ART

ART

The study and expression of human creativity and communication through visual, physical, and digital forms.

The EVC Art program allows students to explore their creativity, through a wide range of visual arts courses designed for beginners, aspiring artists, and transfer students alike. Classes include 2D Art, Digital Media, Sculpture, MetalSmithing, and Art History, providing hands-on experience in both traditional and contemporary art practices. Students can pursue a Studio Art degree or complete a transfer degree pathway to continue their education at a four-year university while building technical skills, creative expression, and a strong artistic foundation.

Several EVC alums are now working in the fields of graphic design, animation, and industrial design, to name a few. Some alumni are also working at Pixar and Google.

SHOWCASING STUDENT CREATIVITY

Artist Alley

Students showcase their work each Fall and Spring and sell some of their artwork.

Art Gallery

Evergreen Valley College has an art exhibition space in the Visual Arts Building on campus. We host three to five exhibitions each year, culminating in a juried student art show. Our exhibitions also feature work by EVC faculty, alumni, and community members.

The Art Gallery is open Monday through Thursday, from 10 a.m. to 2 p.m., when an exhibition is on display.

Student Arts Club

The Arts & Design Organization (aka the Art Club) is a student club that promotes the visual arts on campus, and events that serve to enrich the community with experience in making and appreciating the visual arts. Follow us on *instagram@evc.ado* to be informed of Art Club events and activities.

EARN YOUR DEGREE

The Art Program Map provides a suggested semester-by-semester pathway to help students complete their degree or certificate efficiently. Based on the major requirements, it outlines recommended art courses, general education classes, and electives needed to support academic and creative goals.
