

Open Sections: Computer Science at Evergreen Valley College

Having trouble finding classes? We have openings in the following courses, which start on September 4, 2018 and run through December 20, 2018

COMSC 020–Introduction to Programming (3 units)

This course is an introduction to basic computer programming concepts using Python. It is intended for non-computer science majors, and for students interested in COMSC 075 but would like a more gradual entry into computing fundamentals. Transfer status: CSU

Reg ID	Instructor	Days	Time	Room
95042	Eisenberg	T Th	5:00–5:50 pm	SA114

Note: This class is an Internet Hybrid course. Required orientation is Tuesday, Sep. 4, 2018 at 5:00 p.m. in room SA114.

COMSC 072 – Discrete Math (4 units)

This course covers the mathematical concepts and techniques needed for students of mathematics and computer science. Topics include basic logic, predicates and quantifiers, proof techniques, sets and relations, induction and recursion, counting techniques and probability, and an introduction to graphs and trees. Transfer Status: CSU/UC

Reg ID	Instructor	Days	Time	Room
93459	Jensen	M T W Th	12:15 p.m.–1:05 p.m.	SA116

Prerequisite: MATH-021 and MATH-022, or MATH-025 all with C or better

COMSC 075 – Computer Science I (3 units)

This course is an introduction to computer programming concepts from a computer science perspective. Programming structures of sequential, selection and repetition are covered using a high-level object oriented language (Java). Transfer Status: CSU/UC

Reg ID	Instructor	Days	Time	Room
93460	Estrada	M T W Th	10:45 a.m.–12:05 p.m.	SA114
93461	Eisenberg	T Th	6:00 p.m.–8:50 p.m.	SA114

Prerequisite: MATH-021 and MATH-022, or MATH-025 all with C or better
