Importance: High

Greetings All,

The ACCC and the Academic Senate recently passed a resolution to delete all courses last updated in 2002 or earlier from the catalog if not submitted for update by the last ACCC meeting of the Fall 2010 semester.

We are doing this to purge all non-SLO contained courses in order to comply with accreditation requirements.

Please find attached a list of all the older courses with those written in red being the ones that are under threat of deletion.

I also include two versions of the course outline form, as a well as the course deletion form.

If you wish to keep an old course in the catalog, then please update it.  
If you wish to delete an old course in the catalog, then use the deletion form.

Send your updates or deletions to your division dean, and they will pass it along to the ACCC.

If you have any questions, please contact me by email, phone or in person.

Thanks,

Eric Narveson
