

BUSINESS ADMINISTRATION - ASSOCIATE IN ARTS

This degree program academically prepares students for careers and positions in manufacturing, banking, finance, human resources, information technology management, small business operations, retail operations, marketing, and product development in both public and private sectors. This major qualifies for transfer to a California State University. The lower division courses are required for most Business majors including Accounting, Finance, Marketing or Management. A grade of "C" or better in each major course is required for this degree.

Program Learning Outcomes

- Solve business problems through statistical analysis.
- Utilize current business theories to manage staff in a successful manner.
- Use various motivational theories to improve productivity.
- Demonstrate knowledge of organizational structure and behavior, management, marketing, finance and accounting, operations and information systems, and ethical responsibilities of corporations.
