The EVC Library
Student Success Collection

The EVC Library has recently developed a “Success collection,” the goal of which is to showcase books that inspire, encourage, and instruct all students, but particularly those who are new to college, re-entering, who are taking basic skills or advanced ESL classes, and who belong to ethnic minorities.

Goals of this collection of current, non-technical, and visually appealing are to:

- Improve course completion
- Improve college retention
- Close the achievement gap between ethnic groups
- Develop potential of all students

Currently, we have about 60 books in circulation. Find them on display in the library reading room or click on this link to view a selection of these titles.

All students with a valid Student ID card can borrow these items. (Regular checkout limits and loan periods for general collection items will apply.)
