course, a chronological survey of great world literature from ancient times until the present, introduces students to a variety of literary works from around the world that are significant in illuminating both the universality and diversity of the human experience. Readings in this course are chosen for their literary, historical, cultural, philosophical, and psychological importance—including a mixture of classical and modern poetry, fiction, and drama, from Greece to Argentina; India to England; Japan to Italy; Spain to Africa; France to Mexico; China to North America; Russia to the Pacific Islands.

Lecture Hours: 3 Lab Hours: None Repeatable: No Grading: L

IDIS-060 - Critical Thinking Units: 3

This course will enable students to develop and refine their thinking, writing and research skills, and apply these skills in a variety of disciplines. Students will learn basic problem solving and reasoning strategies. Specific skills learned will include distinguishing fact from opinion, reasoned judgement from personal preference, and belief from knowledge to form conclusions based on sound inferences and an understanding of the common fallacies of language and thought.

LE-156 - Police Supervisor  Units: 2
This course emphasizes the basic elements of supervision and how they may be applied to police work. Good leadership and understanding of the basic needs of human beings as well as ways to stimulate subordinates to better performance are the contents of the course. Lecture Hours: 7.6  Lab Hours: 17.2  Repeatable: No  Grading: L
CAN:
Advisory Level:  Read: 3  Write: 3  Math: None
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None  District GE: None  IGETC: None

LE-158 - PC 832 - Firearms  Units: 0.5
This course is designed for public safety personnel requiring annual updates, recertification, or remediation mandated by the Commission on Peace Officer Standards and required Training. The course covers the legal requirements for carrying and using a firearm within the scope of their job duties. Participants are instructed in the safe handling of firearms and techniques of shooting. Lecture Hours: 0.46  Lab Hours: 0.92  Repeatable: Yes  Grading: L
Prerequisite: Criminal history clearance by the Dept. of Justice as stated by the California Penal Code.
CAN:
Advisory Level:  Read: 3  Write: 3  Math: None
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None  District GE: None  IGETC: None

LE-160 - Basic Police Academy, Modular,  Units: 4
Level III
This course is certified by the Commission on Peace Officer Standards and Training (POST) and meets the content and hour requirements established by POST for Level III Reserve Peace Officers. This course combined with current PC 832 certificate, Level I and Level II certificates meet the regular basic academy requirements. Lecture Hours: 5.37  Lab Hours: 4  Grading: L
Prerequisite: Completion of POST Level II course Entry Requirements
Medical insurance
Valid California Driver’s License
Medical exam clearance by licensed physician
Department of Justice clearance per Penal Code section 13511.5
CAN:
Advisory Level:  Read: 3  Write: 3  Math: None

LE-166 - Non-Lethal Chemical Agent  Units: 0.5
Training
This course includes types of non-lethal chemical agents, methods of dispersal and delivery, safety, first aid, tactics, use of the gas mask and applicable penal code sections. This course meets the requirements of PC 13514.
Lecture Hours: 0.5  Lab Hours: None  Repeatable: No  Grading: L
CAN:
Advisory Level:  Read: 3  Write: 3  Math: None
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None  District GE: None  IGETC: None
LE-172 - Advanced Officer Training Units: 0.5 - 1

This course is designed to provide a mechanism whereby agencies may insure that the necessary new skills required of police officers have been provided and that previously learned skills are maintained and reinforced. It will enable the agency to provide a means of correcting deficiencies while satisfying state teaching requirements. New information and changes in the Criminal Justice System affecting police officers, and, when necessary, a review of previously acquired materials will be provided. This course satisfies Advanced Officer Training requirements. It is repeatable for credit as the subject continually changes.

Lecture Hours: 0.69 - 1.14 Lab Hours: 0.69 - 1.1 Repeatable: Yes Grading: L

Prerequisite: LE 154 (Basic Academy), with C or better, or Verification of referral by SBRPSTC staff.

CAN:
Advisory Level: Read: 3 Write: 3 Math: None
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

LE-173 - Field Evidence Technician Units: 2

This is an 80-hour in-service course which provides training for law enforcement investigators at a crime scene where evidence needs to be identified, collected, processed, and/or safeguarded. The student will be trained in evidence photography, crime scene sketching and appropriate reporting.

Lecture Hours: 2.86 Lab Hours: 1.71 Repeatable: 1 Grading: L

CAN:
Advisory Level: Read: 3 Write: 3 Math: None
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

LE-174 - Community Service Officer Units: 2

This 80-hour course provides basic information for newly hired Community Service Officers. These employees provide a variety of law enforcement-related services, freeing sworn officers for tasks requiring higher level skill and training. The course covers criminal law and procedures, first aid/CPR, report writing, and hazardous materials response.

Lecture Hours: 4 Lab Hours: 0.5 Repeatable: No Grading: L

CAN:
Advisory Level: Read: 2 Write: 2 Math: None
Transfer Status: None Degree Applicable: NAA
CSU GE: None District GE: None IGETC: None

LE-175 - Drug Investigation-11550 Units: 0.5

This course is designed for law enforcement officers desiring to upgrade, refine, or develop an expertise in the field for recognition, identification and apprehension of individuals under the influence of narcotics and dangerous drugs. Informant development and District Attorney legal updates are also covered. This is an 11550 Health & Safety Code course covering restricted dangerous drugs: Opiates, Cocaine, PCP, etc.

Lecture Hours: 1.4 Lab Hours: None Repeatable: No Grading: L

CAN:
Advisory Level: Read: 3 Write: 3 Math: None
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

LE-176 - Background Investigation Units: 1

A POST certified course designed to provide law enforcement officers with the skills to be accomplished in background investigations. Students will learn the fundamentals of background investigation, interviewing, the use of psychological screening, polygraphs, legal aspects of background investigation, and verbal/non-verbal communication.

Lecture Hours: 2.06 Lab Hours: None Repeatable: No Grading: L

CAN:
Advisory Level: Read: 3 Write: 3 Math: None
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

LE-178 - Field Training Officer Units: 1

This course is designed for police officers that have been or will be accepted into field training officer programs in their respective law enforcement agencies. This course has certification from the California Commission on Peace Officer Standards and Training and follows the guidelines and standards under 832.3 of the Penal Code. It covers methods of teaching, training, and evaluation of Police Officers.

Lecture Hours: 1.6 Lab Hours: 0.69 Repeatable: No Grading: L

CAN:
Advisory Level: Read: 3 Write: 3 Math: None
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

LE-179 - Skills and Knowledge Modular Training Units: 0.5 - 2

This course offers in-service training curriculum for public safety personnel. Most modules are eight hours long and are either certified through POST or State Board of Corrections-Standards of Training for Corrections (STC) or the Office of the State Fire Marshall.

Lecture Hours: 0.5 - 2 Lab Hours: None Repeatable: Yes Grading: K

CAN:
Advisory Level: Read: 3 Write: 3 Math: None

<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Units</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>LA-010</td>
<td>- Introduction to Law, Legal</td>
<td>3</td>
<td>This course provides an introduction to law, legal research, constitutional law, and legal ethics while helping students build the foundational skills necessary to succeed in legal specialty courses and in professional careers. The course includes an overview of constitutional law and court systems, a survey of legal ethics, an introduction to legal research methods, and an examination of current careers for legal professionals. Course objectives include the development of a working knowledge of the legal system, acquisition of basic legal research skills, and an understanding of current ethical guidelines in the law.</td>
</tr>
<tr>
<td>LA-011</td>
<td>- Overview of Contracts, Property,</td>
<td>3</td>
<td>This course provides an essential overview of the three main areas of civil law: contracts, property, and tort law. Students will learn the legal requirements of valid contracts and the functions of commonly used provisions as they gain experience drafting and customizing various contracts. Students will also receive an introduction to property law, including the basic concepts involved in the ownership and use of personal property and real property. The class will also cover the fundamentals of tort law, including intentional torts, negligence, strict liability torts, and the policies and procedures of a personal injury law office.</td>
</tr>
<tr>
<td>LA-012</td>
<td>- Legal Ethics</td>
<td>1</td>
<td>This course is designed to familiarize the student with the major ethical problems that often arise in various legal settings. Issues covered include confidentiality, conflicts of interest, the unauthorized practice of law, safekeeping client property, malpractice, fees, advertising &amp; competence. Students will gain recognition of ethical rules and boundaries established by federal and state regulators. Students also learn how to recognize and report potential ethical problems for legal assistants as they arise using the codes of Professional Responsibility &amp; Ethics.</td>
</tr>
<tr>
<td>LA-014</td>
<td>- Civil Litigation</td>
<td>3</td>
<td>This course provides students with an understanding of the fundamental principles and preparation of civil cases for trial. Upon completion of this course, students will be able to draft pleadings, motions and other documents required in a civil action, and will understand trial and appeal procedures.</td>
</tr>
<tr>
<td>LA-016</td>
<td>- Introduction to California Courts</td>
<td>3</td>
<td>This course serves as an introduction to the various courts of law in the California state court system; including the Supreme Court, the Courts of Appeal, the Superior Courts, and the many specialized courts of limited jurisdiction. The course covers the location of courts, local court rules and statewide rules of court procedure. It will also detail the rules and procedures utilized in many of the specialized courts, such as Family Court, Juvenile Court and small Claims Court.</td>
</tr>
<tr>
<td>LA-020</td>
<td>- Legal Technology and Software</td>
<td>3</td>
<td>This course gives students a thorough overview of technology used in the law office. Students will learn how legal assistants/paralegals can use computer systems and legal software applications to make their jobs easier and improve their value to employers. Topics include word processing, spreadsheets, and databases for the law office; timekeeping and billing; case management/calendaring/docket control; litigation support; computer-assisted legal research; electronic court filing and service of process; courtroom presentation graphics; and specialized legal software. Students will complete online research assignments and use demonstration models of a variety of legal software applications.</td>
</tr>
<tr>
<td>LA-030</td>
<td>- Bankruptcy</td>
<td>3</td>
<td>This course provides an overview of conditions and laws of bankruptcy and its alternatives. It prepares the student to research and prepare legal documents for handling Chapter 7, 11, and Chapter 13 bankruptcy cases, whether representing the debtor or creditor or serving as a court appointed trustee.</td>
</tr>
<tr>
<td>LA-033</td>
<td>- Tort and Personal Injury Law</td>
<td>3</td>
<td>This course prepares the student to assist attorneys and corporations in tort and personal injury law. The primary legal principles of tort and the various means of establishing insurance plans are covered. The student will be trained in the use of specific forms and procedures utilized in tort and personal injury work. Course content includes intentional torts, negligence, causation, proximate cause, strict liabilities, employer’s liability, nuisance, misrepresentation, and product liability.</td>
</tr>

CSU GE: None  District GE: None  IGETC: None

LA-038 - Family Law  Units: 3
This course covers the substantive law in the area traditionally known as "family law" or "domestic relations." Subjects covered will include dissolution of marriage, adoptions, guardianship, child/spousal/family support, child custody, and paternity. The class will train the student in the skills necessary for working as a legal assistant in the area of family law. Content will include the use of judicial counsel forms, the preparation of pleadings, drafting of declaration, preparation of income and Expense declarations, the drafting of property settlement agreements, and the use of interviewing checklists.
Lecture Hours: 3  Lab Hours: None  Repeatable: No  Grading: L
Prerequisite: LA 008 or LA 010 with C or better, or 6 months full-time experience as a Legal Secretary, Paralegal, or Legal Assistant.
CAN:
Advisory Level:  Read: 3  Write: 3  Math: None
Transfer Status: CSU  Degree Applicable: AA/AS
CSU GE: None  District GE: None  IGETC: None

LA-040 - Criminal Law  Units: 3
This course provides the student with a comprehensive understanding of the provisions of criminal law and procedure. Content will include the criminal court system and how it functions; the criminal justice system from arrest to trial and sentencing; elements of and defenses to all major crimes; and an overview of the criminal procedure.
Lecture Hours: 3  Lab Hours: None  Repeatable: No  Grading: L
Prerequisite: LA 008 or LA 010 with C or better, or 6 months full-time experience as a Legal Secretary, Paralegal or Legal Assistant.

CSU GE: None  District GE: None  IGETC: None

LA-042 - Laws of Corporations, Partnerships, and Sole Proprietorships  Units: 3
This course provides students with a general understanding of the various legal structures of businesses and the laws governing business transactions. Students will learn the basic law of contract, partnerships, corporations, and the Uniform Commercial Code. Emphasis will be on drafting documents appropriate to various business transactions.
Lecture Hours: 3  Lab Hours: None  Repeatable: No  Grading: L
Prerequisite: LA 008 or LA 010, with C or better, or six months full-time experience as a Legal Secretary, Paralegal or Legal Assistant.
CAN:
Advisory Level:  Read: 3  Write: 3  Math: None
Transfer Status: CSU  Degree Applicable: AA/AS
CSU GE: None  District GE: None  IGETC: None

LA-044 - Intellectual Property Law  Units: 3
This course will provide occupational competency for students in the expanding field of patents, copyrights, and trademarks. Course content will include patents, trade protection, semiconductor chip protection, Section 43(a) false advertising, unfair competition, publicity rights, and idea submission. For each major specialty area, coverage will also include: The nature of the protected right; what is protected; the requirements for protection; who may be protected; the duration of protection ownership; transfer of ownership; infringement; and remedies.
Lecture Hours: 3  Lab Hours: None  Repeatable: No  Grading: L
Prerequisite: LA 008 or LA 010, with C or better, or six months full-time experience as a Legal Secretary, Paralegal or Legal Assistant.
CAN:

### LA-071 - Legal Research and Writing-A

Units: 3

This course provides the student with a working knowledge of the essential techniques used to research legal issues. The proper use of many law library references are covered including federal and state statutes and codes, Shepard's citations, the West digest and key number systems, legal periodicals, treatises, and the legislative history of statutes and regulations at the federal, state and local levels. Students will also learn how to locate, analyze and brief federal and state case decisions at the county law library.

Lecture Hours: 3  
Lab Hours: None  
Repeatable: No  
Grading: L

Prerequisite: LA 010, with grade of C or better. And, BIS 091 or CIT 010, with grade of C or better, or concurrent enrollment in BIS 091 or CIT 010.

### LA-072 - Legal Analysis and Writing

Units: 3

This course provides students with advanced skills training in legal analysis, legal writing, and the use of electronic legal research using databases like WESTLAW and LEXIS. Students will be presented with complex legal problems and will learn how to analyze them using the IRAC method (Issue, Rule, Analysis, Conclusion). Students will learn to present their legal analyses in professional quality written documents, including trial court pleadings, research memoranda, motions, client opinion letters, demand letters, and more.

Lecture Hours: 3  
Lab Hours: None  
Repeatable: No

### LA-138 - Work Experience

Units: 1 - 8

Occupational Work Experience is designed for students who work or volunteer in a field related to their career major. Students are required to provide evidence that they are enrolled in a career program (e.g., education plan or coursework in a career/occupational subject area). Students can earn one unit of credit for each 60 hours of unpaid volunteer time or 75 hours of paid work during the semester. Students can repeat Career/Occupational Work Experience, combined with General Work Experience, or alone, up to a maximum of 16 units. Internship/job placement is not guaranteed.

Lecture Hours: None  
Lab Hours: 1.81  
Repeatable: 15  
Grading: O

Corequisite: Be employed or a volunteer at an approved work-site for the minimum number of hours per unit as stipulated for paid and unpaid status.

### LI-B-015 - Electronic Research and the Internet

Units: 3

This course provides hands-on training for students doing course-related or personal research using the Internet and other electronic resources. Students will learn criteria for evaluating and comparing print and electronic resources. They will learn how to document and cite sources. The World Wide Web and e-mail will be discussed and used.

Lecture Hours: 2  
Lab Hours: 3  
Repeatable: No  
Grading: O

Recommended: some familiarity with sending emails and using the computer

IGETC: None

### LI-B-021 - Library Research Strategies

Units: 1

This course is an introduction to academic library research using both traditional resources and current information technologies, including books, electronic databases, and the internet. Students will gain the information competency skills necessary for success in college and university courses. Specifically, students will learn to formulate a search strategy, locate information in a variety of formats, evaluate sources of information, and compile a bibliography.

Lecture Hours: 0.5  
Lab Hours: 0.5  
Repeatable: No

### LI-B-098 - Directed Study-Library Studies

Units: 0.5 - 9

Individual or small groups of students who would benefit from Independent Study under the direction of faculty members in specific or related disciplines may develop individualized learning contracts designed to enhance their individual instructional programs. The students and the faculty member in consultation with the Division Dean will determine appropriate learning objectives and activities as well as the number of units to be earned. Instructions and the Learning Contract forms are available in the Division office. Repeatable to a maximum of 9 units across all disciplines.

### LI-B-098A - Service-Learning Directed Study

Units: 0.5 - 9

Students seeking real-life experience for ongoing course support, and for academic and career exploration may enroll in Directed Study in Service-Learning. Under the direction of a college faculty member in a specific or related discipline, students develop learning outcomes for their service-learning project, which are outlined in a contract. To promote critical thinking, reflective activities i.e. journals, essays, presentations, group discussion, etc. are required. Each .5 units consist of service hours, reflection activities, and meetings with the instructor for a total of 26.25 hours. Repeatable to a maximum of 9 units across all disciplines.

### Library Studies

#### MATH-011A - Elementary Algebra

Units: 5

This is a five-unit course in elementary algebra. Students will cover topics including operations on real numbers and algebraic expressions, solving linear equations and inequalities, algebraic methods for solving application problems, graphing linear equations and inequalities, solving systems of linear equations, laws of exponents and operations on polynomials, factoring polynomials and solving quadratic equations by factoring, and operations on rational expressions and solving rational equations.

Lecture Hours: 5  
Lab Hours: None  
Repeatable: No  
Grading: O

Prerequisite: 3 units of MATH 310 or MATH 311, with CR or placement based on math assessment.

CAN:
Advisory Level: Read: 3  
Write: 3

MATH-062 - Calculus for Business and Social Science Units: 3
This course presents single variable calculus and an introduction to multivariable calculus and their applications for business and social science students. The content includes functions and graphs, limits, continuity, differential and integral calculus of polynomials, rational functions, power functions, exponential functions, logarithmic and natural logarithmic functions, partial differentiation and applications of these topics in business and social science.
Lecture Hours: 3  Lab Hours: None  Repeatable: No  Grading: L
Prerequisite: MATH 021 or MATH 025, with C or better
CAN:
Advisory Level: Read: 3  Write: 3  Math: None
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None  District GE: B4  IGETC: None

MATH-063 - Elementary Statistics Units: 3
This course is an introduction to the study of statistics. It does not require a knowledge of calculus but does assume a familiarity with the basic concepts of intermediate algebra. Topics to be covered include methods of describing data, common sample statistics, probability theory, random variables, common statistical distributions, point and interval estimation, hypothesis testing, and regression and correlation. Additional topics may include goodness of fit, tests of independence, non-parametric methods, and analysis of variance. Students will be required to use a computer software package or a hand calculator to complete several laboratory projects.
Lecture Hours: 3  Lab Hours: None  Repeatable: No  Grading: L
Credit by Exam: Yes
Prerequisite: MATH 013 with C or better
CAN:
Advisory Level: Read: 3  Write: 3  Math: None
Transfer Status: CSU/UC Degree Applicable: AA/AS
CSU GE: B4  District GE: B4  IGETC: 2A

MATH-071 - Calculus I with Analytic Geometry Units: 5
This is the first course in calculus and analytic geometry for students majoring in mathematics, physical science, computer science, or engineering. It includes functions and graphs, topics in analytic geometry, the analysis of algebraic and trigonometric functions, limits, derivatives, integrals, and applications.
Lecture Hours: 5  Lab Hours: None  Repeatable: No  Grading: L
Credit by Exam: Yes
Prerequisite: (MATH 021 and MATH 022) or MATH 025, all with C or better
CAN:
Advisory Level: Read: 3  Write: 3  Math: None
Transfer Status: CSU/UC Degree Applicable: AA/AS
CSU GE: B4  District GE: B4  IGETC: 2A

MATH-072 - Calculus II with Analytic Geometry Units: 5
This is the second course in calculus and analytic geometry for students majoring in mathematics, physical science, computer science, or engineering. It contains a thorough study of logarithmic and exponential functions, inverse trigonometric functions, topics in analytic geometry, techniques of integration, polar coordinates, infinite sequences and series, further applications of integration, and an introduction to differential equations.
Lecture Hours: 5  Lab Hours: 0  Repeatable: No  Grading: L
Credit by Exam: Yes
Prerequisite: MATH 071 with C or better
CAN:
Advisory Level: Read: 3  Write: 3  Math: None
Transfer Status: CSU/UC Degree Applicable: AA/AS
CSU GE: B4  District GE: B4  IGETC: 2A

MATH-073 - Multivariable Calculus Units: 5
Mathematics 73 completes the three semester calculus sequence begun with Mathematics 71 and Mathematics 72. Mathematics 73 is required of mathematics majors, computer science majors, engineering majors and some physical science majors. In this course the concepts of differential and integral calculus are extended to multivariable functions. The content includes vectors, lines, planes, space curves, partial derivatives, multiple integrals, vector fields, line integrals, surface integrals, and vector calculus.
Lecture Hours: 5  Lab Hours: None  Repeatable: No  Grading: L
Credit by Exam: Yes
Prerequisite: MATH 072 with C or better
CAN:
Advisory Level: Read: 3  Write: 3  Math: None
Transfer Status: CSU/UC Degree Applicable: AA/AS
CSU GE: B4  District GE: B4  IGETC: 2A

MATH-078 - Differential Equations Units: 3
This is a course on ordinary differential equations and their applications. Methods are developed for solving first order equations, linear equations of arbitrary orders, and linear systems. Students are introduced to Laplace transforms, as well as some theoretical aspects of differential equations such as existence and uniqueness of solutions, the phase plane, and stability of equilibrium solutions for autonomous equations. Note: Some UC campuses combine differential equations with linear algebra and give transfer credit for Math 78 only when it is transferred together with Math 79. Some CSU campuses offer differential equations as an upper division course and give content credit only for Math 78.
Lecture Hours: 3  Lab Hours: None  Repeatable: No  Grading: L
Prerequisite: MATH 073 with C or better
CAN:
Advisory Level: Read: 3  Write: 3  Math: None
Transfer Status: CSU/UC Degree Applicable: AA/AS
CSU GE: B4  District GE: B4  IGETC: 2A

MATH-079 - Linear Algebra Units: 3
This course is designed for students majoring in math, statistics, physics, computer science or engineering. Content includes linear systems and matrices, linear transformations, determinants, vector spaces and their properties, orthogonality and inner product spaces, eigenvalues and eigenvectors, diagonalization and their applications. Note: Some UC campuses combine differential equations with linear algebra and give credit for Math 079 only when it is transferred with Math 078. Some CSU campuses offer linear algebra as an upper division course and give content credit only for Math 079.
Lecture Hours: 3  Lab Hours: None  Repeatable: No  Grading: L
Credit by Exam: Yes
Prerequisite: MATH 072 with C or better

Advisory Level: Read: 3  Write: 3  Math: None
Transfer Status: CSU/UC Degree Applicable: AA/AS
CSU GE: B4  District GE: B4  IGETC: 2A

MATH-098 - Directed Study in Mathematics Units: 0.5 - 9
Individual or small groups of students who would benefit from Independent Study under the direction of faculty members in specific or related disciplines may develop individualized learning contracts designed to enhance their individual instructional programs. The students and the faculty member in consultation with the Division Dean will determine appropriate learning objectives and activities as well as the number of units to be earned. Instructions and the Learning Contract forms are available in the Division office. Repeatable to a maximum of 9 units across all disciplines.
Lecture Hours: None  Lab Hours: 1.81  Repeatable: 17  Grading: O
CAN:
Advisory Level: Read: 2  Write: 2  Math: None
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None  District GE: None  IGETC: None
Mathematics

MATH-300 - Basic Math Skills Units: 1
This course is offered to students who need basic math experience. This course includes a review of operations (addition, subtraction, multiplication, and division) on whole numbers, decimals and fractions.
Lecture Hours: 0 Lab Hours: 3 Repeatable: 3 Grading: K
Open Curriculum: No prerequisite, corequisite or levels
CAN:
Advisory Level: Read: None Write: None Math: None
Transfer Status: None Degree Applicable: NAA
CSU GE: None District GE: None IGETC: None

MATH-310 - Basic Mathematics Units: 1 - 3
This course is designed to give students a basic background in mathematics. Topics include operations and application problems with whole numbers, fractions, decimals and percents, prime numbers, order of operations, units of measurement, perimeters, areas, signed numbers, variables, and simple equations. This class can be offered in a self-paced or lecture format. Repeatable to a maximum of 3 units.
Lecture Hours: 1 - 3 Lab Hours: None Repeatable: 2 Grading: K
Open Curriculum: No prerequisite, corequisite or levels
CAN:
Advisory Level: Read: None Write: None Math: None
Transfer Status: None Degree Applicable: NAA
CSU GE: None District GE: None IGETC: None

MATH-311 - Pre-Algebra Units: 3
This course is designed for those students who have a foundation in arithmetic but need to further develop skills before taking Elementary Algebra. It is intended to serve as a bridge between arithmetic operations and elementary algebra. Topics include: integers, fractions, decimals, percents, exponents, scientific notation, order of operations, variables, algebraic expressions, equations, basic geometric shapes, and simple applications.
Lecture Hours: 3 Lab Hours: None Repeatable: No Grading: K
Prerequisite: 3 units of MATH 310 with CR or placement based on math assessment.
CAN:
Advisory Level: Read: 2 Write: 2 Math: None
Transfer Status: None Degree Applicable: NAA
CSU GE: None District GE: None IGETC: None

MUSI C-008A - Music History and Literature I Units: 3
Students will study the history of Western music from antiquity through the Baroque period including the contributions of other cultures with selected readings and recordings. Attendance at a live performance is required.
Lecture Hours: 3 Lab Hours: 0 Repeatable: No Grading: L
CAN:
Advisory Level: Read: 3 Write: 3 Math: None
Transfer Status: CSU/UC Degree Applicable: AA/AS
CSU GE: C1 District GE: C1 IGETC: 3A

Music

MUSI C-008B - Music History and Literature II Units: 3
Students will study the history of Western music from the Classical Period through the present including the contributions of other cultures with selected readings and recordings. Attendance at a live performance is required.
Lecture Hours: 3 Lab Hours: 0 Repeatable: No Grading: L
CAN:
Advisory Level: Read: 3 Write: 3 Math: None
Transfer Status: CSU/UC Degree Applicable: AA/AS
CSU GE: C1 District GE: C1 IGETC: 3A

MUSI C-010A - Theory and Aural Skills Units: 4
This course is the first of a sequence designed to equip the student with the skills necessary to comprehend fully the sound and meaning of music through visual and aural analysis. The student will learn the construction principles and aesthetic qualities of major, minor, and modal scales, as well as those of major, minor, augmented, and diminished triads. The functional capacities of scale tones, the traditional use of primary triads, the principles of chord voicing and voice leading, and aspects of rhythms, and timing will be examined in a variety of contexts. The works of Bach, Mozart, and others will form the basis of investigation and discussion. The student will develop a total approach to musical interpretation and appreciation through the projects that involve listening, analyzing, composing, singing, and in-class presentations.
Lecture Hours: 4 Lab Hours: 1 Repeatable: No Grading: O
Credit by Exam: Yes
Prerequisite: MUSIC 099
CAN:
Advisory Level: Read: 2 Write: 2 Math: None
Transfer Status: CSU/UC Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

MUSI C-010B - Theory and Aural Skills Units: 4
This course is designed to provide lab experience in the interpretation of music symbols, and notation through analysis, sight-singing, aural dictation, and basic keyboard skills. The theoretical aspects of music covered include a review of those concepts covered in Music 10A, as well as a concentration on secondary triads, unusual progressions, secondary seventh chords, and elementary modulation. A diatonic part-writing and compositional analysis continues to provide the basis for discussions of musical styles, compositional techniques, and historical periods.
Lecture Hours: 4 Lab Hours: 1 Repeatable: No Grading: O
Credit by Exam: Yes
Prerequisite: MUSIC 010A
CAN:
Advisory Level: Read: 2 Write: 2 Math: None
Transfer Status: CSU/UC Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

MUSI C-013 - Fundamentals of Technology for Musicians Units: 3
Hands-on skills development in music hardware and software, including music integration in word processing and graphics, music notation and internet/WWW-based research tools for music majors or non-music majors with some music background.
Lecture Hours: 3 Lab Hours: None Repeatable: No Grading: L
CAN:
Advisory Level: Read: 2 Write: 2 Math: None
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None
MUSI C-020 - Class Piano Units: 1
This course is designed for intermediate pianists to improve technique and interpretive abilities. Study and testing materials are drawn from a graduated series of exercises, etudes, and representative piano works. The student will learn how to assess and provide the stylistic nuances and phrasing concepts required for the performance of repertoire work from the Renaissance through the 20th century. The student will learn approaches to improvisation and other creative activities.

Lecture Hours: None Lab Hours: 3 Repeatable: 3 Grading: L
Prerequisite: MUSIC 050B, with grade C or better

CAN:
Advisory Level: Read: 3 Write: 3 Math: None
Transfer Status: CSU/UC Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

MUSI C-023 - Class Voice Units: 1
This course is designed for experienced singers to improve their technique and performance abilities. Study and testing materials are drawn from a graduated series of exercises, etudes, and representative vocal solos. The student will learn how to assess and provide the stylistic nuances and phrasing concepts required for the performance of repertoire from the Renaissance through the 20th century. The course will also include individualized instruction in folk songs and classical music indigenous to various cultures. Repeatable to a maximum of 4 units.

Lecture Hours: None Lab Hours: 3 Repeatable: 3 Grading: O
Prerequisite: MUSIC 053B

CAN:
Advisory Level: Read: None Write: None Math: None
Transfer Status: CSU/UC Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

MUSI C-047 - All-College Chorus Units: 1.5
This is a mixed choral ensemble for all college students and faculty. Standard choral works from classical and folk repertoire are studied with a public performance given at the end of the semester. Emphasis is given to accompanied works. This course may be repeated to a maximum of 12 units.

Lecture Hours: None Lab Hours: 4.5 Repeatable: 3 Grading: O
Open Curriculum: No prerequisite, corequisite or levels

CAN:
Advisory Level: Read: None Write: None Math: None
Transfer Status: CSU/UC Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

MUSI C-050A - Beginning Piano Units: 1
This is an introductory course in piano. The course is designed for students wanting to learn music using the piano as a vehicle for learning. The student will study basic theory concepts such as the 5-finger pattern, intervals, chords, simple chord progressions, and scales. This course reinforces concepts taught in MUSIC 050A. Students will harmonize simple melodies, transpose and improvise simple pieces and patterns.

Lecture Hours: None Lab Hours: 3 Repeatable: 3 Grading: L

CAN:
Advisory Level: Read: 3 Write: 3 Math: None
Transfer Status: CSU/UC Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

MUSI C-050B - Beginning Piano Units: 1
This is the second semester introductory course in piano. The course is designed for students wanting to learn music using the piano as a vehicle for learning. Students will expand their knowledge of basic theory concepts such as the 5-finger pattern, intervals, chords, simple chord progressions, and scales. This course reinforces concepts taught in MUSIC 050A. Students will harmonize simple melodies, transpose and improvise simple pieces and patterns.

Lecture Hours: None Lab Hours: 3 Repeatable: 3 Grading: L
Prerequisite: MUSIC 050A, with grade C or better

CAN:
Advisory Level: Read: 3 Write: 3 Math: None
Transfer Status: CSU/UC Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

MUSI C-052A - Beginning Guitar I Units: 1
This course introduces students to playing the guitar, including music notation and sight-reading, correct position and technique, chords, strums, arpeggios. Students will play with their class members and learn basic ensemble and solo pieces and songs.

Lecture Hours: 0 Lab Hours: 3 Repeatable: 2 Grading: O

CAN:
Advisory Level: Read: 3 Write: 3 Math: None
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

MUSI C-052B - Beginning Guitar II Units: 1
A continuation of Music 052A that further develops the student's ability to play guitar, including reinforcement and refinement to read music notation, utilize correct technique, and play chords, arpeggios, and strums. Students will play with and for class members and perform ensembles, solo pieces and songs.

Lecture Hours: 0 Lab Hours: 3 Repeatable: 3 Grading: O
Prerequisite: MUSIC 052A

CAN:
Advisory Level: Read: 3 Write: 3 Math: None
Transfer Status: CSU Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

MUSI C-053A - Beginning Voice Units: 1
This course provides a basic introduction to voice discipline with an emphasis on the fundamental aspects of singing through breath support and tone placement. Technical exercises and simple vocal pieces of various styles will be learned and performed in a class atmosphere where listening and performing are used as tools of instruction.

Lecture Hours: None Lab Hours: 3 Repeatable: 3 Grading: O
Open Curriculum: No prerequisite, corequisite or levels

CAN:
Advisory Level: Read: None Write: None Math: None
Transfer Status: CSU/UC Degree Applicable: AA/AS
CSU GE: None District GE: None IGETC: None

### MUSI C-099 - Introductory Music
**Units:** 3

This course is designed for the student who wishes to learn the "language" of music; how to read, notate, interpret, perform, and create with those symbols which represent the four properties of sound: pitch, duration, amplitude, and timbre. It includes the study of the fundamentals of Western notated music and how these elements combine to create musical compositions: pitch identification, rhythm and meter, scales, key signatures, intervals, chord construction, harmonic progression and texture. Students will discuss style analysis, i.e., what elements of music are organized in various cultures and time periods.

### NURS-002B - Maternity Nursing
**Units:** 4

This course focuses on health promotion and health maintenance for the childbearing client. The course content includes pharmacological therapies, the nurse's role in maternity nursing, and the maintenance/restoration of physiological and psychosocial integrity through the application of the nursing process. This course includes clinical experiences in maternity units.

### NURS-003 - Advanced Pediatrics and Medical-Surgical Nursing
**Units:** 8.5

This course includes the application of medical-surgical nursing care for the pediatric, adolescent and adult client with complex disorders. Course content emphasizes pathophysiology, growth and development, nutrition and pharmacology. The nursing process is used to apply these concepts to the maintenance and restoration of physiological and psychosocial integrity of the client. The course includes clinical experiences in pediatric and adult health care settings.

### NURS-004 - Advanced Medical-Surgical/Geriatric/Mental Health/Leadership and Management Nursing
**Units:** 10

This course includes mental health nursing, advanced medical surgical nursing, geriatrics, leadership and management, including the preceptorship. Mental health nursing includes the principles of mental health and the social, economic, cultural and physiological factors that predispose a person to mental illness. In advanced medical surgical nursing, critical thinking and leadership concepts are applied to the management and care of multiple clients in adult and geriatric settings. During preceptorship, in collaboration with a registered nurse, the student will provide optimal client outcomes by applying concepts learned throughout the nursing program.

### NURS-100 - Introduction to Nursing
**Units:** 2

Introduction to Nursing provides an overview of nursing roles, responsibilities, job opportunities, and settings for nursing practice. This course will provide a brief overview of nursing theories and the underlying principles of nursing knowledge, and will also include strategies to problem solve utilizing the nursing process and its application. This course is designed for non-nursing and potential nursing majors who would like to explore nursing as a career choice.

### NURS-109 - Nurse Assistant Training
**Units:** 6.5

This course focuses on nursing assistant skills/concepts performed under the direct supervision of a nurse. It is designed to provide a foundation of basic nursing care including vital signs, transfer and feeding techniques, bed making, hygiene, and environmental safety. Communication skills, cultural awareness and sensitivity, client rights, and safety will be stressed. Application of these skills will occur in a skilled nursing facility. Laboratory practice is an essential component.

**Lecture Hours:** 4.5  
**Lab Hours:** 6  
**Repeatability:** No  
**Grading:** L

**Prerequisite:** High School Graduation or GED required; current Basic Cardiac Life Support for Health Care Providers; Health clearance including physical exam and TB testing; Background clearance and Social Security Number required.

### NURS-119 - Nursing Pathophysiology
**Units:** 2

This course will explore pathophysiology in relation to the physiologic concept threads of physical and psychological safety, comfort, communication, teaching, health promotion, and restorative/rehabilitative measures. Human systems covered include cardiac, cardiovascular, pulmonary, renal, hematological, gastrointestinal, endocrine, neurological and immunity and inflammation. Causes of pathology, sequelae and ultimate outcomes to homeostasis will be examined. Application of physiologic concept threads to disease processes, lab and pharmacological implications and subsequent nursing measures will be analyzed.

**Lecture Hours:** 2  
**Lab Hours:** 0  
**Repeatability:** No  
**Grading:** K

**Prerequisite:** (ANAT 001 or BIOL 071) and BIOL 072; all with C or better

**Advisory Level:**

### Physical Science

**PHYS-012 - Earth Science**  
Units: 3  
Earth Science is an introductory course in the four main areas of earth sciences: geology, oceanography, meteorology, and astronomy. The course content is delivered primarily through laboratory activities, hands-on experiments, and short lectures. Emphasis is on geology: mineral and rock identification, erosion, igneous activity, plate tectonics, and mountain building. Students will tumble and polish rocks. The oceanography section will cover the continental margins and ocean floor, while the meteorology section will focus on the Earth's dynamic atmosphere and gas content. The astronomy section will present an inventory of the solar system and of our own galaxy.  
Lecture Hours: 2

IGETC: 5A

**PHYS-001 - Introductory Physics**  
Units: 3  
Physics 001 is an introductory course in physics. The course content is delivered primarily through laboratory activities, hands-on experiments and short lectures. Students are shown how physical laws work. Among the topics covered are: the physics of motions; the properties of solids, liquids, and gases; heat and thermodynamics; waves and sound; electricity and magnetism; optics.  
Lecture Hours: 2

**PHYS-002A - General Physics**  
Units: 4  
This is the first of a two-semester course in general physics for students not needing calculus based physics. The course begins with basic principles: vectors, Newton's laws of motion, work, and the conservation principles of energy, momentum, elasticity, and thermodynamics.  
Lecture Hours: 3  
Lab Hours: 3  
Repeatable: No  
Grading: L  
Prerequisite: MATH 013, minimum grade C, or equivalent.  
CAN:  
Advisory Level: Read: 3  
Write: 3  
Math: None  
Transfer Status: CSU/UC  
Degree Applicable: AA/AS  
CSU GE: B1,B3  
District GE: B1, B3  
IGETC: 5A
This is the second of a two-semester course in general physics for students not needing calculus based physics. The basic principles of vectors, Newton's Laws of Motion, work, and the conservation principles of energy, linear, and angular momentum have been introduced in Physics 2A. In Physics 2B, these principles are applied to topics in electrodynamics, optics, and modern physics.

Lecture Hours: 3  Lab Hours: 3  Repeatable: No  Grading: L
Prerequisite: PHYS 002A

CAN:
Advisory Level: Read: 3  Write: 3  Math: 3
Transfer Status: CSU/UC  Degree Applicable: AA/AS
CSU GE: B1,B3  District GE: B1, B3  IGETC: 5A

This is the first course in the calculus-based physics sequence for majors in math, science, and engineering. Specific topics include kinematics, Newton's laws of motion, work and energy, momentum, rotation, simple harmonic motion, universal gravitation and fluids. Practical applications of these principles are discussed. A problem solving approach emphasizing both conceptual understanding and basic mathematical modeling is used.

Lecture Hours: 4  Lab Hours: 3  Repeatable: No  Grading: L
Prerequisite: MATH 072 with C or better or equivalent

CAN:
Advisory Level: Read: 3  Write: 3  Math: None
Transfer Status: CSU/UC  Degree Applicable: AA/AS
CSU GE: B1,B3  District GE: B1, B3  IGETC: 5A

This course is the second in the physics sequence for majors in physics, chemistry, biology, engineering, mathematics or other physical sciences. The general principles of electricity and magnetism are introduced at a calculus-based level. Several technological applications of these principles are discussed. Topics include the electric field, Gauss' Law, electric potential, DC circuits, the magnetic field, electromagnetic induction, AC circuits, Maxwell's equations, and electromagnetic waves. A problem solving approach is used, emphasizing both conceptual understanding and basic mathematical modeling.

Lecture Hours: 4  Lab Hours: 3  Repeatable: No  Grading: L
Prerequisite: PHYS 004A and MATH 073, both with C or better, or currently enrolled or equivalent.

CAN:
Advisory Level: Read: 3  Write: 3  Math: None
Transfer Status: CSU/UC  Degree Applicable: AA/AS
CSU GE: B1,B3  District GE: B1, B3  IGETC: 5A

This course is the third in the physics sequence for majors in physics, chemistry, engineering, mathematics and other physical sciences. Students are introduced to general principles of optics and thermodynamics at a calculus-based level. Several technological applications of these principles are discussed. Topics include waves, geometric optics, wave optics (including interference, diffraction, and polarization), heat, thermal properties of matter, thermodynamics and its laws. Optional topics include special relativity and modern physics. A problem solving approach is used, emphasizing both conceptual understanding and basic mathematical modeling.

Lecture Hours: 4  Lab Hours: 3  Repeatable: No  Grading: L
Prerequisite: PHYS 004A and MATH 073, both with C or better, or currently enrolled or equivalent
Corequisite: PHYS 004A with C or better and concurrent enrollment in MATH 073.

CAN:
Advisory Level: Read: 3  Write: 3  Math: None
Transfer Status: CSU/UC  Degree Applicable: AA/AS
CSU GE: B1,B3  District GE: B1, B3  IGETC: 5A

This course covers the role and importance of the ideal of democracy and the evolution of the American and Californian political system. America's and California's political institutions (executive, legislative and judicial) and political processes (voting, lobbying, attitudes) are examined against the backdrop of American's and California's cultural diversity and political history. This course is a study of national, state and local government and politics with emphasis on the United States Constitution and the national and Californian governments. Note: Combined with HIST 1, meets US HIST & Constitution and State & Local Govt. requirements. Meets California Teachers Credential requirement.

Lecture Hours: 3  Lab Hours: None  Repeatable: No  Grading: L

CAN:
Advisory Level: Read: 3  Write: 3  Math: None
Transfer Status: CSU/UC  Degree Applicable: AA/AS

This behavioral science course is a basic introduction to the scientific study of the psychological, biological and environmental influences on behavior. It is a survey of traditional and contemporary theories and attitudes about perception, consciousness, learning, memory, thinking, human development, intelligence emotions, motivation, personality, stress/adaptation, abnormal behavior/ treatment, and the social world. It is designed to give insight into oneself and others.

Lecture Hours: 3  Lab Hours: None  Repeatable: No  Grading: O

CAN:
Advisory Level: Read: 3  Write: 3  Math: None
Transfer Status: CSU/UC  Degree Applicable: AA/AS
CSU GE: D9  District GE: D9  IGETC: 4I

This course is an introduction to the experimental and correlational methods used in psychological research. Students will learn to research the literature, perform laboratory experiments, conduct statistical analyses and write reports of the research findings.

Lecture Hours: 2  Lab Hours: 3  Repeatable: No  Grading: L
Prerequisite: PSYCH 001 or PSYCH 010 and MATH 063 with C or better

CAN:
Advisory Level: Read: 3  Write: 3  Math: None
Transfer Status: CSU/UC  Degree Applicable: AA/AS
CSU GE: None  District GE: None  IGETC: None

This course is designed to provide an overview of biological approaches to understanding behavior. The course will cover the general organization of the neural and neuroedocrine systems and their influences in the control of behavior. Animal and human research findings, within the science of brain-behavior relationships, will be included. This course is designed to prepare students for more advanced courses in behavioral neuroscience, clinical psychology, and other health-related fields. It is required for psychology majors.

Lecture Hours: 3  Lab Hours: None  Repeatable: No  Grading: L
Prerequisite: PSYCH 001 or PSYCH 010

CAN:
Advisory Level: Read: 3  Write: 3  Math: None
Transfer Status: CSU/UC  Degree Applicable: AA/AS
CSU GE: None  District GE: None  IGETC: None
### Psychology

**PSYCH-035 - Introduction to the Psychology of Women**  
Units: 3  
This course examines women's significant physical and psychological issues of women within an historical, familial, societal, and cultural framework. A variety of experiences and issues that uniquely concern women, which are traditionally examined from a male point of view, will be explored. The concepts of development, adaptation, well-being, and the diversity of women will be included using psychological theories and current research.  
Lecture Hours: 3  
Lab Hours: 0  
Repeatable: No  
Grading: L  

**CAN:**

IGETC: 4D, 4I

### Family Violence

**PSYCH-047 - Family Violence**  
Units: 3  
This course presents an overview of the psychological, sociological, biological, and cultural aspects of violence in the family. All aspects of family violence are covered including dating violence, spousal, child, parent, sibling, and elder abuse. Current research and legislation in the field is included as well as prevention, intervention, and treatment measures. Local community and national resources for assistance are explored.

### Cross-Cultural Psychology (Pending State Approval)

**PSYCH-051 - Introduction to Cross-Cultural Psychology**  
Units: 3  
Students will examine how individuals’ behavioral, developmental, and cognitive phenomena are differentially affected by culture and subculture. Emphasis on the diversity of parent-child relationships, role of women and men, adult personality and beliefs, attitudes and values. Service-Learning is included in this course.  
Lecture Hours: 3  
Lab Hours: 0  
Repeatable: No  
Grading: L

### Personal Growth and Adjustment

**PSYCH-060 - Personal Growth and Adjustment**  
Units: 3  
This course is a study of psychological processes through which people manage to cope with the demands and challenges of everyday life. A broad variety of topics are examined including personality patterns, stress, social and intimate relationships, adjustments to development through the life span and psychological/physical wellness as they influence and are affected by adjustment. Effective and ineffective personal growth and adjustment is analyzed in the context of contemporary and complex society.  
Lecture Hours: 3

CSU GE: D9, E  
District GE: D9, E  
IGETC: None

### Developmental Psychology

**PSYCH-092 - Developmental Psychology**  
Units: 3  
This course is an introduction to developmental psychology. Human development is traced from conception through death. The biological, intellectual, emotional and social factors affecting development and the interaction of these factors throughout the lifespan will be studied. The dynamic nature of biological, societal and cultural influences on individual development will be considered. Developmental tasks and potential developmental crises in contemporary multicultural society are identified for each age group studied.  
Lecture Hours: 3  
Lab Hours: None  
Repeatable: No  
Grading: L  

**Recommended:** PSYCH 001 or PSYCH 010  
**CAN:**

IGETC: 4I

### Marriage and Family

**PSYCH-096 - Marriage and Family**  
Units: 3  
Students will study the family as an institution from historical and intercultural perspectives in relation to other aspects of society. The study of dating and courtship, the family and personality development, marriage, relationships, child rearing, and elements of family unity will be included. Students will also discuss disorganization, divorce, and restructuring of new relationships.  
Lecture Hours: 3  
Lab Hours: None  
Repeatable: No

### Service-Learning Directed Study

**PSYCH-098A - Service-Learning Directed Study**  
Units: 0.5 - 9  
Students seeking real-life experience for ongoing course support, and for academic and career exploration may enroll in Directed Study in Service-Learning. Under the direction of a college faculty member in a specific or related discipline, students develop learning outcomes for their service-learning project, which are outlined in a contract. To promote critical thinking, reflective activities i.e. journals, essays, presentations, group discussion, etc. are required. Each .5 units consist of service hours, reflection activities, and meetings with the instructor for a total of 26.25 hours. Repeatable to a maximum of 9 units across all disciplines.  
Lecture Hours: 0  
Lab Hours: 1.5 - 27  
Repeatable: 17  
Grading: O  

**CAN:**

IGETC: None
PSYCH-099 - Abnormal Psychology  Units: 3
This introductory course surveys the multidimensional influences on the diagnosis, etiology, and treatment of abnormal patterns of behavior. Traditional psychological models, as well as current research evidence of the reciprocal of biology and behavior, are used to study psychopathology. Clinical cases are used to examine life-span cultural influences on abnormal behavior.
Lecture Hours: 3  Lab Hours: None  Repeatable: No  Grading: L

CSU GE: D9  District GE: D9  IGETC: None

PSYCH-100 - Human Sexuality  Units: 3
This course is designed to offer factual information on human sexual functioning. It will include some of the basic questions regarding sexual behavior, learning of sexual roles, anatomy and physiology of sexual response, social patterns of sexual behavior, sexual adjustment and maladjustment. The course will also include areas dealing with the treatment of sexual dysfunction, sex variance, and legal and cultural aspects of sexual behavior.
Lecture Hours: 3  Lab Hours: None  Repeatable: No  Grading: L

CSU GE: D9,E  District GE: D9, E  IGETC: 4D,4I

Servic Learning

SERV-001 - Introduction to Community Service-Learning  Units: 2
This course offers students community-based learning through classroom instruction, and critical reflection to arrive at a personal understanding of the need and importance for community service, civic responsibility, cultural competence and activism for social justice. The course will include community service in a non-profit organization or school of choice that meets a real need in the community.
Lecture Hours: 2  Lab Hours: 0  Repeatable: No  Grading: L
CAN:

CSU GE: None  District GE: None  IGETC: None

Sign Language

SL-001A - Introduction to American Sign Language  Units: 3
This is a language course providing beginning American Sign Language instruction in both expressive and receptive signing. The student will learn vocabulary, grammar, cultural behaviors, Deaf culture, the American manual alphabet, and the manual number system. Emphasis will be on a visual learning through practice dialogues and classroom activities. This course satisfies both foreign language requirements, GE requirements, and can lead to bilingual employment certification.
Lecture Hours: 3  Lab Hours: None  Repeatable: No  Grading: O
CAN:
Advisory Level:  Read: 3  Write: 3  Math: None
Transfer Status: CSU/UC  Degree Applicable: AA/AS
CSU GE: C2  District GE: C2  IGETC: None

SL-001B - Intermediate American Sign Language  Units: 3
This course is designed to enable second semester students of American Sign Language to become more fluent in their language acquisition. The student will continue learning vocabulary, grammar, cultural behaviors, Deaf culture, the American manual alphabet, and the manual number system. Students are challenged to sign longer expressive dialogues, to comprehend more complicated dialogues, and self-generated short stories, which will help develop intermediate conversational skills.
Lecture Hours: 3  Lab Hours: None  Repeatable: No  Grading: O
Prerequisite: SL 001A, with C or better, or two years of High School ASL, or the equivalent
Recommended: Review of SL 001A material
CAN:
Advisory Level:  Read: 3  Write: 3  Math: None
Transfer Status: CSU/UC  Degree Applicable: AA/AS

Social Science

SSCI-050 - Contemporary Issues  Units: 1 - 3
The purpose of this course is to formulate informed opinions of issues and policies, to introduce relevant literature, and to assist citizens in becoming aware of issues currently influencing their lives. To this end, contemporary issues of social, political, economic and cultural importance will be examined in depth.
Lecture Hours: 1  Lab Hours: None  Repeatable: 2  Grading: O

### SPAN-031 - Introduction to Translation and Interpreting

This course will cover the historical origins, theories, techniques, and practices of translating and interpreting. Students will focus on comprehension of source language texts and accurate expression of content and style in translations. Theoretical readings will be used to familiarize students with strategies, techniques, and challenges faced in the translation process.

- **Lecture Hours:** 4
- **Lab Hours:** 0
- **Repeatable:** No
- **Grading:** L

**Credit by Exam:** Yes

**Recommended:** Native fluency in Spanish (or equivalent) required. Students must see instructor prior to enrollment.

**Advisory Level:**
- **Read:** 3
- **Write:** 3
- **Math:** None

**Transfer Status:**
- **CSU Degree Applicable:** AA/AS

**CSU GE:** None
**District GE:** None
**IGETC:** None

### SPAN-032 - Spanish Grammar and Composition

Students will develop reading and writing skills through the process of composition. Students will also improve such writing skills by applying the rules of grammar and orthography reviewed in class. This course is required for the Translation and Interpreting Certificate.

- **Lecture Hours:** 3
- **Lab Hours:** 0
- **Repeatable:** No
- **Grading:** L

**Credit by Exam:** Yes

**Recommended:** Native fluency in Spanish (or equivalent) required. Students must see instructor prior to enrollment.

**Advisory Level:**
- **Read:** 3

- **Math:** None

**Transfer Status:**
- **CSU Degree Applicable:** AA/AS

**CSU GE:** None
**District GE:** None
**IGETC:** None

### SPAN-033 - Spanish/English Linguistics Analysis

This course will provide the student with an analysis and description of some of the most relevant aspects of Spanish/English grammar, emphasizing the implications on translation and interpreting.

- **Lecture Hours:** 3
- **Lab Hours:** 0
- **Repeatable:** No
- **Grading:** L

**Credit by Exam:** Yes

**Recommended:** SPAN 032, with C or better

**CAN:**
- **Advisory Level:**
  - **Read:** None
  - **Write:** None
  - **Math:** None

**Transfer Status:**
- **CSU Degree Applicable:** AA/AS

**CSU GE:** None
**District GE:** None
**IGETC:** None

### SPAN-035 - Sight Translation

This course will introduce students to the fundamental skill of sight translation.

Students will learn how to comply with the legal equivalence requirements of this mode of interpretation. There will be emphasis on reviewing the necessary reading comprehension skills, acquiring the ability to analyze text upon first reading, acquiring vocabulary research skills, expanding vocabulary and understanding the role of the interpreter. Students will practice paraphrasing, chunking, prediction and expanding and condensing exercises to finally develop the skills necessary for performing sight translation of complex texts.

- **Lecture Hours:** 3
- **Lab Hours:** 0
- **Repeatable:** No
- **Grading:** L

**Credit by Exam:** Yes

**Advisory Level:**
- **Read:** 4
- **Write:** 4
- **Math:** None

**Transfer Status:**
- **CSU Degree Applicable:** AA/AS

**CSU GE:** None
**District GE:** None
**IGETC:** None

### SPAN-036A - Consecutive Interpretation I

This course introduces students to consecutive legal interpretation. Students will learn how to comply with the legal equivalence requirements of consecutive interpretation. They will also be introduced to the proper usage of this mode of interpretation at various settings. There will be a focus on memory building skills as well as note-taking techniques. Students will begin to develop their own note-taking systems and symbols. Through guided exercises students will continue to build vocabulary and learn how to deal with various factors encountered when using the consecutive mode of interpretation.

- **Lecture Hours:** 3
- **Lab Hours:** 0
- **Repeatable:** No
- **Grading:** L

**Credit by Exam:** Yes

**Prerequisite:** SPAN-035 with C or better

**CAN:**
- **Advisory Level:**
  - **Read:** 4
  - **Write:** 4
  - **Math:** None

**Transfer Status:**
- **CSU Degree Applicable:** AA/AS

**CSU GE:** None
**District GE:** None
**IGETC:** None

### SPAN-036B - Consecutive Interpretation II

This course builds on the skills acquired in Consecutive Interpretation I. Students will continue to enhance retention while developing personal note-taking systems in more demanding situations with longer messages. There will be an emphasis on complying with the legal equivalence requirement and limiting omissions.

Students will learn how to deal with challenges to interpretation and make corrections on the record. Students will acquire terminology related to complex criminal proceedings, administrative hearings and varied medical settings.

- **Lecture Hours:** 3
- **Lab Hours:** 0
- **Repeatable:** No
- **Grading:** L

**Credit by Exam:** Yes

**Prerequisite:** SPAN 036A with C or better

**CAN:**
- **Advisory Level:**
  - **Read:** 4
  - **Write:** 4
  - **Math:** None

**Transfer Status:**
- **CSU Degree Applicable:** AA/AS

**CSU GE:** None
**District GE:** None
**IGETC:** None

### SPAN-037A - Simultaneous Interpretation I

This course introduces students to simultaneous legal interpretation. Students will learn how to comply with the legal equivalence requirements of simultaneous interpretation. There will be emphasis on reviewing; the history of simultaneous interpretation, the role of the interpreter, relevant settings and research skills. Students will practice paraphrasing, chunking and shadowing exercises to increase vocabulary and create a strong foundation to begin acquiring simultaneous interpreting skills up to 125 words per minute.

- **Lecture Hours:** 3
- **Lab Hours:** 0
- **Repeatable:** No
- **Grading:** L

**Credit by Exam:** Yes

**Prerequisite:** SPAN-035 with C or better

**CAN:**
- **Advisory Level:**
  - **Read:** 4
  - **Write:** 4
  - **Math:** None

**Transfer Status:**
- **CSU Degree Applicable:** AA/AS

**CSU GE:** None
**District GE:** None
**IGETC:** None

### SPAN-037B - Simultaneous Interpretation II

This course continues to build students simultaneous interpretation skills. Students will begin to interpret more complex legal proceedings at faster speeds. Students will be introduced to testimony of expert witnesses, legal motions, jury instructions, and other complex materials. Students will also acquire the skills necessary to build glossaries for complex proceedings and in the process expand vocabulary to include terminology related to drugs, violence, medical, weapons, DNA and other specialized topics. At the conclusion of course students will be able to interpret proceedings at speeds of 145+ wpm.

- **Lecture Hours:** 3
- **Lab Hours:** 0
- **Repeatable:** No
- **Grading:** L

**Credit by Exam:** Yes

**Prerequisite:** SPAN-037A with C or better

<tbody>
<tr>
<td>SG-146</td>
<td>CADD for Civil Engineering, Surveying and Land Development</td>
<td>3</td>
<td>This is a course on computer-aided design and drafting for civil engineering, surveying and land development. AutoCAD Civil 3D software program will be utilized. Students will acquire the necessary computer skills to use the software for applications in civil engineering design, surveying and land development projects. Topics include basic drawing component management, terrain surface modeling and contours, alignments and stationing, cross sections, volume computation, and profiles. In addition, the course will discuss various applications in civil engineering and land surveying.</td>
</tr>
<tr>
<td>SG-147</td>
<td>Global Positioning System for Land Surveying</td>
<td>3</td>
<td>Fundamentals of the global positioning system (GPS) and its applications in land surveying are introduced. The discussions include the three segments of GPS technology, i.e., the space segment that consists of a constellation of 24 satellites orbiting around the earth, the control segment that consists of five ground monitoring stations, and the user segment that consists of two categories of receivers. Among the topics studied are GPS observables, planning for a GPS field survey, GPS data processing, and GPS surveying techniques. Emphasis is given to practical applications of GPS technology in surveying.</td>
</tr>
<tr>
<td>SG-148</td>
<td>Maps, Subdivision Map Act and Land Surveyors Act</td>
<td>3</td>
<td>This course is designed to present both theory and practical mapping experience in the preparation of subdivision maps, records of surveys, topographic maps, route and rights-of-way maps. Requirements of the Subdivision Map Act and the Land Surveyors Act are studied. Techniques of the reduction of field survey notes and the preparation of improvement plans are also presented. This course will provide the student with the required background and preparation for areas of the Land Surveyors-in-Training and the State Land Surveyors examinations.</td>
</tr>
<tr>
<td>SG-149</td>
<td>3D Laser Scanning for Land Surveying</td>
<td>3</td>
<td>This course introduces students to 3D laser scanning for land surveying. The fundamental principles of 3D laser scanning are discussed. The implementation of time-of-flight measurement and interaction of laser beams with various types of surfaces are examined. Students will learn the structure of a 3D laser scanner, its operation in the field, data collection and geo-referencing. Topics on post-measurement processing include data transfer to an office computer, point cloud registration and calibration, data filtering and checking, mesh and surface generations, digital image calibration, 2D drawing generation, feature code management and animations. Several applications in land surveying are discussed.</td>
</tr>
<tr>
<td>THEAT-002</td>
<td>Beginning Acting</td>
<td>3</td>
<td>Students learn and practice the basic elements of creating character: observation, concentration, and the physical, emotional and psychological resources for acting. Students perform monologues from published plays.</td>
</tr>
<tr>
<td>THEAT-004</td>
<td>Acting II</td>
<td>3</td>
<td>Students practice performance skills in scenes from published plays. Students will learn movement, blocking, listening, stage business, vocal skills, text analysis, style and pacing. Students will study Method, Biomechanics, text and language based theories of creating scenework. Students will become familiar with Linklater vocal technique and Alexander Technique movement skills.</td>

AWARDS OF DISTINCTION

Honors At Graduation

Students graduating with cumulative Grade Point Averages (GPA) between 3.5 and 4.0 are eligible to receive a gold chord to be worn at Commencement. The following awards of distinction are designated in the Commencement Program:

- * CUM LAUDE .................. GPA 3.5-3.74
- ** MAGNA CUM LAUDE ....... GPA 3.75-3.99
- *** SUMMA CUM LAUDE ......... GPA 4.0

GRADES

Grades are issued by instructors at the end of each semester for each class. All grades are final and will not be changed unless any of the following can be demonstrated:

Grade Changes/Challenges

- Once awarded, grades are final and cannot be changed except in extenuating circumstances (per Education Code 76224a). Grades will not be changed except in cases involving a) mistake, b) fraud, c) bad faith, or d) incompetency.
- Requests for grade changes must be made within two years of receiving the grade, and will not be permitted after that time period.

Definition of Letter Grades and Symbols

Letter grades and symbols shall be assigned to students to indicate proficiency or grasp of course material according to the following criteria:

Grade “A” – Distinguished

1. The student has mastered the content of the course, is able to apply information learned to new situations, and is able to relate it to other knowledge.
2. The student consistently distinguishes self in examinations, reports, projects, and class participation.
3. The student shows independent thinking in assignments and class discussion.
4. Work is consistently in proper form, shows evidence of careful research, and is submitted punctually.
5. Where achievement in the course involves development of hand or body skills, the student consistently demonstrates superior skills, ability, and performance.
6. The student complies with class attendance regulations.

Grade “B” – Above Average

1. The student consistently shows mastery of the course content, and usually is able to apply it to new situations or to relate it to other knowledge.
2. The student is consistently above average in examinations, reports, projects, and class participation.

IN THIS CHAPTER:

- Awards of Distinction
- Grades
- Auditing
- Units
- Pass/No Pass Grading
- Attendance
- Class Conflicts
- Course Repetition Policy
- Academic Renewal
- Academic Leave (Leave of Absence)
- Student Records
- Student Access to Records
- Family Education Rights and Privacy Act (FERPA)
- Academic Probation, Dismissal and Reinstatement
- Student Learning Outcomes (SLOs)
- Lost and Found
CHAPTER 6: ACADEMIC POLICIES

3. Work is in proper form, shows evidence of research, and is submitted punctually.
4. Where achievement in the course involves development of hand or body skills, the student consistently demonstrates above-average skills, ability, and performance.
5. The student complies with class attendance regulations.

Grade “C” – Average
1. The student shows evidence of a reasonable comprehension of the subject matter of the course and has an average mastery of the content. The student’s competence in the content is sufficient to indicate progression to the next course in the same field.
2. Assignments are completed in good form and on time.
3. If the subject carries transfer credit, the student has indicated sufficient competence in the content to continue in the subject field upon transfer.
4. The student consistently makes average scores on examinations, projects, and reports.
5. Where achievement in the course involves development of hand or body skills, the student consistently demonstrates average skills, ability, and performance.
6. The student complies with class attendance regulations.

Grade “D” – Below Average / Minimum Passing
1. The student falls below the average in examinations, projects, and reports, and shows substandard competence in the assigned subject matters of the course, indicating probable difficulty in completing the next course in the same field.
2. Assignments are completed in imperfect form, are late, or are of inconsistent quality.
3. Where achievement in the course involves development of hand or body skills, the student consistently demonstrates usable but below-average skills, ability, and performance.
4. The student complies with class attendance regulations.
5. Grade “D” may permit passing to the next course, depending upon course discipline prerequisites.
6. In Optional Pass/No Pass courses the grade of “D” converts to “NP”.

Grade “F” – Failing Grade/No Credit Earned
1. The student makes unsatisfactory grades in examinations, projects, and reports.
2. The student does not show evidence of competence in the subject matter.
3. Assignments may be omitted or are incomplete.
4. Where achievement in the course involves development of hand or body skills, the student consistently demonstrates unsatisfactory skills, ability, and performance.
5. The student does not comply with class attendance regulations.
6. The student is suspended from a course or the College.
7. The “F” grade is used in computing the standards of probation and dismissal.

Grade “P” – Passing Credit Earned
A “P” grade is equivalent to a “C” or better grade. “P” is offered for two purposes: (1) to provide an opportunity for students to pursue areas outside their fields of major interest and to encourage general education, and/or (2) to indicate a successful completion of developmental courses.

(Optional) Grade “P” can be converted to an “A” or “B” or “C” grade.

(Mandatory) Grade “P” may be used to progress to the next higher level only in designated development courses. The “P” grade is not used to calculate academic probation or dismissal.

Grade “NP” – Less Than Satisfactory/No Credit Earned
1. Grade “NP” is used in Pass/No pass classes only.
2. The student makes unsatisfactory grades in examinations, projects, and reports.
3. The student does not show evidence of competence in the subject matter.
4. Assignments may be omitted or are incomplete.
5. Where achievement in the course involves development of hand or body skills, the student consistently demonstrates unsatisfactory skills, ability, and performance.
6. The student does not comply with class attendance regulations.
7. In optional (Category 1) Pass/No Pass classes a “D” or “F” grade will convert to and “NP” grade.
8. The “NP” grade is used in computing the standards of probation and dismissal.

Symbol “W” – Withdrawal
1. No notation (“W” or other) shall be made on the permanent record of the student who withdraws from a course or the College during the first four weeks, or 30% of a term, whichever is less.
2. Withdrawal between the end of the 4th week and the 14th week or 75% of the term of instruction shall be recorded as a “W” on the student’s permanent record.
3. The permanent record of a student who remains in class beyond the above time limit will show a letter grade other than a “W” grade, unless there are extenuating circumstances. Extenuating circumstances are defined as verifiable cases of accident, illness, or other circumstances beyond the control of the student.
4. “W” shall not be used in calculating grade point average, but excessive “W”s shall be used in calculation of “Progress Probation and Dismissal.”

Symbol “MW” – Military Withdrawal
1. Military withdrawal occurs when a student who is a member of the US military service receives orders
necessitating a withdrawal from classes. Upon verification of such orders, the withdrawal symbol of MW shall be assigned.

2. Instead of an “MW” symbol, a student may directly petition the faculty member for an incomplete (I) grade. If granted, the student will receive an IMW. This grade will default to MW as opposed to the standard letter grades if the student fails to ever complete the course.

3. In the case of a student who is an active or inactive member of the military services and who receives orders compelling a withdrawal from courses, the District shall upon petition of the affected student refund the entire enrollment fee for courses in which academic credit is not awarded.

4. Military Withdrawals shall not be counted in “satisfactory academic progress probation and dismissal calculations.

Symbol “FW” – Unofficial Withdrawal- New Proposed Changes for 2011-12 academic year

UNOFFICIAL WITHDRAWAL - “FW” ACADEMIC GRADING SYMBOL

It is the responsibility of each student to register for and drop a course if necessary. Faculty can support students by notifying them of add and drop deadlines. If, however, a student stops coming to class after the last day to officially withdraw, Faculty may assign the “FW” academic grading symbol. The formal “FW” definition is noted below:

The “FW” grade is an indication that a student has ceased participating in a course after the last day to officially withdraw from the course without having achieved a final passing grade, AND that the student has not received authorization to withdraw from the course under extenuating circumstances (late withdrawal). The “FW” symbol may not be used if a student has qualified for and been granted military withdrawal “MW”. If an “FW” is used, its grade point value equals zero (0), and it will be calculated into the GPA in the same manner as an “F” grade. If applicable, the Financial Aid Office will apply the Return to Title IV funds formula.

Symbol “I” – Incomplete

The “I” grade may be given only upon written agreement between the student and the instructor. Incomplete academic work for unforeseeable, emergency, and justifiable reasons at the end of the term may result in an “I” symbol being entered in the student’s record. In a written record on an “Incomplete” form, the instructor shall state the conditions for removal of the “I” and the grade to be assigned in lieu of its removal. A final grade shall be assigned when the work stipulated has been completed and evaluated, or when the time limit for completing the work has passed. Students requesting an Incomplete must have completed at least 75% of the term and be in good academic standing.

1. The “I” may be made up no later than one year following the end of the term in which it was assigned.

2. The student may not clear the Incomplete by reenrolling in the course.

3. The symbol “I” is assigned no grade points in computing the grade point average.

4. The “I” is used in calculating “Progress Probation and Dismissal.”

Symbol “IP” – In Progress

The “IP” symbol shall be used to denote that the class extends beyond the normal end of the academic term. It indicates that work is “in progress.” The “IP” shall not be used in calculating grade point average. Only the Office of Admissions and Records can assign “IP”.

Symbol “RD” – Report Delayed

The “RD” symbol can be assigned only by the Office of Records and Admissions. It is used when there is a delay in reporting the grade. This symbol is not used in the calculation of Probation or Dismissal.

Grade Points and Grade Point Average (GPA)

Letter grades and symbols are assigned grade points according to the following system:

<table>
<thead>
<tr>
<th>Letter Grade</th>
<th>Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4.0</td>
</tr>
<tr>
<td>B</td>
<td>3.0</td>
</tr>
<tr>
<td>C</td>
<td>2.0</td>
</tr>
<tr>
<td>D</td>
<td>1.0</td>
</tr>
<tr>
<td>F</td>
<td>0.0</td>
</tr>
<tr>
<td>W</td>
<td>0.0</td>
</tr>
<tr>
<td>IP</td>
<td>0.0</td>
</tr>
</tbody>
</table>

Grade point average is computed by the following formula:

\[
\text{Grade Point Average} = \frac{\text{Total Grade Points Earned}}{\text{Total Semester Units Attempted}}
\]

Grade criteria for individual courses are found in the Grades section of the Course Syllabus provided by the instructor on the first day of class.

AUDITING

District policy does not allow auditing and/or sitting in classes without being registered in those classes.

UNITS

A unit is defined as the course credit equal to approximately one attendance hour per week of lecture-recitation, seminar, or other approved course activity throughout a semester. A unit of credit may also be granted for approximately three hours per week of laboratory. The following terms are synonymous: unit, semester unit, semester hour, credit, and credit hour.

PASS/NO PASS GRADING

Students may take some courses on an optional pass/no pass. These are found in the course section of the catalog and have an “O” in the grade designation. A P/NP petition must be submitted to Admissions and Records by published deadlines in the Schedule of Classes. The P grade shall be defined as completion of the course requirements.

Credits earned on a Pass (P) or No Pass (NP) basis:

- May be counted toward satisfactory completion of the Associate degree.
- Are not used in computing the grade point average.
- Will be used in calculating Progress, Probation, or Dismissal.
- May not convert to a letter grade by examination.
- May not be converted to a letter grade once 5 weeks, or 30% of the semester has elapsed.
NOTE: Once this request is made, the student may not request that the P/NP be converted to letter grade at a later date. Choosing P/NP may affect transfer or Honors at graduation eligibility in the future. Students should see a Counselor or the Transfer Center Coordinator for more information.

Basic Skills Courses

All pre-college level courses are graded only on a “P” and “NP” basis. A grade of “P” is entered on the official record for successfully completed courses. If the course work is unsatisfactory, a grade of “NP” is entered. Neither the grade of “P” nor “NP” is considered in computing grade point average.

“P/NP” grades may not be converted to letter grades. Units earned for pre-college level courses are not to be used to satisfy General Education, Associate Degree, or Major requirements, and they are not transferable to a four-year institution.

For specific information about the meaning of the “P” and “NP” grades see the Grades section of this catalog.

Limits on Basic Skills Units

Students may not enroll in more than 30 semester units of basic skills courses as restricted by Title V, section 55756(b). The following students are exempted from the limitation on remedial coursework:

1. Students enrolled in one or more courses of English as a Second Language (ESL).
2. Students identified by the district as having a learning disability.
3. Students who show significant, measurable progress toward the development of skills appropriate to their enrollment in college-level courses. Such students need to petition for a waiver of the limitation on remedial coursework with the Counseling Administrator on the campus.

Basic Skills Courses:

ENGL 194, 310, 310L, 321, 321L, 322, 322L, 330, 341, 394
II 380, 394
MATH 011A, 300, 310, 311

ATTENDANCE

Students are expected to attend all sessions of each class. Instructors may drop students from class if they do not attend the first class meeting. Excessive absences and/or disciplinary action taken pursuant to law or to the student code of conduct may lead to disqualification (being dropped) from a course by the instructor even after the census date (Title 5, 55003).

A student who simply stops attending without formally dropping may receive an unsatisfactory grade and may be required to repay financial aid funding.

Students who are dropped but feel that extenuating circumstances justify their absences may petition for readmission to the course. Petition For Readmission forms are available in the Office of Admission and Records.

CLASS CONFLICTS

Students may register for two or more classes which conflict in day and time only with written authorization of the instructors involved and approval of the Dean of Enrollment Services.

COURSE REPETITION POLICY

Students who have earned a substandard grade (either “D”, “F”, “NC” or “NP”) will only be allowed to repeat the same course two times, for a total maximum enrollment of three times.

Courses repeated for a better grade after 2000 will automatically replace the original non-passing grade in the student's units completed and GPA calculation. (For original courses taken prior to 2000, students should complete an Academic Renewal petition). The change, noted as Academic Renewal (AR), is posted on the Evergreen Valley College transcript. The original non-passing grade will still appear on the transcript, but no longer be calculated in the GPA.

When students must repeat a course for a third time in order to proceed to the next level course, (where a minimum grade of “C” is required), the second non-passing grade (AR) and the third passing grade will be averaged into the student’s GPA.

Students repeating a course for the third time will need to see a counselor and petition the Vice President of Student Affairs.

Students are only allowed to receive “W” grade in the same course three times. The student will have to petition to repeat the course for a fourth time.

Certain courses may be taken more than once for credit (Repeatable Courses). If the course is designated as repeatable, the course may be repeated only for the number of times allowable. In some cases, a group of courses may carry a collective limitation on the number of allowed repetitions for that entire group/cluster of courses (i.e. when a similar educational activity is offered in beginning and advance course levels). To determine whether a course is repeatable, go to Chapter 5, Course Descriptions and Information, in this Catalog.

ACADEMIC RENEWAL

Student may petition to have their academic record reviewed for academic renewal of substandard academic performance. Student who wishes his/her substandard academic work (grade “D”, “F”, “NC”, or “NP”) to be disregarded from his/her grade point average may petition the appropriate College appeals body under the following conditions:

a) Student must have completed and additional 12 semester units of coursework with a cumulative grade point average of at least 3.00 or 24 semester units of coursework with a cumulative grade point average of at least 2.00 at the College, and

b) At least 2 terms (fall, spring, summer) must have elapsed from the time the coursework to be removed was completed.

Up to 2 terms (fall, spring, summer) and no more than 36 units of coursework may be eliminated from consideration in the cumulative grade point average. If more than one term coursework were to be eliminated, the terms need not be consecutive.
When academic renewal procedures permit previously recorded substandard coursework to be disregarded in the computation of a student’s grade point average, the student’s permanent academic record should be properly annotated and should contain an accurate record of all coursework to ensure a complete academic history.

Academic renewal is subject to the following conditions:

1. Academic renewal actions are irreversible;
2. Academic renewal does not guarantee that other colleges will accept this action;
3. Acceptance of academic renewal is at the discretion of the receiving institution;
4. A student may not pick and choose from among the courses in a given term, but must declare all work for the entire term eliminated;
5. A student may petition only once for academic renewal.

Academic renewal procedures may not conflict with the District’s obligation to retain and destroy records or with the instructor’s ability to determine a student’s final grade.

The procedures to be followed by the student in requesting academic renewal:

1. A student requesting academic renewal must complete a petition for Academic Renewal;
2. This form must be submitted to the Dean of Enrollment Services;
3. The Dean of Enrollment Services will verify the information on the form and send the form to the Academic Renewal Committee;
4. The Academic Renewal Committee will make its determination on the petition.
5. The determination will be made known to the student by the Academic Renewal Committee;
6. Appeal of the determination by the Academic Renewal Committee will go to the Vice President of Academic Affairs/designee and the Vice President of Student Affairs/designee.

(The California Code of Regulations, Title 5, 55764 and 55765)

ACADEMIC LEAVE (LEAVE OF ABSENCE)

Academic Leave provides students with an opportunity to pursue activities related to their academic program otherwise unavailable at EVC. It is also intended for students who, for personal or medical reasons beyond their control, must have a break in attendance.

The application for an Academic Leave of Absence is available in the Office of Admissions and Records. It requires the Dean of Enrollment Services approval, and must clearly state the basis for and duration of the requested leave. Documentation is required to substantiate a leave for personal or medical reasons. There must be a reasonable expectation that the student will return from the Academic Leave.

Leave may be granted for two consecutive semesters, not to exceed a total of three consecutive semesters. In cases of extreme hardship, the Dean of Enrollment Services may grant extensions.

Students who receive Federal Financial Aid must qualify for an Approved Financial Aid Leave of Absence, which includes the following restrictions:

- Leave may not exceed a total of 180 days in any 12-month period.
- The institution will not assess any additional charges nor may the student’s financial need increase, and therefore, the student is not eligible to receive any additional Federal Student Aid.
- A student returning from an approved leave must continue their academic program at the same point in the academic program that he or she began the leave, unless the student was enrolled in a clock-hour or non-term, credit-hour program.
- Students who fail to return after their approved leave will have their last date of attendance recorded as the Withdrawal Date. (See the Office of Financial Aid for more information.) Once withdrawn, students must reapply to the college if they wish to return.

STUDENT RECORDS

Official academic records are kept and maintained in the Office of Admissions and Records. These records consist of a complete listing of all course work attempted at the College: the student’s academic transcript record, assessment scores, and transcripts from other schools and colleges. Financial aid transcripts and records of students receiving financial aid are kept and maintained by the Financial Aid Office.

Private Records related to students with physical and learning disabilities are kept and maintained by the Disabled Students Program.

Private records related to students receiving health services are kept and maintained by the Health Services Center.

All student records are confidential and protected by the Family Educational Rights and Privacy Act (FERPA).

STUDENT ACCESS TO RECORDS

Students have the right to access their records and may challenge any records they find to be inaccurate. For more information on accessing records and the process for changing record inaccuracies, please see the Federal Education Rights and Privacy Act section of this catalog.

FAMILY EDUCATION RIGHTS AND PRIVACY ACT

The Family Educational Rights and Privacy Act (FERPA) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.
CHAPTER 6: ACADEMIC POLICIES

Once a student reaches the age of 18, the college considers him/her an adult, and the parents’ rights transfer to the student:

- Parents of students under the age of 18, or eligible students have the right to inspect and review the student’s education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.

- Parents or eligible students have the right to request that a school correct records, which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.

- Generally, schools must have written permission from the parent or eligible student in order to release any information from a student’s education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions:
  - School officials with legitimate educational interest.
  - Other schools to which a student is transferring.
  - Specified officials for audit or evaluation purposes.
  - Appropriate parties in connection with financial aid awarded to a student.
  - Organizations conducting certain studies for or on behalf of the school.
  - Accrediting organizations.
  - To comply with a judicial order or lawfully issued subpoena.
  - Appropriate officials in cases of health and safety emergencies.
  - State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, “directory” information such as a student’s name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. When applying to EVC, students may request, in writing, that their directory information be withheld.

ACADEMIC PROBATION, DISMISSAL AND REINSTATEMENT

The probation procedure notifies students that their academic performance is below minimum college standards. It is intended to encourage students to take the necessary action to be successful. The process may include a reassessment of educational, vocational, and personal goals. It is essential that the student meet with a counselor.

Academic Probation

A student who has attempted a total of 12 semester units of letter grades (A, B, C, D and F), as shown by the permanent record, will be placed on Academic Probation if the student has earned a cumulative grade point average below 2.0.

Progress Probation

A student who has enrolled in a total of 12 semester units, as shown by the permanent transcript, will be placed on Progress Probation when the percentage of all units in which the student has enrolled and for which entries of “I,” “W,” and “NP” are recorded reaches or exceeds fifty percent (50%).

Academic Dismissal

A student who is on Academic Probation twice will be academically dismissed from the College if the student earns, in letter grade classes (A, B, C, D and F), a grade point average of less than 2.0 in the next two terms of enrollment.

Progress Dismissal

A student who is on Progress Probation twice will be academically dismissed if at the end of the second subsequent term of enrollment, the number of “I,” “W,” and “NP” reaches or exceeds 50% of all entries.

Reinstatement After Dismissal

A student must petition for reinstatement following dismissal and must make an appointment with a counselor. Petitions for Reinstatement are available in the Counseling Office.

The petition must contain:

1. An explanation of the situation that resulted in dismissal.
3. A proposed list of classes for the coming semester.
4. A clear justification for re-admission.

STUDENT LEARNING OUTCOMES

Learning can take place in many different ways, not just by taking a class and being tested. Student Learning Outcomes (SLOs) are measurable and produce data used to assess what is learned by students within a given class, program or service. All courses, services, and programs are using SLOs to help evaluate, and if needed modify, how learning and services are delivered to best meet student needs.

LOST AND FOUND

Items should be turned into the Campus Police Department. To claim a lost item call 408.270.6468. Hours are:

M-SAT: 7:00 AM - 11:00 PM
SUN: 7:00 AM - 3:00 PM
Holidays: 8:00 AM - 4:00 PM
OFFICE OF STUDENT LIFE

Philosophy

Involvement is the key to your success at Evergreen Valley College! The Office of Student Life seeks to create a nurturing campus environment by enhancing your co-curricular experiences, which will increase your likelihood to succeed. This office plays an integral role in student retention by offering students a place to meet new people, gain leadership skills, and have fun. The Office of Student Life serves as the hub of campus events and activities and strives to collaborate with other campus departments, programs, and organizations to meet the various needs of our diverse student population. By visiting the Office of Student Life, you can learn how to join Associated Student Government or one of the many other student organizations that currently exist at EVC.

We encourage you to drop by the Office of Student Life which is located on the 2nd floor of the Gullo Student Center. Ask any Student Life staff member how to get involved, join student government, a student club, or just get campus information. Whether you wish to be a spectator, a participant, or a leader, we can assist you in your journey at EVC.

Student Activities

Student Activities are guided by the belief that college learning extends beyond the classroom. Leadership and co-curricular events and activities provide a “laboratory” for learning within a collaborative environment. Student activities augment classroom instruction by fostering unique and expanded educational and cultural experiences. These experiences prepare students for future civic and social responsibilities through community service, learning, and leadership development experiences. They also foster personal growth and facilitate interaction between students, faculty, and administrators from varied backgrounds in diverse settings through organization of social and recreational activities.

Understanding that the definition of student activities includes co-curricular as well as social and cultural activities, a wide range of diverse activities is encouraged and sponsored by the students, faculty, and administration. Many student activities are supported by the Associated Students in cooperation with various campus organizations. Programs are funded through the $5 per semester AS Activities/Membership fee.

How can students get involved in Student Life at EVC?

- Attend campus events and activities during the year
  - Week of Welcome
  - Spooktacular Student Information Day
  - AS Club Rush (student club information/recruitment)
  - Support events during the year such as Latino Heritage Month, Black History, Women's History, Asian Heritage, Tet celebrations, and Cinco de Mayo festivities
• Join the Associated Students; participate in campus government
• Join a student organization or start your own
• Plan campus events and activities for students

Students interested in the many activities, organizations, and clubs available at EVC should contact the Office of Student Life located in G-205 or by phone at (408) 274-7900 ext. 6768. Information is also available online at http://www.evc.edu/student_life/

Associated Students Government of Evergreen Valley College
The Associated Students Government of Evergreen Valley College (ASG), with offices located in Gullo II (G2-110), holds open meetings weekly to address issues that affect the entire student body, develops policies that impact and promote student life, and funds student-focused events and activities. Elections are held annually every spring semester, and officers serve for the following academic year. Apointments for various ASEVC positions occur throughout the academic year.

Students interested in Student Government opportunities and activities, should contact the ASG Office in G2-110, or phone (408) 274-7900 ext. 6694. Information is also available online at http://www.evc.edu/associated_students/

Services
• Coordinating campus-wide (cultural, educational, recreational and social) events & activities for students.
• Gullo Student Center reservations and managing use of facilities.
• Off-campus vendors and information tables.
• Approval for posting of flyers on campus.

The Gullo Student Centers
Located In Gullo I:
• Fresh and Natural Food Court (grill, pizza, deli sandwiches, hot entrees, espresso bar, salad bar, fresh fruit & pastries).
• EVC Campus Store (textbooks, supplies, magazines, paper-backs, gift items, candy, computer software, clothing).

The Campus Store is proud to serve students, faculty and staff. We carry course materials, school supplies, logo products, backpacks, greeting cards, candy, and gifts. We are located upstairs in the Gullo Student Center (G-201).

We are committed to keeping the cost of textbooks down by making available as many used books as possible. Our textbook buyback program enables students to recycle their books and to receive cash back on the spot. We pay the highest dollar value during finals week - up to 50% of new book price. We buy back every new and used college textbook for which there is a resale market. To qualify for buyback, a book must be the correct edition, in good condition with all the original pages and components, and have limited highlighting and writing. Please check individual stores for details.

Our goal is to help students succeed. For more information, call (408) 223-6765; recording ext. 6465; (408) 531-0418 TDD; or visit the campus store website at http://campusstore.evc.edu

• ATM Machine (Santa Clara County Federal Credit Union) is located on the lower level in the southeast corner of the cafeteria. ATM is for withdrawals only.
• Game Room (G-111) contains video arcade games, an air hockey table, a foosball table, a jukebox, and coin change machine.
• Pool Table Room (G-112) has a pool table, bar table and chairs for student use.
• Student Lounge (second floor) with Big Screen TV for viewing broadcast television.
• Cyber Lounge (G-201) houses I-Mac computers for Internet access.
• Vending Machines and Microwave (G-106) are available for students.

Located In Gullo II:
• Associated Students Office (G2-110).
• Conference and meeting rooms.

For more information about the Gullo Center hours of operation, and available services check the website at http://www.evc.edu/gsc/.

Counseling

Counseling is available to all Evergreen Valley College students to assist with clarifying educational goals, establishing appropriate academic and career plans, and providing support for social and personal problems. Our counselors work jointly with students to identify their programs of study and create a plan for reaching their educational goals. This may include helping students explore their life goals and career options by evaluating their aptitudes and interests through the use of tests and interviews. Students are encouraged to meet with a counselor on a regular basis and to seek advice from professors in the department of their major interest. Counselors are also available to support students with alleviating their relationship, health or emotional concerns. Matters discussed are held in strict confidence by the counselor. When appropriate, students may be referred to other professional services on campus or in the community.

In addition to providing counseling services, our faculty teach courses to assist students with college orientation, career exploration, study skill success, and the like. These classes are listed in the catalog and schedule under the heading Counseling.

Day and evening counseling services are available on both an appointment and a walk-in basis. For office hours, more information and/or to schedule a counseling appointment, contact the EVC Counseling Department, located in the Student Services Center, Room SC-250, at (408) 270-6475, or visit us online at: http://www.evc.edu/counseling/
### DISABILITIES SUPPORT PROGRAM (DSP)

The Disabilities Support Program (DSP) provides support services and instructional programs for students with disabilities who are attending Evergreen Valley College.

A variety of services are available including academic and vocational counseling, interpreting or captioning services (for students who are deaf), mobility assistance, provision of print materials in alternate formats (for students with visual impairments or learning disabilities), tutorial assistance, and individual adaptive assistance as needed.

Specific courses in adaptive physical education (APE), are offered to accommodate students with various disabilities.

### High Tech Center for Students with Disabilities

The High Tech Center, located in the DSP, is available for students who are unable to access the screen, keyboard, or word processing in traditional computer classes. Training is provided in assistive hardware/software to meet the unique needs of students with low vision, orthopedic or learning disabilities, hearing loss, or cognitive disabilities acquired from brain injuries.

For office hours, more information, or a counseling appointment, visit the Disabilities Support Program office in the Student Services Center, Room SC-120, or call (408) 270-6447 (voice), or (408) 912-1657 (video phone for people calling outside of 408 area code). Information is also available online at http://www.evc.edu/dsp/.

### EXTENDED OPPORTUNITY PROGRAM AND SERVICES (EOPS)

The Extended Opportunity Program and Services (EOPS), offers financial assistance and academic support for obtaining a college education. EOPS is a California funded student support program specifically for students facing financial and educational challenges. The mission of EOPS is to provide financial and academic services to eligible students seeking a vocational certificate, associate degree or transfer opportunity to a traditional college or university.

The EOPS program has counselors, an outreach specialist, administrative support, student workers and a program director dedicated to the overall success of students coming from diverse cultural, social, educational and economic backgrounds. EOPS welcomes students from all stages of life and perspectives. The program is here to assist in the success of EOPS students.

The EOPS Office is located in the Student Services Center, (Room SC118). For more information please call 408-270-6455. Office hours and application information are also available online at www.evc.edu/eops.

### To be eligible you must:

- Be a California resident as determined by the Evergreen Valley College Admissions and Records Office
- Qualify for the Board of Governors Fee Waiver, (BOGFW) Part A or B
- Have completed less than 70 units of college-degree applicable credits (including all prior college coursework)
- Enroll in a minimum of 12 course units per semester.*
  (*Exceptions as approved by the Disabilities Support Program)
- Be educationally disadvantaged as defined by EOPS State Guidelines** (**Contact EOPS program for more detailed information)

### Cooperative Agencies Resources for Education (CARE) Program

**Assistance for Single Parents**

CARE is a California-funded program designed to help EOPS students who are single parents. In conjunction with the Santa Clara County Department of Social Services and other community agencies, the CARE program offers and above services to single parents pursuing higher education.

The CARE Program provides students with grants, school supplies, child care information, transportation assistance, and food vouchers. These services are in addition to the services provided to EOPS students.

### To be eligible for CARE services you must:

- Meet all EOPS requirements
- Be a parent and at least 18 years of age
- Be a single head of household
- Have at least one dependent child under the age of 14
- Be receiving Temporary Assistance for Needy Families (TANF), benefits

Both an EOPS and CARE application are required. CARE applications are available in the EOPS Main Office, located in the Student Service Center, Room SC118. For more information please call 408-270-6429, or online at www.evc.edu/eops.

### STUDENT SUPPORT SERVICES- FASTRACK (SSS) TRIO

Student Support Services- FasTrack (SSS) TRIO program is designed to assist first-generation, low-income, and disabled students as they prepare to obtain a two-year degree and/or transfer to a university. FasTrack is geared to support students’ academic success and goal achievement.

**Office Hours/Location:**

FasTrack is located in the Dr. Mauro Chavez Student Center Building, SC-110. Office hours are Monday, Tuesday, Thursday, and Friday 8:00 a.m.-5:00 p.m. Wednesday 8:00 a.m.-7:00 p.m.

**Program Services:**

- Educational and Career Planning
Eligibility Requirements:

Evergreen Valley College students are eligible to receive services from the FastTrack Program if they meet the federal income eligibility requirements outlined by the United States Department of Education. Applicants must be first generation, low income, and/or have learning or physical disability. The maximum taxable income to be eligible as a low-income participant is $16,245 for an individual (add $5,610 for each additional family member). Students must be enrolled in a minimum of six units per semester and maintain satisfactory academic progress. Applications and additional information may be obtained in the Student Support Services- FastTrack office, Room SC-110, or by calling (408) 274-7900 Ext. 6547.

STUDENT HEALTH CENTER

Student Health Center is committed to promoting optimal health and providing urgent medical care for our diverse student population in a culturally appropriate and timely manner. Our focus during clinic visits and campus wide initiatives is on student centered learning to prevent disease and maintain health through the achievement of balance in body, mind and spirit. Our goal is to promote health as a means for students to achieve their personal, academic and professional goals.

All services are completely confidential.

Accidents incurred on campus should be reported immediately to Campus Police who will contact the Student Health Center if appropriate or arrange for emergency services as needed.

The Student Health Center is currently closed during summer and winter sessions.

Services Available

- Physical examinations and preventive health screening including PAP Smears and STD testing
- Health education and counseling on nutrition, exercise and promoting healthy lifestyles
- Urgent care for acute illnesses or injuries
- Diagnosis and management of acute conditions
- Initial diagnosis and management of chronic conditions until referral for ongoing care
- Physician consultation for medical questions or concerns
- Immunizations and TB skin testing

- Pregnancy tests/Birth Control
- Selected low-cost medications as available
- Referrals to community health agencies, continuity practices and specialists as needed

Services not covered include but are not limited to the following:

- Ambulance, family coverage, fees involving off-campus care, hospitalizations, laboratory cost, ongoing medical care, and pharmacy cost, or X-ray cost

Effective Spring 2009 the BOGFW will no longer cover the health fee. Current health fee is $17.00, but it is subject to change. Health fees are mandatory with the following exceptions:

- Concurrently enrolled high school students with an approved R-40 and/or R-42 form on file
- Indentured apprentices fulfilling related instruction requirements (proper documentation required)
- Students who are dependent exclusively upon prayer for healing, in accordance with teachings of a bona fide religious sect, denomination, or organization (proper documentation required)
- Students enrolled only for classes meeting off-campus
- Students taking Friday evening, Saturday or Sunday classes only
- Students taking short-term classes which meet on campus seven times or less

Requests for waiver or refund of Health Fee are made at the Office of Admissions & Records. These requests should be made at the beginning of each semester.

Accident Insurance Program

The Community College District also provides to students, visitors, and athletes accident insurance while on campus. Coverage is related to accidents under the following circumstances:

- Students – while attending regularly scheduled classes on the campus, college-sponsored activities, including club activities, and while traveling under college supervision to and from college-sponsored events.
- Student Athletes – while participating in or attending any regularly scheduled practice or competition supervised by an authorized representative of the College, or while traveling directly to and from practice or competition with other members as a group, provided such travel is supervised by an authorized representative of the College.
- Official Visitors – who have been formally invited to the campus or who are on campus to conduct research or to address the faculty and/or students. Vendors and non-student spectators, regardless of activity, are not official visitors

This information is provided as a guide, and neither replaces nor supersedes the actual provisions of the insurance program.
CHAPTER 7: STUDENT LIFE, STUDENT SERVICES, AND SPECIAL ACADEMIC PROGRAMS

Financial and Legal Limitations
Although the College provides health services for enrolled students, it is in no way financially responsible for the total medical care of the student nor is it legally liable for accidents occurring on campus.

Location
Student Health Center is located in SC-124, on the lower floor of the Student Services Center. For office hours, more information or to make an appointment, please call (408) 270-6480. Information is also available on our website at http://www.evc.edu/health_services/

LEARNING RESOURCE CENTER
The centralized Learning Resource Center (LRC) provides a variety of learning resources for students. These include Library Services, Individualized Instructional Lab, and Campus Tutoring Services.

The mission of the Learning Resource Center (LRC) is to enable students to improve their academic performance and enhance their educational experience by engaging in student-centered learning activities. These include topical workshops, study groups, discipline-based seminars, tutorial sessions, and interactive subject area computer programs.

Students can work at their own pace using computerized instructional material in the faculty supervised Computer Lab. Students have an opportunity to interact with their instructors as well as in small study groups. In an atmosphere carefully structured to be conducive to learning and to meet individual student's academic goals, the student can take advantage of a myriad of instructional activities and learning tools.

The Learning Resource Center is located on the lower level of the Library Technology Building (LE-200). For operating hours and more information, call (408) 270-6333.

LIBRARY SERVICES
The Library is located on the third floor of the Library/Educational Technology Building. It is a place to study and do research. The Electronic Research Area has computers with access to several full-text databases and the Internet, enhancing an excellent collection of books, magazines, audiocassettes, videos, DVDs and music CDs. The online catalog is a database of all materials available in both the Evergreen Valley College and San José City College Libraries.

Additional services and resources include assistive technologies, laptop computers, free (unsecured) wireless access to the Internet, study rooms for groups, research guides, and ongoing cultural/art displays.

Loan periods vary by type of material. Students must obtain an EVC Student ID card from Admissions and Records to check out Library materials or to use computers in the Electronic Research Area.

Many classes come to the Library each semester for workshops tailored to the needs of particular assignments.

Interested faculty should call or visit the Reference Desk to make appointments for class visits and to find Library resources in their disciplines.

A 3-unit online course, Electronic Research and the Internet (LIB 015), teaches students information literacy and skills in conducting research using current information technologies.

Copy machines and printers are available for a small fee and require Student ID to access them.

Reference librarians and library technicians are ready to help. For hours of operation and more information please call (408) 270-6433, or visit our website at http://www.evc.edu/library/.

COMPUTERIZED INDIVIDUAL INSTRUCTION PROGRAM
The Computerized Individual Instruction Program was developed to enhance classroom instruction. Students meet with an instructor to determine individualized course objectives and learning activities. During the semester, the students work at their own pace using computerized instructional material in the faculty supervised Computer Lab. Students have an opportunity to interact with their instructors as well as each other in small study groups. In an atmosphere carefully organized to be conducive to learning and to individual student's academic goals, the students can take advantage of self-paced computer modules developed to teach computer skills such as keyboarding, word processing, spreadsheets, graphics, email and Internet basics, and the windows operating system.

Emphasis is on being able to use the programs for school, work, and personal projects. The Computerized Individual Instruction Program is located on the lower level of the Library Technology Building (LE-200). For operating hours and more information, call 274-7900 x6333.

CAMPUS TUTORING PROGRAM
Tutorial services are provided to students by qualified student tutors in various academic areas. Tutors support the students' regular instructional programs through individual and small-group drop-in tutoring. Tutoring is also provided on a drop-in basis. Weekly Conversation and Grammar groups are also available for students as well as Study Skills workshops. Online tutoring for English and ESL is another resource for EVC students. The Tutoring Centers have been established to provide support, motivation, and encouragement for students. To receive tutoring services, a student must register for an II 210 Supervised Tutoring section in either center. This is a noncredit course, free to students registered at Evergreen Valley College.

Students who are interested in becoming tutors should be enrolled at the college for at least six units (three of which may be at San José City College), have a “B” or better grade in the course that they want to tutor, successfully complete the individualized Tutor Training Seminar (II 90), and be recommended by an instructor. Tutors who complete training receive a certificate from the College Reading and Learning Association.
Locations

The Campus Tutoring Center is located in the Library Technology Building (LE-237). For center hours or more information please call (408) 274-7900 ext. 6802, or visit our website at http://www.evc.edu/tutoring_center/

The Math and Science Resource Center is located in the Acacia Building Room AD-141. For center hours or more information please phone (408) 274-7900, ext. 6883, or visit online at http://www.evc.edu/mse/mathCenter.htm

TRANSFER/CAREER/CO-OP EDUCATION CENTER

The Transfer/Career/Co-op Ed Center provides transfer, career, and cooperative education work experience services. This important resource center is staffed by Transfer Counselors/Coordinators, and a Cooperative Education Work Experience Coordinator that are committed to working with students on long range goals as they prepare to transition from Evergreen Valley College to a four-year college institution or directly into a career field.

Transfer Services:
The successful transfer of EVC students to a wide variety of in-state and out-of-state colleges and universities is a high priority for the college. The Transfer Center is committed to providing services which directly assist potential transfer students in preparing for upper division work at a four-year college or university. Outreach efforts are made to identify and encourage students who have chosen or who may choose transfer as their educational goal. The EVC Transfer Center also works closely with many four-year institutions to facilitate the transfer process. Transfer services include:

- Academic preparation of an educational plan that leads to successful transfer
- Advising sessions with UC, CSU, and Private University Representatives
- Transfer workshops - TAA, TAG, Online Applications, UC & CSU Information, Personal Statement, WST, and others
- Transfer Day – Fall Semester (September)
- Assistance with Transfer admissions procedures and academic planning
- Preparation of Transfer Admission Agreements/ Guarantees (TAA/TAG). To various UC, CSU and Private 4-year colleges and universities
- Campus tours and Field trips to Universities
- Transfer Students Recognition Reception
- Transfer Center Open House – First Month of Fall (September)

Resources Available in the Center:

- College/university catalogs
- Applications for admission assistance
- Course schedules
- Articulation agreements
- Scholarship information
- Career and Transfer Reference books
- Computer software programs
- Computers
- ASSIST.org (computerized student-transfer information system)
- Transfer informational brochures

Location

Second Floor - Dr. Mauro Chavez Student Services Center Building, Counseling Department. For office hours and more information call (408) 270-6470.

Visit online at http://www.evc.edu/transfer_center/

Cooperative Education Work Experience and Career Services:
The Cooperative Education Work Experience program is a cooperative effort by the college and the community to provide opportunities for students to discover their interests and aptitudes. The program serves to develop attitudes, work habits, and understanding of the world of work. The curriculum taught will assist the student in becoming a successful employee. Study and work are integrated, making both more relevant and rewarding.

The Cooperative Education Work Experience Program (Co-op Ed) is designed to help students expand their career options and develop new job skills. General Work Experience allows students to work and earn college credit. Students can earn 3 units of credit for a maximum of six units of credit. Occupation Work Experience allows students to earn college credit in their field of study by providing evidence that they are enrolled in a vocational program. Students can earn up to 8 units per semester to a maximum total of 16 units. In order to participate in the program students must have an internship or employment opportunity approved by program coordinator. Career and Work Experience services include:

- Assistance and support for students participating in the work experience program
- Internships and Employment Opportunities (Placement is not guaranteed)
- Online career assessment through Eureka
- Eureka Searches (computerized career information)
- CACareerCafe.com SB70 AB1133
- Career Guidance workshops on Resume Writing, Interviewing Skills, How to Get a Job, Changing Careers
- Career advisement and referrals to alumni or friends of Evergreen Valley College who are established in their careers
- Career Fair
- Employability Workshops and Seminars

Location

Second Floor - Dr. Mauro Chavez Student Services Center Building, Counseling Department. For office hours and more information call (408) 270-6470.

Visit online at http://www.evc.edu/work_experience/
VETERANS AFFAIRS

Evergreen Valley College is approved to enroll veterans by the Council for Private Postsecondary and Vocational Education. Eligible veterans may receive benefits while pursuing a college degree or certificate. Veterans may verify their eligibility by calling the San Francisco Veterans Administration at (800) 827-1000. Veterans and dependents may apply for educational benefits by contacting the Veterans Coordinator in the Office of Admissions and Records, or by calling, (408) 270-6430. After meeting with the Veterans Coordinator, please schedule an appointment to see a VA counselor at (408) 270-6474. A counselor will assist the Veteran to develop an education plan that meets the Veteran’s goals, and complies with Veterans Affairs guidelines.

In compliance with the Code of Federal Regulations Section 21.4253 (d)(4) a veteran or eligible person receiving GI Bill Educational Benefits and placed on academic probation for unsatisfactory progress shall have their benefits terminated if his or her grade point average remains below 2.0 at the end of two terms on probation. Benefits may be reinstated when the student’s progress is satisfactory (i.e. grade point average is 2.0 or above.

Effective, January 1, 2008 members of the armed forces in active duty and former members separated from active duty within the last two years, are granted priority registration, along with EOP&S students and students with disabilities.

SPECIAL ACADEMIC PROGRAMS

AFFIRM Program

The AFFIRM (Academic Force for Inspiration, Retention and Matriculation) Program’s philosophy is that the classroom experience must be rewarding to students, and that they should be exposed to and/or involved in a variety of specialized learning strategies in supportive learning environments. The major focus of the AFFIRM Program is to assist students in developing positive self-images as successful college students while providing them with the opportunity to acquire a solid foundation of basic skills in a supportive environment.

The AFFIRM program is an academic program and offers basic skills courses that include English 330, 104, 001A, Math 011A and Guidance 085. Transfer level courses include Chemistry 015, and Political Science 001. All courses offered will enhance success and progress towards the desired goal.

The AFFIRM Program, although specifically designed for African-American students, also serves all students who desire the nurturing services that are offered by the program, regardless of race.

The overall goal of the AFFIRM Program is to provide academic and personal assistance that will significantly increase graduation and transfer rates of all students in the program.

AFFIRM Program Admissions Criteria

Students who are admitted to the AFFIRM Program must be at the English 322/330 level (Reading and Writing Level 1); at-level placements can be determined through the placement test scores and/or a writing sample. The AFFIRM counselor is responsible for screening students who enroll in the AFFIRM Program. Students who are not at the English 322/330 levels will be placed in other appropriate classes, and will be eligible to use all other AFFIRM services, such as counseling, tutoring, book loans, scholarships, etc.

Support Services

1. Academic Counseling

A counselor is assigned to work specifically with all AFFIRM students. Academic counseling makes it possible for each student to discuss and explore options about their future goals and to develop an educational plan that maps the route by listing courses in sequence that will assist them to attain their goals.

2. Tutoring

Students receive one-on-one assistance with their course work with experienced tutors. This service provides students with the encouragement and support needed to succeed; it has significantly contributed to the increased retention rate of AFFIRM students.

3. Scholarships and book loans

These are made available to assist as many students as possible. The three AFFIRM scholarships are awarded in Spring semester only. The AFFIRM Program also offers book loans for both Fall and Spring semesters.

For office hours and information, call the AFFIRM Program (SC-206) at (408) 274-7900 ext. 6853, or visit online at http://www.evc.edu/affirm/

ASPIRE Program

The ASPIRE (Asian/Pacific Islander Resources for Excellence) Program is designed to enhance the academic and personal success of Asian/Pacific Islander students, utilizing the commitment and skills of faculty, staff, and mentors. The program welcomes all students who may benefit from the nurturing services that this program offers.

The ASPIRE Program offers courses in Communication Studies, English, ESL, Ethnic Studies, Math, and Political Science. Success in these courses will provide the foundation for student achievement of academic and career goals. These courses employ culture-specific course materials and learning strategies.

The key support components of the ASPIRE program are culturally sensitive tutoring, counseling, mentoring, and scholarship opportunities. ASPIRE tutoring helps students succeed in ASPIRE courses and in other college courses.

ASPIRE tutors are trained and supervised by program faculty and staff to provide instructional assistance consistent with program principles and methodologies. ASPIRE counseling incorporates culture-specific strategies to provide academic, career, and personal counseling. The counselor works with
program faculty and staff to develop and implement strategies to maximize student success. ASPIRE campus and community mentors provide students with important advice and guidance. They serve as role models and provide links between the academic and the community/work world. ASPIRE also sponsors several scholarships to help students attain their academic goals.

For office hours and additional information, contact the ASPIRE Program Specialist, in Acacia 5-204, by phone at (408) 274-7900 ext. 6227, or visit our website at http://www.evc.edu/aspire/

Distance Education Program

The Distance Education Program at Evergreen Valley College offers a variety of college credit courses for students interested in learning on an independent basis. The program includes both Telecourses and Online courses.

Online courses offer independent learning, which is truly space and time independent. These courses use the internet and other online technologies to deliver instruction. They are ideal for working adults or anyone who cannot attend classes on campus on a regular basis.

Hybrid courses are DL courses and have to go through approval process. This modality is some version of a course with a distance component and some required on-campus / face-to-face meeting(s). The on-campus portion is either regularly scheduled or irregularly scheduled face-to-face meetings as a class. A hybrid course with irregularly scheduled required on-campus meetings will include a specified number of formally scheduled meetings throughout the semester. This on-campus meeting schedule must be noted in the instructor’s syllabus. A hybrid course with regularly scheduled on-campus component includes formally scheduled weekly meetings throughout the semester. The on-campus meetings must be indicated in the schedule of classes.

Distance Education courses are available in a variety of disciplines including astronomy, business, English, math, science, engineering, computer science, educational instructional technology, intercultural studies, foreign language, and social science. They are equivalent to on-campus courses, and a majority of the courses meet General Education and transfer requirements. (See the section “Distance Education Programs” in the Schedule of Classes for a listing of available courses and enrollment procedures.) Distance Education courses are designed for those who are unable to attend campus classes on a regular basis, prefer independent learning, or would like to take a course at their convenience. Distance Education courses are ideal for persons working toward a college degree, continuing education students, and business professionals who want to brush up professional skills. Students who are usually successful in the Distance Education Program enjoy learning independently, are highly motivated, and possess good study skills.

The Distance Education Program Office is located in the Library Educational Technology Building, room LE- 230. For office hours and more information, call (408), 274-6246 or visit our Web page at http://www.evc.edu/de/

ENLACE Program

The Enlace Program is designed to help Latino@ students succeed. The goals of Enlace are:

- To enable Latino@ students to successfully complete the Enlace English, Math, Science, and Guidance courses.
- To increase the number of Latino@ students who graduate with an Associate of Arts or Associate of Science degree.
- To increase the number of Latino@ students who transfer to four-year colleges and universities.

Latino@ community professionals contribute to the program as mentors; serving as role models; sharing their personal academic, and career experiences; and providing guidance and motivation for the students.

The Enlace Counselor meets with Enlace students to set career goals, take appropriate courses, and prepare to graduate and/or transfer.

Three student organizations help students succeed academically, contribute to the campus and community, and develop leadership skills: the Enlace Student Association (ESA), the Enlace Honors Society (EHS), and SACNAS (Society for the Advancement of Chicanos and Native Americans in the Sciences).

The Enlace office is located in Roble 5-134. For office hours and more information, contact the Enlace Program Specialist at (408) 274-7900, ext. 6598, or visit our website at http://www.evc.edu/enlace/

Honors Program

The Evergreen Valley College Honors Program serves high achieving students in all majors and interests on our campus by:

- Offering a list of designated Honors Courses each semester.
- Allowing Honors Credit for other academic courses by way of individual class contracts with the instructor, which must be approved by the coordinator.
- Awarding of yearly scholarships to active Honors students.
- Providing specialized counseling.
- Providing priority registration privileges which allow active, qualified Honors students to register early.
- Acknowledging Honors work both on student’s transcripts and at Graduation.
- Inviting all Honors students to participate in campus events, and to use the Honors office for homework, meetings, and other gatherings.
- Encouraging Honors students to provide 5 hours of volunteer service to the campus each semester.

SPECIAL ACADEMIC PROGRAMS
New and incoming students must accrue 12 units of college credit at Evergreen Valley College and achieve a GPA of at least 3.25 before they qualify for the Honors Program. Applications are processed by checking the student's GPA, then informing the student by mail or email of acceptance. Within one semester following admittance, each Honors student must submit to the Honors Program Office at least one signed contract from an Evergreen Valley College instructor. The contract must contain a minimum of two of the Honors course criteria, be approved as meeting program standards, be academic in nature and from a transfer level class, and be completed with a grade submitted by the end of the semester. The contract submitted to the Honors Program Office must stipulate the course, the number of units, the instructor, and the Honors project the student will complete in order to remain an Honors student in good standing and an active member of the Honors program, which allows the students to be eligible for priority registration. Students also need to complete 5 hours of community service each semester in order to retain priority registration.

Please consider this opportunity if you are a serious student who wants to stand out as exceptional; this continuous academic support during your undergraduate education can make a difference now and when you transfer.

Handouts and information are always available in the office, and the hours of staffing are posted. For more information, contact the Program Coordinator at (408) 274-7900, ext. 6566, visit the office in RE 206, or see our website at http://www.evc.edu/honors/

Honors at Graduation

Graduation with “President's Honors” is granted to graduating students who earn a 4.00 grade point average in all units attempted, both transfer and District. “Graduation with Honors” is granted to graduating students who earn an overall grade point average of 3.5 to 3.99 for all transfer and District units attempted. Students with P/NP grades earned after the 04-05 academic year should be aware that they may not be able to convert P/NP to letter grades to determine honors eligibility at graduation (pending board policy revision and Title 5 regulations).

Service Learning Program

Earn Class Credit for Community Service!

EVC's Service-Learning Program offers students a great opportunity to earn college credit, learn by doing, explore career options, develop new skills, build resumes, enhance transfer and scholarships applications while contributing valuable service to the community!

Our Service-Learning faculty members offer Service-Learning options to their students in lieu of exams, research papers and other assignments. Students who elect to do Service-Learning are asked to reflect, discuss and write about their service experience and how it relates to what they have studied in class.

With over fifty community partners to choose from, students are often able to find a service project that meets their course requirements as well as their career goals.

To find out more about this exciting program visit our website at http://www.evc.edu/service_learning/for_students.htm or the Center for Service-Learning and Public Service located in the Roble Building RD-216, or call 408-223-6770 to speak with our Program Assistant.

WIN Program (Workforce Initiative Network)

The Workforce Initiative Network (WIN) Program is an umbrella program for CalWORKs and Keys to Success. The WIN Program office is located in SC-201. For office hours please call 408-274-7900 x6589 or see online at http://www.evc.edu/win.

CalWORKs Program

The CalWORKs (California Work Opportunities and Responsibility to Kids) provides services to parents receiving TAN F (Temporary Aid to Needy Families) or cash aid. The CalWORKs Program is under the WIN (Workforce Initiative Network) umbrella of programs. The WIN/CalWORKs Program offers degree and vocational training programs for TANF students.

Based on a solid foundation of support services, the CalWORKs Program is specifically created to enable students to pursue both educational and career opportunities. The CalWORKs Program helps assist students to manifest economic self sufficiency by pursuing a higher education at our college. Through the college’s certificated and degree programs, students obtain directly transferable skills to the marketplace in a variety of disciplines. Our goal is to help students transition from gaining an education in an in-demand field, to finding and securing meaningful employment during their college experience and after they have graduated.

We have a limited amount of CalWORKs Work/Study opportunities. We have a limited number of jobs on and off campus to assist students in gaining hands-on experience during their education at the college. Each new student can request to meet with the Director to assess their career goals and determine what kind of workplace experience would be most beneficial to them. As part of our program, we offer cover letter preparation, interview techniques, workplace behavior, and managing work and home responsibilities.

To support CalWORKs student in their studies, the program provides a dedicated EVC CalWORKs Program Director, Educational Counselor, Program Assistant, and Student Mentors who work together to make each student’s school to work transition a rewarding experience. Through funding from the County of Santa Clara, students receive: childcare support services, transportation, books, supplies, and other school-related expenses. This program also links with EOP&S/CARE, DSP, Fastrack, Financial Aid, Admissions and Records, Tutoring, and many other community and campus related services.
CHAPTER 7: STUDENT LIFE, STUDENT SERVICES, AND SPECIAL ACADEMIC PROGRAMS

The WIN/CalWORKs Office is located in room SC-201. For more information call (408) 274-7900 ext. 6589, or visit our website at www.evc.edu/win/. Office hours are Monday through Thursday 8:30am - 12pm and 1– 4:00pm. Fridays from 8:00am to 12:00pm.

Keys to Success Program
The Keys to Success Program is under the WIN (Workforce Initiative Network) umbrella of programs. Keys to Success provides learning disability testing and accommodations for CalWORKs clients. Compensatory strategies will be provided to assist CalWORKs clients to deal most effectively with their particular learning disabilities.

The Keys to Success Program gives comprehensive written learning disability evaluations that assist students with obtaining accommodations to help them be successful in their educational environment. A student also conferences with Keys to Success staff to better understand their learning disability’s strengths and weaknesses in a vocational or educational environment. Vocational assessments are given to help determine an educational path that will lead to successful employment. Based on vocational and learning disability testing results, specific training referrals and accommodations can be made for each referred CalWORKs client.

The office is located at 1879 Senter Road, San Jose. For more information, call (408)793-8621.

Foster and Kinship Care Education Program (FKCE)
The FKCE program provides parenting and child development training for kinship caregivers. Kinship caregivers are those who care for and parent foster youth. In collaboration with many community based organizations, the FKCE Program ensures that kinship caregivers have the tools and training necessary to successfully parent foster youth. The FKCE Program works together with the County of Santa Clara to ensure that all licensing requirements are met.

The FKCE program is located in the Student Services Center, SC110. For more information, call 408.270.6499 or visit www.evc.edu/ilp.

Youth Empowerment Strategies for Success (YESS) (Formerly ILP)
The YESS program at Evergreen Valley College provides educational, daily living, financial literacy, career planning skills, and on-campus support and resources to foster and probation youth who have been living in out-of-home care (foster homes, kinship families, group homes, or residential placement).

The Evergreen Valley College YESS Program is committed to prepare and support our foster youth in their transition to self-sufficiency by giving them the necessary academic preparation, career planning, and life skills to become successful adults.

The YESS program is located in the Student Services Center, SC110. For more information, call 408.2706499 or visit www.evc.edu/ilp.
CHAPTER 8: CAMPUS AND DISTRICT POLICIES

ACADEMIC FREEDOM POLICY

Institutions of higher learning exist for the common good and not to further the interest of either the individual instructor or the institution as a whole. The common good depends on the uninhibited search for truth and its open expression, and to this end both faculty and students must hold the right of full freedom of inquiry and expression.

Academic freedom is equally essential to both teaching and research. Freedom in research is fundamental to the advancement of truth. Academic freedom is fundamental to the protection of the rights of the instructor in teaching and to the student in learning.

Academic freedom cannot be separated from academic and professional responsibility.

Instructors have the right to study and investigate, to interpret their findings, and express conclusions. Instructors may present views that are controversial and may evaluate opinions held by others, while respecting the right of free expression.

Academic freedom does not include use of discriminatory, discourteous, offensive, abusive conduct or language toward students, supervisors, other employees, or the public while in performance of District employment.

ACADEMIC SENATE

The Academic Senate at Evergreen Valley College represents the faculty on academic and professional matters. It plays a key role in the college’s quadripartite governance structure. The Academic Senate is represented at all Board of Trustees meetings, and its members serve on numerous campus committees, which it either initiates or to which it provides faculty representation.

As the faculty’s official representative, and in accordance with Assembly Bill 1725, the Academic Senate is involved in all academic matters affecting instruction. In this regard, the Senate is an important part of the governance structure of the college and an equally important source of information to the campus and outside community.

By representing the widest possible cross section of the faculty, the Academic Senate is an important source for information and opinion gathering. The Academic Senate wants to be informed of all academic problems, concerns, projects, proposals, and activities throughout the campus. Academic Senate meetings are scheduled twice a month (normally, the first and third Tuesdays of the month, 3-5 p.m.).

Academic Senate office is located in A3-205; hours are Monday through Thursday, 9 a.m. to 5 p.m., and Fridays, 9 a.m. to 4 p.m. Telephone (408) 274-7900, ext. 6533.
### CHAPTER 8: CAMPUS AND DISTRICT POLICIES

#### STUDENT-RIGHT-TO-KNOW ACT

In accordance with the Crime Awareness and Campus Security Act of 1990 (Title II of Public Law 101-542), the Student Right to Know and Campus Security Act, Evergreen Valley College will collect as of August 1, 1991, and distribute an annual crime report as required by this legislation. Student-Right-to-Know requires all colleges to publish annual transfer and completion rates along with Campus Crime Rates & Security Report. The report is made available to the community by September 1st of each year.

**Federal Regulations**

In compliance with the federal Student-Right-to-Know Act of 1990, Evergreen Valley College collects and reports statistics regarding criminal activity on campus. The incident report is available at [http://www.sjecd.org/HTML/District/DistPolice/Campussecurityreports.html](http://www.sjecd.org/HTML/District/DistPolice/Campussecurityreports.html). This information contains daily incidents police personnel are involved in and are called to. The Student-Right-to-Know information is available at each of the police stations on campus for viewing.

**Transfer & Completion Rates**

In conformity with Student-Right-to-Know Act, EVC makes available its completion & transfer rates to all current perspective students. Fall 2007 Completion Rate is 20.29% and Transfer Rate is 11.70%.

### DRUG-FREE WORKPLACE POLICY

In accordance with the Drug-Free Workplace and the Drug-Free Schools and Communities Acts, it is the policy of the San José/Evergreen Community College District to provide a drug-free campus community and workplace. The unlawful manufacture, possession, distribution, or use of a controlled substance is prohibited on the campuses and District facilities. Violation of this standard may result in dismissal under the applicable regulations of Title V of the California Code of Regulations and will be subject to civil and criminal penalties.

For more explicit information on this policy and its sanctions, contact:

- District Human Resources Director
- San José/Evergreen Community College District Offices
  - (408) 270-6406
- EVC Director of Student Life
  - (408) 274-7900, ext. 6867

### ALCOHOL AND DRUG ABUSE PREVENTION AND TREATMENT INFORMATION

A resource list of available community resources and health education materials are located in Health Services, along with psychological services for intervention and support. Students who need information regarding substance abuse are encouraged to visit Student Health Services located at SC124, or call us at 408-270-6480.

### NON-SMOKING POLICY

Evergreen Valley College is a smoke free campus. Smoking is permitted in the designated areas within the parking lots only.

#### STATEMENT OF NONDISCRIMINATION

- It is the policy of the San José/Evergreen Community College District to provide an educational and employment environment in which no person shall be unlawfully denied in whole or in part full and equal access to, the benefits of, or be subjected to discrimination in any program or activity of the District. This policy prohibits discrimination on the basis of legally protected categories which include ethnic group identification, race, color, language, accent, immigration status, ancestry, national origin, age, sex, religion, sexual orientation, gender identity, marital status, medical condition, veteran status, physical or mental disability, or on the basis of these perceived characteristics or based on association with a person or group with one or more of these actual or perceived characteristics. Conduct not arise to the level of a violation of law in order to violate this policy.

### Zero Tolerance

It is the highest priority of the San José/Evergreen Community College District to maintain a working and learning environment for every student, District employee and campus visitor that is free from discrimination and harassment. Every District employee and student should be treated with dignity and respect. To achieve this goal the District will have zero tolerance against behavior that amounts to discrimination or harassment. Zero tolerance means that in all instances where discrimination or harassment is found, corrective action will be taken in accordance with state law, the District's collective bargaining agreements and policies. All supervisory personnel will be responsible for maintaining an environment that is free of prohibited discrimination and harassment.

### Discrimination

Discrimination is defined as unfavorable or unfair treatment, or preferential treatment of a person or class of persons, or treatment that has an adverse impact on persons or class of persons, on the basis of any of the above referenced legally protected categories. This policy pertains to all board actions, to all employment practices, to all student related matters, and to the community's ability to access the District's programs, services and use of campus facilities.

### Harassment

Harassment is a form of discrimination and is therefore also prohibited. Harassment means verbal, written, graphic or physical conduct relating to an individual's membership in any of the above referenced legally protected categories that has the purpose or effect of:

- a) Creating an intimidating, hostile or offensive working or learning environment; or,
- b) Substantially or unreasonably interfering with an individual's work or academic performance; or,
- c) Otherwise adversely affecting an individual's employment or academic opportunities.

Harassment can include any unwelcome verbal, written or physical conduct, which offends, denigrates, or belittles any individual because of any of the characteristics described above. Such conduct includes, but is not limited to unsolicited derogatory remarks, jokes, demeaning comments or behavior.
slurs, mimicking, name calling, graffiti, gestures, physical contact, stalking, threatening, bullying, extorting or the display or circulation of offensive written materials or pictures.

**Discipline**

Any individual who is found to have engaged in discriminatory or harassing behavior will be subject to appropriate corrective and/or disciplinary action.

**Complaint Process**

The District shall maintain a discrimination complaint procedure for employees, students and campus visitors who believe they have been discriminated against or have suffered some form of harassment.

**Confidentiality**

The District recognizes that confidentiality is important to all parties involved in a discrimination or harassment investigation. Confidentiality will be maintained to the extent possible.

**Retaliation Prohibited**

The District will not tolerate retaliation against any individual for initiation, pursuit or assistance with a lawful complaint of discrimination or harassment.

**Where To File An Informal Harassment Or Discrimination Complaint**

Informal complaints may be filed by contacting the designated District and/or Campus Officers, who may accept informal complaints from any location within the San José/Evergreen Community College District.

**Designated Campus Officers:**

Sexual harassment, gender discrimination, and disability discrimination:

Vice-President of Student Affairs SC 205 (408) 223-6749

Disability discrimination and harassment complaints involving students:

Dean of Counseling, SC 230A, (408) 274-7900 ext.6491

All discrimination and harassment complaints:

Director of Diversity, SJECCD Office, Room 9, (408) 274-7900 ext. 6798

**Designated District Officer:**

Associate Vice Chancellor of Human Resources: Sexual Harassment and discrimination complaints.

**State Compliant Process:**

For detailed information go to:

**How To File A Formal Harassment Or Discrimination Complaint:**

Complaints of sexual harassment or discrimination on the basis of race, color, national origin, ethnic group identification, age, gender, transgender, immigration status, language, accent, religion, sexual orientation, marital status, veteran status, medical condition, physical or mental disability filed against an employee of the District should be directed to the Associate Vice Chancellor of Human Resources or the Diversity Office.

A copy of these procedures, and the District’s Unlawful

Discrimination Complaint Forms, are available in the District Human Resources Office, the District Chancellor’s Office, the President’s Office at each campus, the Office of the President of the Associated Student Body, the Diversity Director’s Office, and the Disabled Student’s program at either campus.

An individual may also file a complaint of unlawful discrimination with the Equal Employment Opportunity Commission, 96 N. Third St. Suite 200, San José, CA 95112, or the Department of Fair Employment and Housing, 2570 North First Street, Suite 400, San José, CA 95131, or the Office of Civil Rights of the U.S. Department of Education, 50 Beale Street, Suite 7200, San Francisco, CA 94105 at the time of filing a complaint or during, or after use of the District harassment or discrimination complaint process.

Completed complaint forms are to be given to appropriate department supervisor and one copy mailed or taken to:

Diversity Office
San José/Evergreen Community College District
4750 San Felipe Rd,
San José, CA 95135

**POLICY ON CONSENSUAL RELATIONSHIPS**

The District prohibits its employees from engaging in sexual relationships with individuals employed by the District and with whom they have a direct supervisory relationship. Examples include, but are not limited to: managers, supervisors, and their subordinates. Because of the differential in the level of authority, such relationships could lead to charges of coerced submission or sexual harassment, even if there was apparent consent.

In addition, the District prohibits instructors from engaging in consensual sexual relationships with students who are enrolled in a class that they are currently teaching and counselors from engaging in consensual sexual relationships with students whom they are currently counseling.

A manager’s, faculty member’s, or supervisor’s liability protection under California statute will not protect the individual in subsequent litigation arising from the relationship’s effect on the student or employee.

Persons who believe that they have been victims of harassment/discrimination may file a complaint under the District’s Procedure for Resolution of Discrimination/Harassment Complaints with the College Title IX Officer or the District Office of Human Resources

**STANDARDS OF STUDENT CONDUCT**

Students and visitors to San José City College and Evergreen Valley Community College are expected to adhere to academic and behavioral Standards of Student Conduct and Academic standards which include honesty, satisfactory academic performance, and regular attendance.

By following these standards, students will conduct themselves in a manner that fosters a positive learning and working environment for students and staff, maintains order on the campus, and protects the rights of the individual and
CHAPTER 8: CAMPUS AND DISTRICT POLICIES

the interests of the District. Violation of these standards on District-owned or controlled property, or at a District-sponsored activity, could result in the consequences outlined in this section. Decisions will be made based on factual information in accordance with due process procedures as outlined by the college and the California Education Code.

Academic Standards and Consequences

Academic Integrity

Evergreen Valley College values academic integrity. Students are expected to complete and submit their own work. These values ensure that every student is graded fairly. Academic dishonesty is unethical and does not support student learning.

Violations of standards include the following:

- Altering grades
- Altering or forging college documents, records, or identification
- Copying from someone’s test or allowing someone to copy your test
- Copying from an author’s work without giving credit (plagiarism)
- Doing an assignment (e.g., a term paper or essay) for another student or asking, paying, bribing, or blackmailing someone to do an assignment for you
- Sitting in for someone in class, or on a test, or having someone sit in class for you, if not authorized by the instructor
- Submitting work previously presented in another class if not authorized by the instructor
- During an exam, using or consulting other test or course material not authorized by the instructor
- Possession of an examination or materials not authorized by the instructor

Consequences may include one or more of the following actions by appropriate college officials:

- Receiving a failing grade on the test, paper, or exam
- Course grade lowered, possibly resulting in course failure
- Verbal or written reprimand/warning
- Suspension for a longer specified time
- Expulsion from college

Behavioral Standards and Consequences

Evergreen Valley College is committed to fostering a safe, positive, learning environment where students can pursue their educational goals and participate in college-sponsored activities that promote intellectual growth and personal development. To this end, students are provided protection and due process of their individual rights against unfair or improper actions by any member of the district community.

Students are expected to adhere to State and Federal laws, and to the rules and regulations of the District, and of the College. Violations may result in disciplinary action against the student student and in certain cases criminal arrests can be made and charges filed by the District Attorney’s Office. Violations include but are not limited to the following:

- Applying undue pressure on an instructor to alter a grade
- Threat or act of physical harm directed against a student, visitor, or college employee (report will be sent to the District Attorney for further legal action).
- Willful damage to, or theft of personal or district property (report will be sent to the District Attorney for further legal action)
- Threat or act of stalking, sexual assault, or rape (report will be sent to the District Attorney for further legal action)
- Possession of a knife, gun, rifle, or an object used as a weapon to threaten bodily harm (report will be sent to the District Attorney for further legal action)
- Use of fraudulent identification, use of District or College property (report will be sent to the District Attorney for further legal action)
- Unauthorized possession, duplication, or use of keys to any district premises, or unauthorized entry to or use of District or College property (report will be sent to the District Attorney for further legal action)
- Unauthorized copying or an attempt to copy, computer software; an unauthorized entry or attempt to enter a system; or intentionally introducing a virus
- Unlawful possession, sale, use of, or being under the apparent influence of illegal drugs or alcohol (report will be sent to the District Attorney for further legal action)
- Willful defiance of college officials, faculty, staff, or police officers who are giving lawful direction (report will be sent to the District Attorney for further legal action)
- Disorderly, lewd, indecent, or obscene conduct or expressions (including willful profanity and/or vulgarity with intention to threaten, intimidate, or offend). (report will be sent to the District Attorney for further legal action)
- Possession or distribution of Child Pornography (report will be sent to the District Attorney for further legal action)
- Gambling (money or its equivalent exchanged and not part of an approved campus activity/event).
- Harassment or discrimination based on gender, race, religion, culture, disability, sexual orientation, or age . (report will be sent to the District Attorney for further legal action if Federal Hate Crime laws have been violated)
- Bomb or terrorist threat (report will be sent to the District Attorney for further legal action).
- Failure to comply with the terms of any disciplinary sanction imposed in accordance with the Code of Student Conduct.
Consequences may include one or more of the following actions:

- Immediate instruction for the disruptive student to leave campus based on the need to maintain the orderly operation of the campus, and upon the direction of District Police officials in accordance with Section 626.4 and 626.6 of the California Penal Code
- Verbal Reprimand/Written Warning: Verbally reprimanding students for inappropriate behavior and a written warning that the continuation of the conduct will cause disciplinary action.
- Suspension: Exclusion from classes, privileges, activities, or the college for a specified period of time, noted in student’s file (instructors may suspend a student for the remainder of a class period and the next class period; Administrators or President may suspend a student for a longer specified time).
- Expulsion: Termination of student’s right and privileges noted in student’s file.
- Criminal Arrest and Prosecution (when applicable)

Due Process Procedures

Any district official who suspends a student for more than one entire class or day of instruction must provide his or her immediate supervisor and the College President a written report that includes:

- The name of violating student.
- A statement of the alleged violation(s) with date, time, and place.
- Names of witnesses (if any).
- Sanction(s) to be imposed.

Within 10 working days of receiving the report, the President or designee must notify the student by certified mail of the following:

- Reason or reasons for suspension or dismissal.
- Length of suspension or dismissal.
- Conditions for removal of suspension or dismissal.
- The right to appeal the suspension or dismissal through the college grievance process.

When it appears likely that the grievance process will proceed for a period beyond that of the suspension, the student may request immediate reinstatement from the instructor or District official who imposed the suspension. If agreement cannot be reached to reinstate the student during the review process, the student may petition the President for reinstatement. The President may reinstate the student until the review process is completed by informing all involved parties in writing of the reason for reinstatement.

If the grievance process finds in the student’s favor, the student shall be held harmless and will be allowed to make up missed work.

The President shall report all suspension of students to the District Chancellor.

Instructors shall be encouraged to clearly establish and uniformly enforce rules for proper classroom demeanor.

STUDENT GRIEVANCE

Definition

Student grievances are limited to the following areas:

1. Prejudicial or capricious action in the evaluation of a student’s academic performance (see “Grades”).
2. Act or threat of intimidation or harassment.
3. Act or threat of physical aggression.
4. Arbitrary action or imposition of sanctions without proper regard to academic due process as specified in college procedures.
5. Violation of student rights described in College Rules and Regulations or the District Standards of Student Conduct.
6. A violation of students’ rights as stipulated in the California Education Code, Title IX, or Section 504 of the Rehabilitation Act of 1973, or any other applicable Federal and State Regulations.

A student may institute grievances against another student, a classified employee, a faculty member, or an administrator. However, grievances between students are directed to and resolved by the Director of Student Life. For more information, call (408) 274-7900, ext. 6117.

Student Grievance Procedures

First Level:

1. The student should have an informal meeting with the faculty or staff member to discuss the difficulty and show an effort to come to a resolution.
2. If the issue is not resolved, the grievance may move to the next level.

Second Level:

1. The student should inform the Director of Student Life.
2. The Director will investigate the matter which may include a meeting with the student and faculty or staff member.
3. Once the investigation is complete, the Director will issue a decision.
   - If the student is not satisfied with the decision, the grievance may move to level three.

Third Level:

1. The student may appeal to the Vice President of Academic Affairs for instruction and classroom issues, or the Vice President of Student Affairs for other issues.
2. The Vice President will investigate the grievance and issue a decision.
3. If the student is not satisfied with the decision of the Vice Presidents and wishes his/her issue to go the Grievance Board, the Vice President of Student Affairs will convene the Board within 10 days of his/her decision.

Student Grievance Review Board

Purpose

The Student Grievance Review Board allows a hearing for those students who believe that they have been unjustifiably penalized or suffered grievous personal abuse by actions of
CHAPTER 8: CAMPUS AND DISTRICT POLICIES

any member of the certificated or classified staff of San José/Evergreen Community College District.

Membership
The Review Board consists of two faculty members appointed by the Academic Senate or two classified employees appointed by the CSEA, an administrator appointed by the College President, one counselor appointed by the Dean of Counseling and Matriculation, and two students appointed by the Associated Student Body President. A person shall serve as a member of the Review Board until such time as he/she resigns or is removed by the respective appointing authority.

The College President or designee shall appoint the chairperson of the Student Grievance Review Board.

When a complain involves a classified employee, the two members of the classified staff shall be substituted for the faculty members to the membership of the Review Board. In the event a substitution of members must be made because of a known conflict of interest, the President or elected representative of that section of the Review Board shall appoint a substitute.

The Review Board shall establish its own procedures and have the authority to require those present to conduct themselves in accordance with the dignity of the proceedings and the right to place reasonable restrictions of time and relevancy upon parties and witnesses. The Review Board may call witnesses.

Student and Staff Rights
When a student or staff member appears before the Review Board, he/she shall have the right to:

1. Present, hear, or question adverse witnesses pro and con.
2. The Review Board shall consider no evidence unless both parties are given the opportunity to challenge the evidence.

Only evidence introduced before the Review Board shall be used in determining the Board’s recommendation. Members of the Review Board may not bring any matters of personal knowledge before the Board.

Subsequent to the filing of the request for hearing, no information pertinent to the proceedings shall be released until the filing of the formal report of the hearing.

Student Grievance Review Board Procedures:
The Student Grievance Board will meet at the appointed time. The student can invite anyone else to the hearing. The faculty or staff member can invite anyone else to the hearing.

1. In the event that either party is unable to attend the scheduled hearing, due only to a justified emergency, the hearing shall be rescheduled within 10 working days at a time agreeable to all parties. If the student does not appear for the hearing and does not have an excused absence approved by the Hearing Board, the grievance shall be canceled. If the faculty/staff member does not appear and does not have an excused absence approved by the Hearing Board, the Review Board shall proceed with the hearing.

2. The recommendation of the Review Board shall be determined by a majority vote.

3. The Review Board shall forward its findings and recommendations to all involved parties and the College President for appropriate action.

4. If either the student or the staff member involved is not satisfied with the decision or action of the Review Board, an appeal may be made to the College President for his/her consideration. This appeal will take the form of a written memorandum outlining the nature of the basis for the dissatisfaction with the decision or action. Once the College President has reviewed this memorandum and the written communication from the Review Board, the President will schedule a private meeting with all parties, individually or jointly, to discuss the matter.

5. The College President, on consultation with the Review Board, may uphold, reverse, or modify the recommendation. The decision will be forwarded to the involved parties in writing, with copies to members of the Review Board.

6. If the student or the staff member is not satisfied with the final college-level disposition of the case, that person may appeal directly to the Governing Board of the District.

Recommendation of Review Board
The Review Board recommends to the College President that the student not suffer academic penalty if he/she has been required to be absent from class or classes for hearings, and that the instructors be so notified. This protection shall also apply to students who serve as Board members or who are required to serve in other capacities. This provision in no way excludes the obligation of the student to meet course requirements.

While the results of the hearing are pending, the student’s right to be on campus will not be suspended unless, in the judgment of the College President or an appointed representative, the student’s own safety, the safety and well-being of other students or college personnel, or the protection of college property are threatened. The student’s instructors shall be notified immediately of any changes in the student’s status.

Subsequent to the filing of the request for hearing, no information pertinent to the proceedings shall be released until the filing of the formal report of the hearing.

For further information, call the Vice President of Student Affairs at (408) 223-6749 located in SC-205.

SAN JOSE EVERGREEN COMMUNITY COLLEGE DISTRICT
PUBLIC SAFETY

The San José/Evergreen Community College District maintains a campus Police Department staffed with highly trained officers to help protect the safety and ensure security of students, staff, their property, and the property of the District. District police officers, committed to standards of professional excellence, are required to meet the selection and training requirements of the California Peace Officer Standards and Training Commission. Officers receive the same training and carry the same authority in or near the college campuses as city police officers and county deputy sheriffs.
The District Police Department operates under the direction of a vice chancellor and a chief of police, and offers a wide range of services to the campus community. Services include providing and presenting current crime prevention information, patrolling the college campuses and parking lots, proactive crime suppression, investigating all offenses that occur on the campuses, and informing campus users of the occurrence of crimes specified by federal statute. Officers are authorized to arrest or cite law violators.

**Crime Reporting Procedures**

Offenses, accidents, and all emergencies that occur on campus should be reported immediately to the District Police at the number listed below:

Evergreen Valley College Police Station  
Central Utilities Building  
(408) 270-6468

Red emergency call-boxes are available at various locations for anyone who needs to contact the District Police. Emergency call boxes are marked by blue signs and blue lights for easy visibility.

**Office Hours**

**Evergreen Valley College**

- Monday through Saturday 7 a.m. – 11 p.m.
- Sunday 7 a.m. – 3 p.m.
- Holidays 8 a.m. – 4 p.m.

After hours, all campus emergencies should be reported by dialing 911 on a public telephone. Coins are not required when placing 911 calls. Office phones normally used as FAX lines may also be used for placing emergency 911 calls. Other telephones in District and College offices and facilities require that one dial “9” then 911 for emergency service.

If for some reason 9-911 should fail to work, dial the City of San José Emergency Services number (408) 277-5454.

**Facility Security**

When classes are in session, most campus facilities are unlocked from 6:30 a.m. to 10:30 p.m. on weekdays. However, during the hours of 10:30 p.m. to 6:30 a.m., buildings are locked for service by the custodial staff. Facilities are normally locked at 10:30 p.m. on Friday until 6:30 a.m. on Monday, unless special arrangements are made for weekend use. Arrangements must be communicated to the District Police.

**Campus Crime and Security Report**

The Student Right-to-Know and Campus Security Act of 1990 requires all colleges to publish an annual Campus Crime and Security Report and to make this report available by September 1 of each year to all current students, employees, and prospective employees. The reports will report/disclose information on campus-based crimes and campus safety policies and procedures.

A complete copy of the Campus Crime Report can be obtained from the EVC Campus Police website at http://www.sjecccd.edu/business/distpolice/Pages/default.aspx. The report contains additional crime statistics on major offenses reported over the past two years. The college will provide a complete paper copy upon request.

**PARKING INFORMATION**

**Student Semester Parking permits are $40 automobile / $14 motorcycle and are available for purchase online at https://MyWeb.sjeccd.edu.** They are static-cling and transferable so that students who carpool or regularly drive different cars to campus, may transfer the permit from car to car.

All automobiles must have the valid permit placed on the lower left-hand corner of the front windshield and be parked “nosein”.

All motorcycles must have a current permit affixed to the right front fork and must be parked in designated motorcycle stalls. Motorcycles may not park in regular vehicle stalls.

**Restrictions**

- Daily and semester permits are NOT valid in metered or other time-limit zones.
- Students must park in lots designated for students.
- Staff must park in one of the lots designated for staff parking, or pay the required fee to park in a student lot.
- If there is a verifiable parking problem, the staff member must call District Police immediately.

**Disabled Person Parking Spaces**

Use of disabled person parking spaces requires the display of a valid blue or red placard issued by the State Department of Motor Vehicles. District staff, student, or daily permits are no longer required in addition to the DMV handicapped placard in order to park in handicapped spaces. Possession and display of handicapped placards on vehicles does not permit parking on red, green, and fire hydrant zones and areas designated as “No Parking”.

**NOTE:** Students should lock their vehicles at all times. The District is not responsible for damage or loss to student vehicles.

**Citation payment**

Payment for parking violation citations must be mailed to the address on the envelope, or may be paid online at www.ptsonline.org. Online payment requires a valid credit card, and the citation number. Payments will NOT be accepted at the Campus Police Station. Individuals wishing to contest parking citations may obtain forms at the Campus Police Station. These forms must be completed and mailed to the address within 21 days from the citations’ issue date otherwise the violation fee may be subject to an increase. Individuals contesting citations need not pay the initial violation fee until they receive a result of their contest.

For information on Parking Fees, see the Student Fees section of Chapter 2.

Doherty, William J. (2007)
Director @ONE
B.A., University of Southern California
M.A., University of Southern California
Ph.D., University of Southern California
M.B.A., University of California at Los Angeles

Physical Education
A.S., Imperial Valley College
B.S., California State Polytechnic
M.S., California State University, Hayward

Eisenberg, David (2003)
B.S., University of Illinois (Urbana)
M.S., University of Illinois (Urbana)

Espinoza, Frank (1999)
Sociology
B.A., San José State University
M.A., San José State University
Ed.D., University of San Francisco

Espinoza, Janina (1997)
Work Experience
B.A., San José State University
M.A., San José State University

Estrada, J. Henry (1982)
Mathematics
B.A., University of California, Los Angeles
M.A., University of California, Berkeley

Fieler, Margaret (1995)
Reading
B.A., Marygrove College
M.S., California State University, Hayward
ESL, UC Berkeley Coursework in English,
College of Notre Dame, San Anselmo

Fong, Paul (1997)
Social Science
B.A., San José State University
M.A., University of San Francisco
M.P.A., San José State University

Garza, Victor (2006)
Director, Student Life
BA Behavioral Science, SJSU
Master of Public Administration (MPA), SJSU
Ed.D. International & Multicultural Education,
University of San Francisco

Gee, Henry (1990)
Business/Computers & Information Technology
B.S., Purdue University
M.B.A., Pepperdine University
J.D., Santa Clara University

Gilkerson, Tammeil (2008)
Dean, Counseling, and Matriculation
B.A., University of California, Berkeley
M.S., California State University, Hayward

Gill, Ambica (2007)
Communication Studies
A.A., Evergreen Valley College
B.A., San José State University
M.A., San José State University

Gonzales, Mark (1998)
Dean, Social Science, Humanities, Art and
Physical Education (SSHAPE)
A.A., San José City College,
B.S., San José State University,
M.F.A., University of California, Los Angeles

Gonzalez III, Alfred (2000)
Biological Science
A.A., Evergreen Valley College
B.A., University of California, Santa Cruz
M.S., Yale University

Gorbach, Margaret (1996)
Family Consumer Studies
A.A., Mt. San Antonio College
B.A., California State University, Long Beach
M.A., California State University, San Francisco

Hahn, Robin (2005)
English
B.A., San José State University
M.A., San José State University

Han, Helen (1992)
English as a Second Language
B.A., New York University
M.A., New York University

Hardin, Martha (1999)
Counseling/WIN-CalWORKS
B.A., San José State University
M.A., San José State University

Hays, Lisa (1999)
Biological Science
B.A., University of California, Davis
M.A., University of California, Davis
Ph.D., University of California, Davis

Hendricks, David (2005)
History
B.A., University of California, Santa Barbara
M.A., University of California, Davis
Ph.D., University of California, Davis

Hernandez, Michael (2008)
Automotive Technology
A.A., Evergreen Valley College
B.S., San José State University

Ho, Chung Wai (2001)
Mathematics
B.S., University of Washington
M.A., University of Washington
Ph.D., Massachusetts Institute of Technology

Hoogendijk, Linda (2005)
Nursing Education
B.S.N., Eastern Washington University
M.N., Washington State University

Hwang, Chui (1980)
Chemistry
A.A., Warren Wilson College,
B.A., University of California, Berkeley
Ph.D., Ohio State University

Jacome, Sara (2003)
Spanish
B.A., U.A.N.L., Mexico
M.A., New Mexico State University

Jardin, Kenneth (1989)
English as a Second Language
B.A., California State University, Hayward
M.A., San José State University

Kachuck, Iris (1987)
Mathematics
B.A., University of California, Santa Cruz
M.A., University of California, Santa Cruz
Ph.D., University of California, Berkeley

Kaflo, Elaine Amo (2010)
Nurse Assistant Training
B.S. University of San Francisco
M.S. University of California, San Francisco

Counseling/EOPS
B.A., San Francisco State University
M.A., San José State University
