TODAY!

WHAT IS LAEP?

The Learning Aligned Employment Program (LAEP) places eligible underrepresented students in jobs and internships that relate to the student's area of study and helps defray educational costs.

WHAT'S THE R.O.I.?

Benefits of hiring a college student:

- Enhances a company's social strategy and presence
- Offers an extra set of valuable hands
- Connects employers with surrounding colleges and universities
- Today's interns could become tomorrow's entry-level hires

SHARING THE COST

LAEP is helping to cover the costs! Supplemented funds provide wages for students when placed with companies or educational entities. Here's what's covered:

- Up to 50% is covered for positions at for-profit businesses
- Up to 90% covered for positions at public educational institutions or non-profit corporations

EMPLOYER RESPONSIBILITIES

- Collaborate with participating educational institution(s) to identify employment opportunities.
- **Provide each student with reasonable supervision.**
- Ensure the student does not displace current workers.
- **Sign a written agreement with the institution prior to participation**
