WHAT IS LAEP?

The Learning Aligned Employment Program (LAEP) places eligible underrepresented students in jobs and internships that relate to the student's area of study and helps defray educational costs.

WHY MY CAMPUS?

Your Community College recently received State funding to help students earn money while gaining career-related experience in their fields of study.

We are teaming with local employers to match students with paid internships and jobs.

SHARING THE COST

LAEP is helping to cover the costs! Supplemented funds provide wages for students when placed with companies or educational entities. Here's what's covered:

- Up to 50% is covered for positions at for-profit businesses
- Up to 90% covered for positions at public educational institutions or non-profit corporations
